Except under unusual circumstances, a student in Phase III who fails in the supplemental (or remedial) evaluations of the Basic Science Options, will be required to repeat fourth year (taking whatever courses are deemed most appropriate for him or her by the Promotions Committee) or withdraw from Medicine, as decided by the Promotions Committee from whose decision there shall be no appeal.

A student will not be allowed to repeat an Evaluation Session more than once, nor may he or she repeat a subsequent Evaluation Session if such repetition would seem indicated because of failure in evaluations, except on special recommendation of the Promotions Committee, acting upon the motion of the representatives on the committee of the Course or Department concerned.

There shall be Promotions Committees for each Evaluation Session, consisting of the Dean or his delegate, the Associate Dean of Medical Education, the Associate Dean of Admissions, the Chairman of the Electives Program and the representatives appointed by the Dean of all major and minor courses given during the session. Each committee will pass on all cases of students who fail to satisfy course requirements in the respective session.

No evaluation, examination mark, etc., shall be considered final until passed by the Promotions Committee.

The Faculty reserves the right to require the withdrawal of any student at any time if, in the opinion of his or her instructors, he or she is incompetent. There can be no appeal from this decision.

Because the Evaluation System has a significant influence on the whole of the educational process, it is under constant review by the Faculty Evaluation Committee. Any of the rules and regulations published here or in previous calendars must not be considered inviolate; the Faculty reserves the right to change any of these rules and regulations at any time, although in general such changes as are made will not come into effect in the middle of a session.

4.8 REQUIREMENTS FOR THE DEGREE OF M.D.,C.M.

1) Every candidate for the degree of Doctor of Medicine and Master of Surgery in this University must be at least twenty years of age and of good moral character.

2) He must have fulfilled all the requirements for entrance to the Faculty of Medicine and have attended courses of instruction for four full sessions of not less than nine months each in this University or in some other university, college or school of medicine, approved by this University.

3) No one is permitted to become a candidate for the degree who has not attended at least two full academic years at this University.

4) Every candidate for the degree must have passed all the required evaluations in the subjects comprising the Medical Course.

Intern Matching Services

A matching service is a clearinghouse designed to help final year medical students obtain the internships of their choice and to help hospitals and internship program directors obtain the students of their choice. It provides an orderly method for students to decide where to intern and for hospitals to decide which applicants they wish to enroll. For both students and program directors, it removes the factors that generate unfair pressures and premature decisions.

The matching service acts as the student's agent on the instructions embodied in the student's confidential list of all the internships for which he or she has applied, ranked in order of preference. Similarly, the matching service acts as the hospital's agent on the instructions embodied in its confidential list of all the students who have applied, ranked in order of the hospital's preference.

In the past few years final year students at McGill have participated in three different matching services. The Quebec Intern Matching Service sponsored by the Professional Corporation of Physicians of Quebec matches applicants from Quebec universities seeking mixed or rotating internships in Quebec hospitals. The Canadian Intern Matching Service matches applicants for straight, mixed or rotating internships in over 120 training programs across Canada. The National Intern Matching Service matches applicants to American internship programs.

An explanation of these matching services is provided to third-year medical students in the spring.

4.9 REQUIREMENTS FOR LICENCE

Candidates accepted for admission are reminded that it is their personal responsibility to ensure that they fulfill all the licencing requirements of the country in which they intend to practice medicine. A university degree does not confer the right to practise. In each province of Canada, in each one of the United States and in all other countries the authority to licence is vested in a licencing body which has its own special laws and requirements. In many cases a special standard of general education is insisted upon before *beginning* the study of medicine. One of the requirements in several provinces is that the entrance qualifications of the student must be registered with the provincial licencing body for five years before a licence to practise can be obtained.

Candidates accepted for admission should therefore communicate as soon as possible with the licencing body of the country in which they intend to practise and obtain from that licencing body the necessary instructions.

Non-Canadian candidates wishing to practise medicine in the Province of Quebec must have a working knowledge of French before they will be granted a permanent licence.

LANGUAGE REQUIREMENT FOR PROFESSIONS

Quebec law now requires that candidates seeking admission to provincially-recognized professional

corporations* must posess a working knowledge of the French language, i.e. be able to communicate verbally and in writing in that language.

To demonstrate this capability, a candidate will normally be required to pass an examination set by the Régie de la langue française, unless he or she can show that three years of instruction in a French post-primary school have been completed. The professional corporation will require this proof of attendance or of successful completion of the Régie examination.

This examination shall test the candidates mastery of oral and written comprehension and expression in French. The contents may vary in accordance with the current terminological requirements of the profession or professional group. Examinations will take place four times a year, and they may be attempted an unlimited number of times.

In special cases where the candidate can clearly demonstrate to the Régie by means of an interview that a true mastery of French exists, the examination requirement may be waived.

Information on the testing program of the Régie may be obtained by writing to: Régie de la langue française, 800, Place Victoria, 16e étage, Montréal, Québec, H4Z 1G8, Telephone 873-6571.

Students who need to acquire a functional level of proficiency in French may register in courses at either the French Language Centre, 3438 McTavish Street, Telephone 392-5727, for courses during the day, or at the Centre for Continuing Education, 772 Sherbrooke Street West, Telephone 392-4901, for courses in the evening.

Students already proficient in French but who wish to keep up practice may register in courses at the Department of French Language and Literature, 3460 McTavish Street, Telephone 392-4577, or at the Centre d'études canadiennes-françaises, 3475 Peel Street.

* McGill degrees and diplomas currently give access to corporations regulating the activities of the following professional groups:

Advocates
Agronomists
Architects
Chartered Accountants
Chartered Administrators
Chartered Appraisers
Chemists
Dentists
Dieticians
Engineers
Industrial Administration Accountants
Industrial Relations Counsellors
Licensed General Accountants
Notaries
Nurses
Occupational Therapists
Physicians
Physiotherapists
Psychologists
Social Workers
Speech Therapists & Audiologists
Urbanists
Vocational Guidance Counsellors

Full information as to the requirements for registration in the various provinces may be obtained from the Registrars of the Provincial Medical Boards as follows:

ALBERTA – Dr. L.H. le Riche, 9901 - 108th St., Edmonton, Alberta T5K 1G9
BRITISH COLUMBIA – Dr. W.G. McClure, 1807 West 10th Ave., Vancouver, B.C. V6J 2A9
MANITOBA – Dr. J.B. Morison, 1410-155 Carlton St., Winnipeg, Man. R3C 3H8.
NEW BRUNSWICK – Dr. Stephen D. Clark, 50 Crown Street, Saint John, N.B. E2L 2X6
NEWFOUNDLAND – Dr. G.M. Brownrigg, 47 Queens Rd., St. John's, Newfoundland A1C 2A7
NOVA SCOTIA – Dr. M.R. Macdonald, Sir Charles Tupper Medical Building, 10th Floor, University Ave., Halifax, N.S. B3H 4H7
ONTARIO – Dr. D.M. Aitken, 64 Prince Arthur Ave., Toronto, Ont. M5R 1B4
PRINCE EDWARD ISLAND – Dr. S. MacDonald, 206 Spring Park Rd., Charlottetown, P.E.I. C1A 3Y9
QUEBEC – Dr. A. Roy, 1440 Ste. Catherine St. West, Montreal, P.Q. H3G 1S5.
SASKATCHEWAN – Dr. A.W. Thomson, 211 - 4th Ave. S., Saskatoon, Sask. S7K 1N1

Medical Council of Canada

In order to take the examination of the Medical Council of Canada, a candidate must present a certificate from the Registrar of a Provincial Medical Board to the effect that he holds qualifications accepted and approved of by the Medical Board of that province.

Full information may be obtained by writing to the Registrar, Box 8234, 1867 Alta Vista Drive, Ottawa, Ontario K1G 3H7.

4.10 GRADUATE PROGRAMS LEADING TO DIPLOMAS IN THE CLINICAL DEPARTMENTS OF THE FACULTY OF MEDICINE

The Faculty of Medicine in conjunction with the basic science departments and the affiliated teaching hospitals offers a wide variety of programs leading to degrees of M.Sc. and Ph.D. or to McGill Certificates of Intern and Resident Training. Details of the graduate programs available are included in the McGill calendar of Postgraduate Training Programs and in the Calendar of Graduate Studies in Medical and Allied Sciences.

Initial inquiries should be addressed to the Associate Dean (Postgraduate Medical Education) of the Faculty of Medicine.

4.11 GRADUATE STUDIES AND RESEARCH IN THE MEDICAL SCIENCES

Facilities for graduate work in the basic medical sciences and in the clinical sciences are offered by many of the Departments of the Faculty of Medicine.

Research in relation to clinical disciplines is carried out in the research laboratories at the Montreal Children's Hospital, the Montreal General Hospital, the Royal Victoria Hospital and the Montreal Neurological Institute, as well as the laboratories of the Queen Mary Veterans' Hospital, L'Institut de Recherche Clinique and the Lady Davis Institute of the Jewish General Hospital. Graduate work in the clinical sciences is supervised by those members of the Departments of Medicine, Surgery and Pediatrics who are responsible for the direction of research programs; and for administrative purposes graduate work in these areas is grouped under the Division of Experimental Medicine, which is a branch of the Department of Medicine and the Division of Experimental Surgery, which is a branch of the Department of Surgery.

Inquiries concerning research training in the medical sciences should be directed to the chairman of the department in which the candidate wishes to receive his or her graduate education. Alternatively, letters may be addressed to:

Associate Dean for Graduate
Studies and Research
The Faculty of Medicine
McGill University
3655 Drummond St.
Montreal, P.Q., H3G 1Y6.

5 COURSES OF INSTRUCTION

5.1 ANATOMY

Required Courses

PHASE I

HUMAN ANATOMY 504-131D. The structure of the human body is studied by means of dissection, predissected specimens, lectures, small-group tutorials and audio-visual presentations (closed circuit TV, films, and film loops). The course includes developmental, surface and radiological anatomy and an introduction to clinical anatomy. (Course coordinator: Dr. D.G. Osmond)

Texts: J.T. Aitken, G. Causey, J. Joseph and J.Z. Young, *A Manual of Human Anatomy,* Vols. 1, 2 & 3. 3rd ed. (Churchill Livingstone, 1976); J.C.B. Grant, *An Atlas of Anatomy,* 6th ed. (Williams and Wilkins, 1972); and one of the following: R.S. Snell, *Clinical Anatomy for Medical Students,* 1st ed. (Little, Brown & Co, 1973); E. Gardner, D.J. Gray and R. O'Rahilly, *Anatomy,* 4th ed. (W.B. Saunders, 1975); W.H. Hollinshead, *Textbook of Anatomy,* 2nd ed. (Hoeber, 1967); R.T. Woodburne, *Essentials of Human Anatomy,* 4th ed. (Oxford University Press, 1969).

EMBRYOLOGY. This course of human developmental anatomy is integrated with the course in Human Anatomy.

Texts: J. Langman, *Medical Embryology,* 3rd ed. (Williams and Wilkins, 1974); K. Moore, *The Developing Human,* 1st ed. (Saunders, 1973).

HISTOLOGY 504-121D. The study, by means of the light and electron microscope, of various types of cells and of the structure of various tissues and organs. This course includes laboratory sessions during which sections of a variety of tissues and organs are systematically analyzed. (Course Coordinator: Dr. Y. Clermont)

Texts: A.W. Ham, *Histology,* 7th ed. (Lippincott, 1974); W. Bloom and D.W. Fawcett, *A Textbook of Histology,* 10th ed. (Saunders, 1975); E.J. Reith and M.H. Ross, *Atlas of Descriptive Histology,* 2nd ed. (Harper Row, 1970).

CENTRAL NERVOUS SYSTEM 524-121B. The Department of Anatomy is a major contributor to this Interdisciplinary Course. See Section 5.22.

Electives

Major electives are offered during Phases II and III. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

Graduate Courses

For graduate courses, see the *Announcement of the Faculty of Graduate Studies and Research.*

5.2 ANESTHESIA

Anesthesia is based on the Basic Sciences which are principally acquired during Phase I of the Medicine curriculum. During this phase lecture demonstrations are conducted in resuscitative techniques by anesthetists as part of the Emergency Medicine course.

In Phases II and III during surgical rotations a series of lecture demonstrations in anesthesia-related topics are given and the opportunity afforded to spend two weeks with an anesthetist in the operating room for practical experience.

Electives

Major electives are offered during Phases II and III. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

5.3 BIOCHEMISTRY

Required Courses

PHASE I

BIOCHEMISTRY 507-121D. Lectures and clinical demonstrations are given, covering basic biochemistry with special relationship to disease processes. (Course coordinator: Prof. Peter Braun)

BIOCHEMISTRY 507-122D. Topics in biochemistry. By special permission of department only. (Course coordinator: Prof. Peter Braun)

ENDOCRINOLOGY 524-141B.

GROWTH AND DEVELOPMENT 524-241A. The Department of Biochemistry is a contributor to these Interdisciplinary Courses. See Section 5.22.

Electives

A limited number of students in Phases II and III may spend their elective periods in the Department . Students will be assigned original research projects under the direction of a member of its staff. They will also take part in all Departmental and group seminars and audit graduate courses. Students who plan to spend all elective periods on one project will be particularly welcome and may hope to complete a useful piece of research. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

Other Courses

For students who are interested in additional studies in Biochemistry, current undergraduate and graduate courses in the Department are recommended. (See the *Announcements of the Faculty of Science and the Faculty of Graduate Studies and Research.)*

5.4 BIOMEDICAL ENGINEERING UNIT

Electives

Major electives are offered during Phases II and III. Details of this program are published in a separate "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

Graduate Program

The Biomedical Engineering Unit provides opportunities for interdisciplinary research and training in collaboration with other departments. Graduate courses are offered for students with engineering or biomedical backgrounds. See *Announcement of the Faculty of Graduate Studies and Research.*

5.5 EPIDEMIOLOGY AND HEALTH

Required Courses

PHASE I

EPIDEMIOLOGY 513-121J. Two consecutive series of lectures, exercises and small group discussions dealing with the nature and scope of epidemiology with particular attention to its uses in clinical medicine as well as in public health.

MEDICAL PRACTICE AND SOCIAL RESPONSIBILITY (given jointly with the Department of the History of Medicine). In a series of two-hour sessions, the economic and social implications of medical practice are explored, particularly with respect to social and personal values and priorities as they relate to sickness and health. This course is a continuation of Epidemiology 513-121J.

PHASE II

BIOLOGY OF DISEASE 524-221J. The Department of Epidemiology and Health participates in this Interdisciplinary Course. See Section 5.22.

Electives

The Department offers two types of electives. *Research electives* are open to students in Phases II and III, and may be linked with a summer research project. These electives may take one of two forms: a) students having a special interest in a field of work within the province of the Department's activities are welcome to pursue it on a tutorial basis with a member of the staff; and b) students may collaborate in research projects which are in progress. *Course electives* are available to students who wish to participate in graduate courses and projects; they may in this way obtain credit towards an M.Sc. degree. For a listing of these courses see the *Announcement of the Faculty of Graduate Studies and Research.*

Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

5.6 FAMILY MEDICINE

PHASE III

The Family Medicine Stream is designed to provide the student with a broad clinical experience, and a suitable base for any subsequent training pursuit. The stream's emphasis is a wholistic approach to health in the context of family and community.

The twenty-four weeks are divided into three 8 week periods. One period is related to the early period of life with an emphasis on obstetrics and neo-natal pediatrics. In a second period the student joins a group of family physicians for a period of immersion in the realities of clinical practice. Practices of various types and orientations are available

for this part of the program in rural, semi-urban and urban areas. A third period is oriented to the increasing need for medical and social care for the older population. This period provides an excellent opportunity to become familiar with problems in adult medicine.

Evaluation of the student and the program is carried on throughout the whole stream period by clinical tutors.

5.7 HISTORY OF MEDICINE

Required Courses

PHASE I

HEALTH AND THE HEALER IN THE WEST 522-121A. A series of 15 one-and-a-half hour lectures tracing the patterns of health and disease from antiquity to modern times and the development of the medical profession.

MEDICAL PRACTICE AND SOCIAL RESPONSIBILITY (given jointly with the Department of Epidemiology and Health. For description, see that Department's listing.)

From time to time, and at the request of other departments, single lectures are given on the history of special subjects within courses being taught by those departments.

Electives and Options

The Department offers a wide range of electives and first and fourth year options in many aspects of the social sciences and humanities as they relate to medicine. For details see the Options Catalogue and the "Calendar of Elective Programs". For additional information, consult the general office of the Department.

5.8 MEDICINE

Required Courses

PHASES I and II

BEHAVIOURAL SCIENCES 524-161D.
EMERGENCY 524-151B.
ENDOCRINOLOGY 524-141B. BIOLOGY OF DISEASE 524-221J.
INTRODUCTION TO CLINICAL SCIENCES 524-231D.

The Department of Medicine is a contributor to these Interdisciplinary Courses. See Section 5.22.

PHASE II

BLOCK TEACHING IN MEDICINE 526-321A/B. In this twelve week course, the student has the opportunity to build further on the clinical skills developed in the course on Introduction to Clinical Sciences. The ward is the laboratory, wherein the student sees in the patients assigned, the living embodiment of the conditions described in the textbooks. The clinical experience gained from reading and from examination of patients leads to development of confidence and acumen, as well as to the ability to prepare a meaningful written record, which like a laboratory report, is carefully scrutinized by clinical instructors. Speciality areas of Dermatology, Ophthalmology, Neurology, Radiology, Clinical Pharmacology, Electrocardiology, all contribute to the student's experience.

By the end of the course the student is expected to be capable of handling competently all the duties of a clinical clerk.

PHASE III

The Department of Medicine will be responsible for a variety of offerings in PHASE III of the medical curriculum. Most of the students from all four streams will rotate through general medicine and in addition, students in the Medicine Stream will be offered rotations in related medical specialties.

At this level of training, the student accepts the responsibility for the initial work-up, the completion of the written record, the differential diagnosis (or problem list), the plan of investigation, the progress notes and the discharge summary of each patient assigned. By constant reading, by discussions with his resident team and by case presentations, clinical skills are further developed. In attendance at follow-up clinics, the student learns the results of his therapeutic efforts on the wards. A judicious selection of specialty conferences also assists in this process.

Electives

Major electives are offered during Phases II and III. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

Experimental Medicine

See *Announcement of the Faculty of Graduate Studies and Research.*

5.9 MICROBIOLOGY AND IMMUNOLOGY

Required Courses

PHASE I

MICROBIOLOGY AND IMMUNOLOGY 528-221A. A general introduction to Microbiology and Immunology is offered in the second year of Phase I in preparation for the infectious disease portion of the BIOLOGY OF DISEASE course. Lectures and demonstrations deal with the general nature of the various groups of microorganisms, i.e., the bacteria, fungi, viruses, protozoan parasites and helminths of medical importance and the methods by which they are studied particularly for diagnostic purposes. Sterilization, disinfection and chemo-therapeutic agents are covered. Basic immunology is dealt with

as are host-parasite interrelationships. The course is concluded by a systematic survey of the major groups of pathogenic microorganisms.

PHASE II

BIOLOGY OF DISEASE 524-221J. The Department of Microbiology and Immunology is a major contributor to this Interdisciplinary Course. See Section 5.22.

Electives

Major electives are offered during Phases II and III. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

Other Courses

The Department offers a range of courses leading to the Honours B.Sc. in Microbiology and is well-equipped for graduate research leading to the M.Sc., M.Sc.A. and Ph.D. degrees. Training in Clinical Microbiology is available in the service laboratories of the Royal Victoria Hospital and the Montreal Neurological Institute located in the Department. See the *Announcements of the Faculty of Science and the Faculty of Graduate Studies and Research.*

5.10 NEUROLOGY AND NEUROSURGERY

Required Courses

PHASES I AND II

CENTRAL NERVOUS SYSTEM 524-121B. The Department of Neurology and Neurosurgery is a major contributor to this Interdisciplinary Course. See Section 5.22.

NEUROPATHOLOGY. Given in conjunction with the courses in Pathology and Biology of Disease.

INSTRUCTION IN CLINICAL EXAMINATION OF THE NERVOUS SYSTEM. Given in conjunction with the Introduction to Clinical Sciences course. See Interdisciplinary Courses, Section 5.22.

PHASE II

CLINICS AND CONFERENCES. In conjunction with the Departments of Medicine and Surgery.

PHASE III – STREAM OPTIONS

Some of the students in the Medicine Stream and all of the students in the Psychiatry Stream will receive rotations in Clinical Neurology.

Electives

Major electives are offered during Phases II and III. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

Graduate Courses

Courses are offered leading to the M.Sc. and Ph.D. Degrees. See *Announcement of the Faculty of Graduate Studies and Research.*

5.11 OBSTETRICS AND GYNECOLOGY

Required Courses

PHASE I

BEHAVIOURAL SCIENCES 524-161D.
EMERGENCY 524-151B
GROWTH AND DEVELOPMENT 524-241A.

The Department of Obstetrics and Gynecology contributes in part to the course in Behavioural Sciences and Emergency Care. A complete core course of basic sciences, as adapted to human reproduction, is incorporated as a large part of the Growth and Development course. This course coordinates with Obstetrics and Gynecology 534-321A/B in Phase II.

PHASE II

INTRODUCTION TO CLINICAL SCIENCES 524-231D. The Department of Obstetrics and Gynecology contributes to this Interdisciplinary Course. See Section 5.22.

OBSTETRICS AND GYNECOLOGY 534-321A/B. A four week period is allocated to Obstetrics and Gynecology during Phase II. The course is offered three times during this Phase and precedes in each instance eight weeks of Surgery. The course of lectures, demonstrations and clinical exposure is designed to establish a core obstetrical and gynecological experience, using as a base the material taught in the Growth and Development course in Phase I. During this course the pathophysiology of pregnancy is taught (Biology of Disease 524-221J). This total course is required as a prerequisite for electives in the McGill Department of Obstetrics and Gynecology.

PHASE III

In Phase III, the following courses and electives are offered to enlarge and enrich the Basic Course of Phase II.

Students in the Surgical Stream who have chosen the Obstetrics and Gynecology option can be assured of an 8-week clinical clerkship, well balanced in practical and theoretical experience.

For students selecting the Medicine Stream, a combined Neonatology-Obstetrical option can be taken as part of the Pediatric branch. Two clinical centres will operate this option. The student will find

the course intensive; combining, as it does, antenatal care, the identification of high risk pregnancies, intrapartum care and the follow-up of normal and sick infants. During the course students will perform, under staff supervision, the duties of clinical clerks in Case Rooms and Nurseries. They must be prepared to live in and assume continuing care of the patients allocated to them.

Students in the Family Practice Stream will have a four week rotation in Office and Community Hospital Obstetrics and Gynecology.

Electives

Any students who feel the need for further study in the subject before going on to their chosen postgraduate fields are advised to take an elective in Obstetrics and Gynecology. The choice of suitable electives is wide. Enquiries from students for counsel on suitable study courses or practical experience should be directed to: Dr. R.A.H. Kinch of the Montreal General Hospital or to Dr. T. Primrose of the Royal Victoria Hospital, either directly or through the Dean's office.

Texts: Compulsory for all students:
Page, Villee, Villee. *Human Reproduction. The Core Content of Obstetrics, Gynecology, and Perinatal Medicine,* 2nd. ed. Recommended: H. Oxorn, and W.R. Foote, *Human Labour and Birth,* 3rd. ed. (New York, Appleton, 1975); Definitive Textbooks for further study: L.M. Hellman, and J. Pritchard, *Williams Obstetrics,* 14th ed. (Appleton, N.Y., 1971); T.N.A. Jeffcoate, *Principles of Gynecology,* 4th ed. (Butterworth, London 1975); Ralph M. Wynn, *Obstetrics and Gynecology: The Clinical Core;* R. Kenneth, Niswander, *Obstetrics – Essentials of Clinical Practice;* H. Oxorn and W.R. Foote,*Human Labour and Birth,* 3rd ed.

5.12 OPHTHALMOLOGY

Required Courses

PHASE II

INTRODUCTION TO CLINICAL SCIENCES 524-231D. As part of Introduction to Clinical Sciences, the various tests used in routine examination of the eye are demonstrated. Instruction in the use of ophthalmoscope is emphasized. See Interdisciplinary Courses, Section 5.22.

PRACTICAL CLINICAL OPHTHALMOLOGY. Practical Clinical Ophthalmology including OPHTHALMOSCOPY is taught at the Montreal General, Royal Victoria and Jewish General Hospitals in conjunction with the Medicine rotation.

PHASE III

In the Medicine Stream option there will be a combined Ophthalmology-Radiology rotation. Each student will rotate for a two-week period in one discipline followed by a two-week period of the other. These options will take place at the Montreal General, Royal Victoria, Montreal Children's and Jewish General Hospitals. Each student will function as a clinical clerk in the respective Eye Department.

Electives

Major electives are offered during Phases II and III. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

Texts: Scheie and Albert, *Adler's Textbook of Ophthalmology,* 8th ed. (Saunders, 1969); Vaughan, Asbury, Cook, *General Ophthalmology;* 6th ed. (Lange, 1971); Frank W. Newell, *Ophthalmology,* 2nd ed. (Mosby, 1969).
References: W.S. Duke-Elder, *System of Ophthalmology,* 12 vols. (Kimpton, 1958-72); Hogan and Zimmerman, *Ophthalmic Pathology,* 2nd. ed. (Saunders, 1962); W.S. Duke-Elder, *Parson's Diseases of the Eye,* 15th ed. (Longman, 1970).

Postgraduate Program

See *Announcement of the Faculty of Graduate Studies and Research.*

5.13 OTOLARYNGOLOGY

Required Courses

PHASE I

OTOLARYNGOLOGY. An introductory course in Clinical Anatomy pertaining to the ear, nose and throat is presented during Phase I in cooperation with the Department of Anatomy.

PHASE II

INTRODUCTION TO CLINICAL SCIENCES 524-231D. The Department of Otolaryngology is a contributor to this course, providing instruction in otolaryngological history taking and methods of physical examination.

OTOLARYNGOLOGY. "Block Time" clinical instruction is given to small groups of students as part of the Phase II Surgery rotation. In these sessions didactic lectures are given relating to ear, nose and throat disorders, and the students are given the opportunity to examine hospital patients if the group size permits.

Electives

The Department of Otolaryngology offers elective opportunities in both research and clinical studies. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

Graduate Program

See *Announcement of the Faculty of Graduate Studies and Research.*

5.14 PATHOLOGY

Required Courses

PHASE I

GENERAL PATHOLOGY 546-121J. This course is largely a self-preparation program taught in seminars. It covers the principles of general pathology and their relationship to commonly encountered diseases. (Course Coordinator: Dr. D. Kahn)

PHASE II

BIOLOGY OF DISEASE 524-221J. The Department of Pathology is a contributor to this Interdisciplinary Course. See Section 5.22.

COURSE IN APPLIED PATHOLOGY. Weekly clinicopathological conferences are offered in conjunction with the Medicine rotation. (Course Administrator: Dr. J. Knaack.)

PHASE III

SURGICAL PATHOLOGY STREAM OPTION. Students in the Surgical Stream will spend 4 weeks participating in the daily activities of an active surgical pathology laboratory. Students in the Obstetrics and Gynecology branch of the Surgical Stream will have a 4 week rotation in Gynecological Pathology and Diagnostic Cytology.

Electives

Major electives are offered during Phases II and III. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

Postgraduate Courses

See the *Announcement of the Faculty of Graduate Studies and Research.*

5.15 PEDIATRICS

Required Courses

PHASE III

PEDIATRICS 543-421A/B. Clerkship in Pediatrics as a member of a clinical service, provides the opportunity for experience in the management of pediatric problems under supervision. The clerkship includes ward and ambulatory rotations at the Montreal Children's Hospital and newborn experience at either the Jewish General Hospital or the Royal Victoria Hospital. The clerks participate in a series of core-material conferences in addition to the regularly scheduled educational program of the hospitals. (Coordinator: Dr. Wendy MacDonald)

PEDIATRIC STREAM OPTIONS. The Department of Pediatrics participates in three of the four streams in Phase III. A portion of the students from the Medicine and Psychiatry Streams will have an 8 week rotation in General Pediatrics while all of the students in the Family Practice Stream will have a 4 week program in Ambulatory Pediatrics. In addition, students in the Pediatric branch of the Medicine Stream will be offered a 4-week rotation in Obstetrics and Neonatology. This last rotation is offered conjointly with the Department of Obstetrics and Gynecology.

Electives

Twenty major elective opportunities are available in Phase II and III including Clinical and Ambulatory Pediatrics, Pediatric sub-specialties and pediatric research, including Biochemical Genetics, Endocrinology, Neonatology, Nephrology and Cardiorespiratory Investigation. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

5.16 PHARMACOLOGY AND THERAPEUTICS

The program of instruction in Pharmacology and Therapeutics is designed to provide a systematic coverage of the pharmacodynamics of the more important groups of drugs, the factors that control and modify their effects and the basis for selection and use of drugs in the treatment of disease.

Required Courses

PHASE I

PHARMACOLOGY AND THERAPEUTICS 549-221A. An introductory course concerned primarily with the pharmacodynamics of those drugs most frequently encountered in clinical practice.

PHASE II

PHARMACOLOGY AND THERAPEUTICS. The Department contributes to the Biology of Disease course emphasizing the pharmacological basis for the selection of drugs and the use of these drugs in the treatment of disease.

PHASE III

PHARMACOLOGY AND THERAPEUTICS. A variety of seminar courses covering selected areas of Pharmacology is offered. Students choose one or more of these courses in areas of their special interest. The seminars are intended to be a look in depth into special subjects rather than broad general reviews.

Electives

Facilities are available for a limited number of students to undertake research in pharmacology in any year of their medical course or during the summer.

Work in clinical pharmacology can also be arranged for students in Phases II and III. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

5.17 PHYSIOLOGY

Required Courses

PHASE I

MEDICAL PHYSIOLOGY 552-121D Lectures and Laboratories. An advanced course on the functioning of body systems. Emphasis is on aspects of system physiology relevant to disease mechanisms and clinical function testing. Topics include the physiology of blood and body fluids, circulation, central and peripheral nervous system, respiration, excretion, digestion and immunity. (Course Coordinator: Dr. C. Polosa)

CENTRAL NERVOUS SYSTEM 524-121B.
ENDOCRINOLOGY 524-141B.

The Department of Physiology contributes to these Interdisciplinary Courses. See Section 5.22.

Electives

Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

Other Courses

For other undergraduate and graduate courses see the *Announcement of the Faculties of Arts and Science and Graduate Studies and Research.*

5.18 PSYCHIATRY

Required Courses

PHASE I

BEHAVIOURAL SCIENCE 524-161D. The Department of Psychiatry is a major contributor to this Interdisciplinary Course. See Section 5.22.

PHASE III

PSYCHIATRY 555-321A/B. Eight-week block training to acquaint all students (Core program) with the examination of patients and understanding of some of the major factors involved in abnormal behaviour. Diagnostic procedures, psycho-therapeutic and physical methods of treatment will be among the aspects covered. Students will be provided with tutors on a group basis and will also have an opportunity to become conversant with certain more specialized areas of the field of Psychiatry. An attempt will be made to provide a comprehensive exposure to current theoretical models and treatment approaches in psychiatry, to indicate the relevance of certain concepts and attitudes to non-psychiatric medical practice, and to supply well-supervised clinical experience which is patient-oriented and responsibility-centered. (Course Coordinator: Dr. R.A. Ramsay)

PSYCHIATRY STREAM. In addition to 8 weeks of Neurology and 8 weeks of Medicine and/or Pediatrics, students choosing this stream will receive an 8-week rotation with intensive clinical experience in the areas of Psychosocial Medicine, Consultation Psychiatry, Emergency Psychiatry and Brief Psychotherapy.

Electives

Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

Graduate Courses

For information regarding the Diploma Course in Psychiatry and courses leading to the M.Sc. Degree in Psychiatry, see the *Announcement of the Faculty of Graduate Studies and Research.*

5.19 DIAGNOSTIC RADIOLOGY

Required Courses

PHASE I

NORMAL ROENTGEN ANATOMY. In co-operation with the Department of Anatomy. (Professor Nogrady)

ROENTGEN DEMONSTRATIONS OF PHYSIOLOGY. In co-operation with the Department of Physiology. (Professor Fraser and Staff)

PHASE II

BIOLOGY OF DISEASE 524-221J. The Department of Diagnostic Radiology is a contributor to this Interdisciplinary Course. See Section 5.22.

SEMINARS IN DIAGNOSTIC RADIOLOGY. These are held weekly for students during their "block time" in Medicine and Surgery.

PHASE III

DIAGNOSTIC RADIOLOGY STREAM OPTIONS. During Phase III the students in the Medicine Stream will receive a 4-week rotation in a combined Diagnostic Radiology – Ophthalmology program while students in the Surgery Stream will receive a 4-week rotation in Diagnostic Radiology emphasizing diseases of surgical import. In addition, students from all streams during their "clinical clerkship" attend regular conferences with the Department of Diagnostic Radiology and the Clinical Departments of the teaching hospitals of McGill.

Electives

Major electives are offered during Phases II and III. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

5.20 THERAPEUTIC RADIOLOGY

Required Courses

PHASES I AND II

INTRODUCTION TO THERAPEUTIC RADIOLOGY. Includes the basic principles and applications of Radiation Physics, Radiobiology and Radiopathology of conditions treated by means of ionizing radiation. Given in conjunction with Pathology and Biology of Disease courses.

PHASE II

CLINICAL THERAPEUTIC RADIOLOGY. Teaching is integrated with the clinical rotations.

PHASE III

CLINICAL THERAPEUTIC RADIOLOGY. Continuation of the clinical program initiated in Phase II.

Electives

Major electives are offered during Phases II and III. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

Graduate Courses

Diploma in Therapeutic Radiology. See *Announcement of the Faculty of Graduate Studies and Research.*

5.21 SURGERY

Required Courses

PHASE I

BEHAVIOURAL SCIENCE 524-161D.
EMERGENCY 524-151B.

The Department of Surgery is a contributor to these Interdisciplinary Courses. See Section 5.22.

PHASE II

BIOLOGY OF DISEASE 524-221J.
INTRODUCTION TO CLINICAL SCIENCES 524-231D.

The Department of Surgery is a contributor to these Interdisciplinary Courses. See Section 5.22.

SURGERY 564-321A/B. During the surgical rotation, the student is provided with a variety of learning experiences, so that he may learn the principles of surgery. Much of the teaching is didactic either in the Montreal General Hospital or the Royal Victoria Hospital. The student is also assigned to a surgical service where he may write case reports, act as a dresser and assist at operations. The learning experiences include lectures, case presentations, seminars, tutorial sessions, special core curriculum conferences, bedside teaching, participation in regular service and ward rounds, visits to the Emergency Department and clinical pathological conferences. (Course Co-ordinators: Drs. E.D. Monaghan and L. Ogilvy)

PHASE III

In Phase III of the new curriculum, students on a Surgical Stream will spend eight weeks as a clinical clerk in General Surgery and four weeks in an Orthopedics/Trauma Service. Students on a Medical Stream will spend four weeks as clinical clerks in either General Surgery or a Surgical Specialty.

Surgical Diseases of Children

Instruction in the Surgical Diseases of Children is given during the Pediatrics rotation.

Orthopedic Surgery

Principles of physical diagnosis of the musculoskeletal system are taught during the course on Introduction to Clinical Sciences in Phases I and II.

The principles of Orthopedic Surgery are covered during the course on Surgery in Phase II. An attempt is made to outline broadly the content of adult Orthopedics, children's Orthopedics and fractures.

Phase III clinical clerks in the Surgery Stream will generally spend four weeks in Orthopedic Surgery.

Urology

Lectures are given in Phase II during the Surgery rotation. Subject coverage includes symptoms and signs of significance, congenital anomalies, obstructive uropathy, calculous disease, genito-urinary infections, abnormalities of the external genitalia, patho-physiology of mucturition and neoplastic disease of the genito-urinary tract.

Electives

Major electives are offered in Surgery, Orthopedic Surgery and Urology during Phases II and III. Details are published in the "Calendar of Elective Programs" and further information can be obtained in the General Office from the Director of the Program.

5.22 INTERDISCIPLINARY COURSES

Required Courses

PHASE I

BEHAVIOURAL SCIENCES 524-161D. This course aims at facilitating medical students' familiarity with the impact of disease on a patient's style of living, his/her socio-economic security and his/her family. It covers the tasks in life as well as various styles in living from infancy to old age. Seminars are grouped along various themes and are developed around selected case material, films and audio-visual aids. The subject matter is opened up directly by patients and developed by Faculty. The student body is divided into groups to provide an opportunity to meet and discuss informally related issues with members of Faculty. Lectures and demonstrations – 79 hours (Course Coordinator: Dr. H. Caplan)

CENTRAL NERVOUS SYSTEM 524-121B. This course consists of an integrated series of lectures, laboratory classes and clinical demonstrations having to do with anatomical, physiological, biochemical and behavioural aspects of nervous system organization which have particular importance in neurological medicine, thereby preparing the student for the clinical neurology teaching that will be given in the later phases of the Medical curriculum. (Course Coordinator: Dr. Donald Lawrence)

EMERGENCY MEDICINE 524-151B. This course consists of a series of twenty sessions given in the first year providing an introduction to the principles of first aid and emergency medicine. Emphasis is placed on pre-hospital emergency care of the acutely ill and injured. The required text is *"Emergency Care and Transportation of the Sick and Injured"*, by the Committee on Injuries – American Academy of Orthopaedic Surgeons. (Course Coordinator: Dr. E.D. Monaghan)

ENDOCRINOLOGY 524-141B. This course is conducted in a series of fifty-minute lectures and is organ-oriented. Sequentially, the adrenal cortex, the thyroid, the parathyroid, the anterior pituitary and male and female gonads are covered. Each organ is viewed from the point of view of physiology, biochemistry, anatomy and clinical physiopathology. In the final hours, the endocrine control of blood pressure and of salt and water metabolism and the physiology, anatomy and clinical testing of the neuroendocrine system are covered. (Course Coordinator: Dr. J.M. McKenzie)

GROWTH, DEVELOPMENT AND HUMAN REPRODUCTION 524-241A. This course is designed to follow the major basic science course material and to illustrate how the stage of growth and development modifies the physiologic and pathologic responses of the organism. It looks at the role genetics, environmental, nutritional and hormonal factors play during the four main periods of growth – early development and major organogenesis, late fetal life, post-natal life to puberty and puberty. The course consists of lectures and small group discussions. (Course Coordinator: Dr. Eleanor Colle)

PHASE I and II

INTRODUCTION TO CLINICAL SCIENCES 524-231D. The course objective is to provide students the opportunity to make their first meaningful contact with patients. In so doing they learn, under supervision, how to take a history, conduct an examination of each of the body systems, create problem lists and arrive at reasonable diagnoses. This course, beginning in September of Year II and completed by mid-January, is the direct responsibility of the Department of Medicine, which is assisted in the teaching and supervision by the Departments of Surgery and Pediatrics. The specialty areas of Neurology, Anesthesia, Orthopedics, Urology, Plastic Surgery and Otolaryngology also have an input. At the end of the course there is an assessment of individual progress measured against the stated course objectives. (Course Coordinator: Dr. J.L. McCallum)

PHASE II

BIOLOGY OF DISEASE 524-221J. An integrated course taught under the auspices of Epidemiology and Health, Microbiology and Immunology, Pathology and Pharmacology, utilizing teachers from the entire Medical Faculty as required. The emphasis of the course will be on the pathophysiology of common disease states, and an attempt will be made to present a balanced approach to major diseases stressing factors that will influence prevention, control and treatment. It will be held primarily at the McIntyre Medical Sciences Building but small group sessions will be held at the Royal Victoria Hospital and the Montreal General Hospital where they will be integrated with students' medical and surgical rotations. (Course Coordinators: Drs. John Richardson and John Seely)

PREFACE

The Conservatorium of Music was established in 1904 and the Faculty of Music in 1920. Formerly housed in various buildings belonging to the University, the Faculty moved in 1972 to one location, the spacious and modernized Strathcona Music Building, formerly the main section of the Royal Victoria College.

The Strathcona Music Building houses a substantial library containing over twenty two thousand monograph-volumes, bound journals and scores, as well as eight thousand recordings; a Performance Library of over two thousand titles; an Electronic Music Studio consisting of three individual studios; ample classroom, studio, and practice space, student-lounge and cafeteria; a recital hall and the Pollack Concert Hall (capacity: six hundred) with its large stage (including an orchestra pit), a recording studio, projection room, and spacious back-stage facilities (dressing rooms, a large rehearsal room and storage space).

The current student enrolment is approximately 500 at the undergraduate and graduate levels. The teaching staff includes thirty-eight full-time and approximately fifty part-time members. Our students and staff generate a lively performance activity: over 200 concerts and other public events are given annually, including presentations by our Symphony Orchestra, the Faculty Choirs, Bands, Chamber Ensembles, Jazz Bands, the Opera Studio, and recitals by staff and student soloists.

The Strathcona Music Building is part of the McGill Campus centrally located on Montreal's main artery, Sherbrooke Street, and within easy walking distance of the city's famous Place des Arts complex, the French-English theatre district, large department stores and a station of the city subway system conveniently named "McGill".

1 STAFF

1.1 UNIVERSITY ADMINISTRATION

ROBERT E. BELL, C.C., B.A., M.A.(U.B.C.), Ph.D.(McG.), D.Sc.(U.N.B., Laval, Montr.) LL.D.(Tor.), D.C.L.(Bishop's), F.R.S., F.R.S.C.
Principal and Vice-Chancellor

EIGIL PEDERSEN, B.A.(Sir G. Wms.), M.A.(McG.), Ed.D.(Harv.) **Vice-Principal (Academic)**

LEO YAFFE, B.Sc., M.Sc.(Man.), Ph.D.(McG.), F.C.I.C., F.A.P.S., F.R.S.C.
Vice-Principal (Administration)

ALLAN McCOLL, D.F.C., B.Com.(McG.), C.A.
Vice-Principal (Finance)

E.J. STANSBURY, M.A., Ph.D.(Tor.)
Vice-Principal (Planning)

W.F. HITSCHFELD, B.A. Sc.(Tor.), Ph.D.(McG.), F.R.(Met.S.) **Vice-Principal (Research)**

L.E. LLOYD, B.Sc.(Agr.), M.Sc., Ph.D.(McG.).
Vice-Principal (Macdonald College)

COLIN M. McDOUGALL, D.S.O., B.A.(McG.)
Secretary-General

JEAN-PAUL SCHULLER, B.A.(Ott.) **Registrar**

PEGGY SHEPPARD, B.Ed.(McG.), B.A.(Sir G. Wms.). **Admissions Office, Director**

1.2 FACULTY ADMINISTRATION

PAUL PEDERSEN, B.A. (Sask.), M.Mus., Ph.D. (Tor.) **Dean of the Faculty, Director of the McGill Preparatory School of Music**

MRS. DIANE RASYTINIS *Dean's Secretary*

RICHARD LAWTON, B.Mus. (McG.), M.Mus. (Indiana) **Chairman, Department of Performance**

MRS. ARNEE HOLLOWAY, B.A. (Lond.)
Departmental Secretary (Dept. of Performance)

BRUCE MINORGAN, B.Mus. (U.B.C.), M.A. (Tor.)
Chairman, Department of Theory, Chairman, Committee on Graduate Studies

MS. BARBARA HARRIS-HARSANYI, B.A. (Tulane)
Departmental Secretary (Dept. of Theory)

T.B.A. **Chairman, Department of School Music**

DONALD MACKEY, Mus.B. (Tor.)
Building Director, Strathcona Music Building, Vice-Director of the McGill Preparatory School of Music

MR. JOHN FISHER *Departmental Secretary (Dept. of School Music), Secretary, Building Director's Office*

MISS VERONICA SLOBODIAN
Administrative Assistant (Admissions)

MISS DIANA ROSS, B.Ed. (McG.)
Student Records' Officer

MRS. CISLEY DANIEL
Senior Clerk (Budget Control)

MISS MARIE MOSCATO

MISS RUTH KUZAITIS *Clerk*

1.8 TEACHING STAFF

KATHLEEN ANDERSON, B.Mus. (McG.); Instructor; Voice, Ensemble.

NORAIR ARTINIAN, B.Mus., M.Mus. (Montr.), M.Sc. (Music)(Juilliard); Instructor; Piano.

KEVIN AUSTIN, B.Mus., M.M.A. (McG.); Instructor; Theory and Analysis, Electronic Music.

JEANNE BAXTRESSER, B.Mus. (Juilliard); Principal Flute, Montreal Symphony; Instructor; Flute.

PIERRE BELUSE, Graduate, Conservatoire de Musique de Québec; Montreal Symphony; Assistant Professor; Percussion.

JUDITH BERCUVITZ, B.A. (Cornell), M.M.A. (McG.); Instructor; Theory and Analysis, Ear Training.

HELMUT BLUME, Graduate, Staatlich Akademische Hochschule für Musik (Berlin); F.R.S.A.; Professor; Music Literature, Piano Ensemble.

PETER BOWMAN, Principal Oboe, Montreal Symphony; Instructor; Oboe.

ALEXANDER BROTT, L.Mus. (McG.), B.Sc. (Juilliard), (Hon.) Mus.Doc. (Chicago Conservatory College), (Hon.) LL.D. (Queen's); F.R.S.A.; Conductor-in-Residence; Professor; Conducting Music Literature.

BRIAN CHERNEY, Mus.Bac., Mus.M., Ph.D. (Tor.); Associate Professor; Composition, Theory and Analysis, History and Literature.

NEIL CHOTEM, Instructor; Commercial Arranging.

EDWARD CULBREATH, B.Sc. (Music)(Mannes), M.Mus. (Yale); Associate Professor; Cello, Ensemble.

MARY CYR, B.A., M.A., Ph.D. (Berkeley); Assistant Professor; History and Literature, Baroque Ensemble, Viola da Gamba.

GERALD DANOVITCH, Graduate, Conservatoire de Musique de Québec; Associate Professor; Saxophone, Clarinet, Jazz Ensemble, Saxophone Ensemble.

ELIZABETH DAWSON, L.Mus. (McG.), L.R.S.M. (Lond.); Assistant Professor; Piano.

EDITH DELLA PERGOLA, Graduate, Royal Conservatory (Bucharest); Assistant Professor; Opera Studio.

LUCIANO DELLA PERGOLA, Graduate, Royal Conservatory (Bucharest); Associate Professor; Opera Studio.

GISELA DEPKAT, Assistant Professor; Cello, Ensemble.

BETTY DOROSCHUK, A.M.M. (Man.), L.Mus., B.Mus. (McG); Instructor; Voice, Choir.

MARVIN DUCHOW, Dipl. (Curtis), B.Mus. (McG.), B.A. (N.Y.U.), M.A. (Roch.), (Hon.) Mus.Doc. (Chicago Conservatory College); Professor; History and Literature, Analysis.

MARIE-CHRISTINE DYKE-GABILLET, Maîtrise (Vincent d'Indy); Instructor; Harp.

STEPHEN FENTOK, Instructor; Guitar.

PETER FREEMAN, L.Mus., B.Mus. (McG.); Instructor; Woodwind Techniques, Saxophone, Clarinet, Ensemble.

MAURICIO FUKS, B.Mus. (Juilliard); Associate Professor; Violin.

ALFRED GARSON, Ph.D. (Montr.); Instructor; Suzuki Method and Workshop.

ROBERT GIBSON, B.S., M.F.A., Ph.D. (Minn.); Associate Professor; Trumpet, Wind Ensemble, Brass Techniques.

ROSE GOLDBLATT, A.R.C.M. (Lond.); Assistant Professor; Piano.

MONIK GRENIER, Bacc., Maîtrise (Vincent d'Indy; Montr.), Diploma (Conservatoire National de

Paris), Diploma (Mozarteum, Salzburg); Opera Coach.

JOHN GREW, B.Mus. (Mt. All.), M.Mus. (Mich.); Assistant Professor; Organ, Harpsichord.

TED GRIFFITH, Montreal Symphony; Instructor; Trombone, Ensemble.

BENGT HAMBRAEUS, Fil Kand (B.A.), Fil Lic (Ph.D.)(Uppsala University), L.M.A. (Sweden); Professor; Composition, Theory and Analysis, Electronic Music.

PAUL HELMER, B.A. (Tor.), M.A., Ph.D. (Col.); Associate Professor; Chairman, Undergraduate History Area Committee; History and Literature.

RICHARD HUNT, L.R.A.M., A.R.C.M.(Lond.), B.Mus., M.M.A. (McG.); Lecturer; Theory and Analysis.

EMILIO IACURTO, Graduate, Conservatoire de Musique de Québec; Principal Clarinet, Montreal Symphony; Instructor; Clarinet.

CHRISTOPHER JACKSON, Graduate, Conservatoire de Musique de Québec; Instructor; Ear Training, Keyboard Proficiency.

LAURA JAEGER, B.Mus., Performers Certificate (Indiana); Lecturer; Oboe, Ensemble.

SONIA JELINKOVA, L.Mus., (McG.), Graduate, Curtis; Montreal Symphony; Instructor; Violin.

KELSEY JONES, L.Mus., B.Mus. (Mt. All.), B.Mus., Mus.Doc. (Tor.); Professor; Counterpoint, Fugue.

TOM KENNY, Instructor; French Horn, Ensemble.

ABE KESTENBERG, Instructor; Saxophone, Clarinet, Ensemble.

DORIS KILLAM, A.R.C.T. (Tor.), L.Mus. (McG.); Vocal Coach.

MARY KIRBY, L.Mus., B.Mus. (McG.); Instructor; Piano.

STEPHEN KONDAKS, Professor; Violin, Viola, String Techniques, Ensemble.

ALCIDES LANZA, Graduate, Instituto Torcuato Di Tella (Buenos Aires); Associate Professor; Director, Electronic Music Studio; Composition, Theory and Analysis.

RICHARD LAWTON, B.Mus. (McG.), M.Mus. (Indiana); Associate Professor; Chairman, Department of Perfor-mance, Chairman, Graduate Performance Sub-committee; Trombone, Band, Orchestral Literature.

THOMAS LEDERER, Montreal Symphony; Instructor; Double Bass, Ensemble.

PAUL LOYONNET, Graduate, Conservatoire de Paris; Assistant Professor; Piano.

DONALD MACKEY, Mus.B. (Tor.); University Organist; Associate Professor; Building Director; Keyboard Skills, Theory. *(Sabbatical leave 1977-78)*

ARMAS MAISTE, L.Mus., B.Mus. (McG.); Montreal Symphony; Assistant Professor; Jazz Improvisation.

PAUL MARKS, B.A. (U.C.L.A.), M.M. (Tulsa); Assistant Professor; Chairman, Graduate History Sub-committee; History and Literature.

ESTHER MASTER, Graduate, Conservatoire de Musique de Québec; Instructor; Piano, Ensemble.

BRUCE MATHER, B.Mus. (Tor.), M.A. (Stan.), Mus. Doc. (Tor.); Associate Professor; Chairman, Graduate Composition Sub-committee; Composition, Theory and Analysis.

PIERRETTE MATHER, B.Mus. (Laval), B.A., Artist's Diploma (Tor.); Instructor; Ear Training.

BARBARA MAXEDON, M.Mus. (Indiana); Instructor; Orchestra and Band Techniques.

URI MAYER, Post Graduate Diploma (Juilliard), Diploma (Tel-Aviv); Principal Viola, Montreal Symphony; Assistant Professor; Orchestra.

CARMEN MEHTA, Instructor; Voice.

BRUCE MINORGAN, B.Mus. (U.B.C.), M.A. (Tor.); Associate Professor; Chairman, Department of Theory, Chairman, Committee on Graduate Studies; History and Literature.

DOROTHY MORTON, Graduate, Conservatoire de Musique de Québec; Associate Professor; Piano.

ANTONIO NARDUCCI, Opera Coach.

DINA MARIA NARICI, Instructor; Voice.

SISTER MARY O'NEILL, B.A. (Ott.), M.A., Ph.D. (Col.); Instructor; Keyboard Proficiency.

DONALD PATRIQUIN, A.Mus., B.Mus. (McG.), Dip.Ed., B.Sc. (Bishop's), M.Mus. (Tor.); A.R.C.C.O.; Assistant Professor; Theory and Analysis, Ear Training.

PAUL PEDERSEN, B.A. (Sask.), M.Mus., Ph.D. (Tor.); Associate Professor; Dean of the Faculty; Composition, Theory and Analysis, Electronic Music.

PIERRE PERRON, B.Mus. (McG.), M.Mus.Ed.(Holy Names), Specialist's Diploma in Kodály Method (Franz Liszt Academy, Budapest); Instructor; Ear Training, Kodály Method.

PENELOPE PETERS, B.Mus. (McG.); Instructor; Piano.

TOM PLAUNT, B.A. (Tor.), Graduate, Nordwestdeutsche Musikakademie (Detmold, Germany); Assistant Professor; Keyboard Proficiency, Song Interpretation, Piano, Ensemble.

EUGENE PLAWUTSKY, L.Mus., B.Mus., (McG.), M.A. (Tor.); Assistant Professor; Music Literature, Piano, Ensemble.

WINSTON PURDY, B.Mus. (McG.), M.M. (Eastman); Instructor; Voice.

JAMES RANTI, B.Mus. (Manhattan); Instructor; Trumpet.

JOHN REA, B.Mus. (Wayne State), M.Mus. (Tor.), M.F.A. (Princeton); Assistant Professor; Chairman, Graduate Theory Sub-committee; Composition, Theory and Analysis.

CHARLES REINER, Graduate, Conservatoire de Genève; Associate Professor; Piano, Ensemble.

WAYNE RIDDELL, B.Mus. (McG.); Assistant Professor; Choir, Choral Technique, Ear Training.

SIDNEY ROSENBERG, Graduate, Curtis; Montreal Symphony; Lecturer; Bassoon.

PAUL ROSENTHAL, Assistant Professor; Violin, Ensemble.

JANET SCHMALFELDT, B.A., B.M. (Lawrence), M.A., M.M.A., M.Ph. (Yale); Assistant Professor; Chairman, Undergraduate Theory Area Committee; Theory and Analysis.

CINDY SHUTER, B.Mus. (Tor.); Instructor; Flute, Ensemble.
JAN SIMONS, Assistant Professor; Voice, Song Interpretation.
KARL STEINER, Graduate, State Academy (Vienna); Instructor; Piano.
DONALD STEVEN, B.Mus. (McG.), M.F.A. (Princeton); Assistant Professor; Chairman, Undergraduate Composition Area Committee; Composition, Theory and Analysis.
MICHAEL STRUTT, Instructor; Guitar, Ensemble.
MIKLOS TAKACS, Graduate, Franz Liszt Academy (Budapest), Diploma (Institut Grégorien, Paris); Instructor; Ear Training.
JAMES THOMPSON, Principal Trumpet, Montreal Symphony; Instructor; Trumpet, Ensemble.
ELLIS WEAN, Montreal Symphony; Instructor; Tuba, Ensemble.
BARRY WIESENFELD, L.Mus. (McG.); Opera Coach.
LJERKA WOLLMARKER, Graduate, Music Academy (Zagreb); Instructor; Piano, Ensemble.
KENNETH WOODMAN, B.Mus. (McG.); Instructor; Piano, Ensemble.
LUBA ZUK, L.Mus. (McG.), Graduate, Conservatoire de Musique de Québec; Assistant Professor; Chairman, Undergraduate Ear Training Area Committee; Ear Training, Piano, Ensemble.

2 GENERAL INFORMATION

2.1 DEGREES AND DIPLOMAS OFFERED

DEGREE OF BACHELOR OF MUSIC (B.MUS.)

The degree of Bachelor of Music may be obtained in any one of the following fields:

Composition (Major and Honours)

History (Major and Honours)

School Music (Major)

Performance (Major and Honours)

Theory (Honours)

The above programs normally require three years of study following completion of the Quebec Diploma of Collegial Studies or four years of study following completion of secondary school elsewhere.

LICENTIATE IN MUSIC (L.Mus.)

The Licentiate in Music is offered in Performance and is designed for advanced instrumentalists and singers who wish to concentrate on their practical subject while limiting their theoretical studies to basic areas in History, Theory and Ear Training. This program normally requires three years of study.

THE CONCERT DIPLOMA

The Concert Diploma is available only to specially-gifted instrumentalists and singers who have demonstrated the talent and capacity for a professional performance career. This program normally requires two years of study following the completion of the Licentiate in Music.

DEGREE OF MASTER OF ARTS (M.A.)

The degree of Master of Arts may be obtained in the fields of Musicology and Theory.

DEGREE OF MASTER OF MUSIC (M.Mus.)

The degree of Master of Music may be obtained in the fields of Composition and Performance.

The above Masters' programs, offered by the Faculty of Music in conjunction with the Faculty of Graduate Studies and Research, require a minimum of one year of study following the completion of the Bachelor of Music Degree with Honours.

DEGREE OF DOCTOR OF MUSIC (D.Mus.)

The degree of Doctor of Music is available in Composition and requires a minimum of two years following the completion of the Master of Music Degree in Composition.

For details of these graduate programs, please consult *Section "C" Humanities of the Faculty of Graduate Studies and Research.*

2.2 OPTIONS FOR SPECIAL AND VISITING STUDENTS

Individuals wishing to take courses without working towards a degree or diploma may be admitted as Special students if they possess the necessary prerequisites for the course(s) concerned.

Individuals wishing to take courses at McGill for credit at another university may be admitted as Visiting students provided they have the prerequisites for the course(s) concerned.

2.3 MUSIC CREDIT OPTIONS FOR STUDENTS IN OTHER FACULTIES

The Faculty of Music offers three groups of courses that may be taken for credit by students in other faculties.

The first group consists of music literature, theory and electronic music courses especially designed for students from other faculties. No prerequisites are required for the introductory courses in this group.

The second group includes courses in music theory and history which are part of the Faculty of Music undergraduate curriculum. These courses may be taken by those having the necessary prerequisites.

The third group of courses consists of Ensemble courses open to those students who are advanced players of orchestral instruments or singers: Symphony Orchestra, Wind Ensemble, Jazz Ensemble, Concert Choir, Opera Studio and several small ensembles. Admission is by audition only.

For further details, please consult the *Announcement of the Faculty of Arts.*

2.4 ACADEMIC CREDIT TRANSFER AGREEMENT

Students wishing to take courses at another university in the province of Quebec for credit towards their McGill degree should refer to the section entitled "Academic Credit Transfer Agreement" in the *General Announcement* for details.

2.5 CATEGORIES OF STUDENTS

Students are registered as:

a) **Full-Time:** those enrolled in a B.Mus. program, taking a minimum of 24 credits during the regular academic session or 12 credits per term, or in the L.Mus. or Concert Diploma program, taking a minimum of 18 credits during the regular academic session or 9 credits per term. To be considered for a University Scholarship, a student must be in the B.Mus. program and carry a minimum load of 27 credits during the regular academic session.

b) **Part-Time:** those enrolled in a degree or diploma program taking less than the minimum credits listed above.

c) **Special:** those who are not registered as proceeding towards a degree or diploma. Special students in practical subjects may not register for less than one term (14 weeks) and must notify the Secretary of the Department of Performance at least two weeks before the end of the term if they wish to continue lessons for another term.

d) **Visiting:** those taking courses at McGill for credit towards a degree at another university.

2.6 CREDIT SYSTEM

The Faculty of Music utilizes a 4-point Course Credit System (A: 80-100% = 4; B: 65-79% = 3; C: 55-64% = 2; D: 45-54% = 1; F: 0-44% = 0) which permits the calculation of averages as in the table below:

Example	Credits	Mark	Grade Points
Course 1	6	B(3)	18
Course 2	4	C(2)	8
Course 3	2	A(4)	8
Course 4	2	A(4)	8
Course 5	6	B(3)	18
Course 6	6	C(2)	12
Course 7	1	C(2)	2
Course 8	1	C(2)	2
	28		76

Sessional Grade Point Average: $76 \div 28 = 2.71$

2.7 McGILL PREPARATORY SCHOOL OF MUSIC

For information on function, policy, courses, examination requirements for Grade Certificates, admission, fees, Local Centres, etc., please consult the *Announcement of the McGill Preparatory School of Music* available at the Preparatory School Office, 555 Sherbrooke Street West, Montreal, PQ. H3A 1E3.

3 ADMISSION

3.1 APPLICATION PROCEDURE

All inquiries regarding admission should be directed to the Administrative Assistant (Admissions), Faculty of Music, McGill University, 555 Sherbrooke Street West, Montreal, PQ. H3A 1E3.

In order to ensure early consideration, applications should be made by March 1. Applications received after this date will be considered if places are still available.

Applications must be accompanied by a non-refundable application fee of $15 and a detailed description of the applicant's musical background and training including photocopies of diplomas, certificates, and/or transcripts. An up-to-date official transcript of the applicant's academic record must also be forwarded to the Faculty.

All applicants must perform an audition of approximately 15 minutes' duration. The student should choose material that will represent different musical styles and reveal musicianship and technical proficiency to best advantage. For dates of entrance auditions, please refer to Section 8, Calendar of Dates. Tape-recordings are acceptable when distance prevents an applicant from attending an audition in person.

Composition applicants are asked to submit samples of their work.

Applicants seeking exemption from program requirements on the basis of advanced music studies or work done at other universities will be required to sit placement examinations in Ear Training, History, and Theory, in May or early September, to determine their course levels.

3.2 ENTRANCE REQUIREMENTS

B.MUS. (Quebec Applicants)

The normal admission requirement to B.Mus. degree programs is the Quebec Diploma of Collegial Studies (Music Concentration) with the equivalent of McGill Preparatory Collegial I Practical and

Theory/Ear Training. Applicants for a Performance program must be able to demonstrate a performance level equivalent to McGill Preparatory Collegial III.

B.MUS. (Non-Quebec Applicants)

High School graduates (minimum years of schooling: 12 years) from other provinces or countries may apply for admission to any of the major or honours programs described in Section 6, leading to the Bachelor of Music Degree, and may be admitted to a program of approximately 120 credits, normally requiring four years to complete. These programs will include, in addition to the requirements listed in Section 6, the following first-year courses:

Title	*Course No.*	*Weight*
Melody and Counterpoint	211-110A or B	3 cr.
Elementary Harmony	211-111A or B	3 cr.
Ear Training (Movable Doh)	212-128A and 212-130B	
or Ear Training (Fixed Doh)	or -129A or B and -131A or B	4 cr.
History Survey (Mediaeval, Renaissance, Baroque)	214-184A	3 cr.
History Survey (Classical, Romantic, 20th Century,	214-185B	3 cr.
Practical Study		4-8 cr.
Ensemble		2 cr.
Arts/Science Elective		6 cr.
		Total: 28-32 cr.

Applicants who can demonstrate through auditions and placement tests that they have mastered the material in any of the above courses will be exempt from them and may proceed to more advanced courses (see Section 6).

APPROXIMATE EQUIVALENTS TO ENTRANCE REQUIREMENTS IN PRACTICAL SUBJECTS (McGill Preparatory Collegial I – Instrument/Voice)

Quebec CEGEPS	CEGEP II
Toronto Conservatory	Grade 9
Western Board	Grade 9
Mount Allison	Grade 9
Associated Board of the Royal Schools of Music	Grade 7

The above listing is intended only as a general guide. Admissability to any program is determined by audition. Students wishing to major in Performance should be approximately two years more advanced, and be able to demonstrate potential as performers at their audition.

KEYBOARD PROFICIENCY TEST

Students entering any of the B.Mus. programs should be prepared to demonstrate keyboard proficiency sufficient to enable them to use the piano as a tool in their studies at McGill. Those who are unable to do so must enrol in one or both of Keyboard Proficiency I (211-170A) and II (211-171B) until they either pass both courses or successfully complete the test. (Keyboard and guitar players who have auditioned and been admitted to either the Major or Honours program in Performance are exempt from this requirement.)

The requirements of the test are as follows:

Dominant Seventh chords in all inversions, with resolutions.
Cadences and Progressions: V-I; IV-I; V-VI; I-IV-V-I; II_6-V; N_6-V-I; V^7-VI.
Some longer Progressions, eg. I-III-VI-II_6-I $\frac{6}{4}$-V-I.
The $\frac{6}{4}$ inf. chord: cadential, passing, arpeggio, appoggiatura, and auxiliary.
Elementary figured bass.
Clefs–2-voice exercises with one voice in the tenor or alto clef.
Simple transposition in two parts.
Playing of two parts, one of which will be for a transposing instrument.
Sightreading of a simple piece.
Sightreading of individual lines from orchestral scores.
Playing a short prepared piece in 2- or 3-part or in simple homophonic texture (a difficulty equivalent to McGill Preparatory Secondary Level III).

Students wishing to prepare for this test before entering the Faculty of Music may consult the following publications for preparatory material. (These books are not necessarily the required texts for the courses in Keyboard Proficiency.)

Scales and Chords, edited by Ernest A. Dicks (Frederick Harris)

Preparatory Exercises in Score-Reading, by R.O. Morris and Howard Ferguson (Oxford University Press)

Elementary Keyboard Harmony, by Maurice Lieberman (W.W.Norton)

Figured Harmony at the Keyboard, by R.O. Morris (Oxford University Press)

The Keyboard Proficiency Test may be taken during the Music Enrolment Period in September or during the regular practical examination periods in December and May (see Section 8, Calendar of Dates).

L.MUS. (All Applicants)

For admission to the Licentiate program, the applicant must have completed secondary school. The applicant's music qualifications must be equivalent to McGill Preparatory Collegial III Instrument or Voice and Secondary V Theory/Ear Training. An entrance audition is required.

CONCERT DIPLOMA (All Applicants)

For admission to the Concert Diploma program, the applicant must have the Licentiate in Music of the

McGill Faculty of Music or its equivalent and must pass a performance audition.

3.3 SCHOLARSHIPS AND FINANCIAL AID

Information concerning scholarships and financial aid is available in the *Undergraduate Scholarships and Awards Announcement* issued by the University and obtained from the Registrar's Office.

Applications for Music scholarships, awards, prizes, bursaries, and/or loans must be made to the Dean of the Faculty. Details are listed in the *Undergraduate Scholarships and Awards Announcement.*

A limited number of entrance scholarships covering first-year tuition fees are awarded on the basis of auditions. Awards to students in the upper years are determined by their achievements during the preceding academic year.

4 FEES

The University reserves the right to make changes without notice in the published scale of fees.

Fees are not refundable except under special conditions described in the *General Announcement* available from the Registrar's Office.

A partial refund of practical tuition fees will be made to students who withdraw from individual practical instruction. For details, please consult the Performance Department *Handbook.*

4.1 FULL-TIME DEGREE AND DIPLOMA STUDENTS

All courses	$19.00 per credit*
Student Services fee	$70.00
Students' Societies fee	$27.00

*The application of the above rate of $19.00 per credit for individual practical instruction is limited as follows:

Maximum Years of Practical Instruction at $19.00 per credit, 1 hour per week

Category of Student	*B.Mus. (Perf.)*	*B.Mus. (Comp., Hist., Theory, School Music)*
CEGEP graduates	3	2
Non-Quebec high school graduates	4	3
Mature students	3	2
Transfer & degree holders who require more than 60 credits to complete the B.Mus.	3	2
Transfer & degree holders who require less than 60 credits to complete the B.Mus.	2	2

L.Mus. students are entitled to practical instruction at the rate of $19.00 per credit for a maximum of 3 years, 1 hour per week; Concert Diploma students, 2 years, 1-1/2 hours per week.

The maximum of 3 years of practical instruction for L.Mus. students includes instruction received while in a B.Mus. program either during or prior to registration in the L.Mus. program.

N.B. B.Mus. and L.Mus. students taking practical instruction in excess of the above listed maxima will be charged an additional $500 per year (or $250 per term); Concert Diploma students, $750 per year (or $375 per term).

The additional fee of $500 per year (or $250 per term) will also be applied to those students taking a second major in Performance (e.g. L.Mus. as a second program).

4.2 PART-TIME, SPECIAL AND VISITING STUDENTS

All courses	$19.00 per credit*
Ensembles	$19.00 per credit**

* Part-time students beginning a degree or diploma program must be registered for at least 12 credits of music courses, exclusive of practicals, in order to receive practical instruction at $19.00 per credit. In all other cases, part-time, special and visiting students taking individual practical instruction from the Faculty of Music will be required to pay $500 per year (or $250 per term) instead of the per-credit fee for such instruction.

** Special students in the Opera Studio will be charged $300 per year (or $150 per term).

In addition to the per credit tuition fees as listed above, the following fees will also be assessed per term:

	Student Services	*Students' Societies*
9 or more credits	$35.00	$13.50
6-8 credits	20.00***	5.00
5 or less credits	10.00***	5.00

***Excludes Athletics: At the discretion of the Director of Athletics, a student may participate in the Athletics program upon payment of an additional $30.00.

4.3 SPECIAL FEES AND PENALTIES

Application for Admission	$15.00†
Late registration	25.00
Late payment fee (after specified date):	
1st 30 days	10.00
After 30 days	25.00
Late change of course fee	10.00
Late Performance exam application fee	15.00††
Summer practice fee	35.00

Graduation fee	15.00†††
Duplicate Student Identity Card	5.00
Duplicate diploma	10.00
Certified transcript of student's record:	
First copy	2.00
Additional copies made at the same time, each	.50
Re-reading examination paper	10.00
Supplemental examinations, each written paper	10.00
Supplemental examinations, each practical	50.00

†Students already at McGill who are making application to a professional faculty or the Faculty of Graduate Studies and Research are not required to pay this fee. ††Permission required from the Chairman of the Department of Performance. †††Graduation Fee Applications by students who expect to graduate at the Spring Convocation must be filed by April 1st of each year and by those who expect to graduate at the Fall Convocation by October 1st of each year. An application form will be mailed to each eligible student and must be returned to the Registrar's Office together with the graduation fee of $15.00 by the appropriate date listed above. This fee will cover all expenses in connection with graduation including academic dress. It is the student's responsibility to ensure that his/her name is included in the graduation list.

4.4 PAYMENT OF FEES

Students entering the University for the first time and those returning in Graduate Studies are required to pay their fees either by mail or in person at the Cashier's Office within 10 days after registration. For students registering in September, the second instalment is due before January 15, 1978.

Returning students from the previous year (except in Graduate Studies) must pay one half of the total required fee by mail or in person to the Accounting Office before August 23, 1977, otherwise they will not be permitted to register. Instructions for paying fees in advance will be mailed to all returning students, either with their Sessional Reports of Standing or a short time later. Students who have been notified by the University of the award of a scholarship, bursary or student loan, and who require this award for payment of the first instalment of fees, must obtain permission to delay payment of fees from the Student Aid Office.

The second instalment is due January 15, 1978. A late payment fee as stated above is charged for payment after the specified dates.

Students registering late must pay their fees at the time of registration, failing which they become subject to the late payment fee.

As soon as possible after the prescribed dates for the payment of fees the Chief Accountant will send to the Dean and the Registrar a list of the registered students who have not paid their fees. Reports of Standing, transcripts of records and diplomas will be withheld until such time as the fees are paid or a satisfactory arrangement is made with the Chief Accountant.

5 REGULATIONS

Students are required to be punctual at all classes and lessons.

Grades in theoretical subjects are calculated on the basis of classwork and/or examinations. Students are warned that by missing the classwork they risk failure in the subject concerned.

For additional information on courses and examinations, please consult the Departmental Handbooks.

1. AUDITING: In general, auditing is not permitted in Faculty of Music courses. With the permission of the Departmental Chairman concerned, a student may audit a course which is not a required course in his/her program. Auditing is not permitted by Special or Visiting students. It should be noted that auditors are not registered for such courses, that the instructor is not expected to correct any assignments or papers done by an auditor, and that an auditor may neither write an examination in that subject nor receive any credit for such course.

2. ENSEMBLES: All full-time or part-time students in the B.Mus., L.Mus., and Concert Diploma programs who enrol for practical instruction are required to participate concurrently in sufficient ensemble courses to fulfil the minimum sessional ensemble requirement specified in their program.

Assignments to Faculty Ensembles (Orchestra, Bands, Choirs, Chamber Music, Opera Studio, Jazz Ensemble, etc.) are made at the time of enrolment and posted on the Department of Performance notice board. Reassignments may be made from time to time during the session and will be similarly posted. Students are responsible for informing themselves of these assignments and reassignments.

Students who have been assigned to these ensembles are reminded that regular attendance is mandatory. Membership in any non-Faculty ensemble (professional, student, amateur) is considered an extra-curricular activity that can be permitted only on the understanding that curricular assignments (rehearsals, concerts) take precedence at all times.

Students who fail to adhere to this rule will lose the required ensemble credit for the current term and will be obliged to make up the credit at a later date. In the case of repeated absenteeism in a subsequent term, a student will be asked to withdraw from the Faculty.

3. COURSE CHANGES: Students are permitted to change courses and/or sections of a course during the first three-week period of classes in each term. Forms for this purpose are available at the Reception Desk of the Strathcona Music Building. (This time is referred to as the official Course Change Period).

Late course change requests (other than changes imposed by the Faculty) will be accepted only with a late fee of $10. If a student's registration must be

corrected after the Course Change Period to bring his/her record into conformity with the courses he/she is actually taking, the student will be charged the $10 fee.

4. WITHDRAWAL FROM COURSE(S): Withdrawal from any course after the end of the Course Change Period requires the approval of the Departmental Chairman concerned. In such cases the student's mark in the course will be "W". Course Change forms are available at the Reception Desk of the Strathcona Music Building.

The final deadlines for withdrawing from courses are:

For a half course: The end of the seventh week of classes.

For a full-course: The end of the third week of classes in the Second Term.

N.B. A student who does not complete a course for which he/she is registered will receive a grade of "F" or "J".

5. WITHDRAWAL FROM UNIVERSITY: A student who wishes to withdraw from the University, *whether or not he/she wishes to apply for remission of fees*, must submit a Withdrawal Form to his/her Departmental Chairman for Signature. This form is available at the Reception Desk of the Strathcona Music Building. Students withdrawing from all their courses must attach their Student Identity Card to the withdrawal form. A student considering withdrawal is strongly advised to consult the Dean or Departmental Chairman before making a final decision. **Fees for the term in which the student withdraws are refundable under conditions described in the *General Announcement* available from the Registrar's Office.**

6. PREREQUISITES: No student may register in a course for which he/she has not passed all the prerequisite courses with a grade of C or better except by written permission of the Departmental Chairman concerned.

7. ABSENT: The symbol "J" (Absent – 0 grade points) will be entered on the transcript of those students who were absent from the final examination or a major part of the course without previous authorization.

8. INCOMPLETES: At the discretion of the instructor a mark of "K" (Incomplete) may be given to a student who, due to extenuating circumstances, has not finished the course work on time. The deadline for completion and submission of the required work shall be set by the instructor but may not be later than 4 months after the "K" was given. If the "Incomplete" is not removed by this time, the mark will be changed to "KF" (Incomplete Failed). Completion of the course will cause the "K" to be replaced on official transcripts by the mark earned.

In exceptional cases, a student is given permission by his/her Departmental Chairman or the Student Progress Committee to leave a course permanently incomplete (without penalty). The symbol "K" will be replaced by "KK"; in which case, the student's Grade Point Average will be calculated without including this course.

9. DEFERRALS: Deferred examinations are permitted in case of illness or other exceptional circumstances. A written request for the deferment of an examination must be submitted to the Departmental Chairman. A deferred examination will be entered as "L" which will be replaced on official transcripts by the actual mark when the examination is written.

10. SUPPLEMENTALS: Supplemental Examinations may be given at the discretion of the instructor. A student who receives a mark below 30% in a course is not permitted to take a supplemental examination but must repeat the course.

11. RE-READING OF EXAMINATIONS: A student wishing to have an examination paper re-read should apply in writing to the Departmental Chairman. There is a fee of $10 which will be refunded if an error is found in the student's favour. If the mark given for the re-reading of the examination is the same or lower, there will be no refund. The mark given in the re-reading, whether higher or lower, will replace the mark originally given. Any request to have a term paper reassessed must be made directly to the instructor concerned.

12. SATISFACTORY STANDING: Students in satisfactory standing may not register for more than 18 credits per term except by permission from their Departmental Chairman.

13. PROBATIONARY STANDING: A student whose GPA drops to between 1.5 and 1.99 is placed in probationary standing. A student in probationary standing must return to satisfactory standing within one year by obtaining a GPA of 2.5 or a CGPA of 2.0, otherwise he/she will be placed in unsatisfactory standing.

Similarly a Performance Major who does not attain a B standing in his/her major field is placed in probationary standing.

Students on probationary standing may not register for more than 15 credits per term.

14. UNSATISFACTORY STANDING: A GPA of less than 1.5 places a student in unsatisfactory standing. Students in unsatisfactory standing will be required to withdraw. They may be readmitted to probationary standing upon appeal to the Faculty. Students in unsatisfactory standing for a second time will be required to withdraw permanently.

15. VERIFICATION OF PROGRAM: Each student is responsible for his/her registration in the proper courses and programs. A Verification of Registration Form is sent to every student soon after the Course Change Period each term, and it is the student's responsibility to check it for errors. Students must bring any errors to the attention of the Student Records' Officer, in writing. Students who expect to graduate at the end of the academic year are

responsible to ensure that they are registered in all the courses required for graduation, and should confirm that their intention to graduate is correctly indicated on their Verification Form.

16. GRADUATION REQUIREMENTS:

1. Completion of all courses and proficiency requirements specified in the candidate's program. A student must pass all *required* courses in his/her program with a grade of C or better.
2. Minimum cumulative grade point average of 2.0.
3. Completion of a minimum of credits in residence at McGill University (B.Mus: 48 cr., L.Mus: 36 cr., Concert Dip: 26 cr.)

17. GRADUATION WITH DISTINCTION: Students with a CGPA of 3.6 will be graduated with *Distinction;* with a CGPA of 3.8, with *High Distinction.*

6 PROGRAMS OF STUDY

6.1 *DEPARTMENT OF THEORY: Composition; History; Theory*

B.Mus. WITH A MAJOR IN COMPOSITION

For prerequisite requirements for this program, see Section 3.2 (Non-Quebec Applicants)

Course Title	*Course No.*	*Course Credits*	*Total*

Ear Training (Fixed Doh)	212-331A or B	2	
Solfege (Fixed Doh) — Voice Students Only	212-431A	2	
			8 or 10
HISTORY AND LITERATURE ELECTIVES (see list below)			6
MUSIC ELECTIVES			3
ARTS & SCIENCE ELECTIVES			
Three full courses or the equivalent — at least one must be a continuation course to the 300 level.			18
			94 or 96

Special Requirements:

1. Cumulative Grade Point Average of 3.00 or better.
2. First Class (A) standing in practical subject during each semester of enrolment.

Recital Requirements:

1. Keyboard and Orchestral Instruments Programs
   a) Solo Recital
   b) Chamber Music Recital
      OR
      Combined Solo and Chamber Music Recital
2. Voice Program
   a) Recital of songs for solo voice and keyboard and/or
   b) One of the following:
      i) A major role in an opera production, an oratorio or other large vocal form.
      ii) Recital of selections from opera, oratorio and other large vocal forms.

3. Length of Examination and Recital Programs

Program	Semifinal Examination	Recitals
Keyboard	45 minutes	60 minutes
Strings	45 minutes	60 minutes
Voice	40 minutes	50 minutes
Winds and Percussion	40 minutes	50 minutes

4. Recital programs must be approved by the appropriate Department of Performance Area Committee and by the Chairman of the Department.

History and Literature Electives

The following Music Literature courses must be included in the History and Literature Electives:

1.	Organ/Harpsichord:	214-395A	Keyboard Literature before 1750
	Piano:	214-396B	Keyboard Literature after 1750
2.	Voice:	214-387A and 214-390A	Opera Literature Vocal Literature
3.	Orchestral Instruments:	214-389B	Orchestral Literature

LICENTIATE IN MUSIC (L.Mus.)(All Instruments and Voice)

Course Title	*Course No.*	*Course Credits*	*Total*
PERFORMANCE			
Practical:			
Major (5 credits per term for 6 terms)			30
Ensemble:			
One of Choir, Orchestra or Band each year, plus 6 credits of approved ensemble electives.			min. 12
THEORY			
Melody and Counterpoint	211-110A or B	3	
Elementary Harmony	211-111A or B	3	
Tonal Theory & Analysis I	211-210A or B	3	
Tonal Theory & Analysis II	211-211A or B	3	
			12

7 COURSES

7.1 Theory, Counterpoint, Harmony and Analysis
7.2 Orchestration and Arranging
7.3 Ear Training
7.4 Composition
7.5 History and Literature
7.6 School Music
7.7 Jazz Studies, Conducting, and Diction
7.8 Ensembles
7.9 Practical Subjects

7.1 THEORY, COUNTERPOINT, HARMONY AND ANALYSIS (211-)

211-110A,B MELODY AND COUNTERPOINT. (3 Credits; *Prerequisite:* McGill Preparatory Theory Secondary V OR its equivalent; 4 hours).
Professor Donald Patriquin (Co-ordinator) and Staff

211-111A,B ELEMENTARY HARMONY. (3 Credits; *Prerequisite or corequisite:* 211-110A or B; 4 hours).
Professor Donald Patriquin (Co-ordinator) and Staff

211-170A KEYBOARD PROFICIENCY IProfessor (1 Credit; *Prerequisite:* none; 1 hour).
Professor Thomas Plaunt (Co-ordinator) and Staff

211-171B KEYBOARD PROFICIENCY II. (1 Credit; *Prequisite:* 211-170A; 1 hour).
Professor Thomas Plaunt (Co-ordinator) and Staff

211-210A,B TONAL THEORY AND ANALYSIS I. (3 Credits; *Prerequisites:* 211-110A or B and 211-111A or B AND Ear Training (Fixed Doh) 212-129A or B and 212-131A or B, or Ear Training (Movable Doh) 212-128A and 212-130B; 3 hours).
Professor Janet Schmalfeldt (Co-ordinator) and Staff

211-211A,B TONAL THEORY AND ANALYSIS II. (3 Credits; *Prerequisites:* 211-210A or B AND Ear Training (Fixed Doh) 212-129A or B and 212-131A or B, or Ear Training (Movable Doh) 212-128A and 212-130B; 3 hours).
Professor Janet Schmalfeldt (Co-ordinator) and Staff

211-310A,B MIDDLE AND LATE 19th CENTURY THEORY AND ANALYSIS. (3 Credits; *Prerequisites:* 211-211A or B AND Ear Training (Fixed Doh) 212-129A or B and 212-131A or B, or Ear Training (Movable Doh) 212-128A and 212-130B; 3 hours).
Professor John Rea (Co-ordinator) and Staff

211-311A,B 20th CENTURY THEORY AND ANALYSIS. (3 Credits; *Prerequisites:* 211-310A or B AND Ear Training (Fixed Doh) 212-129A or B and 212-131A or B, or Ear Training (Movable Doh) 212-128A and 212-130B; 3 hours).
Professor John Rea (Co-ordinator) and Staff

211-322D TONAL COUNTERPOINT. (6 Credits; *Prerequisites:* 211-210A or B and 211-211A or B OR 213-240D; 2 hours).
Professors Kelsey Jones

211-323D MODAL COUNTERPOINT. (6 Credits; *Prerequisites:* 211-210A or B and 211-211A or B OR 213-240D; 2 hours).
Professor Kelsey Jones

211-327D 19th CENTURY ANALYSIS. (4 Credits; *Prerequisites:* 211-210A or B and 211-211A or B OR 213-240D; 2 hours).
Professor Marvin Duchow

211-427D 20th CENTURY ANALYSIS. (4 Credits; *Prerequisite:* 211-327D or 213-240D; 2 hours).
Professors Brian Cherney and Janet Schmalfeldt

211-473A SPECIAL STUDIES IN 20th CENTURY THEORY & COMPOSITION. *Not given 1977-78.* (3 Credits; *Prerequisite:* permission of the instructor; limited enrolment).

211-474B SPECIAL STUDIES IN 20th CENTURY THEORY & COMPOSITION. *Not given 1977-78.* (3 Credits; *Prerequisite:* permission of the instructor; limited enrolment).

211-475D, 211-476D. SPECIAL PROJECT. (3, 6 Credits). For details, see Department of Theory entry for 214-475D, 214-476D.

211-522D FUGUE (6 Credits; *Prerequisite:* 211-322D; 3 hours).
Professor Kelsey Jones

211-523D ADVANCED HARMONY. (6 Credits; *Prerequisites:* 211-322D and 211-327D, OR 213-240D; 3 hours).
Professor Bruce Mather

211-529D PROSEMINAR IN MUSIC THEORY. (6 Credits; *Prerequisite:* 211-327D; *Corequisite:* 211-427D; limited to Honours Theory students; 3 hours).
Professor Paul Pedersen (Co-ordinator) and Staff

198-224B PHYSICS OF MUSIC (Faculty of Science). (3 Credits; *Prerequisite:* none; 3 hours).
Professor Robert Moore

7.2 ORCHESTRATION AND ARRANGING (211-)

211-260D INTRODUCTORY ORCHESTRATION. (4 Credits; *Prerequisites:* 211-110A or B and 211-111A or B, OR the equivalent; 2 hours lecture, 1 hour demonstration).
TBA

211-360D ORCHESTRATION. (4 Credits; *Prerequisites:* 211-260D and 211-210A or B and 211-211A or B; 2 hours).
Professor Alexander Brott

211-361D COMMERCIAL ARRANGING. (4 Credits; *Prerequisite:* 213-240D and permission of the instructor; 2 hours).
Mr. Neil Chotem

211-460D ORCHESTRATION. (4 Credits; *Prerequisites:* 211-260D and 213-240D; 2 hours).
Professor Bengt Hambraeus

211-461A CHORAL AND KEYBOARD ARRANGING. (2 Credits; *Prerequisites:* 211-310A or B and 211-311A or B AND Ear Training (Fixed Doh) 212-229A or B and 212-231A or B OR permission of the instructor; 2 hours).
Professor Donald Patriquin

211-462B INSTRUMENTAL ARRANGING. (2 Credits; *Prerequisites:* 211-461A AND Instrumental Surveys 223-261A or B, 223-262A or B, 223-263A or B, and 223-206B OR permission of the instructor; 2 hours).
Professor Donald Patriquin

7.3 EAR TRAINING (212-)

212-128A EAR TRAINING (Movable Doh).
212-129A,B EAR TRAINING (Fixed Doh). (2 Credits; *Prerequisite:* McGill Preparatory Ear Training Secondary V OR its equivalent; *Prerequisite or corequisite:* 211-110A or B; 2 hours).
Professor Donald Patriquin (Co-ordinator - Fixed Doh), Mr. Pierre Perron (Co-ordinator - Movable Doh) and Staff

212-130B EAR TRAINING (Movable Doh).
212-131A,B EAR TRAINING (Fixed Doh). (2 Credits; *Prerequisites:* 212-128A or 212-129A or B AND 211-110A or B; *Prerequisite or corequisite:* 211-111A or B; 2 hours).
Professor Donald Patriquin (Co-ordinator-Fixed Doh) Mr. Pierre Perron (Co-ordinator-Movable Doh) and Staff

212-228A EAR TRAINING (Movable Doh).
212-229A,B EAR TRAINING (Fixed Doh). (2 Credits; *Prerequisites:* 212-130B or 212-131A or B AND 211-110A or B and 211-111A or B; 2 hours).
Professor Wayne Riddell (Co-ordinator-Fixed Doh), Mr. Pierre Perron (Co-ordinator-Movable Doh) and Staff

212-230B EAR TRAINING (Movable Doh).
212-231A,B EAR TRAINING (Fixed Doh). (2 Credits; *Prerequisites:* 212-228A or 212-229A or B AND 211-110A or B and 211-111A or B; 2 hours).
Professor Wayne Riddell (Co-ordinator-Fixed Doh), Mr. Pierre Perron (Co-ordinator-Movable Doh) and Staff

212-328A EAR TRAINING (Movable Doh).
212-329A,B EAR TRAINING (Fixed Doh). (2 Credits; *Prerequisites:* 212-230B or 212-231A or B AND 211-110A or B and 211-111A or B; 2 hours).
Professor Luba Zuk (Co-ordinator-Fixed Doh), Mr. Pierre Perron (Co-ordinator-Movable Doh) and Staff

212-330B EAR TRAINING (Movable Doh).
212-331A,B EAR TRAINING (Fixed Doh). (2 Credits; *Prerequisites:* 212-328A or 212-329A or B AND 211-110A or B and 211-111A or B; 2 hours).
Professor Luba Zuk (Co-ordinator-Fixed Doh), Mr. Pierre Perron (Co-ordinator-Movable Doh) and Staff

212-431A SOLFEGE (Fixed Doh). (2 Credits; *Prerequisite:* 212-331A or B; 2 hours).
Mrs. Pierrette Mather

212-432B DICTATION. (2 Credits; *Prerequisite:* 212-331A or B; 2 hours).
Mrs. Pierrette Mather

7.4 COMPOSITION (213-)

213-240D TONAL COMPOSITION. (6 Credits; *Prerequisites:* 211-110A or B and 211-111A or B OR their equivalent; 3 hours).
Professors Brian Cherney and John Rea

213-241A ELECTRONIC MUSIC. (3 Credits; No prerequisites; enrolment limited to 12; not open to major and honours students in Composition; 3 hours lecture plus 3 hours group studio time).

Students in other faculties may enrol for this course with the permission of the instructor.
Mr. Kevin Austin

7.9 PRACTICAL SUBJECTS

TEACHING STAFF

Piano:

Mr. Norair Artinian
Prof. Helmut Blume
Prof. Elizabeth Dawson
Prof. Rose Goldblatt
Mrs. Mary Kirby
Prof. Paul Loyonnet
Mrs. Esther Master
Prof. Dorothy Morton
Miss Penelope Peters
Prof. Tom Plaunt
Prof. Charles Reiner
Mr. Karl Steiner
Mrs. Ljerka Wollmarker
Mr. Kenneth Woodman
Prof. Luba Zuk

Organ:

Prof. John Grew
Prof. Donald Mackey

Harpischord:

Prof. John Grew

Voice:

Miss Kathleen Anderson
Prof. Edith Della Pergola
Prof. Luciano Della Pergola
Mrs. Betty Doroschuk
Mrs. Carmen Mehta
Mme. Dina Maria Narici
Mr. Winston Purdy
Prof. Jan Simons

Strings:

Prof. Edward Culbreath, *cello.*
Prof. Gisela Depkat, *cello*
Mr. Stephen Fentok, *guitar*
Prof. Mauricio Fuks, *violin*
Mrs. Sonia Jelinkova, *violin*
Prof. Stephen Kondaks, *violin and viola*
Mr. Thomas Lederer, *double bass*
Prof. Paul Rosenthal, *violin*
Mr. Michael Strutt, *guitar*

Woodwinds:

Miss Jeanne Baxtresser, *flute*
Mr. Peter Bowman, *oboe*
Prof. Gerald Danovitch, *saxophone and clarinet*
Mr. Peter Freeman, *saxophone and clarinet*
Mr. Emilio Iacurto, *clarinet*
Miss Laura Jaeger, *oboe*
Mr. Abe Kestenberg, *saxophone, clarinet and flute*
Mr. Sidney Rosenberg, *bassoon*
Miss Cindy Shuter, *flute*

Brass:

Prof. Robert Gibson, *trumpet*
Mr. Ted Griffith, *trombone*
Mr. Tom Kenny, *french horn*
Prof. Richard Lawton, *trombone*
Mr. James Ranti, *trumpet*
Mr. James Thompson, *trumpet*
Mr. Ellis Wean, *tuba*

Percussion:

Prof. Pierre Béluse

Harp:

Mme. Marie-Christine Dyke-Gabillet

PRACTICAL ASSIGNMENTS AND LESSONS

The assignment of students to teachers for private lessons is the responsibility of the Chairman of the Department of Performance and is made on the basis of student request and actual registration. It is understood that returning students will study with the same teacher unless prior arrangements have been made with the Chairman of the Department in consultation with the teachers concerned. Teacher assignments will be made soon after the period of enrolment and posted on the notice boards during the first week of classes. Following this assignment, it is the responsibility of the student to contact his/her teacher and arrange lesson times.

Individual lessons missed as a consequence of the instructor's absence will be made up at the mutual convenience of the instructor and student. Lessons missed as the result of the student's absence will be made up only if notice of cancellation has been given 48 hours in advance, or if a doctor's certificate is produced and prior notice of the cancellation is given.

N.B. Full-time students (other than Performance Majors) wishing to take individual instruction in any practical subject with teachers other than those in the Faculty may do so, at their own expense. A practical examination fee of $50 will be payable at the time of application for an examination. Students majoring in Performance are required to study under teachers on the staff of the Faculty of Music.

CREDIT WEIGHTS FOR PRACTICAL STUDY

B.Mus. Elective or Concentration	2 credits each term
B.Mus. Major or Honours	4 credits each term
L.Mus.	5 credits each term
Concert Diploma	5 credits each term

COURSE NUMBERING (PRACTICAL SUBJECTS)

A six-digit course number is used to define the area and function of individual practical instruction offered by the Faculty of Music.

The first three digits indicate the instrument, *i.e.:*

224:	Violin	234:	Bassoon
225:	Viola	235:	French Horn
226:	Cello	236:	Trumpet
227:	Bass	237:	Trombone
228:	Guitar	238:	Harp
229:	Percussion	239:	Tuba
230:	Flute	250:	Piano
231:	Oboe	251:	Organ
232:	Clarinet	252:	Harpsichord
233:	Saxophone	253:	Voice

The fourth digit indicates the level of study:

Practical Major and Honours	Practical Concentration
1. (Qualifying)	(Qualifying & Intermediate)
2. (Intermediate)	(Final)
3. (Semifinal)	
4. (Final)	
6. (Postgraduate study)	

The fifth digit indicates the function of the particular subject in the student's curriculum, *i.e.:*

1. Elective
3. Concentration
4. Major (B.Mus.)
5. Major (L.Mus., Concert Diploma)
6. Honours

The final digit indicates examinations and/or recitals, *i.e.:*

0: No examination
2: Intermediate examination
3: Final examination (Concentration)
4: Semifinal examination (major subject)
5: Final examination (major subject)
7: Recital
8: Elective examination
9: Concerto examination

The letter suffix to each course number indicates the term and duration of instruction (A-first term; B-second term; C-summer session).

Thus, the number 225-130A would provide the following information about the instrument, level of

study, function, and examination level of a student's practical subject:

225- : viola
225-1 : intermediate
225-13 : concentration
225-130 : no examination
225-130A : first-term instruction

The number 250-354B would provide the following information:

250- : piano
250-3 : semifinal
250-35 : major (L.Mus.)
250-354 : semifinal examination
250-354B : second-term study (and examination)

EXAMINATIONS AND GOALS IN PRACTICAL SUBJECTS

Different levels of achievement are required of students depending upon the program of study for which they are registered. These levels are defined in part by the difficulty of material and length of program required at the various examinations (see Performance Department *Handbook)*, and in part by the examiners' assessment of how well the student plays this material. In general there are four categories of practical study:

Elective Study:

Work for students electing a practical subject beyond or in addition to their curricular requirements is planned by the instructor and student to satisfy the student's individual needs and aims. The student is not expected to follow a specific program and does not normally sit an examination.

Concentration Study:

A student majoring in Composition, Music History, Theory or School Music is obliged to present two examinations in order to fulfil the practical requirement of these programs. These are: the Concentration Intermediate Exam, normally taken after one year of post-CEGEP study; and the Concentration Final Exam, taken some time later. (For details, see Performance Department *Handbook.)*

Major and Honours Study:

A student majoring in Performance (B.Mus. or L.Mus.) must show talent for this field before being admitted to the program. The practical requirement for these programs comprises three examinations: Major Intermediate Exam, Major Semi-Final Exam, and Major Final Exam; which are fully described in the Performance Department *Handbook*. Following the final examination the jury may recommend that the student be permitted to give a public recital.

Any U1 Performance Major may indicate an intention to pursue an Honours program but admission becomes final only in the U2 year after the results of the Major Intermediate Exam are available. Students taking Honours in Performance must achieve first class (A) standing on this examination and in each subsequent term. Following the Major Intermediate Exam, Honours students must present the Honours Semi-Final Exam and give two public recitals as outlined in the Performance Department *Handbook*.

Post-Graduate Study:

Concert Diploma candidates must present a number of public recitals as well as fulfil the various special performance requirements (concertos, chamber music, orchestral passages, etc.) specified by instrument in the Performance Department *Handbook*. First class (A) standing in all practical requirements is mandatory for continuation in the program.

M.Mus. candidates should consult the *Announcement of the Faculty of Graduate Studies and Research* for the requirements of their program.

Mandatory Examinations:

The following chart lists the examination requirements of each program. Additional information concerning these examinations can be found on page 40 of this announcement and in the Performance Department *Handbook*.

Program of Study	Instrumental or Vocal Stream	Examination	Course No. Ends In:
Bachelor of Music Major or Honours in Composition Major or Honours in Music History Honours in Theory Major in School Music	CONCENTRATION (eg. Piano Concentration)	INTERMEDIATE (eg. Piano Concentration Intermediate Examination)	–132A/B
		FINAL (eg. Piano Concentration Final Examination)	–233A/B
Bachelor of Music Major in Performance **Licentiate in Music***	MAJOR (eg. Oboe Major)	INTERMEDIATE (eg. Oboe Major Intermediate Examination)	–242A/B –252A/B *
		SEMI-FINAL (eg. Oboe Major Semi-Final Examination)	–344A/B –354A/B *
		FINAL (eg. Oboe Major Final Exam)	–445A/B –455A/B *
Bachelor of Music Honours in Performance	HONOURS (eg. Violin Honours)	SEMI-FINAL (eg. Violin Honours Semi-Final Examination)	–364A/B
		RECITAL I	–367A/B
		RECITAL II	–467A/B
Concert Diploma (For exact recital and concerto requirements by instrument, consult the Performance Dept. *Handbook)*	POSTGRADUATE (diploma)	RECITAL I	–657A/B
		RECITAL II	–657A/B
		CONCERTO I	–659A/B
		CONCERTO II etc.	–659A/B
Master of Music (M.Mus.)	POSTGRADUATE (degree)	RECITAL I	219-660D or 219-662D or 219-665D
		RECITAL II	219-661D or 219-666D

Other Examinations:

It is the teacher's prerogative to request a committee examination of any of his/her students during any term if he/she feels that this is in the student's best interest. Such an examination is recorded as an elective exam and is marked on the basis that it represents a level mid-way between the student's most recent mandatory exam and the succeeding one. The teacher's grade on the term work is prepared in advance and counts as 50% of the final mark.

GENERAL DESCRIPTION OF PRACTICAL EXAMINATIONS

A general description of each examination is given below. For complete details of the requirements for individual instruments, consult the Performance Department *Handbook*.

1. -132A/B: Concentration Intermediate Examination

Purpose: To assess the student's progress in the practical area and make recommendations for further study. The panel may recommend to the Department in which the student is registered: a) that he be asked to withdraw from the program; b) that he be placed on probationary standing until the examination is repeated satisfactorily; c) that, as he has made sufficient progress, he may proceed to the Concentration Final examination.

2. -233A/B: Concentration Final Examination

Purpose: To determine that the student is a sufficiently accomplished vocal or instrumental practitioner to qualify for the degree Bachelor of Music.

3. -242A/B or -252A/B: Major Intermediate Examination (B.Mus. or L.Mus.)

Purpose: To assess the student's progress in the practical area and determine whether or not he/she may continue in the program. The panel may recommend to the Department that: a) the student be asked to withdraw from the program; b) the student be placed on probationary standing until the examination is repeated satisfactorily; c) the student be permitted to continue to the Major Semi-final examination; d) the student be admitted to the Performance Honours program.

4. -344A/B or -354A/B: Major Semi-Final Examination (B.Mus. or L.Mus.)

Purpose: To assess the student's ability to perform a program of sufficient length and suitable repertoire as specified in the requirements for each instrument, described in the Department of Performance *Handbook*.

5. -445A/B or -455A/B: Major Final Examination (B.Mus. or L.Mus.)

Purpose: To determine that the student is a sufficiently accomplished vocal or instrumental performer to qualify for the Licentiate in Music or the degree Bachelor of Music with a Major in Performance. The examination will assess the student's ability to perform a complete recital program as well as any other requirements which may be specified for individual instruments. The length of the program as well as the type of material to be presented is listed by instrument in the Department of Performance *Handbook*. The panel may recommend that the student be permitted to present a public recital.

6. -364A/B: Honours Semi-Final Examination

Purpose: To determine that the student is capable of outstanding undergraduate work and therefore eligible to continue in the Honours program. Upon successful completion of this examination the student may make the necessary arrangements for presenting the solo recital (see Recital II below) required in the program.

7. -367A/B: Honours Recital I
-467A/B: Honours Recital II

Purpose: The Honours recitals are performances before an audience as well as a jury and are intended to demonstrate competence in both solo and ensemble contexts. They are the sole means by which the student may demonstrate the outstanding performance ability required for the B.Mus. degree with Honours in Performance. Successful completion of these recitals with the mark of "A" is required for postgraduate M.Mus. study in Performance.

Program	Honours in a Kybd. or Orchestral Instrument	Honours in Voice
Recital I: (-367A/B)	Either: A Chamber Music Recital or: A combined solo and Chamber Music Recital	Either: a major role in an opera production, oratorio or other large-scale vocal form. Or: a recital of selections from the above.
Recital II: (-467A/B)	A solo recital	A recital of songs for solo voice and keyboard and/or solo voice and chamber ensemble.

8. Postgraduate Recitals

Purpose: Recitals in the M.Mus. and Concert Diploma programs are intended to demonstrate that the student is qualified to engage in professional performance activities, and has attained the high level of performing ability required for the M.Mus. degree or the Concert Diploma.

8 CALENDAR OF DATES FOR SESSION 1977-78

1977

Mar. 18, Fri. to Apr. 13, Wed.	Pre-registration counselling of Music undergraduate students.
Apr. 12, Tues. to Apr. 15, Fri.	Entrance auditions for applicants in Music.
May 12, Thurs. to May 20, Fri.	Entrance auditions and placement tests for applicants in Music.
May 23, Mon.	VICTORIA DAY. Administrative Offices closed.
May 25, Wed. and May 26, Thurs.	Supplemental examinations in lecture courses in Music.
June 24, Fri.	ST. JEAN BAPTISTE DAY. Administrative Offices closed.
July 1, Fri.	CANADA DAY. Administrative Offices closed.
Aug. 31, Wed. to Sept. 2, Fri.	Placement tests, ensemble auditions and counselling of undergraduate students in Music.
Sept. 5, Mon.	LABOUR DAY. Administrative offices closed.
Sept. 6, Tues. to Sept. 8, Thurs.	Counselling and registration of Music undergraduate students in the Strathcona Music Building.
Sept. 9, Fri.	I.D. cards for Music: 8:30 a.m. to 5 p.m. in Sir Arthur Currie Gym.
Sept. 9, Fri.	Registration of Music graduate students in the Strathcona Music Building.
Sept. 12, Mon.	Instruction begins in Music.
Sept. 12, Mon. to Sept. 30, Fri.	Course Change Period in Music. Forms will be processed Sept. 22, 23 and 30.
Sept. 26, Mon. to Sept. 30, Fri.	Supplemental and Deferred practical examinations.
Sept. 27, Tues.	Late Registration.
Oct. 10, Mon.	THANKSGIVING DAY. Lectures cancelled. Administrative Offices closed.
Oct. 28, Fri.	Deadline for withdrawing (W) from "A" courses in Faculty of Music
Dec. 9, Fri.	Last day of lectures in Department of Theory courses and in ensembles.
Dec. 12, Mon. to Dec. 16, Fri.	Examinations in lecture courses in Music.
Dec. 16, Fri.	Last day of Fall Term
Dec. 19, Mon. to Dec. 23, Fri.	Practical examinations in Music.

1978

Jan. 6, Fri.	Winter Term registration for new students in Music.
Jan. 9, Mon.	Winter term begins in Music.
Jan. 9, Mon. to Jan. 27, Fri.	Winter Term Course Change Period in Music. Forms will be processed Jan. 20 and 27. Deadline for withdrawing (W) from "D" courses in Faculty of Music.
Feb. 10, Fri., and Feb. 11, Sat.	Mid-term weekend holiday (Winter Carnival). Lectures cancelled.
Feb. 24, Fri.	Deadline for withdrawing (W) from "B" courses in Faculty of Music.
Mar. 24, Fri. to Mar. 27, Mon. (incl.)	EASTER. Lectures cancelled. Administrative Offices closed.
Apr. 7, Fri.	Last day of lectures in Department of Theory courses.
Apr. 14, Fri.	Last day of Winter Term and ensembles classes.
Apr. 17, Mon. to Apr. 21, Fri.	Entrance auditions for applicants in Music.
Apr. 17, Mon. to May 5, Fri.	Examinations in lecture courses in Music.
Apr. 24, Mon. to May 5, Fri.	Practical examinations in Music.
May 11, Thurs. to May 19, Fri.	Entrance auditions and placement tests for applicants in Music.
May 22, Mon.	VICTORIA DAY. Administrative Offices closed.

GENERAL STATEMENT

The McGill Preparatory School of Music is operated by the McGill Faculty of Music. It offers an integrated program of studies in practical and theoretical subjects at preparatory levels.

GRADE CERTIFICATES

Please note the change in grade designations which took effect in 1975-76. This was requested by the Ministry of Education so that grade levels would correspond to those of the secondary school levels. (See table on pages 7, 8.)

The Ministry of Education will allow secondary school students to have credit for McGill Preparatory School of Music Grade Certificates if they submit successful marks for the following examinations:

Practical Sec. V plus Theory/Ear Training
Sec. V. = Music 53

Practical Sec. IV plus Theory/Ear Training
Sec. IV = Music 43

Practical Sec. III plus Theory/Ear Training
Sec. III = Music 33

Practical Sec. II = Music 23

Practical Sec. I = Music 13.

Secondary school students should apply to the secretary of the Preparatory School for a transcript of the appropriate marks, which should then be submitted to the Principal of the secondary school. For Music 53, Music 43, and Music 33, the mark submitted will be an average of the two marks for the practical examination and for theory/ear training from the Preparatory School.

LOCAL CENTRES

For non-McGill music students at the preparatory level, the Faculty of Music, through its Preparatory School, acts as an Examination Board, both in Montreal and in various Local Centres in the Province of Quebec, where students prepared by private local teachers can sit the Grade examinations before visiting McGill Examiners in all *practical* subjects, as set by the Faculty of Music (McGill Local Centre Examinations). Examinations in *theoretical* subjects are conducted at each centre under the supervision of a local representative of the McGill Faculty of Music and the papers will be sent to the Faculty for marking. For a list of McGill Local Centres, please refer to p. 35.

ADMISSION TO THE McGILL PREPARATORY SCHOOL OF MUSIC

All inquiries should be directed to the Vice-Director, Prof. Donald Mackey, or the Secretary, Miss Dorothy Feinberg, McGill Preparatory School of Music, 555 Sherbrooke St. W., Montreal, PQ, H3A 1E3, telephone 392-4550.

ADMISSION REQUIREMENTS

Potential students will be given an appointment for an interview and, if necessary, an audition. Application forms may be obtained from the Secretary of the Preparatory School.

N.B. For admission requirements to degree and diploma programs in the Faculty of Music, please consult the *Announcement of the Faculty of Music.*

REGISTRATION

Students in Theory and Ear Training register for the full session (twenty-eight weeks – September to April). Date of registration: September 11 to September 18, 1978.

Students in all *practical* subjects may register for either the full session of twenty-eight weeks (September to April), or for one term of fourteen weeks (September to January, or January to April).

EXAMINATIONS

Sessional Examinations: Final sessional examinations in *theoretical* subjects are held in late April and early May. Examinations in all *practical* subjects take place during May. Entry forms must be obtained from the Secretary of the McGill Preparatory School of Music and returned duly filled in, on or before March 1.

N.B. For Payment of Examination Fees, please see p. 6.

N.B. Practical examinations contain no ear tests. Theoretical examinations consist of two parts: a

written theory test, and, at another time, an ear-training test. Specimen papers are obtainable for a small fee ($0.25 each) from the office of the Preparatory School of Music.

Deferred Examinations

These are held in early fall and are permitted only if the regular spring examinations were missed as a result of illness or other special circumstances. A written request for the deferment of examination must be submitted to the Director by August 15.

Supplemental Examinations

Students who have failed to obtain the passing result of 55% in any examination have the choice of:

a) passing a supplemental examination in that subject in early fall;
b) repeating the course. A written request for a supplemental examination must be submitted to the Director by August 15.

Local Centre Examinations

The examinations in *theoretical* subjects are held at the Local Centres on the date of the regular sessional examinations of the McGill Preparatory School of Music. Examinations in *practical* subjects take place during May and June. The regulations concerning *deferred* and *supplemental* examinations outlined above apply also to Local Centre candidates in *theoretical* subjects. However, it should be noted that deferred and supplemental examinations in *practical* subjects are held only in Montreal, as McGill examiners visit the Local Centres only once a year, in the spring. Entry forms for all local Centre examinations must be obtained from the Secretary of the McGill Preparatory School of Music in Montreal, or from the local Honorary Secretaries, and must be returned, duly filled in, to the Secretary of the McGill Preparatory School of Music on or before *March 1*.

CLASSIFICATION OF MARKS

The following classification of marks for the Preparatory School conforms with the marking system of the Faculty of Music and the rest of the University.

A – 80%-100%
B – 65%-79%
C – 55%-64%
D – 45%-54%
F – Fail

Marks are qualified as follows

95% and above	Very High Distinction
90% – 94%	High Distinction
80% – 89%	Distinction
70% – 79%	Honours
55% – 69%	Pass

The D class mark implies a pass in the examination attempted but does not allow the candidate to continue to the next highest grade. Therefore in the interest of maintaining a good passing standard in both theoretical and practical subjects certificates will be awarded only to those candidates who have achieved a C category mark, or higher.

DISTRIBUTION OF MARKS IN THEORETICAL EXAMINATIONS

Sec. III, Sec. IV, Sec. V: Written Theory – 50%; plus Ear Training – 50%. Coll. Eq.I: Theory & Analysis – 100%. Ear Training – 100%. (Two marks.)

DISTRIBUTION OF MARKS IN PRACTICAL EXAMINATIONS

Technique (Skill in scales, arpeggios, study)	25%
Prepared Pieces (Interpretation, form, style, musicality)	60%
Sight-Reading	10%
General Impression	5%

N.B. Performance from memory should be encouraged and will be recognized in the total examination mark awarded. It is, however, not compulsory.

FEES

N.B. The University reserves the right to make changes without notice in the published scale of fees if, in the opinion of the Board of Governors, circumstances so require.

TUITION FEES

Theory and Ear-Training		**Full Session (28 weeks)**
Secondary III	(1½ hours a week)	$ 85.00
Secondary IV	(1½ hours a week)	$ 85.00
Secondary V	(2 hours a week)	$105.00
Collegial Equivalent I	(4 hours a week)	$190.00

N.B. There will be no refund of tuition fees for classes missed in Theory and Ear-Training. Examination fees are included.

PRACTICAL (ALL INSTRUMENTS AND VOICE)

		One Term	Full Session	
		14 1-hr. lessons	28 1/2-hr. lessons	28 1-hr. lessons
All Levels	Minimum:	175.00	175.00	350.00

N.B. Depending on choice of instrument and instructor, fees applying in the Faculty of Music may be charged to students in the McGill Preparatory School of Music, i.e.:

All Levels	Minimum:	235.00	235.00	470.00

N.B. Examination fees are additional.

REGISTRATION FEE

A non-refundable registration fee of $5.00 is included in the published fees for tuition of students in the Preparatory School of Music.

REGISTRATION IN PRACTICAL SUBJECTS

Students may register for individual instruction in practical subjects as follows:

One term comprising fourteen 1-hour lessons or
for: Two terms comprising twenty-eight
½-hour lessons
or for: Two terms comprising twenty-eight
1-hour lessons

There will be no refund of tuition fees to those students who fail to attend the total number of lessons for which they have signed up, except in cases of illness if a doctor's certificate is produced stating that the student concerned is unable to continue attending lessons for the remainder of the term or the session.

EXAMINATION FEES

Examination fees in all Local Centres are as follows:

Theory and Ear-Training

Secondary III	$ 15.00
Secondary IV	15.00
Secondary V	15.00

N.B. Collegial Equivalent I Theory, Analysis, Ear Training, is not examined in the Local Centres.

All Practical Subjects

Elementary	$ 9.00
Secondary I	10.00
Secondary II	12.00
Secondary III	12.00
Secondary IV	15.00
Secondary V	18.00
Collegial Equivalent I	20.00
Collegial Equivalent II	20.00
Collegial Equivalent III	30.00

N.B. There will be no refund of examination fees to those students who fail to attend the examination at the time scheduled for them, except in cases of illness if a doctor's certificate is produced stating that the student concerned was unable to attend the examination. In making refunds, only one half of the fee can be refunded, or the full fee will be credited to the following year.

PAYMENT OF FEES

Tuition Fees are due at registration. Remittance may be made by cheque or money order payable to *McGill University* and addressed to the Secretary, Preparatory School of Music, McGill University, 555 Sherbrooke St. W., Montreal, PQ, H3A 1E3. Tuition fees for *practical* instruction covering the entire session of twenty-eight weeks may be paid in two instalments of equal halves, the first at registration, the second by December 15. Theory fees must be paid in full, except Collegial Equivalent I, which may be paid in two instalments. Late payment fee is $5.00.

Examination Fees, together with the application form duly filled in, must reach the Secretary of the McGill Preparatory School of Music, 555 Sherbrooke Street West, Montreal, PQ, H3A 1E3, by March 1. Remittance by cheque or money order should be made payable to *McGill University*.

ATTENDANCE REGULATIONS

1. All students are required to be punctual at all lessons and classes.
2. All students must sign the attendance card presented by the teacher upon completion of each individual lesson in a practical subject.

3. Individual lessons missed in consequence of the instructor's absence will be made up at the mutual convenience of instructor and student. Individual lessons missed as a result of the student's absence will be made up only if notice of cancellation has been given forty-eight hours in advance, or if a doctor's certificate is produced.

TABLE OF GRADE LEVELS IN PRACTICAL AND THEORETICAL SUBJECTS

Please note the following change in grade designations which took effect in 1975-76. These were requested by the Ministry of Education so that grade levels would correspond to those of the Secondary School levels.

Subject	New Designation	Former	Old Grades
Piano	Elementary	Elem. I	4
	Secondary I	Elem. II	5
	Secondary II	Elem. III	6
	Secondary III	Sec. I	7
	Secondary IV	Sec. II	8
	Secondary V	Sec. III	9
	leading to:		
	Collegial Equivalent I	Coll. Eq. I	10
	Collegial Equivalent II	Coll. Eq. II	11
	Collegial Equivalent III	Coll. Eq. III	100
Organ	(Piano Secondary V)	(Piano Sec. III)	(Piano 9)
	Secondary IV	Sec. I	8
	Secondary V	Sec. II	9
	leading to:		
	Collegial Equivalent I	Coll. Eq.I.	10
	Collegial Equivalent II	Coll. Eq.II	11
Harpsichord	(Piano Secondary V)	(Piano Sec.III)	(Piano 9)
	Collegial Equivalent I	Coll. Eq.I	10
	Collegial Equivalent II	Coll. Eq. II	11
Violin	Secondary I	Elem. I	5
	Secondary II	Elem. II	6
	Secondary III	Sec. I	7
	Secondary IV	Sec. II	8
	Secondary V	Sec. III	9
	leading to:		
	Collegial Equivalent I	Coll. Eq.I	10
	Collegial Equivalent II	Coll. Eq. II	11
Viola	(Violin Secondary II)	(Violin Elem.II)	(Violin 6)
	Secondary III	Sec. I	7
	Secondary IV	Sec. II	8
	Secondary V	Sec. III	9
	leading to:		
	Collegial Equivalent I	Coll. Eq.I	10
	Collegial Equivalent II	Coll. Eq. II	11
Guitar	Secondary II	Elem. I	6
	Secondary III	Elem. II	7
	Secondary IV	Sec. I	8
	Secondary V	Sec. II	9
	leading to:		
	Collegial Equivalent I	Coll. Eq.I	10
	Collegial Equivalent II	Coll. Eq.II	11
Cello, Recorder, Flute, Clarinet, Saxophone	Secondary III	Elem. I	7
	Secondary IV	Sec. I	8
	Secondary V	Sec. II	9

	leading to:		
	Collegial Equivalent I	Coll. Eq. I	10
	Collegial Equivalent II	Coll. Eq. II	11
Voice, Double Bass,	Secondary IV	Elem. I	8
Oboe, Bassoon,	Secondary V	Sec. I	9
	leading to:		
Trumpet, Trombone,	Collegial Equivalent I	Coll. Eq. I	10
Tuba, French Horn,	Collegial Equivalent II	Coll. Eq. II	11
Percusion			
Theory/Ear Training	Secondary III	Elem. I	7
	Secondary IV	Sec. I	8
	Secondary V	Sec. II	9
	leading to:		
	Collegial Equivalent I	Coll. Eq. I	12

N.B. Preparatory Grade examinations in practical subjects are incomplete without the corresponding gradein Theory and Ear-Training. Students are therefore obliged to plan their course of instruction and examhations as follows:

Subject	Elem.	Sec. 1	Sec. II	Sec. III	Sec. IV	Sec. V	Coll. Eq. I	Coll. Eq. II
Practical Subjects:								
Theory/Ear Training:	–	–	–	Sec. III	Sec. IV	Sec. V	(Sec. V)	(Sec. V)

Students with previous training in practical and/or theoretical subjects will be granted equivalent credit.

APPROXIMATE EQUIVALENTS TO McGILL PREPARATORY GRADES

Please note the change in grade designations which took effect in 1975-76. These were requested by the Ministry of Education so that grade levels would correspond to those of the secondary school levels. (See table on pages 8 & 9).

Subject	System	Grade Equivalents						
Piano	McGill	Elem.	Sec. I	Sec. II	Sec. III	Sec. IV	Sec. V	Coll. Eq. I	Coll. Eq. II
	Tor.	1	2	4	6	7	8	9	10
	W.B.	1	2	4	6	7	8	9	10
	A.B.	1	2	3	4	5	6	7	8
	M.A.	1	2	4	6	7	8	9	10
Violin	McGill	Sec. I	Sec. II	Sec. III	Sec. IV	Sec. V	Coll. Eq. I	Coll. Eq. II	
	Tor.	2	4	6	7	8	9	10	
	W.B.	2	4	6	7	8	9	10	
	A.B.	2	3	4	5	6	7	8	
	M.A.	2	3	4	5	6	7	8	
Voice	McGill	Sec. IV	Sec. V	Coll. Eq. I	Coll. Eq. II				
	Tor.	4	6	9	10				
	W.B.	3	5	7	10				
	M.A.	3	4	5	6				
Clarinet	McGill	Sec. III	Sec. IV	Sec. V	Coll. Eq. I	Coll. Eq. II			
	Tor.	4	6	8		10			
	A.B.	3	4	5	6	8			
	M.A.	3	4	5	6	8			

Theory	McGill	Sec. III	Sec. IV	Sec. V
	Tor.	I		II
	W.B.	2	3	4
	A.B.	2	4	6
	M.A.	2	4	6

The above chart attempts to give approximate grade equivalents of several other Preparatory Music Grade Systems, as compared with those of McGill, in some of the most frequently chosen subjects:

Tor. – Royal Conservatory of Music of Toronto.
W.B. – Western Examination Board (Univ. of Manitoba).
A.B. – Associated Board of the Royal Schools of Music, London, England.
M.A. – Mount Allison University – Conservatory of Music.

APPROXIMATE EQUIVALENTS TO McGILL PREPARATORY GRADES

	Practical Grade			Theory Grade	Ear Training Grade
McGill University (New Designation)	Collegial Equivalent II	Collegial Equivalent I	Secondary V	Secondary V	Secondary V
(Former course no.)	Collegial Equivalent II	Collegial Equivalent I	Secondary Complete	Secondary Complete	Secondary Complete

COURSE DESCRIPTIONS AND GRADE CERTIFICATE REQUIREMENTS

1. Theory and Ear Training

N.B. A passing mark is required in both Theory and Ear Training of each grade level.

(See 'Classification of Marks' p. 5).

THEORY AND EAR TRAINING SECONDARY III

Staff notation on treble and bass clefs from letter names and from tonic sol-fa syllables. Major and harmonic minor scales of not more than two accidentals notated with or without key signatures. Functional name of scale degrees. Perfect, major and minor intervals. Basic metres. Musical terms and signs. Shorthand notation.

Elementary sight-singing and rhythmic reading in major keys up to one sharp and one flat including major pentatonic melodies. Aural recognition of intervals. Elementary melodic and rythmic dictation.

1½ hours per week.

THEORY AND EAR TRAINING SECONDARY IV

Major and minor scales of not more than five accidentals. All intervals. Altered notes fi, si, and ta. Simple and compound metres and the notation of rhythmic patterns associated with them. Additional musical terms and signs. Major, minor and diminished triads.

Sight-singing in major and minor keys of not more than two accidentals in treble clef. Singing in tonic sol-fa and in absolute letter names. Rhythmic reading in simple and compound metres. Melodic and rhythmic dictation. Identification of all intervals, major, minor and diminished chords by singing in sol-fa.

1½ hours per week.

THEORY AND EAR TRAINING SECONDARY V

Completion of the study of basic musical notation including shorthand notation. All major and minor scales in all forms. All intervals and their inversions. All triads and dominant seventh chords and their component intervals. Introduction of figured bass. Notation of the four basic cadences in two clefs. Analysis of simple musical forms in folk songs. Additional musical terms and signs.

Sight-singing in major and minor keys not exceeding three accidentals in treble and bass clefs. Rhythmic reading. Melodic and rhythmic dictation. Aural recognition of all intervals, major, minor, diminished and augmented triads, and the dominant seventh chord by singing in sol-fa. Aural recognition of the four basic cadences and the form of simple folk songs.

2 hours per week.

N.B. A more detailed course description of each grade level in Theory and Ear Training (revised, May 1977) is available from the Secretary of the Preparatory School.

THEORY – ANALYSIS – EAR TRAINING COLLEGIAL EQUIVALENT I

A special course, for qualified and advanced students, which is the equivalent of the Faculty of Music 221-110A, Melody and Counterpoint, and 211-111B, Elementary Harmony, together with 212-131D – Ear Training.

4 hours a week.

2. Practical Subject

Please note the following regulations:

1. All candidates are required to bring a written list of their program to the examination.
2. Selections offered by a candidate in one examination may not be repeated in a subsequent grade's examination.
3. It is not necessary to take a practical examination each year, since some students require two years to proceed from one level to the next.
4. Substitutions of studies and pieces at the equivalent grade level are acceptable for examination purposes. Such changes should be submitted to Professor Rose Goldblatt, Chairman of the Keyboard Committee, for approval before March 15. *Special forms are available for this purpose from the Secretary of the McGill Preparatory School of Music; please enclose a stamped, self-addressed envelope for reply.*

PIANO

The mention of certain editions is solely for identification and guidance.

A list of suggested teaching albums in early grades is available on request from the office of the Preparatory School.

Piano Elementary

SCALES

C, G, F major; A, E, D harmonic minor, hands separately through one octave.

ARPEGGIOS

Tonic triads in the above six keys, hands separately through one octave, up and down.

STUDY

Any one to be chosen from "Child's Czerny", compiled by Hugh Arnold (Presser) or "Technic is Fun", Preparatory Book, ed. Hirschberg (Musicord).

PREPARED PIECES

Candidates must have prepared any three pieces from the following list:

Boris Berlin – Anne Morhange
Young Pianist's Joyful Hour, Bk. I (Frederick Harris)

Kabalevsky
Little Pieces For Children
Op. 39 (International Music Ed.)
- Marionettes
- Waltz
- Fairy Tale
- Autumn Song

Tansman
Happy Time, Book I (Primary)
- Both Ways
- Waltzing
- Shadow
- Reflections

Piano Secondary I

SCALES

C, G, D, F major, A, E, B, D harmonic minor, hands separately through two octaves. Suggested minimum speed: two notes to MM 84.

ARPEGGIOS

Tonic triads in root position only, in C, G, D, F major, and in A, E, B, D minor, hands separately through two octaves.

STUDY

"Easy Velocity Studies" ed. Eckstein (Fischer)

"Technic is Fun", Bk. I, ed. Hirschberg (Musicord). One only.

PREPARED PIECES

Candidates must have prepared one piece from each of the following three groups:

I. Bach
Minuet No. 1 or 2 or 6 from "First Lessons in Bach", Book I, ed. Carroll (Schirmer)

Craxton, ed.
"Easy Elizabethans." Any selection. (OUP)

Purcell
Air in D minor

Purcell
Minuet in A minor

Rameau
Minuet in C

II. Beethoven
Ecossaise in G

Haydn
Dance in G

Mozart
Rondino in C

Rowley. ed.
"Early English Sonatinas." Any selection. (Boosey and Hawkes)

III. Bartok
For Children, Vol. 1. Nos. 1, 2, 3, 7. Any one. (Boosey & Hawkes)

Burgmuller
Etudes, Op. 100, No. 2 or No. 3

"Canadian Festival Album" Vol. I Nos. 2, 3, 4. Any one. (Berandol)

Kabalevsky
Pieces for Children, Op. 39 (International Music Ed.). One of:
Clowns
Novelette
Slow Waltz

Octavio Pinto
Children's Festival: Prelude or Minuet

Schumann
Album For The Young, Op. 68, one of Nos. 2, 3, 5, 14.

Tansman
Pour les Enfants, Book I. Any one.

SIGHT-READING

Test of no greater difficulty than pieces of previous grade (hands separately).

Piano Secondary II

SCALES

Scales beginning on white keys: C, D, E, F, G, A, B majors; and C, D, E, F, G, A, B harmonic minors. Hands separately and together through two octaves, piano or forte. Suggested minimum speed: two notes to MM 96.

ARPEGGIOS

Tonic triads in root position only, in the above keys. Hands separately and together through two octaves.

STUDY

"Technic is Fun", Bk. II, ed. Hirschberg (Musicord). "The New Czerny", Bk. II, (Fox). One only.

PREPARED PIECES

Candidates must prepare one piece from each of the following three groups:

I. Bach
"First Lessons in Bach," Vol. I, ed. Carroll. Any piece not included in previous grade.

Couperin
Aria in C

Purcell
Minuet in G

II. Beethoven
Sonatina in G, either movement

Clementi
Sonatina Op. 36, No. 1, any one movement

Diabelli
Sonatinas, Op. 168, No. 1 or 2 or 3, 1st movement.

Haydn
Little Dance in F

Hunten
Melody in C

Mozart
Allegro in B flat

Mozart
Minuet in C

Mozart
Polonaise in F

Pleyel
Minuet & Trio in C

III. Bartok
"For Children", Vol. 1 (Boosey & Hawkes), No. 11 or 15

Burgmuller
Etudes, Op. 100. Any one except No. 2 or No. 3

George Fiala
Prelude (Berandol)

Otto Joachim
"Gossip" or "Plastic Soldier" from 12 Tone Pieces (Berandol)

Kabalevsky
Children's Pieces, Op. 27 (International Music Ed.)
Playing Ball or
Moonlight on the River

Schumann
"The Wild Horseman" or "First Loss" from Album for the Young. Op. 68

Soulima Stravinsky
Piano Music for Children, Book I (Peters), one of Nos. 8, 12, 16

Tchaikowsky
Album for the Young: No. 16

SIGHT-READING

Test of no greater difficulty than pieces of Elem. (hands together).

Piano Secondary III

SCALES

A, E, B, F sharp, B flat, E flat, A flat, D flat majors; C, D, E, F, G, A, B harmonic and melodic minors; chromatic scale beginning on C sharp. These scales through two octaves, hands together, forte or piano. Suggested minimum speed: 4 notes to MM 72.

ARPEGGIOS

Tonic triads in all the above major and minor keys in root position only, hands together through two octaves.

STUDY

"Technic is Fun", Bk. III, ed. Hirschberg (Musicord), any one. Or
Bartok, Mikrokosmos, Vol. III, any two.

PREPARED PIECES

Candidates must prepare one piece from each of the following three groups:

I. Bach
12 Short Preludes (Peters), one of Nos. 1, 2, 3

Craxton, ed.
"Airs and Graces" (OUP) Any one.

Handel
Courante in F

Scarlatti
Larghetto in D minor

II. Beethoven
Sonatina in F, either movement

Clementi
Sonatina Op. 36 No. 2, 1st or 3rd movement

Clementi
Sonatina, Op. 36, No. 3, 1st or 3rd movement

Diabelli
Rondino in C

Diabelli
Sonatinas, Op. 168, No. 6 or No. 7, 1st movement

Kuhlau
Sonatina Op. 55, No. 1, either movement

III. Bartok
For Children, Vol. I (Boosey & Hawkes), one of Nos. 8, 12, 23

Bartok
For Children, Vol. II (Boosey & Hawkes), one of of Nos. 5, 8, 31

Bloch
Enfantines (Fischer): The Dream or Melody

Claude Champagne
Petit Scherzo (G. V. Thompson)

Jean Papineau-Couture
Aria (Berandol)

Grieg
Lyric Pieces, Op. 12. Any one.

Otto Joachim
"Snowy Morning" with "Full Moon", from 12 Tone Pieces (Berandol)

Kabalevsky
Children's Pieces, Op. 27 (International Music Ed.). One of:

Toccatina

Joking

Ballad

Khatchaturian
Adventures of Ivan (Leeds), any one

Prokofieff
Music for Children, Op. 65, No. 3

Schubert
Ecossaise in B minor, or in G minor (either one)

Schumann
Waltz in A minor

Shostakovitch
Mechanical Doll

Tchaikowsky
Album for the Young, one of Nos. 9, 10, 22

SIGHT-READING

Test of no greater difficulty than pieces of Secondary I

THEORY AND EAR TRAINING

Secondary III

Piano Secondary IV

SCALES

B, F sharp, C sharp, F, B flat, E flat, A flat, majors; also harmonic and melodic minors and chromatic scales, beginning from the same notes hands together through four octaves in similar motion only, legato and staccato, piano and forte. Suggested minimum speed: four notes to MM 92, legato, and MM 69, staccato.

ARPEGGIOS

Tonic triads of the above keys, with inversions, through four octaves. These may be required to start in root position or in either inversion.

STUDY (ONE ONLY)

Bertini-Germer
50 Selected Studies, any one of Nos. 7, 12, 15, 17 or 22

Czerny
School of Velocity, Op. 299, Book I, any one of Nos. 1, 2, or 4

Czerny
School of Finger Dexterity, Op. 636, any one of Nos. 5, 6, 10 or 17

PREPARED PIECES

Candidates must prepare one piece from each of the following four groups:

I. Bach
Two-part Inventions, No. 1 or No. 4

Bach
12 Short Preludes (Peters), No. 5 or No. 8

Bach
6 Short Preludes (Peters), any one of Nos. 3, 5 or 6

Handel
Suite No. 14, Allemande or Air

Handel
Suite No. 16, Allemande

Scarlatti
Sonata in C, Longo 357
Sonata in D minor, Longo 7
from The Graded Scarlatti, ed. Motchane (Columbe)

II. Beethoven
Sonata, Op. 49, No. 2, either movement

Clementi
Sonatina in F, Op. 36, No. 4, 1st or 3rd movement

Clementi
Sonatina in G, Op. 36, No. 5, 1st or 3rd movement

Clementi
Sonatina in D, Op. 36, No. 6, 1st movement

Haydn
Sonata in G Major, 1st movement (Peters edition, Book I, No. 11) HOB XVI/11

Kuhlau
Sonatina in C. Op. 20, No. 1, 1st or 3rd movement

Kuhlau
Sonatina in C, Op. 55, No. 3, either movement

Mozart
Viennese Sonatina No. 1 in C, 1st or last movement

III. Chopin Mazurkas, Op. 7, No. 2; Op. 67, No. 2; Op. 68, No. 3 (any one)

Mendelssohn
Song Without Words, Op. 39, No. 6

Schubert
German Dances, Op. 33, No. 5 with No. 7
Schubert
Waltzes, Op. 9a (all three)

Schumann
Album For The Young, Op. 68, No. 9 with No. 36; No. 21 with No. 23

IV. Bartok
For Children, Vol. I (Boosey & Hawkes), any one of Nos. 20, 21, 27

Bartok
For Children, Vol. II (Boosey & Hawkes), any one of Nos. 18, 21, 26

Debussy
Children's Corner Suite, No. 2 or No. 5

Kabalevsky
Variations, Op. 51, No. 4

Kenneth Meek
Turf Tune (Gordon V. Thompson)

Flor Peeters
10 Bagatelles, Op. 88 (Peters), one of Nos. 4, 7, 8

Pinto
Memories of Childhood, No. 2 or No. 3

Prokofieff
Children's Suite, Op. 65 (Leeds), any one of Nos. 2, 4, 10, 11

Ravel
Prelude

Rhené Jaque
Rustic Dance from Canadian Festival Album, Vol. 1 (Berandol)

Julius Schloss
23 pieces for Children in Twelve Tone Style (Peer International), No. 10, with No. 21

SIGHT-READING

Test of no greater difficulty than pieces of Secondary II.

THEORY AND EAR TRAINING

Secondary IV.

Piano Secondary V

SCALES

At the interval of the octave: all major, harmonic and melodic minor, and chromatic scales, through four octaves. At the third: all major scales, through four octaves. Contrary motion: all major scales beginning from the unison through two octaves. Forte and piano, legato and staccato. Suggested minimum speed: four notes to MM 108, legato; and four notes to MM 84, staccato.

N.B. No minor scales in contrary motion are required.

ARPEGGIOS

All major and minor tonic triads in root position or inversion. Also dominant seventh chords in root position. Forte and piano, legato and staccato, through four octaves. Suggested speed: four notes to MM 92, legato; and four notes to MM 72, staccato.

STUDY (ONE ONLY)

Bertini-Germer
50 Selected Studies, one of Nos. 39, 43, 48, 49

Cramer-Buelow
50 Selected Studies, No. 1 or No. 19

Czerny
School of Velocity, Op. 299, one of Nos. 5, 6, 7 or 8

Czerny
School of Finger Dexterity, Op. 636, one of Nos. 1, 2, 7, 14 or 21

PREPARED PIECES

Candidates must prepare one piece from each of the following four groups:

I. Bach
Two-part Inventions, one of Nos. 6, 11, 13 or 14

Handel
Suite No. 7, Allegro or Andante

Scarlatti
Sonata in C, Longo 218
Sonata in B minor, Longo 263
Sonata in F minor, Longo 173
Sonata in E, Longo 430
from The Graded Scarlatti, ed. Motchane

II. Beethoven
Sonatina in E flat, first movement

Beethoven
Bagatelles, Op. 33, Nos. 1 and 3

Beethoven
Variations on "Nel cor più"

Beethoven
Sonata, Op. 49, No. 1, either movement

Haydn
Sonata in D Major, (Peters edition, Book II, No. 20) HOB XVI/33

Mozart
Sonata in G, K 283, 2nd movement
Viennese Sonatina, No. 6 in C, 1st two or last two movements

III. Chopin
Mazurka, one of Op. 6, No. 1; Op. 17, No. 2; Op. 30, No. 2; Op. 67, No. 4

Chopin
Prelude No. 15

Chopin
Waltz, Op. 70, No. 2, or Op. 34, No. 2

Grieg
Lyric Pieces, Op. 43, No. 1 or No. 4

Grieg
Puck, Op. 71, No. 3

Liszt
Consolation, No. 2

Mendelssohn
Song Without Words, Op. 38, No. 2

Schubert
Impromptu, Op. 142, No. 2

Schumann
Album For The Young, Op. 68, one of Nos. 13, 29 or 39

Schumann
Scenes From Childhood, No. 4 with No. 5

IV. Bartok
For Children, Vol. I (Boosey & Hawkes), No. 40, or all three of 34, 35, 36

Debussy
Children's Corner, one of Nos. 2, 5, 6

Duchow
Chant Intime

Maurice Dela
Chanson from "La Vieille Capitale" (Berandol)

Kabalevsky
Variations, Op. 40, No. 1

Menotti
Poemetti, 12 Pieces, any one

Pinto
Memories of Childhood, No. 1 or No. 5

J. Turina
The Circus, any one

SIGHT-READING

Test of no greater difficulty than pieces of Secondary III.

THEORY AND EAR-TRAINING

Secondary V.

Piano Collegial Equivalent I

SCALES

At the interval of the octave, third, and tenth: All major, harmonic and melodic minor, and chromatic scales, through four octaves.

At the sixth: All majors through four octaves.

Contrary Motion – All majors and harmonic minors beginning from the unison, through two octaves.

Broken Octaves – All majors, hands separately, through two octaves.

The above scales should be played forte and piano, legato and staccato. Suggested minimum speed for all, except broken octaves: four notes to MM 120, legato; and four notes to MM 84, staccato. Broken Octaves: suggested speed, four notes to MM 88.

ARPEGGIOS

Major and minor tonic triads, dominant seventh and diminished seventh chords, in root position or inversion. Forte and piano, legato and staccato, through four octaves.

STUDY

Any one from:

Cramer-Buelow
50 Selected Studies, No. 10 or No. 12

Czerny
School of Velocity, Op. 299, No. 11 or No. 13

PREPARED PIECES

Candidates must prepare one piece from each of the following four groups:

I. Bach
French Suite No. 4 in E flat:
Sarabande with Gigue

Bach
French Suite No. 5 in G:
Allemande with Sarabande

Bach
Three-part Inventions, any one

Handel
Suite No. 16 in G Minor:
Allemande with Sarabande, or Sarabande with Gigue

Telemann
Fantasie No. 7 or No. 8 (Peters)

II. Beethoven
Sonatina No. 2 in F minor, any two movements

Beethoven
Sonatina No. 3 in D, 1st or 2nd movement

Beethoven
Sonata, Op. 2, No. 1, 1st movement

Haydn
Sonata in E minor, No. 2, 1st movement Vol. I, (Peters) HOB XVI/34

Haydn
Sonata in D, No. 7, 1st movement Vol. 1, (Peters) HOB XVI/37

Haydn
Sonata in G Major, No. 10, 1st movement Vol. I, (Peters) HOB XVI/40

Mozart
Sonata in G, K. 283, 1st movement

Mozart
Rondo in D

III. Brahms
Intermezzo, Op. 76, No. 7 or Op. 116, No. 6

Chopin
Mazurka, one of Op. 17, No. 1; Op. 33, No. 1; or Op. 63, No. 2

Chopin
Waltz, Op. 69, No. 2 or Op. 64, No. 3

Chopin
Nocturne, Op. 55, No. 1 or Op. 37, No. 1

Mendelssohn
Songs Without Words, any one of: Op. 19, No. 1; Op. 62, No. 1; Op. 67, No. 1

Mendelssohn
Scherzo in E minor

Schubert
Impromptu, Op. 90, No. 4

Schumann
Romance in F sharp.

IV. Bartok
Three Rondos on Folk Tunes, any one

George Fiala
Sonatina (Berandol)

Ginastera
Rondo on Argentine Children's Folk Tunes

Kabalevsky
Variations, Op. 40, No. 2

Clermont Pepin
Trois Pièces pour une Légende D'Orée (Leeds)

Scriabin
Etude, Op. 2, No. 1

Scriabin
Prelude, Op. 11, No. 14

SIGHT-READING

Test of a suitable level.

THEORY AND EAR TRAINING

Secondary V.

Piano Collegial Equivalent II

SCALES

At the interval of the octave, third, sixth, and tenth: All scales, including chromatics, through four octaves. Contrary motion: All scales, except melodic minors, from the unison only, through two octaves. Broken Octaves: All majors and melodic minors, hands separately and together, through two octaves.

ARPEGGIOS

Tonic triads, dominant and diminished seventh chords in root position or inversion, as requested by the examiner, at the interval of an octave.

Note: Scales and arpeggios should be played at as fast a speed as is consistent with clarity and accuracy, using legato and staccato touch, and without group accentuation, through four octaves.

STUDIES

Any two from:

Cramer-Buelow
Fifty Selected Studies (any except those listed for previous grades)

Czerny
School of Velocity, Vols. III and IV

PREPARED PIECES

Candidates must prepare one selection from each of the following four groups:

I. Bach
French Suite No. 3 in B minor:
Sarabande and Gigue

Bach
Well-Tempered Clavier, Bk. I: Prelude and Fugue No. 5 in D or No. 21 in B flat

Bach
Well-Tempered Clavier, Bk. II: Prelude and Fugue No. 7 in E flat; or No. 12 in F minor

Handel
Suite No. 7 in G minor: Passacaglia

Handel
Suite No. 10 in D Minor: Air and Gigue

Handel
Suite No. 14 in G: Allemande and Allegro

Scarlatti
Sonata chosen at the discretion of the teacher

Telemann
Fantasie No. 12 in B minor

II. Beethoven
Rondo, in C, Op. 51, No. 1

Beethoven
Bagatelles, Op. 126, No. 1 with No. 2

Haydn
Sonata in D Major, 1st movement (Peters: Bk. I, no. 9) HOB XVI/19

Haydn
Sonata in E flat, 1st movement (Peters: Bk. II, no. 13) HOB XVI/28

Haydn
Sonata in D Major, 1st movement (Peters: Bk. II, no. 15) HOB XVI/14

Mozart
Sonata in CK330.1st movement

Mozart
Sonata in E flat, K. 282, 1st movement

III. Brahms
Intermezzi, Op. 76, No. 4 or No. 6

Brahms
Ballade, Op. 10, No. 1

Brahms
Intermezzo, Op. 118, No. 2

Brahms
Romance, Op. 118, No. 5

Chopin
Mazurka, Op. 17, No. 4, or Op. 41, No. 4

Chopin
Nocturne, Op. 32, No. 1, or Op. 72, No. 1

Chopin
Waltz, Op. 70, No. 1, or E minor (Posthumous)

Mendelssohn
Songs Without Words, any one of: Op. 19, No. 5; Op. 38, No. 6; Op. 53, No. 3; Op. 67, No. 4

Schubert
Impromptu, Op. 90, No. 2

Schubert
Impromptu, Op. 142, No. 3

Schubert
Moment Musical, Op. 94, No. 2

Schumann
Arabesque, Op. 18

IV. Albeniz
Sevillanas

Debussy
Arabesque No. 1 or No. 2

Debussy
Danse

Duchow
Passacaglia

Hector Gratton
Fairy Tale (Berandol)

Jean Papineau-Couture
Deux Valses from 14 Piano Pieces by Canadian Composers (Frederick Harris)

Prokofieff
Visions Fugitives, Op. 22, any two

Prokofieff
Prelude, ' Op. 12, No. 7

Tcherepnine
Bagatelles, Op. 5, any two

Villa-Lobos
Polichinelle

SIGHT-READING

Test of a suitable level

THEORY AND EAR TRAINING

Secondary V.

Piano Collegial Equivalent III

The requirements are the performance of a previously approved program, comprising representative works from the Baroque, Classical, Romantic, and Modern periods. The program, with timings, should be submitted to Prof. Rose Goldblatt, Chairman of the Keyboard Committee, before March 15.

The complete program should be memorized if possible, but at least *one* major work will be required from memory. Sight reading will be part of the examination.

A separate scales test (pass-fail) at the level of Collegial Equivalent II must be undertaken by those candidates who have not previously taken the Collegial Equivalent II piano examination or its accepted equivalent.

A list of suggested repertoire for Collegial III is available on request.

ORGAN

AOP – Articulation in Organ Playing – Gordon Phillips (Hinrichsen, No. 1001)
VOS – Organ School – Finn Videro (Wilhelm Hansen, Copenhagen; (J. & W. Chester, London)
P – The Organ Works of Bach, new edition (Peters)
N – The Organ Works of Bach, ed. Emery (Novello)
S – The Organ Works of Bach, ed. Widor & Schweitzer (Schirmer)
D – The Organ Works of Bach, ed. Dupré (Durand)
HE – The Organ Works of Dietrich Buxtehude (Wilhelm Hansen Edition, Copenhagen)
PE – Buxtehude Orgelwerke (Peters Edition)
OUP – Oxford University Press
P.V. – Peters Verlag

(Roman numerals indicate the volumes.)

N.B. It is recommended that students explore "Beginning Organists" by David N. Johnson (Augsburg), which contains much useful material.

The following examinations are intended for performance on the organ, not on electronic instruments.

Organ Secondary IV

PREREQUISITE: PIANO SECONDARY V

STUDIES

The following are obligatory:

1. Bach – Herr Christ, der ein'ge Gottes-Sohn (AOP – pg. 12) (manuals only)
2. Pedal studies on pages 70, 71, 72, 73, (VOS)

QUESTIONS

Candidates will be questioned on matters of articulation, e.g., see Sections 3 and 5 (AOP) and page 15 et seq. (VOS)

PREPARED PIECES

Candidates must be prepared to play one piece from each of the following three groups:

I. Buxtehude
Puer natus in Bethlehem (VOS, 101)

Couperin
Kyrie (VOS, 104)

Dandrieu
Trio (VOS, 94)

Pachelbel
Vom Himmel hoch (VOS, 108)

II. Bach
Fugue in A minor (Eight Short Preludes and Fugues) (P. VIII; N.I)

Bach
Herzlich tut mich verlangen (VOS, 110)

Bach
Prelude in D minor (VOS, 112)

Bach
Prelude in B flat (VOS, 124)

III. Alain
Ballade en mode Phrygien (Leduc) (l'Oeuvre d'orgue de Jehan Alain – III)

Bloch
Processional (G. Schirmer) (No. 6, Six Preludes for Organ)

Boellmann
Menuet (Suite Gothique) (Durand)

Willan
Ave maris stella (OUP) (No. 4, Five Preludes on Plainchant Melodies)

SIGHT READING

Appropriately graded test chosen by the examiner.

THEORY AND EAR TRAINING

Secondary IV.

Organ Secondary V

STUDIES

The following are obligatory:
1. Bach – Vater unser im Himmelreich (AOP, 35) (manuals only)
2. Bach – Nun bitten wir den heiligen Geist (AOP, 29) (manuals only)
3. Pedal studies on pages 74, 75, 76, 77 (VOS)

QUESTIONS

Candidates will be questioned on matters of articulation, on registration, and on the tonal structure of the organ.

(See, for example, "The Organ", W. L. Sumner, 4th edition (Macdonald, London).)

Candidates will also be questioned on the prepared pieces.

PREPARED PIECES

Candidates must be prepared to play one piece from each of the following three lists:

1. Buxtehude
Nun komm, der Heiden Heiland (HE IV, 48; PE II, 45)

Buxtehude
Prelude and Fugue in F (HE II, 92)

Couperin
Benedictus – Messe pour les paroisses (L'Oiseau-Lyre – Monaco, pg. 52)

Pachelbel
Herr Christ, der einig Gottes Sohn (Bärenreiter, Bk. II, 8)

II. Bach
Fugue on "Allein Gott in der Höh' sei Ehr' "(P. VI, 30; N. XVIII, 7)

Bach
Prelude and Fugue in E Minor (VOS, 128)

Bach
Orgelbüchlein (P.V.; N. XV.)
One of: Der Tag, der ist so freudenreich; Herr Jesu Christ, dich zu uns wend';Ich ruf' zu dir, Herr Jesu Christ

Bach
Vater unser im Himmelreich (P. VII, 66; N. XIX, 12)

III. Robert Cundick
Moderato from Divertimento (Novello)

Marcel Dupré
Te lucis ante terminum (Bornemann) (No. 5, "Le Tombeau de Titelouze")

Robin Milford
Musette and Trio in D (OUP) (Seven Simple Pieces)

Helmut Walcha
Fröhlich soll mein Herze springen (No. 7 of 25 Chorale Preludes – Set I – Peters)

SIGHT-READING

Test of no greater difficulty than pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V

Organ Collegial Equivalent I

STUDIES

The following are obligatory:
1. Bach – Allein Gott in der Höh' sei Ehr' (AOP,30)
2. Bach – Christ lag in Todesbanden (AOP, 25)
3. Pedal Studies on pages 78, 79, 80 (VOS)

QUESTIONS

(As for Organ Secondary V.)

PREPARED PIECES

Candidates must be prepared to play one piece from each of the following three groups:

I. Buxtehude
Chaconne in E minor (HE I, 9; PE I, 64)

Buxtehude
Prelude, Fugue and Chaconne (HE II, 5; PE I, 4)

Couperin
Dialogue sur les grands jeux
(Messe pour les paroisses, pg. 57) (L'Oiseau-Lyre)

Pachelbel
Fugue on "Vom Himmel hoch" (Bärenreiter, Bk. II, 20)

II. Bach
"Little" Fugue in G minor (P. IV; N. III.)

Bach
Orgelbüchlein (P.V.; N. XV)
One of: Herr Gott, nun schleuss den Himmel auf; Hilf Gott, dass mir's gelinge; In dir ist Freude

Bach
Wachet auf (Schübler) (P.VI.; N. XVI.)

Bach
Wir glauben all' an einen Gott (Fugue) (P. VII, 78; N. XVI, 49)

III. Richard Donovan
Prelude on "Land of Rest" (Music Press, Inc., New York)

Hindemith
Sonata No. 2, 2nd movement (Schott)

Mendelssohn
Sonata No. 6, Fugue

Vaughan Williams
Romanza (No. 1 of Two Preludes on Welsh Folksongs) (OUP)

SIGHT-READING

Test of no greater difficulty than pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Organ Collegial Equivalent II

STUDIES

The following are obligatory:
1. Bach – Aus tiefer Not schrei' ich zu dir (AOP,22)
2. Bach – Vom Himmel hoch (AOP, 14)
3. Pedal studies on pages 80 and 81 (VOS)

QUESTIONS

(As for Organ Secondary V & College Equivalent I.)

PREPARED PIECES

Candidates must be prepared to play one piece from each of the following three lists:

I. Buxtehude
Prelude and Fugue in F sharp minor (HE II, 72; PE I, 38)

Couperin
Offertoire (Messe pour les paroisses)

Sweelinck
Mein junges Leben hat ein Ende (Peters)

II. Bach
Concerto No. 4 in C (P. VIII, 44; N. XI, 49)

Bach
Nun freut euch, lieben Christen g'mein (P. VII, 36; N. XVIII, 80)

Bach
Prelude and Fugue in A (P. II; N. III)

Bach
Wir glauben all' an einen Gott (Double pedal) (P. VII, 82; N. XIX, 30)

III. Seth Bingham
Rhythmic Trumpet (Galaxy)

Marvin Duchow
Any three from Seven Chorale Preludes in Traditional Style (Berandol)

Graham George
Two Preludes on "The King's Majesty" (H. W. Gray, New York)

Saint-Saëns
Prelude in B (Durand)

SIGHT READING

Test of no greater difficulty than pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

HARPSICHORD

Harpsichord Collegial Equivalent I

(PREREQUISITE: PIANO SECONDARY V)

STUDIES

The following are obligatory:
1. Bach – Two-part Inventions, any three (Peters or Henle)
2. Daquin – L'Hirondelle (FSI, 1.60)
3. Arne – Gigue (FSI, 1.40)

QUESTIONS

Candidates will be questioned on matters of harpsichord touch, phrasing, articulation, ornamentation and registration.

(See "The Harpsichord", E. Harich-Schneider: Bärenreiter)

Candidates will also be questioned on the prepared pieces.

PREPARED PIECES

Candidates must be prepared to play at least one piece from each of the four sections (English, French, German, Italian) of FSI (Ferguson, "Style and Interpretation"; an Anthology of Keyboard Music. Oxford University Press, vols. I and II.)

SIGHT-READING

Appropriately graded test chosen by examiner.

THEORY AND EAR TRAINING

Secondary V.

Harpsichord Collegial Equivalent II

STUDIES

The following are obligatory:
1. Bach – Three-part Inventions (Peters or Henle), any three

2. Daquin – L'Hirondelle (FSI, 1.60)
3. Scarlatti – Sonata in G minor (FSI, II.61)

QUESTIONS

As for Harpsichord Collegial Equivalent I.

PREPARED PIECES

Candidates must be prepared to play one piece from each of the following lists: (FSI, vols. I and II)

I. Byrd
Pavana and Galiardo (Parthenia)

Gibbons
Fantasia of Foure Parts (Parthenia)

Purcell
Prelude in G minor (Suite II)

II. Couperin
La Convalescente (27e Ordre)

Couperin
Les Ondes (5e Ordre)

Rameau
La Triomphante

III. Handel
Allegro in G major (Suite XIV)

Bach
Prelude in A minor (English Suite II)

Bach
Fugue in B minor (Albinoni)

IV. Scarlatti
Sonata in E major

Scarlatti
Sonata in F minor

SIGHT READING

Test of no greater difficulty than pieces of previous grade.

THEORY AND EAR TRAINING

STRINGS

N.B. Letter codes appearing in the course descriptions refer to book authors and titles, and are explained below:

F-E – Fiorillo, Etudes.
K-E – Kayser, Etudes, Op. 20.
Kr-E – Kreutzer, Etudes.
M-TSS – Mazas, Thirty Special Studies, Op. 36.
R-C – Rode, Caprices.
S-VM – Sevcik, Violin Method, Op. 6 – Part II.
S-E – Sitt, Etudes, Op. 32 – Bk. III.
W-E – Wohlfahrt, Exercises, Op. 74.
W-FS – Wohlfahrt, Foundation Studies – Bks. I and II.

VIOLIN

Violin Secondary I

SCALES

G and A major and minor through two octaves. D major and minor, F major through one octave, one note to each bow. (Minor scales in melodic form only.)

STUDIES

S-VM (No. 13); or W-E (No. 2 – with different bowings).

PREPARED PIECES

One selection from the following list of pieces or equivalent: Papini, Theme with Variations, Op. 57; Prachti, Twelve Easy Pieces, Op. 12; Rieding, Prière, Op. 22, No. 4; Old Masters for Young Players, Book I (ed. A. Moffat): any one; Schott's "Selected Series", Book I or III: any one.

SIGHT-READING

Appropriately graded test chosen by the examiner.

Violin Secondary II

SCALES

G, A, and B major and minor through two octaves, four notes to each bow. (Minor scales in melodic form only.)

ARPEGGIOS

G major and minor in first position only through two octaves: (a) one note to the bow; (b) three notes to the bow.

STUDIES

K-E (No. 1 – played with four different bowings); K-E (No. 7).

PREPARED PIECES

One selection from the following list of pieces or equivalent: Portnoff, Concerto Facile, Op. 14; Rieding, Concertino in B minor, Op. 35 (in first position); Seitz, Concertino, Op. 22, No. 5; Hans Sitt, Concertino in First Position, Op. 93 (first or last movement).

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

Violin Secondary III

SCALES

Two octaves of C and B flat major and minor in second position, D major and minor in third and fourth position. Minor scales are to be played in both forms. One note to each bow; three notes slurred to each bow.

ARPEGGIOS

Two octaves in the keys of G and D major and minor: one note to each bow; three notes slurred to each bow.

STUDIES

K-E (Nos. 9 and 12); S-E (No. 42).

PREPARED PIECES

One selection from the following pieces or equivalent: Portnoff, Concerto Op. 13 or 14; Seitz, Concerto No. 2.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary III

Violin Secondary IV

SCALES

Two octaves of E and E flat major and minor (harmonic and melodic), starting in fourth and fifth position. F major and minor (harmonic and melodic), starting in fifth and sixth position. One note to each bow; three notes slurred to each bow.

ARPEGGIOS

Two octaves in keys of E flat, E, and F major and minor.

STUDIES

E-K (Nos. 13 and 16); M-TSS (No. 4).

PREPARED PIECES

One selection from the following list or equivalent:
Pugnani-Moffat, Allegro entusiastico; Vivaldi: Concerto in A-minor (first movement, or second and third movement).

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary IV.

Violin Secondary V

SCALES

G, A, B flat, and B major and their tonic minors (harmonic and melodic) through three octaves. All scales to be played detached and three notes to a bow.

ARPEGGIOS

G, A, B flat, and B major and minor, through three octaves: one note to each bow; three notes slurred to each bow.

STUDIES

K-E (Nos. 21 and 29); M-TSS (No. 7).

PREPARED PIECES

One selection from the following list or equivalent:
Accolay, Concerto in A minor; Seitz, Concerto No. 3, Op. 12 (first movement); Concerto No. 4 (first movement); Sitt, Concertino Op. 31 (first or last movement).

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Violin Collegial Equivalent I

SCALES

All major and minor (harmonic and melodic) scales through three octaves. Slurred and detached bowing.

ARPEGGIOS

In all major and minor keys through three octaves, one note to a bow and slurred (one bow ascending and one descending).

STUDIES

F-E (No. 15); Kr-E (No. 10); M-TSS (No. 18).

PREPARED PIECES

Candidates must play the first piece and any one of the other four in the following list of pieces:
Handel, Six Sonatas (any one); Nardini, Concerto in E minor; Tartini, Sonata in G Minor; Viotti, Concerto No. 23 (first or last movement).

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Violin Collegial Equivalent II

SCALES

All major and minor (harmonic and melodic) through three octaves. Also the chromatic scales of C beginning on the G string, and E beginning on the D string, through two octaves. Slurred and detached bowing.

ARPEGGIOS

In all major and minor keys, as well as dominant and diminished seventh chords through three octaves, one note to a bow, and slurred (one bow ascending and one descending).

STUDIES

One selection from each of the following: F-E; Kr-E; F-C.

PREPARED PIECES

Candidates may play one selection from each of the following groups of pieces or the equivalent:

I. Corelli-Leonard, La Folia; Kreutzer, Concerto No. 19; Rode, Concerto in A minor, Op. 8; Veracini, Sonata in E Minor.

II. Bach, Concerto in E Major; Bach, Sixth Partita in E Major, for violin alone (first movement only).

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

VIOLA

Viola Secondary III

PREREQUISITE: VIOLIN SEC. II

SCALES

C, D, and E major and minor melodic in two octaves, four notes to each bow.

ARPEGGIOS

C major and minor in first position only, through two octaves: (a) one note to each bow; (b) three notes to each bow.

STUDIES

K-E (any one); W-FS1 (any one).

PREPARED PIECES

Rieding, Concertino in B Minor, Op. 35 (viola transcription); or an easy selection from Old Masters For Young Players by Moffat-Palascho.

SIGHT-READING

Appropriately graded test chosen by the examiner.

THEORY AND EAR TRAINING

Secondary III

Viola Secondary IV

SCALES

F and E flat major and minor (harmonic and melodic) in second position, G major and minor (harmonic and melodic) in third and fourth positions, through two octaves: (a) one note to each bow; (b) two notes slurred to each bow.

ARPEGGIOS

C and G major and minor, through two octaves: (a) one note to each bow; (b) three notes slurred to each bow.

STUDIES

One selection from any of the following:
K-E (any one); W-FS2 (any one).

PREPARED PIECE

R. V. Williams, Viola Suite (Carol, Ballade and Musette); or selections from Old Masters For Young Players by Moffat-Palascho.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary IV.

Viola Secondary V

SCALES

C, D, E flat and E major and their tonic minors (harmonic and melodic) through three octaves. To be played detached and three notes to a bow.

ARPEGGIOS

C, D, E flat and E major and their tonic minors through three octaves. To be played detached and three notes to a bow.

STUDIES

K-E (Nos. 21 and 29); M-TSS (No. 7).

PREPARED PIECE

Grazioli, Sonata in F; or M. Marais, Five Old French Dances; or three selections from Album of Classical Pieces, adapted for the viola by Klengel.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Viola Collegial Equivalent I

SCALES

All major and minor (harmonic and melodic) scales through three octaves except A, A flat, B, B flat (major and minor) through two octaves. Slurred and detached bowing.

ARPEGGIOS

All major and minor keys through three octaves, detached and slurred (one bow ascending and one descending).

STUDIES

Three studies, one from each of the following: F-E; K-E; M-TSS.

PREPARED PIECES

Handel, Sonatas (any one of the six); Mozart, Divertimento in C; or Sitt, Concerto Op. 68.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Viola Collegial Equivalent II

SCALES

All major and minor (harmonic and melodic) scales through three octaves except A, A flat, B, B flat (major and minor) through two octaves. Also the chromatic scale of F beginning on C string, and of A beginning on G string, through two octaves. Slurred and detached.

ARPEGGIOS

All major and minor keys, as well as dominant and diminished seventh chords, through three octaves, detached and slurred (one bow ascending and one descending.)

STUDIES

Three studies, one from each of the following: F-E; Kr-E; R-C.

PREPARED PIECES

Ariosti, Sonata No. 2; or Handel, Concerto; Bruch, Romance; or P. Juon, Sonata; or Hindemith, Trauermusik; Milhaud, Sonatas Nos. 1 and 2.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

CELLO

Cello Secondary III

SCALES AND ARPEGGIOS

C, G, D and F major; A and D minor, through two octaves.

STUDIES

L. Feuillard, Studies for the Young Cellist (Nos. 11 and 17); Lee, Forty Studies, Op. 31, No. 4.

PREPARED PIECES

L. Feuillard: Selections for the Young Cellist: any two.

SIGHT-READING

Appropriately graded test chosen by the examiner.

THEORY AND EAR TRAINING

Secondary III.

Cello Secondary IV

SCALES AND ARPEGGIOS

E, A, D, A flat, and B flat major, and C sharp, F sharp, B, F, C, and G minor, through two octaves.

STUDIES

Dotzauer: 113 Studies (Nos. 10 and 33); L. Feuillard: Studies for the Young Cellist (Nos. 35 and 51).

PREPARED PIECES

W. H. Squire: Gavotte Op. 5 (Augener ed. No. 7704 B). Also one additional piece, to be selected by the teacher.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary IV.

Cello Secondary V

SCALES AND ARPEGGIOS

All major and minor, through two octaves: detached; slurred, two notes to a bow, and four notes to a bow.

ARPEGGIOS

All major keys, through two octaves.

STUDIES

Any two studies selected from the following:

Dotzauer: 113 Studies (any two advanced studies); Merk: Studies (Nos. 1 and 2); Duport: Exercises (No. 9); or Whitehouse: Progressive Studies for the violincello (nos. 19, 20, 22, 24, 25, and 27.).

PREPARED PIECES

Breval: Sonata in C major. Also one additional piece, to be selected by the teacher.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Cello Collegial Equivalent I

SCALES

All major and minor melodic through three octaves: detached; slurred, two, four, or eight notes to a bow.

ARPEGGIOS

All major and minor keys, through three octaves.

STUDIES

Duport: Any two.

PREPARED PIECES

J. S. Bach: Unaccompanied Suite No. 1: any one movement; or Goltermann: Concerto in B minor (first movement); and Eccles: Sonata in G minor.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Cello Collegial Equivalent II

SCALES

All major and minor melodic scales through three octaves. Chromatic scale of F beginning on the C string, and of C beginning on the G string, through two octaves. Slurred and detached bowing.

ARPEGGIOS

All major and minor, through three octaves.

STUDIES

Any two studies selected from the following: J.L. Duport, Study No. 7 or Caprice; Franchomme, Studies (any one); or Grutzmacher, Studies (any one).

PREPARED PIECES

Bach, Suites (two movements from any one); Saint-Saëns, Concerto in A Minor (first movement).

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

DOUBLE BASS

Double Bass Secondary IV

SCALES AND ARPEGGIOS

Major: C, D flat, D, E flat,G,A flat B flat, B: through two octaves. Minor: B, F, E, G, A, B: through one octave. Bowing patterns: slurring 2, 3, and 4 to a bow, after playing the scale in a full, sustained tone, one note to a bow. Also simple rhythmic patterns.

STUDIES

Simandl I: up to the fourth position.

PREPARED PIECES

One movement from a sonata, or any one selection from Old Masters For Young Players (Cello), ed. Moffat.

SIGHT-READING

Appropriately graded test chosen by the examiner.

THEORY AND EAR TRAINING

Secondary IV.

Double Bass Secondary V

SCALES

All major and minor, through two octaves. Bowing patterns: slurring up to five notes to a bow. Spiccato.

ARPEGGIOS

All major and minor: three slurred in a bow.

STUDIES

Completion of exercise portion of Simandl I, up to thumb position. Selections from Kreutzer, Moeckel, Storch-Hrabe.

PREPARED PIECES

Three movements from a sonata chosen by the instructor.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Double Bass Collegial Equivalent I

SCALES

Same as Secondary V. Slurring up to eight notes to a bow.

ARPEGGIOS

Same as Secondary V. Four slurred in a bow.

STUDIES

Selections from Simandl II, Storch-Hrabe, Moeckel, Kreutzer. Selected orchestral passages.

PREPARED PIECES

Selected movements from Bach's Suites. A full sonata chosen by the instructor. Beethoven: 5th symphony – Scherzo; 9th symphony – Recitative and Ode to Joy.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Double Bass Collegial Equivalent II

SCALES AND ARPEGGIOS

Same as Coll. Eq. I, incorporating bowings from Moeckel's Studies

STUDIES

Nanny, Kreutzer, Storch-Hrabe (Vols. I et II). Orchestral passages – Mozart: Symphonies Nos. 40 and 41.

PREPARED PIECES

Dragonetti: Concerto.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

WOODWINDS

FLUTE

Flute Secondary III

Production of tone, low C to high E; Altès, Flute Method, Vol. 1; major scales to two sharps and two flats; easy pieces.

SIGHT-READING

Appropriately graded test chosen by examiner.

THEORY AND EAR TRAINING

Secondary III.

Flute Secondary IV

Major and minor scales and arpeggios to two sharps and two flats; Altès, Flute Method, Vol. I; Gariboldi, Etudes Mignonnes; one duet by Telemann.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grades.

THEORY AND EAR TRAINING

Secondary IV.

Flute Secondary V

Scales, arpeggios, and scales in thirds, to four sharps and four flats: Altès, Flute Method, Vol. II Koehler, Etudes, Op. 33, No. 1; Gariboldi, Melodious and Progressive Studies; one sonata by Purcell, Pepusch or Vivaldi.

SIGHT-READING

Test of not greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Flute Collegial Equivalent I

Scales and arpeggios in all major and minor keys; Altès, Flute Method, Vol. II; Anderson, 18 Studies, Op. 41; Berbiguier, 18 Etudes; Sonatas by Handel and Telemann.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade:

THEORY AND EAR TRAINING

Secondary V.

Flute Collegial Equivalent II

Moyse, Gammes et Arpèges; Andersen, 24 Studies, Op. 21; Koehler, 12 Studies, Op. 33, Book II; one concerto by Telemann, Quantz or Haydn.

SIGHT-READING

Test of not greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

RECORDER

Recorder Secondary III

Duschenes, Method for the Recorder, Part 1 (BMI Canada); scales in C, G, D, and F major; Duschenes, Studies in Recorder Playing two easy duets and pieces with piano.

SIGHT-READING

Appropriately graded test chosen by examiner.

THEORY AND EAR TRAINING

Secondary III.

Recorder Secondary IV

Major and minor scales and arpeggios to two sharps and two flats; Duschenes, Method for the Recorder, Part I and beginning of Part II. Easy sonatas and duets by 17th and 18th century masters; Duschenes, Studies in Recorder Playing; any two.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary IV.

Recorder Secondary V

Scales and arpeggios to four sharps and four flats; Duschenes, Method for the Recorder, Part II; Fifteen

Solos by Anonymous Masters of the Eighteen Century (Schott); Duschenes, Studies in Recorder Playing; Telemann, Duets; Sonatas by Handel, Loeillet, Vivaldi, Purcell

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Recorder Collegial Equivalent I

Duschenes, Studies in Recorder Playing; Moenkemeyer, Hohe Schule (Moeck); Hoeffer-Winterfield, 40 Studies (Sikorski); Telemann, Sonatas; Bach, Brandenburg Concerto No. 4; Telemann, Suite in A minor; Telemann, Concerto in G minor; obligato parts to Bach arias; Graupner, Concerto; Tate, Spielstueck (Baerenreiter); Hoeffer-Winterfeld, 12 Etuden fuer Altfloete; ability to play soprano, alto, tenor, bass recorders. Duschenes, Method, Part II.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Recorder Collegial Equivalent II

Moenkemeyer, Hohe Schule; Berkeley, Sonatina; Genzmer, Sonata; Bach, Brandenburg Concerto No. 2; Sammartini, Concerto in F; Telemann, Concerti in C and F major; Albinoni, Concerto in G; Naudot, Concerto in G; ability to play in C clef third line.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

OBOE

Oboe Secondary IV

Posture. Proper hand position. Proper blowing. Correct reed position. Tonguing. Long tones. Ear training on the oboe (Scalework).

SIGHT-READING

Appropriately graded test chosen by examiner.

THEORY AND EAR TRAINING

Secondary IV.

Oboe Secondary V

Scalework. Long tones. Learning about reeds. Sellner, Etudes Progressives (interval section only). Barret, 42 Progressive Melodies. Appropriate solo repertoire.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Oboe Collegial Equivalent I

Long tones. All scales, slow and fast. Reedwork. Ferling 48 Famous Studies. Solo repetoire.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grades.

THEORY AND EAR TRAINING

Secondary V.

Oboe Collegial Equivalent II

Long tones. All scales, slow and fast. Reedwork. Barret, 16 Grandes Etudes and 4 Sonatas. Solo repertoire. Beginning of orchestral repertoire.

SIGHT-READING

Test of no greater difficulty than prepared pieces of previous grade.

THEORY AND EAR TRAINING

Secondary V.

CLARINET

Clarinet Secondary III

Position of lips and fingers; tone production. Scales and arpeggios in C, F, and G major through two octaves (legato).

STUDIES

"Le Débutant Clarinettiste", by A Perrier (any one); and appropriate studies from "The Clarinet" by Thurston and Frank (Boosey & Hawkes).

SIGHT-READING

Appropriately graded test chosen by examiner.

THEORY AND EAR TRAINING

Secondary III.

Clarinet Secondary IV

Scales and arpeggios in B flat, D and A major, A, D, and E minor (harmonic), through two octaves; chromatic scale on E through three octaves, legato.

STUDIES

Perrier, Études Faciles et Progressives; and appropriate studies from "The Clarinet" by Thurston and Frank (Boosey & Hawkes).

PREPARED PIECES

Slow movement from one of the clarinet concerti of Karl Stamitz.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary IV.

Clarinet Secondary V

Scales and arpeggios in E flat, A flat and E major, G, F, and F sharp harmonic minor, through two octaves, legato, and in the pattern of two legato, two staccato. Also scales in thirds.

STUDIES

Selections from: Rose, Twenty-Six Studies; Rose, Thirty-two Studies; Blancou, Forty Studies; and appropriate studies from "The Clarinet" by Thurston and Frank (Boosey & Hawkes).

PREPARED PIECES

First movement of one of the clarinet concerti of Karl Stamitz.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Clarinet Collegial Equivalent I

Scales and arpeggios in B major and C sharp minor through two and a half octaves; in fourths in F major and A minor. Whole-tone scales to be played legato and staccato throughout clarinet range.

STUDIES

Labanchi, Method.

PREPARED PIECES

Mozart: Slow movement from Concerto in A major, K. 622; Weber: Slow movement from Concertos No. 1 or 2; Weber: Slow movement from Duo Concertante, Opus 48.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Clarinet Collegial Equivalent II

Scales and arpeggios in F sharp major and D sharp minor; in fifths in A major and G minor; in thirds on whole-tone scales through two octaves.

STUDIES

A. Perrier, Études de Genre et d'Interprétation; Labanchi, Studies.

PREPARED PIECES

Weber, Concertino; Dunhill, Phantasy.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

SAXOPHONE

Saxophone Secondary III

Embouchure formation, tone production; attack. Chromatic scale, throughout complete range of instrument; major scales in C, G, D, F, and B flat. Studies from Paul DeVille, The Universal Method for Saxophone; Ben Verecken, The Elementary Method of Saxophone.

SIGHT-READING

Appropriately graded test chosen by examiner.

THEORY AND EAR TRAINING

Secondary III.

Saxophone Secondary IV

Vibrato studies; elementary staccato studies. Scales in C, G, D, A, E, F, B flat, E flat, and A flat major; A, E, D, G, and C harmonic minor. – Intermediate studies from the books mentioned in Secondary III.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary IV.

Saxophone Secondary V

All major and harmonic minor scales. Advanced studies from the books mentioned in Secondary III.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Saxophone Collegial Equivalent I

Major and minor scales and arpeggios. Chromatic scales. Klose, Etudes; Ben Verecken, Studies, Book I; Labanchi-lasilli, Book I.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Saxophone Collegial Equivalent II

Labanchi-lasilli, Books I and II; Mule-Soussman, Volume I. Advanced studies on chromatics. Transposition. Solos of intermediate difficulty.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

BASSOON

Bassoon Secondary IV

Embouchure formation. Action of tongue and lips. Practice of attacks, long tones, fingering, scales.

SIGHT-READING

Appropriately graded test chosen by examiner.

THEORY AND EAR TRAINING

Secondary IV.

Bassoon Secondary V

Extension of range. Scale studies. Exercises on articulations. Weissenborn, Studies, Books I and II.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Bassoon Collegial Equivalent I

Tenor clefs. Major and minor scales. Weissenborn, Milde, Scale studies.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Bassoon Collegial Equivalent II

Legato and staccato. Eugène Jancourt, Grande Étude pour Basson, Op. 55; L. Milde, Twenty-Four Studies in All Keys, Op. 24.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

BRASS INSTRUMENTS

TRUMPET

Trumpet Secondary IV

Formation of basic embouchure and breathing procedures; emphasis on mouthpiece placement, basic tongue placement, posture. Chromatic scale through one and one-half octaves; major scales in three keys. Elementary beat studies. One solo piece, chosen by the instructor.

SIGHT-READING

Appropriately graded test chosen by examiner.

THEORY AND EAR TRAINING

Secondary IV.

Trumpet Secondary V

Development of basic embouchure; emphasis on breath placement, posture, attack and release. Major scales in five keys through one octave. Elementary subdivision studies. One solo piece, chosen by the instructor.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Trumpet Collegial Equivalent I

Continuing development of basic embouchure through two octaves; emphasis on tone production, sustained tones, staccato and legato. Major and relative minor scales and tonic arpeggios in three sharps and flats through one and one-half octaves. Rhythmic studies. Reading band and orchestral materials. One solo piece, with accompaniment, chosen by the instructor.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Trumpet Collegial Equivalent II

Emphasis on tone production, breath support, embouchure development; all elementary articulations; attack, release, staccato, legato; intervals. Major and relative minor scales and tonic arpeggios in five sharps and flats through one and one-half octaves; chromatic scale through two octaves. Reading band and orchestral materials.

STUDIES

Two from: Schantl, Studies; Pares, Scale Studies; Arban, Method; Hering, 40 Progressive Studies; Endresen, Supplementary Studies; or equivalent.

PREPARED PIECE

One from Balay, Petite Piece Concertante, or equivalent.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

HORN

Horn Secondary IV

Formation of basic embouchure; emphasis on mouthpiece placement, posture. Chromatic scale through one octave; major scales in three keys. Elementary beat studies.

SIGHT-READING

Appropriately graded test chosen by examiner.

THEORY AND EAR TRAINING

Secondary IV.

Horn Secondary V

Formation of basic embouchure; emphasis on breath placement, posture, attack and release. Major scales in five keys through one octave. Elementary subdivision studies. One solo piece, chosen by the instructor.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Horn Collegial Equivalent I

Development of basic embouchure; emphasis on tone production, sustained tones, staccato and legato. Major and relative minor scales and tonic arpeggios in three sharps and flats through one and one-half octaves. Rhythmic studies. Reading band and orchestral materials. One solo piece with accompaniment, chosen by the instructor.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Horn Collegial Equivalent II

Emphasis on tone production, breath support, embouchure development; all elementary articulations; attack, release, staccato, legato; intervals. Major and relative minor scales and tonic arpeggios in five sharps and flats through one and one-half octaves; chromatic scale through two octaves. Reading band and orchestral materials.

STUDIES

Two from Schantl, Studies; Pares, Scale Studies; Alfonse, Book I; Horner, Primary Studies; Endresen, Supplementary Studies; or equivalent.

PREPARED PIECE

One from Mozart, Concert Rondo, or equivalent.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

TROMBONE

Trombone Secondary IV

Formation of basic embouchure; emphasis on mouthpiece placement, posture. Chromatic scale through one octave; major scales in three keys. Elementary beat studies.

SIGHT-READING

Appropriately graded test chosen by examiner.

THEORY AND EAR TRAINING

Secondary IV.

Trombone Secondary V

Formation of basic embouchure; emphasis on breath placement, posture, attack and release. Major scales in five keys through one octave. Elementary subdivision studies. One solo piece, chosen by the instructor.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Trombone Collegial Equivalent I

Development of basic embouchure; emphasis on tone production, sustained tones, staccato and legato. Major and relative minor scales and tonic arpeggios in three sharps and flats through one and one-half octaves. Rhythmic studies. Reading band and orchestral materials. One solo piece with accompaniment, chosen by the instructor.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Trombone Collegial Equivalent II

Emphasis on tone production, breath support, embouchure development; all elementary articulations: attack, release, legato, staccato, intervals. Major and relative minor scales and tonic arpeggios in five sharps and flats through one and one-half octaves; chromatic scale through two octaves. Reading band and orchestral materials.

STUDIES

Two from Schantl, Studies; Pares, Scale Studies; Slama, 66 Etudes; Arban, Method; Endresen, Supplementary Studies; or equivalent.

PREPARED PIECE

One from Croce-Spinelli, Solo de Concours, or equivalent.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

TUBA

Tuba Secondary IV

Formation of basic embouchure; emphasis on mouthpiece placement, posture. Chromatic scale through one octave; major scales in three keys. Elementary beat studies.

SIGHT-READING

Appropriately graded test chosen by examiner.

THEORY AND EAR TRAINING

Secondary IV.

Tuba Secondary V

Formation of basic embouchure; emphasis on breath placement, posture, attack and release. Major scales in five keys through one octave. Elementary subdivision studies. One solo piece, to be chosen by the instructor.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Tuba Collegial Equivalent I

Development of basic embouchure; emphasis on tone production, sustained tones, staccato and legato. Major and relative minor scales and tonic arpeggios in three sharps and flats through one and one-half octaves. Rhythmic studies. Reading band and orchestral materials. One solo piece with accompaniment, chosen by the instructor.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

Tuba Collegial Equivalent II

Emphasis on tone production, breath support, embouchure development; all elementary articulations: attack, release, staccato, legato; intervals. Major and relative minor scales and tonic arpeggios in five sharps and flats through one and one-half octaves; chromatic scale through two octaves. Reading band and orchestral materials.

STUDIES

Two from Schantl, Studies; Pares, Scale Studies; Eby, Book I; Arban, Method; Endresen, Supplementary Studies; or equivalent.

PREPARED PIECE

One from Cohen, Romance and Scherzo, or equivalent.

SIGHT-READING

Test of no greater difficulty than prepared work of previous grade.

THEORY AND EAR TRAINING

Secondary V.

OTHER INSTRUMENTS

PERCUSSION

Percussion Secondary IV

Hand position on snare drum (traditional or match grip) from Jacques Delécluse: Méthode de Caisse-claire. Concentration on rhythm with metronome.

THEORY AND EAR TRAINING

Secondary IV.

Percussion Secondary V

Exercises for alternation from Jacques Delécluse: Méthode de Caisse-claire. Tympani roll from Pierre Béluse: Basic Tympani Technique.

THEORY AND EAR TRAINING

Secondary V.

Percussion Collegial Equivalent I

The roll and its explanation from Jacques Delécluse: Méthode de Caisse-claire. Exercises on tympani tuning from Pierre Béluse: Basic Tympani Technique.

SCALES

All major scales on keyboard instruments.

THEORY AND EAR TRAINING

Secondary V.

Percussion Collegial Equivalent II

The rebound and its control from Jacques Delécluse: Méthode de Caisse-claire. Tympani studies from Jacques Delécluse: Trente (30) Etudes. Book I.

SCALES

All minor scales (harmonic and melodic) on keyboard instruments.

THEORY AND EAR TRAINING

Secondary V.

Guitar Secondary II

BASIC TECHNIQUE

Vol. II of Pujol (Part I)

SCALES

Pujol, pp. 57-60, all major and minor keys (1st position)

ARPEGGIOS

Pujol (Method), No. 32

STUDIES

Pujol (Method), Nos. 25, 27

PREPARED PIECES

1. Classical Guitar (Noad) pp. 14, 17, 24-27 (any one)
2. 2e. Triquilandia (Pujol) Nos. 1, 2 and 3 (ME 7237)
3. Renaissance Guitar (Noad) pp. 22-35 (any one) or one piece from Scheit, nos. 1-5 (UE 13973)

SIGHT-READING

To be chosen by examiner.

Guitar Secondary III

BASIC TECHNIQUE

Vol. II of Pujol (Part II to page 89)

SCALES

Pujol (Method), Nos. 64, 65, Major and minor scales in all positions.

ARPEGGIOS

Pujol (Method), No. 84

STUDIES

Pujol (Method), No. 7, p.123 Leo Brouwer, Easy Studies Vol. I (ME 7997) Nos. 3, 4, or 5 (any one)

PREPARED PIECES

1. Classical Guitar (Noad), Carulli Rondo p.19
2. 2e. Triquilandia, Nos. 3, 4, and 5
3. Renaissance Guitar (Noad), pp.36-48 (any one) or Scheit, nos. 6, 8, or 12 (any one)
4. Tarrega (Scheit), Preludes 1-3 and 5-8 (any one) UE 13408

SIGHT-READING

To be chosen by examiner.

THEORY AND EAR TRAINING

Secondary III.

Guitar Secondary IV

BASIC TECHNIQUE

Vol. II of Pujol (Complete)

SCALES

Major and minor scales to 4 sharps and flats; all right-hand fingerings; quarter and eighth notes and eighth triplets; quarter note to MM 92; from Segovia.

ARPEGGIOS

Pujol, p.90

STUDIES

Carcassi, Nos. 1-8 (GA 2 or 43) any one,
OR
SOR. pp.61-72 (Classical Guitar, Noad) any one.
Pujol, Study No. 8, p.124
Leo Brouwer, Easy Studies Vol. II (ME 7998), Nos. 6, 7, or 8 (any one)

PREPARED PIECES

1. Renaissance Guitar (Noad) pp.50-87 OR Scheit No. 9 (any one)
2. Classical Guitar (Noad) p.32, Rondo from Sonatina (Giuliani)
3. One Baroque piece from the following:
   Minuet and Aria (both), Gigue,
   Bourée I & II (both), from Baroque
   Dances (UE 13069).
   Partita in A Minor, Logy (UE 12102)
   Partita in C Minor, Logy (UE 14454) (any two)
4. Tarrega – Preludes (Scheit) Nos. 4, 9, or 11 (any one)
5. Easy Modern Guitar Music (Oxford) Nos. 1-6 (any one, note: No. 2 has two pieces)

SIGHT-READING

One complete piece of Secondary III difficulty.

THEORY AND EAR TRAINING

Secondary IV

Guitar Secondary V

BASIC TECHNIQUE

At this level, the student should review Vol. II of Pujol and/or begin Vol. III (According to his technical ability).

SCALES

All major and minor scales (Segovia) All fingerings; quarter notes, eighths, triplet eighths and sixteenths; quarter note to MM 2.

ARPEGGIOS

Classical Guitar (Noad)
Guiliani (Study) p. 75

STUDIES

Carcassi, Nos. 9-19 (any one)
Sor, Nos. 1-9 or 13, (Marks)
Brouwer, No. 1, Vol. I; Nos. 9 or 10, Vol. II (any one)

PREPARED PIECES

1. One from the following:
   Renaissance Guitar (Noad) p.90
   Robinson, Allemande or Galliard (UE 12713)
   Both Nos. 4 and 5 or 6 from Six
   Lute Pieces by Anon. (CO 142)
   Nos. 11 or 14 from Scheit (UE 13973)
2. Two pieces from any of the suites by deVisée, Corbetta or Roncalli listed in Collegial I (except an Allemande)
3. Tarrega – Preludes 12-14 (any one)
   Scheit or Adelita (any edition)
4. One of the following:
   Prelude from Suite Venezolana, Lauro
   Prelude from Suite for Guitar, Harris (CO 196)
   Easy Modern Guitar Music, Nos. 6-10 (Oxford)

SIGHT-READING

One piece of Secondary IV difficulty.

THEORY AND EAR TRAINING

Secondary V

Guitar Collegial Equivalent I

BASIC TECHNIQUE

Vol. III of Pujol, Intervals: Guiliani (GA 30)

SCALES

All major and minor scales (Segovia) repeated notes and dotted notes, quarter note to MM 92.

ARPEGGIOS

One suitable study from Aguado (GA 62), Nos. 15-19; or Classical Guitar (Noad), p. 86 or 88. The pupil should study the arpeggios in Guiliani (GA 30)

STUDIES

Carcassi, Nos. 20-25, any one, (GA 2 or 43) Sor, Nos. 10-12, any one, (Marks) Dodgson and Quine, Book I, No. 1, (RIC-LD 554)

PREPARED PIECES

1. One Renaissance piece from the following:
   Renaissance Guitar (Noad) Narvaez: Guardame, Las Vacas; Dowland: Melancholy Galliard Anthology of Music (Pujol, GA 176) Milano: Fantasias; Mudarra: Conde Claros; Narvaez: 4 Pieces.
2. One Baroque piece from the following:
   Bach: One movement from the 4 Lute Suite Suites or Prelude in D Minor.
   Sanz: Pavana or Folias (NY 2402)
   deVisée: Allemande of any suite (UE)
   Corbetta: Allemande of Suite in A or G (RIC-LD 531)
   Roncalli: Allemande of any suite (FH)
3. One piece by Sor from the following
   Minuet, No. 1, 3, 12, 13, 17, 18 or 20 (GA 15)
   Andantino, Op. 2, No. 3 (BA 12047) Minuet, Renaissance Guitar, p. 95
4. Tarrega: Any one piece except Adelita and Lagrima (BA 11248) 12 Compositions (Savio)
5. One Modern piece from the following:
   Villa-Lobos, Prelude 3 or 4
   Albert Harris, 5 or 6 from Suite for Guitar (CO 196)
   Duarte, 3 Modern Miniatures, English Suite
   Tansman: Canzonetta, Alla Polacca or Berceuse d'Orient (ME 7174-5-6)

SIGHT-READING

One piece of Secondary V difficulty.

THEORY AND EAR TRAINING

Secondary V

Guitar Collegial Equivalent II

BASIC TECHNIQUE

Vol. III of Pujol

SCALES

All major and minor scales (Segovia) Different rhythms, repeated notes, articulations and dynamics; All fingerings; Student should work on acquiring rapidity.

ARPEGGIOS

Villa-Lobos, Study No. 1

INTERVALS

Giuliani (GA 30), students should practise these with rhythmic variants: e.g. repeated notes, repeated bass or treble, etc.

STUDIES

Sor, Nos. 14-20, any one (Marks) Dodgson & Quine, Vol. I (any one except No. I)

PREPARED PIECES

One complete Suite, Sonatina, Set of Variations or Divertimenti from List A and six pieces of contrasting styles from List B.

List A
UE Suite by deVisée, A Minor, (Schott 10540)
Suite by Corbetta (Ricordi LD531)
Sonata by Sor, Op. 15, No. 2, Savio 19 Compositions (Ricordi BA 11618)
1st, 2nd or 3rd sets of Divertimenti by Sor (Oxford)
9 Suites for Guitar by Roncalli – T4068 (F. Hofmeister)
Suite for Guitar, Albert Harris (CO 196)
Suite in A by Hinterleithner (Aspiazu) (UME 19876)
4 Suites, Gaultier (FH 3001)
5 Pieces for Guitar, Hans Eklund (R&R)
Suite No. 3 for Guitar, Ulf Ashlund (R&R)

List B
Renaissance Guitar (Noad) Dowland: Queen Elizabeth's Galliard, Lady Hunsdons Alman; Cutting: Alman; Rosseter: Mrs. Taylor's Galliard; Mudarra: Fantasia
Individual movements from the 4 lute suites by Bach.
Tarrega– 12 compositions (Savio) (Ricordi BA 11248) Any piece except Adelita and Lagrima.
Villa-Lobos, Preludes 1, 2, 5 (ME) Choros (CO 150)
Tansman, Sarabande or Barcarolle from Cavatina (GA 165)
Modern Guitar Music (Quine) (Oxford) Note: This is not the same volume as Easy Modern Guitar listed in Secondary V. Ponce, Nos. 1 or 2 of 3 Popular Songs (GA 111)

Secondary V.

SUZUKI VIOLIN INSTRUCTION

Taught by Dr. Alfred Garson and Assistants.

Dr. Schinichi Suzuki is the Japanese originator of this method which is also known as Talent Education.

The program is open to pupils between the ages of 5 and 16. The age limit may however be waived for entering pupils with previous Suzuki instruction.

Classes are held once a week for a period of one hour. Although the pupils are taught in groups, each pupil receives individual attention. One parent, particularly those with young children, is expected to attend his child's weekly lesson. The parent will be given sufficient instruction in order to act as auxiliary teacher at home.

The Suzuki Violin School consists of ten books, through which the pupils progress at their individual rates of learning.

All the pupils are expected to take part in the group practices and public concerts.

Fee for 28 1-hour classes: $175.00.

LOCAL CENTRES OF THE McGILL PREPARATORY SCHOOL OF MUSIC IN QUEBEC

The following places have been adopted as centres for public examinations; others will be added as necessity requires, but in all cases the establishment of a centre depends upon a sufficient number of candidates applying. All Grade Certificate examinations are held at these centres:

Arvida
Hon. Secretary
Mrs. Jeannine P. Partous,
312 Dickie St.,
Arvida, Que. G7S 2L5

Howick
Hon. Secretary
Mrs. Ainsworth Johnstone,
1 Lafond Street,
Howick, Que. JOS 1G0

Shawville
Hon. Secretary
Mrs. Evelyn M. McDowell,
Box 449,
Shawville, Que. J0X 2Y0

Sept-Iles
Hon. Secretary
Mme Lucien Morin,
839 Bourgeois St.,
Sept-Iles, Que. G4R 1N9

Shawinigan
Hon. Secretary
Mlle Marie-Paule Préfontaine
228 Fourth Street,
Shawinigan, Que. G9N 1G5

Sherbrooke
Hon. Secretary
Mr. Bruce Patton
R.R.1
Compton, Quebec

2 GENERAL INFORMATION

2.1 THE SCHOOL

Since its beginning in 1920, the School of Nursing has grown in its continued effort to educate nurses who will improve the quality of nursing, in whatever area they may practise. With the growing complexity of medical care, and the rapid growth of scientific knowledge, the nursing profession needs educated, thoughtful practitioners who can assess nursing problems and develop new ways of solving them.

The School has two programs:

(1) A baccalaureate program for holders of a collegial diploma in Health Sciences or Nursing (or their equivalent) or those with a hospital school diploma.
(2) A program leading to a Master of Science (Applied) degree for nurses holding a baccalaureate degree and for non-nurses holding a baccalaureate degree comparable to a B.Sc. or B.A. program offered at McGill.

The School is administered in the Faculty of Medicine and is located in Wilson Hall, which houses classrooms, faculty offices, a professional library, and lounges. Students registered in the School also take courses in other Faculties within the University. Selected field experience in nursing is provided in the McGill Teaching Hospitals, and in a wide variety of health and social agencies in Montreal. Specific programs of study are outlined in the relevant section of this Announcement.

2.2 HEALTH REQUIREMENTS AND SERVICES

All new B.Sc. (N.) and non-nurse students in the qualifying year of the M.Sc. (A.) program must have proof of a valid smallpox vaccination and inoculations for tetanus, poliomyelitis, typhoid, paratyphoid and diphtheria. Arrangements will be made after registration for chest x-rays and tuberculosis sensitivity testing.

Health Service is provided for all students during the school session.

COMPULSORY HEALTH INSURANCE FOR NON-CANADIAN STUDENTS

All full-time foreign students (including landed immigrants during their first year at McGill) must take out a Health insurance policy, which is available on a group basis. In general, the policy provides for payments towards hospital, surgical, medical, diagnostic and other medical expenses.

2.3 LANGUAGE REQUIREMENT FOR PROFESSIONS

Quebec law now requires that candidates seeking admission to provincially-recognized professional corporations* must possess a working knowledge of the French language, i.e. be able to communicate verbally and in writing in that language.

To demonstrate this capability, a candidate will normally be required to pass an examination set by the Régie de la langue française, unless he or she can show that three years of instruction in a French post-primary school have been completed. The professional corporation will require this proof of attendance or of successful completion of the Régie examination.

This examination shall test the candidate's mastery of oral and written comprehension and expression in French. The contents may vary in accordance with the current terminological requirements of the profession or professional group. Examinations will take place four times a year, and they may be attempted an unlimited number of times.

In special cases where the candidate can clearly demonstrate to the Régie by means of an interview that a true mastery of French exists, the examination requirement may be waived.

Information on the testing program of the Régie may be obtained by writing to: Régie de la langue française, 800, Place Victoria, 16 étage, Montréal, PQ, H4Z 1G8, Telephone 873-6571.

Students who need to acquire a functional level of proficiency in French may register in courses at either the French Language Centre, 3438 McTavish Street, Telephone 392-5727, for courses during the day, or at the Centre for Continuing Education, 772 Sherbrooke Street West, Telephone 392-4901, for courses in the evening.

Students already proficient in French but who wish to keep up practice may register in courses at

the Department of French Language and Literature, 3460 McTavish Street, Telephone 392-4577, or at the Centre d'études canadiennes-françaises, 3475 Peel Street.

* McGill degrees and diplomas currently give access to corporations regulating the activities of the following professional groups:

Advocates
Agrologist
Architects
Chartered Accountants
Chartered Administrators
Chartered Appraisers
Chemists
Dentists
Dietitians
Engineers
Industrial Administration Accountants
Industrial Relations Counsellors
Licensed General Accountants
Notaries
Nurses
Occupational Therapists
Physicians
Physiotherapists
Psychologists
Social Workers
Speech Therapists & Audiologists
Urbanists
Vocational Guidance Counsellors

2.4 FEES

REGULATIONS FOR PAYMENT OF FEES

New Students

Students entering the University for the first time and those returning in Graduate Studies are required to pay their fees by mail or in person at the Accounting Office within 10 days after registration. For students registering in September the second instalment is due by January 15, 1978.

A late payment fee of $10.00 for the first 30 days, $25.00 thereafter, is charged for payment after the specified dates.

Returning Students

Returning students from the previous year (except in Graduate Studies) must pay one half of the total required fee by mail or in person to the Accounting Office before August 19, 1977, otherwise they will not be permitted to register. Instructions for paying fees in advance will be mailed to all returning students, either with their Sessional Reports of Standing or a short time later. Students who have been notified by the University of the award of a scholarship, bursary or student loan, and who require this award for payment of the first instalment of fees, must obtain permission to delay payment of fees from the Student Aid Office.

The second instalment is due by January 15, 1978. A late payment fee of $10.00 for the first 30 days; $25.00 thereafter is charged for payment after the specified dates:

LATE REGISTRATION

Except in circumstances relating to admission procedure, and with the approval of the program coordinator, late registration is not permitted in the School of Nursing. When students do register late, they must pay their fees at the time of registration, failing which they become subject to the late payment fee and the provisions of the following paragraph:

As soon as possible after the prescribed dates for the payment of fees the Chief Accountant will send to the Registrar's Office a list of the registered students who have not paid their fees. Reports of Standing, transcripts of records and diplomas will be withheld until such time as the fees are paid or a satisfactory arrangement is made with the Chief Accountant.

Further information concerning fees is contained in the *General Announcement* available from the Registrar's Office.

HOUSING AND RESIDENCE FACILITIES

Operating year-round, the Off-Campus Housing Service, 3465 Peel Street (392-4554), offers assistance to those seeking lodging. Early application is recommended. For an unfurnished bachelor apartment expect to pay between $140.00 – $200.00 monthly.

There is limited room space available in university residences; again the earliest application possible is recommended. Further information is contained in the Residential Facilities section of the *General Announcement* which is available from the Registrar's Office.

EXPENSES

Bachelor of Science in Nursing tuition and student fees (based on $19.00 per credit):

Tuition fees – Sept. – April	$418
Tuition fees – May – June (certified cheque)	$152
Student Services & Societies fees	approx. $152
Room & Board (Sept. – June)	$2,125-$2,375
Transportation (3rd year)	$100

Master of Science (Applied) Program:

	Tuition	Student Services and Societies fees
Qualifying year	$570	approx. $100
1st year	$570	approx. $100
2nd year	$285	approx. $ 70

Other costs

Room & Board	$2,000-$2,500 per year
Books	$200-$250 per year
Miscellaneous, including typing	$150 per year

2.5 SCHOLARSHIPS, BURSARIES AND PRIZES

There are a number of entrance scholarships open to students from all parts of Canada registering in the University. Information may be obtained from the Admissions Office. Additional information is available in the *Undergraduate Scholarships and Awards Announcement* which can be obtained from the Registrar's Office.

For students at the graduate level, please see the Faculty of Graduate Studies and Research Announcement and the Postgraduate Fellowships, Bursaries and Prizes Announcement for information applicable to candidates accepted into the Master's program. Both booklets may be obtained from the Faculty of Graduate Studies and Research, 3rd floor, Dawson Hall, 853 Sherbrooke West, Montreal H3A 2T6. Candidates are advised to begin applications early for such awards in order for the process to be completed prior to entrance into the program. Further assistance may be obtained by contacting the School of Nursing, Master's Program Office.

2.6 STUDENT SERVICES

Information concerning the various student services available is contained in the *General Announcement* which may be obtained from the Registrar's Office.

2.7 UNIFORMS

Basic baccalaureate students are required to supply themselves with a uniform obtained through the School. A plain dark coat is required for community nursing.

2.8 REGISTRATION

Registration for *all* B.Sc. (N.) students will be held on Wednesday, September 7; those whose last names begin A-K report 9 A.M. – noon, L-Z 1 P.M. – 4 P.M. Students must first report to the School on that date for preliminary registration following which their registrations will be completed in the Sir Arthur Currie Memorial Gymnasium.

N.B. Registration information for students in the Master's Program will be provided by the School directly to the applicant.

2.9 EXAMINATIONS

Final examinations are generally held for first-term half courses in January, and for full courses and second-term half courses in April and May. Midterm examinations for full courses may be held in December depending upon the instructor.

Letter grades are used as follows: A, B, C, D, F. For students in the B.Sc.(N.) program, the pass grade is a C. In the Master's program the pass grade is a B, except for Nursing courses which are graded on a pass-fail basis.

A student who has failed in a final examination and has been given permission by the Director of the School to write a supplemental examination must write this supplemental during the following August. Written application must be made before August 1. A fee of $10.00 for each supplemental paper is payable to the Cashier as soon as the application has been approved. A student who wishes to write a supplemental examination outside McGill must make application to the Director to do so before July 15. There is an additional fee of $10.00 for establishing such an outside centre.

3 BACHELOR OF SCIENCE IN NURSING PROGRAM

3.1 PROGRAM

The curriculum extends over three years with general and professional courses in each year. There is a nursing course in May and June of the first two years. Experience will be concentrated in the community health centres, and experience in hospitals and other agencies will be closely linked to the home and community.

Each nursing course listed as required for a program serves as a prerequisite for the following one. The student must successfully complete each course before proceeding. Each course is assigned a credit rating reflecting the amount of effort it demands of the student.

3.2 ENTRANCE REQUIREMENTS

3.2.1 CEGEP Diploma (Health Sciences) or equivalent

Two pre-university years in the Biological (Health) Sciences in a Québec General and Vocational College (CEGEP) or the equivalent in any university are prerequisite. Students are urged to select their options from introductory and advanced courses in Psychology and Sociology.

3.2.2 CEGEP Diploma (Nursing) or equivalent

CEGEP courses – Mathematics 101 (or other post secondary mathematics course)
– Mathematics 103
– Chemistry 101 and 201

license to practice nursing

work record as a graduate nurse

3.2.3 Hospital School Diploma

CEGEP courses – Mathematics 101 (or other post secondary mathematics course)
– Mathematics 103
– Chemistry 101 and 201
– Biology 301 and 401 (preferred)
– English or French – 2 courses
– Humanities – 2 courses
– Psychology 110 and 210

license to practice nursing

work record as a graduate nurse

Application forms may be obtained from the Admissions Office, McGill University, F. Cyril James Bldg., 845 Sherbrooke St. West, Montreal, PQ H3A 2T5

3.3 COURSE OF STUDY

3.3.1 CEGEP Diploma (Health Sciences) or equivalent

Third Year (1977-78 only)
Social Psychology 204-330A, 204-331B
Selected course from Arts or Science
Nursing 572-400A, 572-401B

First Year (Commencing 1976-77)
Physiology 552-201A, 552-202B
Biology 177-201D
Sociology 166-210A
Selected B course from Sociology
Nursing 572-200D, 572-201L

Second Year
Pathology 546-300A
Microbiology 528-311A
Psychology 204-304D
Nursing 572-300D, 572-301L

Third Year
Social Psychology 204-330A, 204-331B
Selected A course from Arts or Science
Biology 177-202B
Nursing 572-400A, 572-401B

3.3.2 CEGEP Diploma (Nursing) or equivalent AND Hospital School Diploma

Students will be required to complete three years of study. One may complete the majority of the first year courses at a CEGEP, rather than at McGill. However a) *three* physics courses and *two* chemistry courses (rather than two physics and one chemistry at McGill) are required if the first year is done at CEGEP; AND b) two courses must be completed at McGill during the summer of admission.*

First Year

McGill Courses

Physics 198-101A, 202B
Chemistry 180-212B
* Psychology 204-304D
Sociology 166-210A and selected B course
* Nursing 572-211L

OR

CEGEP Courses

Physics 101, 202, 302
Chemistry 202, 302
Sociology 960, 961
McGill Summer Session May – June (see * above)

Second Year
Biology 177-201D
Physiology 552-201A, 552-202B
Nursing 572-310D
Nursing 572-311L

Third Year
Social Psychology 204-330A, 204-331B
Pathology 546-300A
Biology 177-202B
Nursing 572-400A
Nursing 572-401B

3.4 DESCRIPTION OF COURSES

572-200D A study of health and illness in individuals of varying ages with emphasis on the beginning development of sensitivity to patient needs through observation and the use of interpersonal skills. The process of assessment will be facilitated by the derivation of nursing knowledge from contact with patients who have an acute illness or are in the acute phase of illness. These data will be linked to knowledge acquired concurrently from the Biological and Social Sciences and used to provide care for patients in hospital and at home. (2 hours class; 8 hours experience weekly – 2 terms) 6 credits.

572-201L A concentrated period within the hospital will provide an opportunity for the student to acquire skill in a core of nursing techniques particularly related to the patient who is undergoing surgery. (May and June – 10 hours class and 20 hours experience weekly) 8 credits.

572-211L The study of nursing in a university milieu. Surgical patients in general wards, operating and recovery rooms will provide the clinical focus. The student will be helped to link her/his increased knowledge of science to the problem solving approach in nursing practise. (May and June – 10 hours class and 20 hours experience weekly) 8 credits.

572-300D The study of the response of the invididual and his/her family to chronic illness including

the various factors affecting the response. The student learns how to nurse individuals and help them adjust to their life situations. (2 hours class – 16 hours weekly – 2 terms) 12 credits.

572-301L This course concentrates on an understanding of pregnancy and delivery and the impact of a new member in the family. The student learns to identify and deal with manifestations of illness in children of different ages; the implications of hospitalization; and how to cope with rapid change in condition. (May and June – 10 hours class and 20 hours experience weekly.) 8 credits.

572-310D The study of chronic illness and its effect upon individuals and families. Experience will be provided in the care of adults with cardiac, diabetic, urologic, neurologic and other long term health problems. Students will explore the relationships among scientific knowledge, patient behavior and nursing care as these relate to such common problems of chronicity as pain, depression, physical immobility, etc. (2 hours class and 16 hours experience weekly – 2 terms) 12 credits.

572-311L The care of children with long term illnesses will complete the focus of the impact of chronic illness upon individuals and families. (May – June – 10 hours class and 20 hours experience weekly) 8 credits.

572-400A In an intensive study of health-illness behaviour of families, community resources and participation in the health team are explored and utilized as vehicles through which assistance to individuals and families with health problems is provided. Emphasis is placed upon further development of nursing, interpersonal skills and selected medical techniques. (3 hours class and 20 hours experience weekly) 8 credits.

572-401B A study of the principles of management as they pertain to the delivery of health care to groups of patients. This study is viewed within the context of today's health care issues. The nursing profession is examined within an historical perspective and as a force in today's society. (3 hours class and 20 hours experience weekly.) 8 credits.

Experience is obtained in the McGill teaching hospitals and selected community agencies under the direction and guidance of the staff of the School of Nursing. Nutrition and pharmacology are integrated with nursing courses.

Following completion of the baccalaureate program, internships of 2-4 months are planned for selected students to prepare for nursing practice in primary health care or as nurse specialists in clinical fields.

4 BACHELOR OF NURSING PROGRAM

4.1 GENERAL INFORMATION

The Bachelor of Nursing program has been discontinued, and the last regular class will graduate in May 1977. Sudents who have been permitted to take the program on a part-time basis must complete all courses by August 1978.

5 MASTER OF SCIENCE [APPLIED] PROGRAM

5.1 GENERAL INFORMATION

The two-year program leading to the degree of Master of Science (Applied) is designed to prepare clinicians and researchers for the expanding function of nursing in our rapidly developing health care services. The options of the program, clinical or research, are closely associated with the Research Unit in Nursing and Health Care which has been established in the School of Nursing. Our growing attention to the study of nursing and health care problems should contribute to the quality of care and the delivery of health services in this country. Research in the health care field by graduates of the program will eventually lead some to undertake further study at the doctoral level.

Option A – Clinical Nursing Practice

To meet expectations for an expanded role function and for clinical nursing expertise in all domains of health care, the Master's program provides for the study of nursing over a two-year period incorporating research and evaluation methods in the investigation of nursing problems. All areas are available for students to experience, study and explore: maternal-child and family health, common health problems and illness situations in various settings of hospital, community, home, health centre and school.

Option B – Research in Nursing and Health Care

The two-year program combines the study of nursing in the expanded role with opportunity to carry out a thorough investigation of a problem in nursing or health care evaluation. Emphasis is placed on the design of research and evaluation projects. All clinical facilities and types of problems are available to students for exploration.

5.1.1 Entrance Requirements

Applicants for the M.Sc. (A.) degree must have completed a baccalaureate degree with a superior record of academic achievement (high second class or C.G.P.A. of 3.5). To qualify for either the

Clinical Nursing Practice Program (Option A) or the Research in Nursing and Health Care Program (Option B), preparation in nursing comparable to the baccalaureate programs offered at McGill and accomplishment and development as a nurse are required. There are a number of specific minimum requirements at the baccalaureate level for B.N. applicants to Option B.

Non-nurses holding a baccalaureate degree comparable to a B.Sc. or B.A. program offered at McGill and who have potential for the study of nursing may be admitted to a Qualifying Year. There are a number of specific minimum requirements at the baccalaureate level for B.A. and B.Sc. applicants to the Qualifying Year.

All nurse applicants are expected to have current registration in the province or country from which they come.

APPLICATION FOR ADMISSION

Application forms and other information may be secured from the Director, School of Nursing. Classes are admitted in September.

ACADEMIC REGULATIONS

The General Rules Concerning Higher Degrees apply. (See Section 4 of the *Faculty of Graduate Studies and Research Announcement).* A minimum of two years of study is required for students entering the two-year program and three years of study for those who enter as Qualifying students, one year of which in both instances may be taken on a half-time basis, i.e. extended over two years.

The comprehensive examination, Nursing 573-601 and the Nursing Seminar 573-602, or Research Seminar 573-603 should be taken on completion of all other course requirements. Graduates of B.A. and B.Sc. programs are expected to obtain their license to practice nursing (N.) following successful completion of requirements for the M.Sc. (A.) degree.

Candidates may maintain their registration with the University for five years after completing their course and residence requirements. The object of this regulation is to encourage candidates to complete their program and qualify for the degree without delay (see Faculty of Graduate Studies and Research Regulations Section 2.)

5.2 COURSE OF STUDY

FIRST YEAR (Option A and Option B)

Nursing 573-611D. Seminar in Practice of Nursing.
Nursing 573-612A. Research Methods in Nursing.
Nursing 573-615B. Health Care Evaluation.
Psychology 204-204A. Psychological Statistics
OR
Sociology 166-350A. Elementary Statistics in Sociology and Anthropology.
One and a half electives.

SECOND YEAR

Option A – Clinical Nursing Practice

Nursing 573-711D. Study of Problems in the Practice of Nursing.
Nursing 573-763A and 764B. Teaching of Nursing and Practicum.
OR
Nursing 573-772A and 773B. Development and Management of Nursing Services and Practicum.
One Elective.

Option B – Research in Nursing and Health Care

Nursing 573-712D. Research in Nursing and Health Care.
Nursing 573-763A. Teaching of Nursing.
OR
Nursing 573-772A. Development and Management of Nursing Services.
Statistics – an advanced course.
Introduction to Data Processing, computation and programming.

Elective courses for Options A or B, selected in consultation with the adviser, are available from Arts, Science, Education and some, in the health care field, from the Department of Epidemiology.

ADDITIONAL REQUIREMENTS (to be completed toward the end of the program):

Nursing 573-601. Comprehensive Examination.
Option A – Clinical Nursing Practice. A comprehensive examination on the practice of nursing as it relates to the problems of patient and family well being and community health.
Option B – Research in Nursing and Health Care. A comprehensive examination on the practice and study of nursing as it relates to health and health care services.

Nursing 573-602. Nursing Seminar – **Option A.** Presentation and discussion of a significant problem in the practice of nursing to faculty and to concerned practitioners in the clinical field.

Nursing 573-603. Research Seminar – **Option B.** Presentation and discussion of student's research or evaluation project to faculty and to concerned practitioners and researchers in the clinical field.

QUALIFYING YEAR (non-nurses entering with B.A. or B.Sc.)

Nursing 573-511D. Practice of Nursing – Part I.
Nursing 573-507B. History and Development of Nursing.
Nursing 573-512L. Practice of Nursing – Part II.

Two electives from the medical sciences, to be selected in consultation with adviser.

Students must complete all requirements for entrance and for the Qualifying Year prior to enrolling in the Master's Program proper. Fees are as listed above for first year Master's students.

5.3 DESCRIPTION OF COURSES

GRADUATE PROGRAM

573-611D SEMINAR IN THE PRACTICE OF NURSING. A study of the practice of nursing through investigation and analysis of experiences in the clinical field. This study provides the method for expanding the role of the nurse and for evolving problems of research which are significant in nursing and critical to health care. Emphasis is placed on the development of knowledge and skills in family health care and specialization in one of several areas of nursing. (6 hour seminar with field experience concurrently and throughout the month of May).

573-612A RESEARCH METHODS IN NURSING. The application of the scientific method to the study of selected problems of health, health care and health care delivery of particular relevance to nursing. Exercises and group discussions will focus upon techniques appropriate to the construction and execution of surveys, experimental designs in social settings, and content analyses appropriate to descriptive data. (3 hour seminar with concurrent field and laboratory experience).

573-615B HEALTH CARE EVALUATION. An evaluation of educational and health care systems with particular reference to the nursing input in problems of health, health care and health care delivery. Evaluative research includes qualitative and quantitative approaches to assessing health status and quality of care. (3 hour seminar with concurrent field and laboratory experience).

573-711D STUDY OF PROBLEMS IN THE PRACTICE OF NURSING. An investigation of some of the critical nursing problems in the student's field of inquiry including extensive assessment, experimentation and evaluation of differing nursing approaches in response to particular situations. (6 hour seminar with field experience concurrently).

573-712D RESEARCH IN NURSING AND HEALTH CARE. A study of research in Nursing and in the broad health care field. There is systematic examination of the nature of problems including available knowledge, trends and directions in research, and problems of method, measurement, validity, etc. A major research project is a requirement of this course. (6 hour seminar with concurrent field and laboratory experience).

573-763A TEACHING OF NURSING. The implications of method in teaching, evaluation and curriculum planning of learning to assume the expanded function of nursing within our modern health services. The relation of research in learning and in education to the preparation of the nurse is examined. (3 hour seminar with concurrent field experience).

573-764B PRACTICUM IN THE TEACHING OF NURSING. Laboratory and field experience in the teaching of nursing including curriculum planning and administration of a program. (3 hour seminar with concurrent experience).

573-772A DEVELOPMENT AND MANAGEMENT OF NURSING SERVICES. An investigation of the implications of research in nursing, in learning, and in organizational behaviour in relation to the assessment, development and management of nursing personnel and health care services. (3 hour seminar with concurrent field experience).

573-773B PRACTICUM IN THE DEVELOPMENT OF NURSING SERVICES. Laboratory and field experience in the management of individual patient care and family health in a variety of settings within the health care delivery system for the purpose of improving the quality of service through development of the nursing potential and the evaluation of care. (3 hour seminar with concurrent field experience).

QUALIFYING YEAR

573-511D PRACTICE OF NURSING – PART I Learning to nurse people of all ages in their homes as well as in acute care settings (e.g. hospital). Initial emphasis is on health and use of health resources within the community, progressing to episodes of acute illness, crisis situations in families, and chronic health problems. (3 hour seminar with 12 hours concurrent field experience).

573-507B HISTORY AND DEVELOPMENT OF NURSING. A study of nursing within its social context with particular emphasis on the evolving function of nursing historically and in our rapidly changing society. (3 hour seminar).

573-512L PRACTICE OF NURSING – PART II. Learning to nurse the sick child and adult with particular emphasis on the acute phase of illness. (3 hour seminar with 30 hours concurrent field experience in May, June).

For the description of other courses see the *Announcements* of the Faculties of Arts and of Science and of the Faculty of Graduate Studies and Research.

2 GENERAL INFORMATION

2.1 DEGREES OFFERED

Occupational Therapy is the art and science of directing man's response to selected activity for the purpose of promoting and maintaining health, to prevent disability, to evaluate behaviour and to treat patients with physical or psychological dysfunction. The occupational therapist a) cooperates with other health professionals, social agencies and the patient, to determine the patient's overall treatment, b) establishes the occupational therapy program for the patient according to precise short and longterm goals and supervises this program modifying it to the needs of the patient, c) acts as a consultant in such matters as community health or architectural barriers, and d) takes part in fundamental and clinical research.

Physical Therapy is the art and science of physical treatment and rehabilitation utilizing physical, chemical, electrical and electromagnetic properties in conjunction with the manual skills of massage and therapeutic exercises for an individual who manifests physical and psychological disorders. The scope of the profession includes patient evaluation, treatment planning, treatment delivery, education, research and consultation in the clinics and community settings in cooperation with the medical and paramedical professions and the social agencies concerned.

Bachelor of Science in Occupational Therapy [B.Sc.(Occ. Ther.)]

The full curriculum consists of three academic years from a Québec Collegial Program in the Health Sciences or equivalent. Included are courses in science together with professional training in Occupational Therapy. Clinical experience is provided in the teaching hospitals of the Faculty of Medicine, McGill University, and other affiliated centres.

Bachelor of Science in Physical Therapy [B.Sc. (Phys. Ther.)]

The full curriculum consists of three academic years from a Québec collegial program in the Health Sciences or equivalent. Included during the three year

program are courses in science together with professional training in Physical Therapy. Clinical experience is provided in the teaching hospitals of the Faculty of Medicine, McGill University, and other affiliated centres.

Master of Science (Applied)

A two-year program in Medical Rehabilitation is available under the Faculty of Graduate Studies and Research. The full curriculum consists of two years of study for graduates who hold a Bachelor of Science degree in one of the Medical Rehabilitation disciplines or equivalent and who have had two years of clinical experience in the related discipline.

2.2 REQUIREMENTS FOR ADMISSION TO PROGRAMS LEADING TO B.Sc. (Occ. Ther.) OR B.Sc. (Phys. Ther.)

The undergraduate programs in the School of Physical and Occupational Therapy have been designed on the assumption that the student has a background in science equivalent to that provided by the Québec Diploma of Collegial Studies; that is, that he/she has completed the following college-level courses or their equivalent: two semesters of biology; two semesters of general chemistry; one semester of organic chemistry; three semesters of physics (including one semester of electricity and magnetism), and calculus I and II. Introductory courses in psychology and sociology are also strongly recommended.

Québec students who have obtained a Diploma of Collegial Studies in the Health Sciences Stream are expected to have taken the following prerequisite courses: Biology 301 and 401 or 921 and 931; Physics 102, 202, and 302; Chemistry 101, 201, 202; Mathematics 101, 103, and 203. Students are strongly advised also to have taken two semesters of Psychology and one in Sociology.

Ontario Grade 13 graduates and students who have completed the first year at Memorial University, Newfoundland are considered for entrance to a university program requiring the completion of the difference between 120 credits and the number of prerequisite credits they have earned. Courses in Biology, Chemistry, Mathematics and Physics taken at the grade 13 level or first year university may be accepted for exemption. A student who does not have all the prerequisite courses listed above may be accepted into a four-year program taking Basic Science courses in his/her first year. It should be noted that Organic Chemistry must be completed prior to beginning the first year of the professional programs.

Students from provinces in Canada other than Québec, Ontario, and Newfoundland who have completed Grade 12 with adequate standing in appropriate subjects are considered for admission to a university program requiring the completion of 120 credits. (This normally requires four years of study).

Graduates from Grade 12 in the **United States** are considered for admission to a university program requiring the completion of 120 credits (normally four years of study). Students who have passed Advanced Placement Examinations in appropriate subjects with a grade of "3" or better will be granted some advanced standing. Students who are admitted to a 120 credit program take Basic Science courses in their first year. These students must also complete a course in Organic Chemistry during the summer after the first year of study if they are to advance to the first year of the professional programs.

Students from the **United Kingdom and Commonwealth countries** must have completed G.C.E. examinations at the Advanced Level in Biology, Chemistry, Mathematics and Physics, and have achieved a grade of "C" or better in each if they wish to be considered for admission to a three-year program of study. Students who lack these qualifications but who meet the entrance requirements for the Faculty of Science may apply for admission to that Faculty. Upon completing one year of study in appropriate courses, they may apply for admission to a three-year program in Physical Therapy or Occupational Therapy.

2.3 APPLICATION FOR ADMISSION TO PROGRAMS LEADING TO B.Sc. (Occ. Ther.) OR B.Sc. (Phys. Ther.)

Application for admission to any year must be made through the **Admissions Office of the University.** The deadline for the submission of applications is **March 1st** of the entering year. A non-refundable application fee of $15.00 must accompany the application form. Application forms must be obtained directly from the Office of Admissions, F. Cyril James Adminstration Building, McGill University, 845 Sherbrooke St., West, Montreal, PQ, H3A 2T5

Students from the **United States** must write College Entrance Examination Board Tests, including the Scholastic Aptitude Test and three other appropriate Achievement Tests. Students from the Eastern United States may obtain information about the tests, testing centres, etc., by writing to: The College Entrance Examination Board, Box 592, Princeton, New Jersey, 08540. Students from the West should write to: The College Entrance Examination Board, Box 1025, Berkely, California, 94701. The applications of these students are judged on the basis of the complete high school record, including the marks for the first semester of the final year, and other data as described in the booklet which accompanies the application form.

Students from **overseas** are advised to write College Entrance Examination Board Aptitude and Achievement tests to support their application. Information with respect to these tests may be obtained by writing to the College Entrance Examination Board, Box 592, Princeton, New Jersey, 08540, U.S.A.

Applicants whose mother tongue is not English must submit acceptable evidence of facility in English before their application for admission can be considered. The following evidence is acceptable: G.C.E. Ordinary and Advanced Level examination in English literature or composition; the Test of English as a Foreign Language (TOEFL); the University of Michigan English Language Test.

TOEFL is preferred by the University; it is administered by the College Entrance Examination Board and is easily available throughout the world. It is the student's responsibility to make the necessary arrangements with the Examining Board to write the Test in the country of residence. Full Information may be obtained by writing to the Test of English as a Foreign Language, Box 899, Princeton, New Jersey, 08540, U.S.A.

2.4 LANGUAGE POLICY

The language of instruction at McGill is English. Students may, if they wish, write term papers and examinations in French, but reasonable competence in English is essential to success in the university programs. The English department offers a summer course, English 110-150C, and it is recommended that students who lack fluency in English take this summer course.

2.5 LANGUAGE REQUIREMENT FOR PROFESSIONS

Québec law now requires that candidates seeking admission to provincially-recognized professional corporations* must possess a working knowledge of the French language, i.e. be able to communicate verbally and in writing in that language.

To demonstrate this capability, a candidate will normally be required to pass an examination set by the Régie de la langue française, unless he or she can show that three years of instruction in a French post-primary school have been completed. The professional corporation will require this proof of attendance or of succesful completion of the Régie examination.

This examination shall test the candidate's mastery of oral and written comprehension and expression in French. The contents may vary in accordance with the current terminological requirements of the profession or professional group. Examinations will take place four times a year, and they may be attempted an unlimited number of times.

In special cases where the candidate can clearly demonstrate to the Régie by means of an interview that a true mastery of French exists, the examination requirement may be waived.

Information on the testing program of the Régie may be obtained by writing to: Régie de la langue française, 800, Place Victoria, 16e étage, Montréal, Québec, H4Z 1G8, Telephone 873-6571.

Students who need to acquire a functional level of proficiency in French may register in courses at either the French Language Centre, 3438 McTavish Street, Telephone 392-5727, for courses during the day, or at the Centre for Continuing Education, 772 Sherbrooke Street West, Telephone 392-4901, for courses in the evening.

Students already proficient in French but who wish to keep up practice may register in courses at the Department of French Language and Literature, 3460 McTavish Street, Telephone 392-4577, or at the Centre d'études canadiennes-françaises, 3475 Peel Street.

* McGill degrees and diplomas currently give access to corporations regulating the activities of the following professional groups:

Advocates
Agronomists
Architects
Chartered Accountants
Chartered Administrators
Chartered Appraisers
Chemists
Dentists
Dieticians
Engineers
Industrial Administration Accountants
Industrial Relations Counsellors
Licensed General Accountants
Notaries
Nurses
Occupational Therapists
Physicians
Physiotherapists
Psychologists
Social Workers
Speech Therapists & Audiologists
Urbanists
Vocational Guidance Counsellors

2.6 FEES

Annual undergraduate fee is $19.00 per credit. In addition, there are Student Society Fees of $26.00, Student Services Fees of $70.00 and a Graduation Fee of $15.00. Refer to *General Announcement* for details and for information concerning withdrawal and special fees.

Expenses for textbooks and other equipment is approximately $200.00 per annum; uniforms approximately $100.00.

2.7 PRIZES

The Canadian Physiotherapy Assocation Book Prize is awarded to the student with the highest standing throughout the B.Sc.(Phys. Ther.) program.

The Carol Rutenberg-Silver Memorial Award is presented to the student with the highest standing in the final year of the B.Sc.(Phys. Ther.) program.

The Canadian Association of Occupational Therapists' Award is presented to the student with the highest standing in theory throughout the B.Sc. (Occ. Ther.) program.

The Jeannette Hutchison Memorial Prize is awarded by the Professional Corporation of Occupational Therapists of Québec to the student demonstrating overall excellence in the clinical application of Occupational Therapy throughout the B.Sc. (Occ. Ther.) program.

Scholarships, Bursaries, Loans, Prizes and Awards

A complete list of scholarships, bursaries, prizes and awards, and the regulations governing the various loan funds are given in the *Undergraduate Scholarships Announcement* which may be obtained from the Registrar's Office.

2.8 RESIDENTIAL FACILITIES AND STUDENT SERVICES

Full information concerning residential facilities and student services is given in the *General Announcement.*

2.9 LICENCE TO PRACTISE

Certain provinces in Canada and states of the United States of America *require that those intending to practise occupational therapy or physical therapy within their borders comply with special provincial or state licensing regulations. In order to practise occupational therapy or physical therapy in the Province of Québec, a permit must be obtained from the appropriate provincial corporation. Further information may be obtained from the offices of the associations listed below.*

2.10 PROFESSIONAL ASSOCIATIONS

In order to comply with the standards necessary for membership in both the Federal and Provincial Associations, students are required to complete further clinical practice in accredited occupational or physical therapy departments.

This standard is compatible with the licensing requirements in provinces where legislation is in force.

3 REGULATIONS GOVERNING ATTENDANCE, ADVANCEMENT AND EXAMINATIONS

3.1 ATTENDANCE AND TERM WORK

No student will be permitted to write an examination in any course unless he/she has fulfilled the requirements of the course to the satisfaction of the instructor and the Director of the School.

It is the responsibility of each student to make sure at the time of registration that there is no conflict in the timetable of the courses which he/she proposes to follow.

Students may be required to attend lectures regularly if the Faculty so rules. Reasons for absences are dealt with only by the Director. For illness necessitating an absence of a week or more, a medical certificate should be presented to the Office of the Director immediately after a student's return to normal attendance.

All lectures begin at five minutes after the hour, and end at five minutes before the hour. Students

arriving late for lectures may be denied entrance by the instructor.

3.2 CREDIT SYSTEM

All courses carry a credit rating. A total of 96 credits must be passed for a degree in Occupational Therapy or in Physical Therapy.

Courses are graded either by letter grades or in percentages, with the following correspondences: A (80 - 100%), B (65 - 79%), C (55 - 64%), D (45 - 54%), F (0 - 44%). Grades A, B, C are termed satisfactory passes, D a conditional pass and F a failure.

Numerical equivalents of 4, 3, 2, 1, 0 are attached to the grades of A, B, C, D, F respectively. The earned grade point for each course is calculated by multiplying the credit rating of the course by the numerical equivalent of the letter grade earned. Standing will be determined on the basis of a grade point average (GPA) computed by dividing the sum of the grade points accumulated during the year by the total course credits attempted.

The cumulative grade point average (CGPA) will be the grade point average calculated using the student's entire record in the program. A failed course will continue to be used in the calculation of the CGPA even after the course is repeated and passed, or if a supplemental examination is taken.

3.3 ACADEMIC ADVANCEMENT

There are three categories of standing: Satisfactory, Probationary and Unsatisfactory.

A student must maintain a Satisfactory standing with a GPA of 2.0 or above.

Full time students in Satisfactory standing take between 12 and 18 credits per term. A load of 19 credits per term is permitted students whose GPA is above 3.0.

All professional courses in Occupational Therapy and Physical Therapy must be passed with a grade C or better. For any professional course which is subdivided into sections, each section must also be passed with a grade of C or better. For any section of a course which is not passed by a grade of C or better when the overall course mark is C or better, the mark for the course will be withheld from the record until the student has demonstrated a proficiency in each section to a grade of C or better. The original course mark will not be changed. Any student obtaining an F grade in any professional course will be required to repeat that course. A student receiving a D grade in a professional course may be required to repeat the course or section of the course or complete supervised remedial work prior to sitting the supplemental examination. Evidence must be shown that the student has completed sufficient extra tuition to indicate that he or she has reviewed the subject and is a suitable candidate for the supplemental.

A GPA of less than 2.0 places a student in Unsatisfactory Standing.

Students in Unsatisfactory Standing must withdraw from the School. They may be readmitted after appeal to the Promotions Committee of the School and subsequently considered on Probationary standing. A student in Unsatisfactory Standing for the second time will be required to withdraw permanently.

The Faculty reserves the right to require the withdrawal of any student at any time if in the opinion of the instructors he or she is incompetent.

3.4 DEGREE REQUIREMENTS

Holders of a Québec Diploma of Collegial Studies must complete a total of 96 course credits for the degree of B.Sc. (Occ. Ther.) or the degree of B.Sc. (Phys. Ther.) (i.e. passed courses whose credit total is 96), have passed satisfactorily all professional courses and have a CGPA at McGill of at least 2.0.

Out-of-province students will have the minimum number of credits required for their degree indicated on their acceptance letter. To be eligible for a degree, they must in addition pass satisfactorily all courses required by their program, and have a CGPA at McGill of at least 2.0.

Students who graduate with a CGPA of 3.8 or better will be awarded their degrees with "Great Distinction"; those with a CGPA between 3.5 and 3.79 will receive their degrees with "Distinction".

3.5 ACADEMIC CREDIT TRANSFER AGREEMENT

In certain cases, credit may be granted by the Faculty for courses taken at other universities. Approval by the Director is necessary and should generally be obtained in advance. The Transfer Credit form is available from the Registrar's Office, F. Cyril James Building.

There is an agreement among the universities in the Province of Québec whereby a student, under special circumstances, may take some of his or her course load in any academic year with Faculty permission at another university in the Province of Quebec and have these courses recognized by McGill.

Note: Transfer credits are not calculated in the GPA or CGPA and the grades are not entered on the student's McGill transcript.

3.6 TRANSCRIPT OF ACADEMIC RECORD

Certified transcript(s) of a student's academic record may be obtained by applying to the Registrar's Office, F Cyril James Building.

All courses taken at McGill and all results obtained appear on the transcript.

3.7 EXAMINATIONS

Students may write examinations or term papers in English or French.

Instructors are not permitted to grant any special treatment regarding examinations to any student. Faculty requires all instructors to decline to discuss a student's mark with him/her before its official publication.

Interim Class Tests

Members of the teaching staff may from time to time give interim class tests if they think them necessary.

Final Examinations

Final examinations are held during an examination period following the term in which the course is given. In some courses, there is no final examination; standing in these courses is determined on the basis of term work and class tests.

Supplemental Examinations

A student who has failed in an examination and who has been given permission to write a supplemental examination *must avail himself/herself of this privilege at the time of the next supplemental period* which is held during the month of August. Written application to write a supplemental examination must be received at the Director's Office before July 2. A fee of $10.00 for each supplemental paper is payable to the Cashier as soon as the application has been approved.

It should be noted that the supplemental result will not erase the D or F grade originally obtained which was used in calculating the GPA. Both the original mark and the supplemental result will be calculated in the CGPA (i.e. the taking of supplemental examination has the same effect on a student's GPA as does repeating the course).

Deferred Examinations

A student, who, for reasons such as illness or family affliction, verified and accepted by the Director's Office, has been unable to write one or more examinations, may receive permission to write deferred examinations, which normally will be written in the next supplemental examination period. The Director's Office must be informed within one week of the examination of the reasons for absences. An "L" will appear on the Report of Standing in place of a grade in such courses. It will be replaced by the grade obtained in the deferred examination on official transcripts.

Reassessment of a Grade

Papers are marked and grades calculated and handled with considerable care. However, if a student wishes his/her marks checked or the examination paper reread, he/she should apply in writing to the Director's Office. There is a fee of $10.00 which will be refunded if an error is found in the student's favour. If the result is a lower mark, the lower mark will stand and there will be no refund. Requests for reassessment of standing in more than one course will not be permitted.

Incomplete Courses

If, in the instructor's opinion, there is sufficient reason to permit a delay in the submission of required term work, an extension of deadline of up to four months after the end of the course may be granted the student. In this case, the instructor will submit a grade of "K" (incomplete). If a new grade is submitted within the deadline by the instructor, this will appear on the student's Faculty reports and verification forms following the "K" and will replace the "K" on the student's official transcript.

If the required work is not completed before the deadline the grade of "KF" will be recorded in the same way as the grade above. (KF denotes a failed course and has the same effect on the GPA as an F.)

In exceptional circumstances, and with the approval of the Director, the four month deadline may be extended further, in which case the grade of KK will appear.

A student who has not, without accepted excuse, participated or written the final examination in a course for which he/she has registered may be given a grade of J (absent).

4 UNDERGRADUATE COURSES OF INSTRUCTION

4.1 BACHELOR OF SCIENCE IN OCCUPATIONAL THERAPY

The curriculum consists of three academic years from a college program plus approximately 500 hours of Clinical Affiliation. The program is made up of 96 credits including the Clinical Affiliation.

First Year

504-311A ANATOMY (3 credits; 2 hours lectures, 2 hours laboratory on prepared specimens). Gross anatomy of the limbs and back with some sessions devoted to the visceral systems of the body.
Members of the Anatomy Department

552-201A PHYSIOLOGY OF MAN (3 credits)

552-202B PHYSIOLOGY OF MAN (3 credits). (See announcement of the Faculties of Arts and Science.)

580-221A OCCUPATIONAL THERAPY I (3 credits). A course to include kinesiology, activity analysis, professional development and techniques of treatment used in occupational therapy.

580-222B OCCUPATIONAL THERAPY II (3 credits). A course to include a) Basic physical evaluation procedures, b) Occupational therapy in the treatment of conditions studied in Medical Science 11, 580-232B, c) Techniques of treatment used in occupational therapy.

580-231B MEDICAL SCIENCE I (3 credits). A course covering human growth and development.

580-232B MEDICAL SCIENCE II (3 credits). A lecture course to include: a) Basic concepts of pathology and clinical features of disorders of the musculoskeletal system, including fractures, orthopaedics, rheumatology and related collagen diseases; b) Introduction to psychiatry.

ELECTIVES

(See note on Electives on page 9 .)

CLINICAL AFFILIATION

To be arranged within the four months following the end of term.

Second Year

504-321A GENERAL HUMAN NEUROANATOMY (3 credits; 2 hours lectures, 2 hours laboratory). General neuroanatomy emphasizing the structure and function of the brain and spinal cord.

580-320D OCCUPATIONAL THERAPY III (6 credits). A course to include: a) Occupational Therapy in the treatment of psychiatric conditions, b) Introduction to professional writing; c) Techniques of treatment used in Occupational Therapy.

580-324B OCCUPATIONAL THERAPY IV (3 credits). A course to include: a) Occupational Therapy in paediatrics; b) Occupational Therapy techniques of treatment used in paediatrics; c) Perceptual-motor evaluation and treatment.

580-327D OCCUPATIONAL THERAPY V (3 credits). A course to include: a) Occupational Therapy in the treatment of conditions studied in Medical Science III, 580-335D; b) Functional evaluation; problem solving in activities of daily living; c) Techniques of treatment used in Occupational Therapy.

580-335D MEDICAL SCIENCE III (6 credits). A course to include the pathophysiology and clinical features of: a) Psychiatric conditions; b) Medical and Surgical conditions; c) Neurological conditions.

ELECTIVES

(See note on Electives on page 9 .)

CLINICAL AFFILIATION

To be arranged during the academic year or within the four months following the end of term.

Third Year

580-426D OCCUPATIONAL THERAPY VI (3 credits). A course to include occupational therapy in specialized areas of rehabilitation such as prevocational assessment, adolescence, geriatrics or rheumatology; research methods.

580-427A OCCUPATIONAL THERAPY VII (3 credits). Projective techniques – a course to include the theory, assessment, change detection procedures and the therapeutic use of projective techniques.

580-428B OCCUPATIONAL THERAPY VIII (3 credits). Group dynamics – a course to include the theory of groups, group development and the therapeutic use of groups in Occupational Therapy.

580-429B OCCUPATIONAL THERAPY IX (3 credits). Administration and Research Methodology – a course to include department management and supervision; community services and multi-disciplinary relations; Research methods.

580-430B OCCUPATIONAL THERAPY X (3 credits). Clinical experience is provided in the teaching hospitals of the Faculty of Medicine, McGill University, and other affiliated centres at suitable periods throughout the three years of the course.

580-434A MEDICAL SCIENCE IV (3 credits). A course to include: a) Child psychiatry; b) Adolescent and geriatric conditions; c) Rehabilitation clinics.

582-455A NEUROPHYSIOLOGY (See page 9 for course description)

Elective Courses

Thirty-three credits are to be taken in elective courses selected from the Announcement of the Faculties of Arts and Science. Within this choice of electives there must be a continuation sequence in a science subject of 18 credits and a 3 credit course in statistics, if not already taken.

4.2 BACHELOR OF SCIENCE IN PHYSICAL THERAPY

The curriculum consists of three academic years from a college program plus 600 hours of Clinical Affiliation. The total program is made up of 96 credits, 53 being taken in the professional courses, including the term in clinical affiliation and 43 credits from the Faculties of Arts and Science.

First Year

504-213A ANATOMY (4 credits; 1 hour lecture, 5 hours laboratory dissection.) Gross anatomy of the limbs and back.
Members of the Anatomy Department

504-312B HUMAN VISCERAL ANATOMY (3 credits; 2 hours lectures, 2 hours laboratory on prepared specimens). Gross anatomy of the visceral systems, including the circulatory, respiratory, digestive and reproductive systems.
Members of the Anatomy Department

552-201A PHYSIOLOGY OF MAN (3 credits.)

552-202B PHYSIOLOGY OF MAN (3 credits.) *(See Announcement of the Faculties of Arts and Science.)*

581-210A PHYSICAL THERAPY II – therapeutic exercise. (3 credits; 10 hours per week). The theoretical and practical study of massage, hydrotherapy, normal gait and the therapeutic uses of exercise in preparation for application in the clinical setting.

581-211A PHYSICAL THERAPY IV – professionalism, (2 credits; 2 hours per week.) A study of the profession of Physical Therapy including its history, the professional associations, affiliated professions, educational and governmental influences.

581-215B PHYSICAL THERAPY III – treatment procedures. (4 credits; 10 hours per week to include lectures and practical classes). A course consisting of clinical assessments, recordings and methods of physical treatments of the disorders covered in Medical Science 581-230B.

581-230B MEDICAL SCIENCE I (3 credits; 3 hours per week). A lecture course consisting of a general introduction to pathology and disorders of the musculo-skeletal system including fractures, orthopaedics, rheumatology and related collagen diseases.

581-262D PHYSICAL THERAPY 1 – functional anatomy. (4 credits; 4 hours per week). A seminar course on surface anatomy; fundamentals of kinesiology and analysis of movement including muscle testing and joint range measurement.

ELECTIVES

(See note on Electives, page 9 .)

CLINICAL AFFILIATION.

This will consist of a six week period commencing in either the month of May or August following the end of 1st year (see Physical Therapy XII 581-415D, page 8)

Second Year

504-321A GENERAL HUMAN NEUROANATOMY (3 credits; 2 hours lectures, 2 hours laboratory). General neuroanatomy emphasizing the structure and function of the brain and spinal cord.
Members of the Anatomy Department

581-212A/B PHYSICAL THERAPY V – group dynamics. (2 credits; 2 hours per week). The group process as it applies in the practice of Physical Therapy.

581-312D PHYSICAL THERAPY VI – treatment procedures. (3 credits; 4 hours per week to include lectures, practical classes and clinical demonstrations). A course consisting of: a) Clinical assessments, recordings and methods of treatment of the conditions covered in Medical Science 11, 581-330A, (First term); b) Techniques of Neuro-Muscular Facilitation, (Second term).

581-316B PHYSICAL THERAPY VII – treatment procedures. (3 credits; 8 hours per week to include lectures, practical classes and clinical demonstrations). A course consisting of clinical assessments, recordings and methods of physical treatment of the conditions covered in Medical Science 111, 581-332B.

581-325A/B PHYSICAL THERAPY VIII – electrotherapy. (3 credits; 7 hours per week). A theoretical and practical course covering physical principles and techniques of application of electrodiagnostic procedures, electrotherapy, heat therapy, cryotherapy and radiation therapy.

581-330A Medical Science II (3 credits; 3 hours per week). A lecture course consisting of the pathophysiology and clinical features of respiratory and cardiovascular conditions, amputations, obstetrics and gynecology.

581-332B MEDICAL SCIENCE III (3 credits; 3 hours per week). A lecture course consisting of the pathophysiology and clinical features of neurological conditions.

ELECTIVES

(See note on Electives following.)

CLINICAL AFFILIATION

This will consist of a 6 week period commencing in either the month of May or August following the end of 2nd year. (See Physical Therapy XII, 581-415D).

Third Year

581-415D PHYSICAL THERAPY XII – clinical affiliation. (6 credits; 600 hours of clinical experience carried out during the three year program at selected intervals). Supervised clinical practice is provided for students in the following areas: physiotherapy departments in hospitals and rehabilitation centres affiliated to the Faculty of Medicine, convalescent and home care facilities, specialized schools and community centres.

This course commences at the end of the academic year in U1 and continues throughout the program. Clinical affiliation will extend over 6 week periods to commence May 1st or August 1st for 1st and 2nd year students.

581-420D MEDICAL SCIENCE IV (3 credits; 45 hours).

i. A lecture course in psychiatry including the psychological problems of the physically ill or disabled.

ii. A course in community medicine designed to give the basic epidemiological concepts utilized in the delivery of health care to a community. Particular attention will be given to the organization and availability of services in Quebec.

581-435B PHYSICAL THERAPY IX – co-ordinated rehabilitation. (3 credits; 3 hours per week). A study of the interdisciplinary approach to rehabilitation.

* **581-436B PHYSICAL THERAPY XV – biomechanics.** (3 credits; 2 hours lectures, 2 hours laboratory). Principles of human movement analyses; theory, instrumentation and application to physical treatment.

581-438A PHYSICAL THERAPY X – research methodology and specialized study. (3 credits; 4 hours per week.) A project course in one of the following areas selected by the student: kinesiology, pathokinesiology, biomechanics, sports medicine, psychiatry, neuro-developmental techniques, perception, gerontology, paediatrics, prosthetics and orthotics.

581-440A PHYSICAL THERAPY XI – administration (3 credits; 45 hours). A seminar and project course on departmental administration, methods of supervision, professional ethics and medico-legal responsibilities applicable to Physical Therapy.

581-455B NEUROPHYSIOLOGY. (3 credits; 3 hours per week). Postural mechanisms: A study of neurophysiological principles of sensori-perceptuomotor interaction as they relate to postural integration and motor behaviour.

ELECTIVE COURSES

Twenty-seven credits are to be taken in elective courses selected from the *Announcement of the Faculties of Arts and Science*. Within this choice of electives, there must be a continuation in a science subject of 18 credits and a 3 credit course in statistics, if not already taken.

4.3 UNDERGRADUATE MULTIDISCIPLINARY COURSES

The following courses are open to senior students in the Health Sciences by permission of the instructor. These courses may be taken as part of the undergraduate program in Occupational Therapy or Physical Therapy.

* **582-401A RESEARCH METHODS** (2 credits; 2 hours per week). A lecture and seminar course on the principles applied and methods utilized in clinical and health care research.

* **582-402A ADVANCED RHEUMATOLOGY** (2 credits; 2 hours per week). A seminar course emphasising a multidisciplinary approach to the evaluation and total care of patients with rheumatic diseases. (Prerequisite: Basic knowledge of the rheumatic diseases and clinical experience in the treatment of physical disabilities).

* **582-403A PAEDIATRICS** (2 credits; 2 hours per week). A seminar and project course to include neuropsychology, information processes, conditions of learning, and child development as it applies to paediatric therapy.

* **582-404A GERONTOLOGY** (2 credits; 2 hours per week). A seminar course designed to present an in-depth understanding of gerontology.

582-455A NEUROPHYSIOLOGY (3 credits; 3 hours per week). Postural mechanisms; A study of neurophysiological principles of sensori-perceptuomotor interaction as they relate to postural integration and motor behaviour.

5 POSTGRADUATE COURSES

5.1 GENERAL COURSES

The following courses are open to graduate Physical Therapists and Occupational Therapists:

581-410A GROSS AND FUNCTIONAL ANATOMY

581-412B PHYSICAL ASSESSMENT AND TESTING PROCEDURES

581-414B PROPRIOCEPTIVE NEUROMUSCULAR FACILITATION

581-416B NEURODEVELOPMENTAL APPROACH TO TREATMENT (BOBATH CONCEPT)

581-418B MANIPULATION OF SOFT TISSUES

580-440A/B OCCUPATIONAL THERAPY XI – Specialized areas of study to be selected by the student to augment knowledge gained in previous academic education and clinical practice in Occupational Therapy. The course will include lectures, seminars and laboratory sessions. (This course is open to graduate Occupational Therapists only).

The following courses are open to Physical Therapists who hold a B.Sc. Degree:

581-520D PHYSICAL THERAPY Education Methods. (6 hours per week). A course designed to relate educational methods to Physical Therapy instruction. This course will include seminars, observation sessions and supervised teaching experience both in the classroom and the hospital setting. Field experience in student supervision and clinical teaching will be carried out in Physical Therapy departments during the month of May.

* Subject to approval

581-530B PHYSICAL THERAPY. Curriculum Development for Physical Therapy. (8 hours per week). A course emphasizing current thought in education, curriculum development and factors underlying curriculum planning.

581-541A/B PHYSICAL THERAPY – Specialized Procedures. (3 hours per week). A seminar course providing the basic sciences to specialized procedures and revision of these advanced procedures on the basis of physiological principles and recent research.

581-632A PHYSICAL THERAPY Management and Supervision. (3 hours per week).

5.2 MASTER OF SCIENCE (APPLIED) IN MEDICAL REHABILITATION

Entrance Requirements

Candidates must normally hold a B.Sc. degree in a Health Science with a high second class standing and have had two years of clinical experience in the related discipline.

Length of Study

The program normally requires two academic years to complete. Upon recommendation by the Committee of Graduate Studies and Research and by the School of Physical and Occupational Therapy, this requirement may be reduced for exceptionally well-qualified candidates.

Application

Application for admission to the Faculty of Graduate Studies and Research should be made to the Director of Graduate Program, School of Physical and Occupational Therapy, 3654 Drummond St., Montreal H3G 1Y5.

Course Selection

The following are all 3 credit courses:

581-601A EDUCATIONAL METHODOLOGY – Processes of learning, methods of communication and teaching strategies applied to students and clinical personnel in hospitals and rehabilitation centres and schools.

581-603A CURRICULUM DEVELOPMENT – A course emphasizing current thought in rehabilitation curriculum development and factors underlying curriculum planning.

581-605A EDUCATIONAL METHODOLOGY – Supervised participation in the undergraduate programs in the classroom and laboratory setting.

581-607B EDUCATIONAL METHODOLOGY FOR CLINICAL INSTRUCTION Application of educational methodology in the clinical setting.

581-610A RESEARCH METHODOLOGY – Research design appropriate to rehabilitation. Philosophy of scientific enquiry and basic principles of research design with special consideration to problems of research in the health sciences.
Pre-requisite: 581-440, 580-429 or equivalent.

581-612B COMMUNITY HEALTH NEEDS – Analysis of social trends and problems influencing the present practice and future development of health care delivery systems with particular emphasis on rehabilitation in the Province of Quebec.

581-614B REHABILITATION DEVELOPMENT I – Advanced analysis and comparison of current therapeutic techniques on the basis of recent research.

581-616B REHABILITATION DEVELOPMENT II – In-depth investigation into the development and implementation in one selected area of particular interest to the individual student.

581-620A/B ADMINISTRATION – A course designed to review methods of administration and supervision of rehabilitation departments, concepts in management, administration, communication and supervision applied to hospital departments and home service treatment settings.

FINANCING POSTGRADUATE EDUCATION

There are three main ways to finance postgraduate studies at McGill: by winning fellowships or other awards for academic merit, by working as a teaching or research assistant, and by obtaining a grant or borrowing money from a provincial government. A postgraduate fellowship may be worth up to $9000 and many are renewable for four or five years. A fellowship holder must usually limit his or her additional income-producing work. Smaller awards based on academic merit may range in value from a scholarship for the amount of fees, down to prizes of less than $100. A winner of these smaller awards is not prevented from earning additional income. Bursaries are also available. They are awards which take into account both academic merit and financial need. The details of the fellowships, bursaries and prizes available to students who want to undertake postgraduate studies at McGill comprise the bulk of this book.

ASSISTANTSHIPS

Most university departments require help from graduate students in conducting undergradutate classes and laboratories. The total work load is about 12 hours per week. The 1977-78 salary for a teaching assistant in the Faculty of Arts is $3,975 plus tuition fees for the entire academic year. The values of assistantships in other faculties vary. Some departments can offer research assistantships, paid from research grant funds. In many cases the research can be used by the student in the preparation of his or her thesis. When students hold both teaching and research assistantships, it is usual to adjust the income from each assistantship to assure a uniform level of support. In all cases the appointment of a student as a teaching or research assistant is recommended by the chairman of the department concerned on the basis of the documents supplied to the department along with the application for admission.

LOANS

Canadian citizens and landed immigrants can apply for a guaranteed student loan to the province or territory where they have resided for a year preceding the application. The loans can be used for study at any university recognized by the law, not just those in the home province. These loans are interest-free and do not need to be repaid as long as the recipient is enrolled in a full-time course of study. The maximum yearly loan is $1,800. They can be accumulated over several years up to a maximum of $9,800, and the repayment period may extend 9à years. Several provinces supplement the Canada Student Loan plan with bursaries, which are non-repayable donations based on financial need rather than on academic merit. Addresses of the provincial and territorial authorities who administer these programs are listed in the *Loans* section at the end of the booklet.

McGill administers funds from which loans can be made to graduate students. These loan funds are not available to finance the major part of a graduate education: they are contingency funds for unexpected situations of short duration. The names of these funds, the limiting conditions, and the application procedures are described in the *Loans* section of the booklet.

OTHER SOURCES OF INFORMATION

When a fellowship announcement received by the Graduate Faculty concerns a particular department, it is forwarded to that department for posting or distribution. When the announcement is of general interest it is posted on the bulletin board on the third floor of Dawson Hall, alongside the counter of the Graduate Faculty Office.

Fellowship programs of general interest are described in the Graduate Faculty Newsletter distributed to all academic staff members of the Faculty of Graduate Studies and Research. Important programs are advertised in the McGill Daily, the McGill Reporter, and the Postgraduate Students' Society Martlet, and by posters in the main university buildings.

The Awards Service of the Association of Universities and Colleges of Canada does not itself offer any awards but it does administer several national and international programs on behalf of Canadian and foreign donors, both private and governmental. Inquiries from students regarding financial aid can be addressed directly to the Association at:

AUCC Awards Service,
151 Slater Street,
Ottawa, Ont. K1P 5N1

The Association of Universities and Colleges of Canada administers the Commonwealth Fellowships plan. This plan makes it possible for Canadians to undertake graduate study or research in many parts of the Commonwealth as part of a Canadian graduate degree program, in addition to bringing graduate students from other Commonwealth countries to Canada.

Students from other Commonwealth countries, in Canada on *student visas*, can apply to their home country for these fellowships. Students with *landed immigrant status* may apply to any other Commonwealth country for these awards, with the understanding that they will return to Canada when their graduate work is completed.

The following books contain lists and descriptions of awards for graduate study. They can be read in the calendar room of the reference department of the McLennan Library.

A Registry of Awards for Advanced Research in the Humanities. Association of Universities and Colleges of Canada, 1972.

Fellowships and Scholarships Offered by Private Donors and Foreign Governments for Canadian Students, Administered by the Association of Universities and Colleges of Canada. 1971.

National Student Aid Information Service. Canadian Scholarship Trust Foundation.

Scholarships, Fellowships, and Loans Feingold, S.N. Arlington, Mass., Bellman, 1972.

Scholarships Guide for Commonwealth Postgraduate Students. Association of Commonwealth Universities, 1975-77.

Study Abroad. United Nations Educational, Scientific, and Cultural Organization, 1976-77.

The Grants Register. London, St. James Press, 1973.

AWARDS FOR McGILL OR ELSEWHERE

If you are planning postgraduate studies at McGill, we suggest that you apply for one of the provincial or federal fellowships in your field of study. These are among the most valuable fellowships awarded. The competitions in the following alphabetical list with the largest numbers of winners are the Canada Council Doctoral, the Canada Council Special M.A., the Medical Research Council, the National Research Council and the Québec government. You should apply in whichever one or more of these competitions is appropriate to your eligibility and your field of studies. Most McGill postgraduate students will be eligible to apply in one or more of these competitions.

If you plan to study at another university you should write directly to that university to obtain information about awards for which you may be eligible. If you are planning to study at McGill, also read the part of *Awards for McGill*, starting on page 9 which deals with your area of study.

BELL CANADA FELLOWSHIPS

Up to a total of eight graduate fellowships towards the master's degree. Value: $3,500 to Fellow and $1,500 to University will be given annually; four of which will be new awards. Fellow's tuition will be paid from the $1,500 donation to the University. Canadiates must be Canadian citizens or must have held landed immigrant status for one year prior to submitting an application. Applicants must be graduates of a university or college with standards accepted by the A.U.C.C. The field of study is unrestricted, but preference will be given to subject areas relevant to the scientific, political, social or economic needs of Canada. Apply before March 1 to Director of Awards, A.U.C.C., 151 Slater Street, Ottawa, Ont. K1P 5N1.

CANADA COUNCIL DOCTORAL FELLOWSHIPS

Value: $5,500 or $6,500. Fields: Social Sciences and Humanities. These categories extend to undertakings of an interdisciplinary nature, but not to those closely identified with the physical and biological sciences, or with professional training. *Applications:* Informative leaflets and application forms are obtainable from department offices in the social sciences, humanities, and related disciplines, from the Fellowships Office of the Graduate Faculty, or from: The Canada Council, P.O. Box 1047, Ottawa, Ont. K1P 5V8. *Due Date:* Completed applications should be returned to the Canada Council by December 1. *Eligibility:* Canadian citizens or those who have been landed immigrants for a year. Applicants must be enrolled in or have already completed *one year of graduate studies.*

CANADA COUNCIL SPECIAL M.A. FELLOWSHIPS

Value: $5,500. Eligibility: Canadian citizens *who are first class honours undergraduates* in the *arts, social sciences, or humanities. Application:* Candidates must ask a faculty member to nominate them. Nomination forms are available to candidates in the Fellowships Office, Faculty of Graduate Studies and Research. *Due Date:* October 15.

CANADIAN FEDERATION OF UNIVERSITY WOMEN'S PROFESSIONAL FELLOWSHIP

Value $2,500, open to any woman holding a degree from a Canadian university, living in Canada (a) who wishes to spend a year at an accredited Library School, School of Social Work, College of Education or similar professional school; or (b) who wishes, after some years of experience in a chosen field or after a lapse of time away from formal study, to embark on a program leading to an advanced degree. Apply to the Chairman of the Fellowships Committee, c/o Canadian Federation of University Women, Mount Allison University, Box 69, Sackville, N.B. Applications and testimonials must be received before February 1.

CENTRAL MORTGAGE AND HOUSING CORPORATION GRADUATE FELLOWSHIPS

Fellowship stipends are $3,000 plus tuition fees for students proceeding to a master's degree and $4,000 plus tuition fees for post-master's candidates proceeding to a doctoral degree. Tenable in a broad range of fields involved in understanding and dealing with urban regional environment. Candidates

must be recommended by the University and must be Canadian citizens or landed immigrants in Canada. Application forms and information are available from Administrator, Advisory Group, Central Mortgage and Housing Corporation, Ottawa. Deadline dates: March 1 for study at Canadian universities and April 1 for study at universities outside Canada.

DELTA UPSILON MEMORIAL SCHOLARSHIP

Present value $3,000. Founded by the McGill Chapter of the Delta Upsilon Fraternity in memory of its members who give their lives in the Boer War, the Great War of 1914-18, and the Second World War of 1939-45. Open to graduates of McGill University in all faculties and tenable for graduate study at any recognized university. Applications should be made by letter to the Secretary, University Scholarships Committee, Registrar's Office, F. Cyril James Building, by April 1. Letter must include details of qualifications; plans for graduate study, financial need, intended future career; and the names of two professors to whom the Selection Committee members may refer for recommendations. The usefulness to the community of the proposed studies, and the likelihood that the candidate will reflect credit on the University, will be taken into consideration.

DOW-HICKSON FELLOWSHIP IN PHYSICS

Endowed by the late Professor J.W.A. Hickson. Value $4,000. Tenable by a graduate of any approved university proceeding to a higher degree in any branch of Physics at McGill, or by a McGill graduate pursuing such studies elsewhere. The holder may apply for a second year of tenure. Apply to the Dean of the Graduate Faculty through the Physics Department before February 1.

DOW-HICKSON FELLOWSHIP IN THEORETICAL PHILOSOPHY

Endowed by the late Professor J.W.A. Hickson. Value, $4,000. Tenable by a graduate of any approved university proceeding to a higher degree in Theoretical Philosophy (Metaphysics, Epistemology, Logic, History of Philosophy) at McGill, or by a McGill graduate pursuing such studies elsewhere. The holder may apply for a second year of tenure. Apply to the Dean of the Graduate Faculty through the Philosophy Department before February 1.

GULF OIL CANADA LIMITED GRADUATE FELLOWSHIPS

Nine Fellowships of $3,500 each, plus $1,000 for research expenses. Candidates must be Canadian citizens or landed immigrants who are graduates of institutions which are members of the Association of Universities and Colleges of Canada. Awards tenable at any such university. Awarded to candidates in engineering, chemistry, physics, mathematics, computer sciences, geology, geophysics, and any related sciences, business and management studies, and ecologically-oriented studies. Apply to the Director of Awards, Association of Universities and Colleges of Canada, 151 Slater St., Ottawa, Ont. K1P 5N1. Completed applications must reach the Director before March 1.

IMPERIAL OIL GRADUATE RESEARCH FELLOWSHIPS

Five fellowships of $3,000 renewable up to three years, offered by Imperial Oil Limited to graduates of approved Canadian universities for research leading towards a Doctor's degree at any approved university in the following fields:

Pure and Applied Natural and/or Exact Sciences, including Mathematics: Three fellowships.

Social Sciences and Humanities: Two fellowships.

Applications are forwarded by the university at which the undergraduate course was followed, and application forms can be obtained from the Fellowships Office, Faculty of Graduate Studies and Research. Completed application must be submitted to the Secretary, Committee on Higher Education, Imperial Oil Limited, 111 St. Clair Avenue West, Toronto, Ont., not later than February 1.

I.O.D.E. POSTGRADUATE SCHOLARSHIPS

The I.O.D.E. has established First and Second War Memorial Scholarships in order to perpetuate the memory of the men and women who gave their lives in World Wars I and II. Ten scholarships are offered annually to enable students to carry on studies in History, Economics, Constitutional Government or any subject vital to the interests of the Commonwealth. These awards are tenable in any university in Great Britain or in any part of the Commonwealth and are valued at $5,000 each. Scholarships tenable in a university in Canada are valued at $3,500. Canadidates must be Canadian citizens holding a degree from a recognized university or degree-granting college in Canada and *must have done, or be doing postgraduate work* and be or have been registered in a Graduate School.

For full details apply to the Fellowships Office, Faculty of Graduate Studies and Research. Applications must be submitted by November 15.

LIBRARY SCIENCE FELLOWSHIPS

Beta Phi Mu Scholarships

The International Library Science Honor Society offers a scholarship with a value of $1,000 to a student at the Master's level accepted in a program accredited by the American Library Association. Application forms are available from the Executive Secretary, Beta Phi Mu, Graduate School of Library and Information Sciences, University of Pittsburgh, Pittsburgh, PA. 15260. Deadline for application is March 15.

Canadian Library Association Scholarships

A number of scholarships are available to students in accredited library schools. Information and application forms are available from the Scholarships and Awards Committee, Canadian Library Association, 151 Sparks Street, Ottawa, Ontario K1P 5E3.

Financial Assistance for Library Education

American students are advised to write to the Library Education Division, American Library Association. 50 East Huron Street, Chicago, Illinois 60611, for a copy of *Financial Assistance for Library Education.*

National Research Council of Canada Scholarships

In cooperation with the Advisory Board for Scientific and Technological Information, NRC offers a limited number of scholarships to assist science or engineering graduates to obtain advanced degrees in the fields of science librarianship and documentation. The awards are made on the basis of high scholastic achievement and evidence of suitability for a career as a science librarian or science information specialist. Applicants must be Canadian citizens or landed immigrants. All communication regarding these scholarships should be addressed to: The Scholarship Officer, Office of Grants and Scholarships, National Research Council of Canada, Ottawa, Ont. K1A OR6. Application must be filed not later than December 1.

Special Libraries Association Scholarships

Four $2, 500 scholarships for graduate study leading to a master's degree at a recognized school of library or information science in the United States or Canada. College graduates or college seniors (citizens of the U.S. or Canada) with an interest in special librarianship are eligible. Work experience in a special library is helpful. Further information and application forms may be obtained by writing to the Special Libraries Association, Scholarship Committee, 235 Park Avenue South, New York, N.Y. 10003. Applications must be filed by January 15.

MEDICAL RESEARCH COUNCIL STUDENTSHIPS

Value: $5,600. These awards are for students undertaking full time training in research in the health sciences leading to an M.Sc. or Ph.D. degree, or equivalent. Awards are primarily for Canadian citizens or landed immigrants. Application forms are available from the office of the Associate Dean for Graduate Studies and Research, Faculty of Medicine, McIntyre Medical Sciences Building. Due date for receipt of applications in Ottawa is December 15. A second competition is held with a due date of April 1. Only one application per calendar year will be considered.

NATIONAL CANCER INSTITUTE RESEARCH FELLOWSHIPS

Fellowships from $3,500 to $8,000, plus allowance for dependent children, normally tenable in Canada, are offered in the field of cancer research to men or women graduates of approved universities. Apply on official forms to the National Cancer Institute of Canada, 25 Adelaide St. E., Toronto, Ont. by December 15.

NATIONAL RESEARCH COUNCIL FELLOWSHIPS

Post-graduate awards to assist students in undertaking graduate study and research, and post-doctorate fellowships for those wishing to add to their experience by specialized training. *Value:* $6,000 to $12,000 *Fields:* agriculture, biology, chemistry, physics, geology, physical geography, mathematics, engineering and experimental psychology. *Eligibility:* At the time of application for a Fellowship, an applicant must be either a Canadian citizen or if a landed immigrant, must have completed one full year of study and/or research at a Canadian university. *Application:* Forms are available in the Fellowships Office, Faculty of Graduate Studies and Research. Applications must be submitted to the students' department *early in November.*

QUEBEC GOVERNMENT FELLOWSHIP

Value: $4,000 to $9,000. *Eligibility:* Permanent residents of Québec for at least one year who are Canadian citizens, or who, at the time of application, have been landed immigrants for 18 months. *Fields:* All academic disciplines. *Application:* Forms and descriptive booklets will be available in each department early in the Winter Term. There are special fellowship programs for students in **management,** and special part-time programs for **teachers** at several levels. There is also a special program for the **arts.** Completed application forms must be received in Québec by the end of February.

J.H. STEWART REID MEMORIAL FELLOWSHIP

Value: $3,000 for one year: winner may re-apply in open competition for additional years. *Field:* unrestricted, can be held at any Canadian university: *Eligibility:* Canadian citizen or landed immigrant. *Application:* Write to Awards Officer, Canadian Association of University Teachers, 66 Lisgar Street, Ottawa, Ont. K2P K2P 0C1. The due date is 1 February.

SECOND LANGUAGE FELLOWSHIP PROGRAM

Canadian and landed immigrant students who attend a university where the language of instruction is different from their own may apply for these fellowships worth $1,000-$2,000. The deadline for

application is May 31. Further information and application forms can be obtained from:

Direction générale de l'enseignement supérieur
Ministère de l'éducation
1035 de la chervrotière
Québec, PQ, G1R 5A5

SECOND-LANGUAGE MONITOR PROGRAM

Students who are willing to help teach French to English-speaking Canadians or *vice-versa*, outside the province in which they reside, can earn $3,000 plus up to $300 transportation costs, for part-time work as a second-language monitor in connection with post-secondary or post-graduate education. For example, a French-speaking New Brunswick resident may serve as a second-language monitor at McGill, while an English-speaking Québec resident from McGill might serve as a second-language monitor at the University of Ottawa. *Fields:* any. *Eligibility:* Canadian citizens or landed immigrants, who are enrolled in a post-secondary institution outside their province of residence. *Applications:* May be obtained from the provincial co-ordinator of the province in which you reside. Applications will be available after November 1 from the Provincial Coordinator of your province of residence and completed applications must be returned to the coordinator by December 31. The addresses of some of the provincial co-ordinators are listed below: the Graduate Faculty Fellowships Office has a complete list.

Québec:
M. Maurice Beaulieu

SHELL CANADA FELLOWSHIPS IN ENGINEERING

Maximum value $4,500. Tenable at any Canadian university, in the following fields: Chemical, Civil, Electrical, Geological, Mechanical, Metallurgical, Mining and Petroleum Engineering and Engineering Physics. Available to Canadian citizens or landed immigrants, under 25 years of age, who have completed with high honours a first degree in engineering and have completed, or expect to complete during the current academic year, at least one year of post-graduate research in one of the specified fields and who plan to complete a doctorate in Canada. In exceptional cases, graduates of Canadian universities may be considered without having carried out a year of postgraduate study. Applications should be submitted by January 15. Application forms may be obtained from the Fellowships Office, Faculty of Graduate Studies and Research.

SOCIETY OF INDUSTRIAL ACCOUNTANTS OF CANADA BUSINESS FELLOWSHIPS

Five fellowships of $1,200 each are available annually to students enrolled in a graduate business program at Canadian universities. Awards are to be granted to students whose program indicates an interest in Management Accounting and Accounting Research. Apply before April 1 to: Administrative Secretary, Fellowships Selection Committee, Society of Industrial Accountants of Canada, P.O. Box 176, 154 Main Street East, Hamilton, Ont.

STEEL COMPANY OF CANADA GRADUATE RESEARCH FELLOWSHIPS IN METALLURGY

Four fellowships of $5,000 for metallurgical research in Canadian universities are granted each year, $4,000 to the winner and $1,000 to the university attended. Candidates must be Canadian citizens or have held landed immigrant status for one year prior to submitting application, and must be graduates of a Canadian university or college which is a member of the Association of Universities and Colleges of Canada. Apply to the AUCC, 151 Slater St., Ottawa, Ont. K1P 5N1. Completed forms must arrive at the above address before March 1.

SUMMER LANGUAGE BURSARY PROGRAM

Under a joint agreement between the federal and provincial governments Summer Language Bursaries are offered to full time Canadian and landed immigrant students who wish to learn French or English in a 6 week immersion course during the summer. Students should write directly to:

M. Maurice Beaulieu
Coordonnateur-Bourses d'été
Ministère de l'éducation
Centre administratif "G", 13 étage
1035 de la Chevrotière
Québec, P.Q. G1R 5A5

The 1977-78 deadline for receipt of inquiries was 7 March.

TRANSPORTATION DEVELOPMENT AGENCY FELLOWSHIPS

This federal agency offers postgraduate fellowships for the support of thesis research in a broad range of fields related to transportation. Value: $4,650 plus fees. The fellowship may be held for one year while studying for the Master's degree, and renewed up to a maximum of two more times while studying for the Ph.D. *Fields:* work relating to any aspect of transportation. *Eligibility:* Canadian citizens or landed immigrants; only citizens may hold the fellowship outside Canada. *Applications:* Forms may be obtained from the Fellowships Office, Faculty of Graduate Studies and Research. The due date varies, but will be in *early January.*

AWARDS FOR McGILL

Students who apply for a fellowship on a McGill form sent directly to the Fellowships Office, Faculty of Graduate Studies and Research, will be considered for all the fellowships, awarded directly by the Faculty of Graduate Studies and Research, for which they are eligible. These do **not** include the fellowships for a limited field of studies which are awarded on the recommendation of schools or departments in the University. Application for these fellowships is made directly to the school or department concerned.

SEVERAL FACULTIES

MAX BELL FELLOWSHIP FOR CANADIAN STUDIES

Value: $5,500. Three fellowships are awarded each year, and they may be renewed for subsequent years in competition with other applicants. One is awarded to a student in Canadian Studies, one to a student in Northern Studies, and one to a student in either discipline. Apply to the Chairman, Canadian Studies Interdisciplinary Seminar Program, or the Director, Center For Northern Studies, by February 1.

BELLAIRS RESEARCH INSTITUTE FELLOWSHIP

Value: $3,600. Applicants must be citizens of Barbados undertaking studies at the Bellairs Research Institute leading towards the master's or doctoral degree in one of the scholarly disciplines related to the work of the Institute. The fellowship can be held for a maximum of two years by a master's candidate and four years by a Ph.D. candidate. Apply to the Director, Bellairs Research Institute, St. Johns, Barbados, before Feb. 1.

CONSUMERS GLASS CO. LTD. - FRANK P. JONES UNIVERSITY EDUCATION AWARDS PLAN

For children or wards of retired or active employees of Consumers Glass Co. Ltd. who are pursuing a full-time course of study in a graduate program at McGill University. Value: $1,000 per year until completion of the first degree. Individual approval of Consumers Glass Co. Ltd. is required, and awards are renewed provided the student establishes continuing eligibility and successfully completes the preceding academic year. Further information and application forms may be obtained from the Director of Awards, Association of Universities and Colleges of Canada, 151 Slater Street, Ottawa, Ont. K1P 5N1. Deadline: June 30.

FRIENDS OF MCGILL FELLOWSHIP

Value: $5,000. Tenable for one year, renewable in competition with other applicants. Open to a graduate student in any discipline who is a citizen of the United States of America. The fellowship is made available through the McGill Development program by the Friends of McGill, Inc., New York. Applications: apply to the Faculty of Graduate Studies and Research by February 1.

HAROLD H. HELM FELLOWSHIPS

Tenable by holders of a bachelor's degree from Princeton University for post-graduate study in any subject at McGill. Value $5,000. Normally non-renewable, but may be renewed for a second year in exceptional circumstances. Requests for applications for the "Helm Fellowship" should be made to the McGill Graduate Faculty Fellowships Office. Completed applications should be received before February 1, and candidates will be notified of the results of the competition on April 1.

J.W. MCCONNELL MEMORIAL FELLOWSHIPS

These fellowships were established by the J.W. McConnell Foundation to support postgraduate studies and research at McGill University, and so to strengthen, in quality and in numbers, the academic staffs of Canadian universities and schools. The fellowships may be held by students registering in any postgraduate research program at McGill who are Canadian citizens or landed immigrants. The value of a first-year award is $5,000. The initial award is normally for a period of two years, but the fellowships are intended to carry a student through to a doctoral degree, and may normally be held up to the fifth year of a doctoral program (and for not more than five years). Fellows will be expected to spend

the full calendar year (with the exception of a month's summer holiday) on their studies, and may not accept any remunerative appointment during the tenure of the fellowship without permission. Application forms may be obtained from the Fellowships Office of the Faculty of Graduate Studies and Research and completed forms must be returned to this office before February 1.

SOLVAY FELLOWSHIP

Value $3,500 plus tuition fees, offered for the first year of study in the Faculty of Graduate Studies and Research. Tenable in any Department of the Faculty, and open to men and women equally. The holder must have graduated in any undergraduate faculty of McGill in the session prior to that for which the award is given, and must obtain permission to proceed to graduate study. No teaching duties are required of the holder, who may not hold any other fellowship or bursary, nor receive a salary for teaching or other duties, during his or her tenure. Apply to the Fellowships Office, Dawson Hall, before February 1.

SUMMER RESEARCH FELLOWSHIPS

These awards are made so that the recipients can continue their research through the summer. The value is $1,000. Deadline for applications is April 1, and winners are announced on May 1. Application should be made on the standard fellowship application form, but only two letters of recommendation are required. Students who are currently registered at McGill and who do not hold a major fellowship ($4,000 or more) can apply. The **McConnell Foundation** and the **Faculty of Graduate Studies and Research** support this program. Additional funds are provided to students from outside Canada or the U.S.A. by the **Max Binz Foundation.** The **Isabella C. McLennan Fellowship** of $900 is awarded to an eligible woman student.

AGRICULTURE AND THE BIOLOGICAL SCIENCES

PHILIP CARPENTER FELLOWSHIP IN BIOLOGY

Value $1,200, established in 1892 by Mrs. Philip P. Carpenter to provide "a postgraduate teaching fellowship or scholarship in Natural Science or some branch thereof in the Faculty of Arts of McGill College." Awarded to a graduate who has been in residence for at least one academic session and may be held in conjunction with a departmental demonstratorship. No application necessary. The Department makes the appointment from its current cadre of Demonstrators.

LYNDEN LAIRD LYSTER AWARD IN PARASITOLOGY

Value approximately $3,000. Open to graduates of any university admitted as candidates for a Master's or Doctor's degree in Parasitology at McGill. Apply by May 1 to the Director of the Institute of Parasitology.

SIR VINCENT MEREDITH FELLOWSHIP IN AGRICULTURAL ECONOMICS

$2,500 per year, tenable for a two-year period. Candidates must qualify for graduate work in Economics at the Ph.D. level and must pursue research or thesis work on an approved subject in the area of Agricultural Economics. Limited teaching or other duties are required. Apply to the Department of Agricultural Economics, Macdonald College, Québec H0A 1C0, before February 1.

DAVID STEWART MEMORIAL FELLOWSHIP

One fellowship in the Biological Sciences has been established by a bequest of the late Miss Agnes Stewart in memory of her father, the late David Stewart. Awarded to candidates who demonstrate ability of a high order and who are likely to enter a career of university teaching. Value $3,500 plus tuition fees for students in the upper years. Awarded for one year only but holders may apply for renewal. Apply to the Fellowships Office, Dawson Hall, before February 1.

WALTER M. STEWART POSTGRADUATE SCHOLARSHIP IN AGRICULTURE

Value $1,000, established to permit promising students from the Faculty of Agriculture of Laval University to undertake postgraduate studies at Macdonald College. Apply to the Dean of the Faculty at Laval before May 1 each year. Not awarded to students who would, including this scholarship, be in receipt of scholarships, fellowships, assistantships, etc. to a value of $2,000 or more per annum.

ARTHUR WILLEY MEMORIAL BURSARY

Value $540. To be awarded on the recommendation of the Biology Department. No application necessary.

ARCHITECTURE

A.F. DUNLOP SCHOLARSHIPS

Two travelling scholarships, value $2,000 each bequeathed by the late Mrs. Catherine A. Dunlop for students graduating from the McGill School of

Architecture. Apply, stating proposed study, localities to be visited and date of departure, to the Director of the School before March 31. Selection is made by a Committee of Staff of the School of Architecture.

HUGH MCLENNAN MEMORIAL SCHOLARSHIP

Established by the Hon. John Stewart McLennan, Dr. Francis McLennan and Miss Isabella McLennan in memory of Hugh McLennan, son of the Hon. John Stewart McLennan, killed at the Battle of Ypres in 1915. Value $2,400, awarded to the student who has maintained the highest standing throughout his or her studies at McGill School of Architecture. Selection is made by a Committee of Staff of the School of Architecture.

EDUCATION

COLL MCFEE MEMORIAL SCHOLARSHIP

Established in 1968 from a bequest of the late Miss Julia Beatrice Anderson McFee in honour of her father, Coll McFee and her brother, Malcolm Charles Coll McFee, B.A. (1905), B.Sc. (1908), M.Sc., to a graduate student proceeding to the Master of Education (Chemistry) degree, or if a meritorious candidate does not apply, to a graduate of the McGill Chemistry course who is proceeding to an M.Sc. or Ph.D. degree in the Department of Chemistry. Send applications to the Chairman, Department of Chemistry, before June 1.

IRVING ORRIN VINCENT BURSARY

Established by Mrs. J.B. Owen in memory of her father, the late Irving Orrin Vincent, B.A. 1907, M.A. 1908, a noted teacher and Principal of Edward VII School in Montreal from 1912 until his death in 1920. Awarded annually by the Student Aid Office on the basis of academic merit and financial need to a graduating student in the Faculty of Arts proceeding towards an M.A., M.Ed., or Doctorate in Classics or Education.

HUMANITIES AND THE SOCIAL SCIENCES

BRONFMAN FELLOWSHIPS IN COMMERCE AND ECONOMICS

The Faculty of Graduate Studies and Research offers two fellowships of $2,000 each plus tuition fees to men and women, preferably with research experience, who are graduates in Commerce or Economics from accredited universities. The holders are entitled to apply again in a subsequent year, will be expected to be in residence at McGill throughout the academic session, and to be candidates for a higher degree at McGill. A little teaching work may be required. Apply to the Department of Economics, before February 1.

MARY KEENAN SCHOLARSHIP IN ENGLISH

Value $200, awarded by the Department of English to a student proceeding at McGill from the B.A. to the M.A. in English. The need and ability of the student are considered.

SAMUEL LAPITSKY SCHOLARSHIP

Value: tuition fees. To be awarded on the recommendation of the Departments of Sociology or Anthrolopology (each in alternate years). Apply to the Departments of Sociology and Anthropology before February 1.

SEAGRAM BUSINESS FELLOWSHIP

See alphabetical listing under Management (page 12).

ALEXANDER MACKENZIE FELLOWSHIP IN POLITICAL SCIENCE

Value $2,000, plus tuition fees. Tenable by a graduate of any accredited university, conditional upon acceptance by the Faculty of Graduate Studies and Research in the field of Political Science. A certain amount of tutorial and teaching work is required. Under certain conditions, after consultation with the Department of Political Science, this fellowship may be held for a second or third year. Each candidate should send (i) a letter of application, (ii) a certified copy of his or her academic record, (iii) not more than three testimonials, to the Department of Political Science before February 1.

SIR VINCENT MEREDITH FELLOWSHIP IN AGRICULTURAL ECONOMICS

See alphabetical listing under *Agriculture and the Biological Sciences* (page 10).

NEWCOMEN AWARD

The Newcomen Society in North America offers a prize of $200 known as the Newcomen Award for a student at McGill who writes an outstanding paper on some facet of Industrial History. Entries must be submitted to the Chairman of the Department of Economics on or before April 1.

ARTHUR C. TAGGE FELLOWSHIP IN THE HUMANITIES AND SOCIAL SCIENCES

Value $3,500, plus tuition fees. Tenable by a graduate of any approved university proceeding to a higher degree in any Department of the Humanities or the Social Sciences. Normally awarded for the first year of graduate study and not renewable, but exceptions may be made. Outstanding students in the last year of the undergraduate course, at McGill or elsewhere, should apply to the Fellowships Office, Dawson Hall, before February 1.

IRVING ORRIN VINCENT BURSARY

See alphabetical listing under Education (page 11).

PRIZE OF THE AMBASSADOR OF YUGOSLAVIA IN CANADA

A book prize for the best student in the language, literature or civilization of one of the peoples of Yugoslavia (principally Serbo-Croatian). Open to undergraduate or graduate students and awarded on the recommendation of the Department of Russian and Slavic Studies.

LAW

EDWIN BOTSFORD BUSTEED SCHOLARSHIP

Value approximately $750 and can be used to supplement funds for graduate studies already received from other sources. Bequeathed by the late Mrs. Edwin Botsford Busteed in memory of her husband, Edwin Botsford Busteed, K.C., B.A., B.C.L. Awarded by the Faculty of Law to an applicant, for graduate research on some subject connected with the law of Québec and approved by the Faculty.

INSTITUTE OF AIR AND SPACE LAW SCHOLARSHIPS AND FELLOWSHIPS

Value: $1,750 to $2,500. Candidates must hold a law degree of high standing from an approved law school or must have equivalent professional standing. Apply to the Institute of Air and Space Law before February 1.

THOMAS ALEXANDER ROWAT SCHOLARSHIP

Value $250, founded by Mr. Donald McKenzie Rowat, N.P., in memory of his brother, Lieutenant Thomas Alexander Rowat, B.C.L., who was killed in action at Lens, France, on June 28, 1917. Awarded for proficiency in French and in the old French law, conditions set by the Faculty.

LIBRARY SCIENCE

Applicants accepted for admission to the program leading to the degree of Master of Library Science and students entering the second year of the program may apply to the Director of the School before March 1 to be considered for the following awards which are made, after due investigation and recommendation, to deserving students who require financial assistance.

JANET AGNEW SCHOLARSHIP IN THE GRADUATE SCHOOL OF LIBRARY SCIENCE

Value: $250. Established from a bequest of the late Janet M. Agnew, a graduate of and former Instructor in the School.

ETHELWYN M. CROSSLEY SCHOLARSHIP FUND

$400 from the fund founded in honour of a former student of the School.

SYRA DEENA TARSHIS FLEISHMAN BURSARY

$200 from the fund founded in memory of a former student of the School.

ELIZABETH G. HALL SCHOLARSHIP FUND

$400 from the fund founded in honour of a former member of the McGill University Library staff.

LIBRARY SCIENCE FELLOWSHIP

Value $2,500. Established by the McGill Development Fund in co-operation with the Library staff to assist a member of the Library staff to attend the first academic year of the M.L.S. program in the Graduate School of Library Science. Open to a full-time member of the library staff; tenable for one academic year. Applications should be made to the Director of the Graduate School of Library Science by March 1.

DR. G.R. LOMER SCHOLARSHIPS

Three annually of $660 each in honour of Dr. G.R. Lomer, a former Director of the School.

H.W. WILSON FOUNDATION FELLOWSHIP

A grant in the amount of $3,000 made on a rotating basis to schools with graduate library programs accredited by the American Library Association, for distribution as scholarship aid in amounts and manner considered appropriate by the schools. McGill will receive a grant in 1977.

Awards

VIRGINIA MURRAY PRIZE FOR CATALOGUING

Awarded to the student in M.L.S. I who obtains the highest grade in the Organization of Materials course.

MONTREAL CHAPTER SPECIAL LIBRARIES ASSOCIATION PRIZE

Awarded to the student in M.L.S. II who obtains highest standing in Special Librarianship.

MANAGEMENT

BRONFMAN FELLOWSHIPS IN COMMERCE AND ECONOMICS

See alphabetical listing under *Humanities and the Social Sciences* (page 11).

CANADA TIRE CORPORATION LIMITED SCHOLARSHIP

An annual award of $1,000 made to a student entering the M.B.A. program. Renewable for a second year if the candidate remains in good standing. Awarded by the Faculty of Management Scholarships Committee: no application necessary.

FORD MOTOR COMPANY OF CANADA M.B.A. SCHOLARSHIP

Two annual non-renewable awards of up to $2,500. Preference is to be given to women returning to school after full-time employment in industry, government, or non-profit organizations. Awarded by the Faculty of Management Scholarships Committee: no application necessary.

H.E. HERSCHORN GRADUATE SCHOLARSHIP

Established in 1965, covering the amount of the current tuition fees and tenable by a student entering either the First or the Second year of the M.B.A. program. Apply to the Admissions Officer, Faculty of Management.

M.B.A. FELLOWSHIPS

Ten awards of $2,500 each per year, renewable if satisfactory standing is maintained. Established by the McGill Development Fund. Awarded to entering students on the basis of academic merit upon the recommendation of the Faculty of Management Scholarships Committee.

MCGILL ASSOCIATES GRADUATE FELLOWSHIPS IN MANAGEMENT

Established by the McGill Associates, a group of Montreal business and professional men interested in the University, to ensure that the graduate degree program of the McGill Faculty of Management continues to attract students of a high academic and professional calibre. A number of fellowships are available, each with an annual value of up to $3,600 for students at the Master's level. This amount may be increased in the case of students proceeding to a doctoral degree. These fellowships are open to students registered in any postgraduate degree program of the Faculty of Management. Apply to the Admissions Officer, Faculty of Management.

RODGIE MCLAGAN FELLOWSHIPS IN MANAGEMENT

Two fellowships of $1,500 each have been established by Canada Steamship Lines for graduate study in management. Application forms must be completed and returned to the Admissions Officer, Faculty of Management, by August 1st.

SEAGRAM BUSINESS FELLOWSHIPS OF THE SAMUEL BRONFMAN FOUNDATION

Eight Type A awards of $1,000 are given annually by this Foundation to first or qualifying year students enrolled in a Master's degree program. Eligibility is limited to Canadian citizens. Applicants for first year fellowships may apply directly to: Professor Jean-Paul Sallenave, Awards Chairman, Canadian Association of Administrative Sciences, Faculty of Administration, Sherbrooke University, Sherbrooke, P.Q. Completed applications must be received before May 18.

Four Type B fellowships of $1,600 are given annually by this Foundation to students in their final year of a Master's program or in any year of a Doctoral Program. Eligibility is limited to Canadian citizens. Applications are submitted on behalf of candidates by the Dean of the Faculty of Management and interested students should contact him before April 12.

XEROX OF CANADA LIMITED FELLOWSHIP IN MANAGEMENT

Value $2,000, established as a centennial project by Xerox of Canada Limited to encourage management studies at the graduate level. Open to students in the M.B.A. program and awarded by the Scholarships Committee of the Faculty of Management. Apply to the Admissions Officer, Faculty of Management.

MEDICINE AND THE MEDICAL SCIENCES

SIR EDWARD W. BEATTY MEMORIAL SCHOLARSHIPS FOR MEDICAL STUDENTS

Two scholarships, not necessarily of equal value, awarded annually to students of any nationality. Open to (i) students registered in the McGill Faculty of Medicine as candidates for the M.D., C.M. degree, (ii) graduates of an accredited Faculty of Medicine registered for postgraduate degrees, (iii) graduates of an accredited Faculty of Medicine registered for a postgraduate diploma in a clinical specialty, (iv) graduates of an accredited Faculty of Medicine who are employed in a year of research as part of their residency training program. For students who hold or are working towards the McGill M.D., C.M. the award may be held at any approved institution in Canada or abroad. For other qualified students the award must be held at McGill. The holder is expected to devote his or her year of tenure either to research or to some form of special training excluding the normal training towards the M.D., C.M. and excluding any of the years of residency training required in the Diploma courses. Awarded by the Faculty of Medicine but not unless suitable candidates present themselves. Apply to the Associate Dean, Graduate Studies and Research, Faculty of Medicine, on the forms provided for this purpose on or before February 1 of the year in which the scholarship is to commence.

IRMA H. BAUER RESEARCH FUND

The income from a bequest by the late Irma H. Bauer to be used for the support of a student doing research in the field of epilepsy.

A.A. BROWNE MEMORIAL FUND

This fund of $10,000 is used either for a fellowship to be known as the "A.A. Browne

Memorial Fellowship", or for a grant to a department to provide technical assistance, equipment, and supplies for medical research. The fellowship is open to graduates of any recognized medical school and is for the advancement of medical science, especially in Obstetrics and Gynaecology. Apply to the Associate Dean, Graduate Studies and Research, Faculty of Medicine.

J.B. COLLIP FELLOWSHIPS IN MEDICAL RESEARCH

Up to three fellowships of $3,000 each are awarded for study at McGill in Anatomy, Bacteriology, Biochemistry, Histology, Pathology, Pharmacology, or Physiology. Candidates must hold the M.Sc. or Ph.D. in one of these subjects, or a degree in medicine, from a recognized university. Graduates of the McGill medical faculty may be permitted to hold the fellowship at an approved institution elsewhere. Apply before February 1 to the Associate Dean, Graduate Studies and Research, Faculty of Medicine, from whom application forms and further particulars may be obtained.

JAMES COOPER ENDOWMENT FOR THE STUDY AND TEACHING OF INTERNAL MEDICINE

The income from a bequest by the late James Cooper is used for fellowships or for grants to departments to provide technical assistance, equipment, and supplies for medical research.

JAMES DOUGLAS FELLOWSHIP IN PATHOLOGY

The income from a donation of $25,000 by the late Dr. James Douglas, is devoted to co-ordinated research in the laboratories of pathology in or associated with the University.

RICHARD COLLIER FITZGERALD FUND

The income from a bequest by the late Mr. Frederick D. FitzGerald is used for fellowships or for grants to departments to provide technical assistance, equipment and supplies for medical research, especially on the subject of cancer.

PERCY HERMANT FELLOWSHIPS IN OPHTHALMOLOGY

These fellowships of $2,000 each have been established by Mr. Percy Hermant. Normally two are awarded each year. Candidates must be graduates in Medicine of McGill or other approved medical schools, must be commencing the study of Ophthalmology at McGill and must be planning to practise this specialty in Canada. Apply to the Chairman, Department of Ophtalmology, McGill University.

BLANCHE HUTCHINSON RESEARCH FUND

The income from a bequest from the late Mrs. Frank L. Hutchinson is used for Fellowships, or for grants to departments to provide technical assistance, equipment, and supplies for medical research.

ISAAK WALTON KILLAM SCHOLARSHIPS

Established in 1966 by a generous bequest to the Montreal Neurological Institute by the will of the late Mrs. Dorothy Killam, for advanced study in the fields of Neurology, Neurosurgery and the related basic disciplines. Open to all, but preference given to Canadians and scientists planning to immigrate to Canada. Value $4,000 – $8,000 depending on the candidate's qualifications. Apply in writing to the Director of the Montreal Neurological Institute by March 1.

SAMUEL LUPOVICH MEMORIAL SCHOLARSHIP

Of the approximate value of $400, open to graduates of any approved medical school who are principally engaged in research upon the physiology of the blood, or its diseases. Apply to the Associate Dean, Graduate Studies and Research, Faculty of Medicine, by February 1.

JOSEPH MCABBIE SCHOLARSHIP.

$1,000, established by a bequest from the late Joseph McAbbie for research on asthma and asthmatic bronchitis. Apply to the Associate Dean, Graduate Studies and Research, Faculty of Medicine, by February 1.

JOHN MCCRAE FELLOWSHIP

Approximate value of $1,800 for (1) graduates of any approved medical school who are candidates for the Diploma in Surgery, Urology, Otolaryngology, Radiology, etc., or (2) McGill graduates in Medicine, or (3) graduates of any approved medical school proceeding towards a McGill M.Sc. or Ph.D. in fields related to Surgery, etc. In all cases, the holder is expected to spend twelve months in full-time laboratory or clinical research at McGill or an approved institution elsewhere. Apply to the Dean of the Faculty of Medicine not later than April 1, with a letter of recommendation from a member of the teaching staff, transcript of the undergraduate record, and description of the proposed research naming the institution selected and its director. Tenure should commence not earlier than June nor later than October; a final report on the work done is required. In all cases preference is given to candidates aiming at a course in Surgery and to researches likely to contribute to Surgery and its branches.

H.W. MOLSON FELLOWSHIP IN CANCER RESEARCH

Value not less than $1,000, renewable for not more than four years, and open to graduates of any recognized medical school. The course of training and research will be decided by the Strathcona Professor of Pathology and the Professor of Obstetrics and Gynecology, and will usually comprise one or more years of study in the Pathological Institute followed by clinical research in the Royal Victoria Hospital. Apply to the Dean of the Faculty of Medicine.

FELLOWSHIPS IN NEUROLOGY, NEUROPATHOLOGY, AND NEUROSURGERY

A limited number of fellowships may be available in the Montreal Neurological Institute, to which inquiries should be directed.

OSLER MEMORIAL SCHOLARSHIP

Awarded by the Canadian Medical Association as funds permit to a candidate nominated by the Faculty of Medicine "in order that such a candidate may pursue studies to advance the knowledge of medicine and to improve the teaching of clinical medicine". Candidates must be graduates of not more than ten years' standing and, other things being equal, preference is given to McGill graduates.

GORDON PHILLIPS FUND FOR RESEARCH IN CARDIOVASCULAR DISEASES

This fund provides a scholarship of not less than $1,600, open to graduates in Medicine of any approved medical school regardless of sex, race or religion. Awards to McGill graduates in Medicine may be held at McGill or at any other approved institution. Awards made to other graduates in Medicine must be held at McGill University. Apply to the Associate Dean, Graduate Studies and Research, Faculty of Medicine, by February 1.

JOSEPH SCHUBERT MEMORIAL SCHOLARSHIP

Approximate value $450 for graduates of any approved medical school who are principally engaged in study of the physiology of the heart, or its diseases.

Apply to the Associate Dean, Graduate Studies and Research, Faculty of Medicine, by February 2.

CORINNE FAY TABAC MEMORIAL AWARD IN MEDICINE

Established by the family and friends of the late Corinne Fay Tabac, in her memory, for the support of established investigators doing research closely allied to the study of Hodgkins Disease. Awarded annually by the Postgraduate Awards Committee of the Faculty of Medicine.

JEANNETTE AND ABRAM VICTOR MEMORIAL SCHOLARSHIP

Of the approximate value of $550, open to graduates of any approved medical school and who are principally engaged in research upon the physiology of the heart, or its diseases. The scholar may hold another award or position. Apply to the Associate Dean, Graduate Studies and Research, Faculty of Medicine, by February 1.

HIRAM N. VINEBERG RESEARCH FUND

The income from a bequest by the late Dr. Hiram N. Vineberg to be used for fellowships or for grants to departments to provide technical assistance, equipment and supplies for medical research.

HARRISON WATSON SCHOLARSHIP

Established in 1953 by a bequest from the late Harrison Watson and Ruth Appleton Watson in memory of their only son, Captain Aubrey Wentworth Harrison Watson, D.S.O., M.C. Value not less than $1,500, open to men and women graduates of an approved Faculty of Medicine or holders of M.Sc. or Ph.D. degrees or approved candidates for Ph.D. degrees at McGill who have completed one year of research and study towards their degree and also to candidates who have spent at least one year in postgraduate training. Awards of higher value may be made to candidates with higher qualifications. Renewable for two additional years. Preference is given to McGill graduates. The purpose of the scholarship is the encouragement of research into the causes and cure of tuberculosis and other diseases of an allied character. Tenable only at McGill unless the scholar is a graduate in Medicine of McGill in which case it is also tenable at an approved institution elsewhere. The holder must devote his or her full time for at least ten consecutive months to the object of the award. Application forms obtained from the Associate Dean, Graduate Studies and Research, Faculty of Medicine, must be submitted before February 1.

DR. MILTON C. AND NINA E. WILSON AWARD

Established in 1970 by bequest from the late Dr. Milton C. Wilson, the annual income to be available for the support of undergraduate or postgraduate students in the Faculty of Medicine who are in need of financial assistance. Awarded by the Dean of Medicine.

MUSIC

JULIUS SCHLOSS MEMORIAL AWARD

Value: about $450. Established by Mr. and Mrs. Oscar Schloss in memory of their brother, the composer Julius Schloss (1902-1972), one of the foremost pupils of Alban Berg in Vienna during the late 1920's and early 1930's whose collected

works were donated by the family to the McGill Faculty of Music. This award is to be made to a graduate student in Music on the recommendation of the Graduate Committee of the Faculty of Music. No application necessary.

NATURAL SCIENCES AND ENGINEERING

Awards Tenable in More Than One Department or Faculty

D.W. AMBRIDGE AWARD

An award to a graduate receiving the degree of Ph.D. in the Physical Sciences or Engineering. The winner is selected from candidates nominated by each department. The award is for the student whose academic record, including research and thesis, is judged to be outstanding among all those who graduate during the academic year. The winner receives both a cash award and an engraved plaque. This award was made possible by a gift to the late Douglas White Ambridge from the employees and shareholders on the occasion of his retirement from the presidency of Abitibi Power and Paper Company, Limited on Feb. 1, 1963.

WILLIAM HENRY HOWARD SCHOLARSHIPS

Three scholarships of $1,000 each bequeathed in 1955 by the late Mrs. Florence P. Howard in memory of her husband. Open to undergraduate and graduate students in Metallurgy, Chemical Engineering and Geological Sciences. Awarded and renewable upon the recommendations of the Departments concerned for scholastic ability and general promise.

DR. W.B. LEWIS PRIZE

A prize of $300 is offered annually in a competition for an essay, written with a view to publication to produce an informative review of some topic involving more than a single scientific discipline and having relevance to a subject of potentially general concern, e.g. water pollution, growing amount of carbon dioxide in the atmosphere, problem of mercury in the environment, etc. The prize is awarded by the University Scholarships Committee. Essays must reach the Secretary, University Scholarships Committee, Registrar's Office, F.Cyril James Building, on or before March 3 of each year.

OTTO MAASS MEMORIAL FELLOWSHIP

Value at least $5,000 per annum for graduate students in Chemistry, Chemical Engineering or Mechanical Engineering at McGill who are conducting their thesis research in the Pulp and Paper Research Institute. Apply to the Chairman, Education Committee, Pulp and Paper Research Institute of Canada before February 1.

ALEXANDER MCFEE FELLOWSHIP

Value $3,500, open to graduates of any approved university who are resident full-time candidates for higher degrees or diplomas at McGill. The award will be made on a rotational basis in Physics, Chemistry, and Medical Sciences (with preference for Cancer research).

FRANK L. MITCHELL FELLOWSHIP

Value $4,300 per annum for graduate students in Chemistry, Chemical Engineering or Mechanical Engineering at McGill who are conducting their thesis research in the Pulp and Paper Research Institute of Canada. The fellowship is renewable and may be supplemented by nominal amounts of demonstrating in the University. Apply to the Chairman, Education Committee, Pulp and Paper Research Institute of Canada, before February 1.

NORANDA GRADUATE RESEARCH FELLOWSHIPS

Awards of $5,500 (plus $1,000 for equipment and other expenses), renewable up to three years, and open in the fields of Mining, Mineral Engineering, Extractive Metallurgy, Chemical Engineering, Electrochemistry, Inorganic Chemistry, Physical Metallurgy, and Materials Science. Application should be made through the appropriate University department to the Director of Research and Development, Noranda Research Centre, 240 Hymus Boulevard, Pointe Claire, Québec, not later than April 1. Recipients of Fellowships will be notified by May 1. Preference will be given to Canadian citizens.

JOHN BONSALL PORTER SCHOLARSHIP

Value $1,000, founded by Dr. W.W. Colpitts (B.Sc., 1899). Open to graduate students proceeding to the degree of M.Eng. in Civil, Mechanical, or Electrical Engineering, preferably in Civil Engineering. Apply to the Dean of the Faculty of Engineering not later than July 30. Applications from graduates of other universities must be accompanied by certified statements of academic standing and letters of recommendation.

PULP AND PAPER RESEARCH INSTITUTE OF CANADA GRADUATE STUDENTSHIPS

At least two studentships, value at least $5,000 per annum, for graduate students in Chemistry, Chemical Engineering or Mechanical Engineering at McGill who are conducting their thesis research in the Pulp and Paper Research Institute of Canada. Renewable and may be supplemented by nominal amounts of demonstrating in the University. Apply to the Chairman, Education Committee, Pulp and Paper Research Institute of Canada, before February 1.

CLIFFORD B. PURVES FELLOWSHIP

Value at least $5,000 per annum, for graduate students in Chemistry, Chemical Engineering or Mechanical Engineering at McGill who are conducting their thesis research in the Pulp and Paper Research Institute of Canada. The fellowship is renewable and may be supplemented by nominal amounts of demonstrating in the University. Apply to the Chairman, Education Committee, Pulp and Paper Research Institute of Canada, before February 1.

CARL REINHARDT SCHOLARSHIPS AND BURSARIES IN PHYSICS AND GEOLOGICAL SCIENCES

Established from the estate of the late Carl Reinhardt. To be used for scholarships or bursaries for undergraduate students in the Departments of Physics and Geological Sciences, and for scholarships or bursaries or in the support of their research for graduate students. Awards are made by the Faculty of Graduate Studies and Research, on the recommendations of the Chairmen of the Departments concerned.

DAVID STEWART MEMORIAL FELLOWSHIP

See alphabetical listing under *Agriculture and the Biological Sciences*. (page 10).

Chemistry

T. STERRY HUNT AWARDS IN CHEMISTRY

Four $200 awards for best demonstrating. Awarded by the Department of Chemistry. No application necessary.

KIMBERLY-CLARK OF CANADA FELLOWSHIP

Value $5,000. Open to graduate students in the Department of Chemistry who are conducting thesis research in the Physical Chemistry Division of the Pulp and Paper Research Institute of Canada. Apply to the Department of Chemistry before February 1.

COLL MCFEE MEMORIAL SCHOLARSHIP.

See alphabetical listing under *Education* (page 11).

RICHARD T. MOHAN SCHOLARSHIP

Established in 1971 to honour the memory of the late Richard T. Mohan. To be awarded to a postgraduate student in the Department of Chemistry proceeding to the Ph.D. degree. Applications to the Chairman, Department of Chemistry, before June 1.

CARL A. WINKLER AWARD IN CHEMISTRY

Made possible by the donations of his graduate students, colleagues, friends, and a matching gift by Polysar Limited. The award of about $600 is given annually to the Ph.D. candidate who upon graduating is judged to be of outstanding academic excellence. Awarded by the Chemistry Department. No applications necessary.

XEROX FELLOWSHIP

A fellowship of $4,500, established by Xerox Corporation for graduate research in Polymer Physical Chemistry and not normally renewable. Apply to the Department of Chemistry before February 1.

Civil Engineering

FRANKI FELLOWSHIP IN SOIL MECHANICS

Value $4,250 plus $750, for research expenses; renewable once. Open to graduates of recognized Canadian universities in Agriculture, Engineering or Science. Awarded by Franki Canada Limited for the support of graduate studies in Soil Mechanics. Application should be made to Franki Canada Ltd. through the Chairman of the Department of Civil Engineering before April 1.

MIRON FELLOWSHIP IN CONCRETE STUDIES

Established by the Miron Company Limited for advanced studies in some phase of the concrete industry in the Department of Civil Engineering. Value $1500. Applicants must be Canadian Citizens, and graduates in science or engineering of a recognized university. Apply to the Department of Civil Engineering before February 1.

Computer Science

INTERNATIONAL BUSINESS MACHINES FELLOWSHIPS

A stipend of up to $4,000 per year to support graduate research and study in Computer Science. Renewable. Apply to the Director of the School of Computer Science before April 1.

Geological Sciences

LEROY MEMORIAL FELLOWSHIP IN GEOLOGICAL SCIENCES

Value $1,500, established by friends of Captain O.E. LeRoy (Arts, 1895), who was killed at Passchendale, in October 1917. May be awarded annually to a student who desires to proceed with postgraduate studies in Geology at McGill. The recipient may be asked to assist in teaching in the Department. Awarded on the recommendation of the Chairman of the Department of Geological Sciences.

J.B. LYNCH FELLOWSHIP IN GEOLOGICAL SCIENCES

$3,000 for an outstanding student commencing or continuing postgraduate studies in Geological Sciences. Apply to the Department of Geological Sciences before February 1.

Mining and Metallurgical Engineering

ALCAN FELLOWSHIP

Value $4,000 plus a grant to the Department for research expenses. Open to graduates of any university admitted to McGill as resident candidates for a Master's or Doctor's degree in Metallurgy and related subjects, and is renewable. Apply to the Department of Mining and Metallurgical Engineering before February 1.

SIR WILLIAM DAWSON FELLOWSHIP IN METALLURGY

A research and teaching graduate award of $3,000, or one or more undergraduate awards totalling $3,000, in the Department of Mining and Metallurgical Engineering, endowed in memory of the late Sir William Dawson, Principal of McGill University from 1855 to 1893.

JAMES DOUGLAS FELLOWSHIP IN MINING ENGINEERING

A research and teaching fellowship of $3,000 in the Department of Mining and Metallurgical Engineering endowed by the Late Dr. James Douglas and open to qualified university graduates.

B.J. HARRINGTON BURSARY IN MINING ENGINEERING

Value $1,000, supported by graduates in Mining Engineering in memory of the late Professor B.J. Harrington, awarded annually if a suitable candidate applies, and open to qualified university graduates.

QUEBEC IRON AND TITANIUM CORPORATION FELLOWSHIP IN METALLURGY

Value $2,000 plus fees, plus a grant to the Department for research expenses. Open to graduates of any university admitted to McGill as candidates for a Master's or Doctor's degree in Metallurgy and related subjects, and is renewable. Apply to the Dean of the Graduate Faculty through the Department of Mining and Metallurgical Engineering before February 1.

HORACE G. YOUNG FELLOWSHIPS

Awarded to graduates of McGill University who are conducting advanced research in the Department of Mining and Metallurgical Engineering. Two awards of $1,250 each are made annually. Awarded by the Faculty of Graduate Studies and Research on the recommendation of the Chairman of the Department of Mining and Metallurgical Engineering, to whom applications should be made before February 1.

NURSING

ALUMNAE ASSOCIATION OF THE SCHOOL OF NURSING SCHOLARSHIP

In memory of Dr. Marion Lindeburgh, the Alumnae Association has established a scholarship of $1200 open to graduate, registered nurses who wish to study at the School of Nursing, and who meet the entrance requirements. Other scholarships are also available for students in the M.Sc. program. Applications should be submitted by June 1 to the Chairman of the Scholarship Committee, Alumnae Association, School of Nursing, 3506 University Street, Montreal, PQ, H3A 2A7.

CANADIAN NURSES' FOUNDATION

Members of the Canadian Nurses' Association may apply for awards and fellowships valued at $3,000 for study at the master's level. Application forms may be obtained from the Canadian Nurses' Foundation after November 1 and must be submitted to the CNF by March 31 each year. To be considered for funding each applicant must obtain admission status to a master's or doctoral program and be willing to serve in a nursing position in Canada for one year for each academic year funded.

For further information and/or application forms write to the Canadian Nurses' Foundation, 50 The Driveway, Ottawa, Ont. K2P 1E2.

KELLOGG FOUNDATION

These bursaries are awarded to non-nurse university gradutates holding B.A. or B.Sc. degrees and applying to the M.Sc. (Applied) program in Nursing. The bursaries are awarded to individual students for one or more years of the three-year program. After being accepted into the program and no later than September 15th, applicants should apply to: The Director, School of Nursing, McGill University, 3506 University Street, Montreal PQ, H3A 2A7. Application forms are available from the School of Nursing.

MONTREAL GENERAL HOSPITAL

The Montreal General Hospital has a limited number of bursaries available for nurses studying in the Master's program. For further information apply to the Director of Nursing, Montreal General Hospital, 1650 Cedar Avenue, Montreal, PQ, H3G 1A4.

MONTREAL GENERAL HOSPITAL SCHOOL OF NURSING ALUMNAE ASSOCIATION BURSARIES

Bursaries are available for graduates of the Montreal General Hospital School of Nursing, who have been accepted into an approved university program. For further information apply to the President, School of Nursing Alumnae Association, Department of Nursing, The Montreal General Hospital, 1650 Cedar Avenue, Montreal, PQ, H3G 1A4.

NATIONAL HEALTH GRANTS

Fellowships of approximately $5,000 per year are offered to highly qualified candidates for full-time training in the organization and evaluation of *Health Services and Related Fields of Health-Care Research*. Students wishing to prepare themselves as researchers in nursing and health care are eligible for this grant. Applicants must be accepted into the program prior to application. Apply to: The Director, Contributions and Awards Division, Research Programs Directorate, Department of National Health and Welfare, Ottawa, Canada K1A 1B4. There are two competitions: February 1 for grants effective July 1; August 1 for grants effective January 1.

ORDER OF NURSES OF QUEBEC BURSARIES

A limited number of bursaries are awarded each year for study leading to the Master's degree. The amount of each bursary is $3,000. Applications should be submitted by May 15 to The Order of Nurses of the Province of Quebec, 4200 Dorchester Blvd. West, Montreal, PQ, H3Z 1V4

ROYAL VICTORIA HOSPITAL NURSING SCHOLARSHIPS

Bursaries are offered to senior staff members for postgraduate study. Applications should be submitted by March 1 to The Director of Nursing, Royal Victoria Hosptial, 687 Pine Avenue West, Montréal, PQ, H3A 1A1.

ROYAL VICTORIA HOSPITAL SCHOOL OF NURSING ALUMNAE ASSOCIATION BURSARY

Bursary of $1,000, open to graduates of the Royal Victoria Hospital School of Nursing, accepted in an approved University program. Apply before March 31 to Alumnae Office, Nurses' Home, Royal Victoria Hospital, 687 Pine Ave. W., Montréal, PQ, H3A 1A1.

ST. JOHN AMBULANCE (ORDER OF ST. JOHN) OF CANADA BURSARIES

One or more bursaries of $1,000 from the Margaret MacLaren Memorial Fund for study at the Master's level are available to experienced registered nurses who have proven their ability and are preparing themselves for leadership positions. All factors being equal, special consideration will be given to those with St. John (Order of St. John) affiliation. Applications are to be forwarded not later than May 1 to the Chairman of Bursary Funds, St. John Ambulance, National Headquarters, 321 Chapel Street, Ottawa, Ont. K1N 7Z2.

Loans

CANADIAN NURSES' ASSOCIATION LOANS

The Canadian Nurses' Association is prepared to provide loans to its members for the purpose of enabling them to undertake post-basic studies in nursing at recognized universities leading to a baccalaureate or higher degree. The total amount of these loans shall not exceed $8,000 annually, and the maximum amount of any loan shall not exceed $800. Additional information and application forms may be obtained from the Canadian Nurses' Association, 50 The Driveway, Ottawa, Ont. K2P 1E2

W.K. KELLOGG FOUNDATION LOAN FUND

This fund was established to assist graduate nurses who have unexpected expenses while registered in courses at the School of Nursing. Consult the Director, School of Nursing, McGill University, 3506 University St., Montreal, PQ, H3A 2A7.

RELIGIOUS STUDIES

SAMUEL FINLEY MEMORIAL BURSARY

Usually $150, available to a student enrolled in the Faculty of Graduate Studies and Research who is pursuing advanced studies in religion or theology, awarded at the discretion of the Dean of Religious Studies.

HOUSTON BURSARY

Value $400, for students studying for the ministry of the Presbyterian Church in Canada, or the United Church of Canada, with preference given to candidates whose mother tongue is French. Awarded on the recommendation of the Faculty of Religious Studies. No application necessary.

ARTHUR AND JESSIE LOCHEAD BURSARY FUND

For students planning to enter the Christian Ministry. Awarded on the basis of need. Apply to the Dean of the Faculty of Religious Studies.

SOCIAL WORK

SCHOOL OF SOCIAL WORK PRIZE

The Alumni Committee of the School of Social Work has established an annual prize to be awarded to the student with the highest standing in the Master of Social Work Program. The present value of the award is $50.

Bursaries

Some sources exist for both loans and bursaries through the School. Inquiries may be made at the time of application for admission to the School. Since the School does not receive all the resources for bursary and/or loan purposes until late during the first term, students should endeavour to make other arrangements for their financial needs, whenever possible, prior to entering the School.

Usual funds available from the School include:

(1) General Bursary Fund
(1) Frances Anderson Memorial Bursary
(3) Alumni Bursary

Most provinces offer bursaries on condition that recipients accept employment in those provinces upon graduation. Information should be obtained from Provincial Departments of Welfare. Québec residents must apply before January 1 for educational bursaries for the following year. Application should be made to the following: Service des Bourses de Perfectionnement, Ministère de l'Education, Hôtel du Gouvernement, Québec. PQ, The Canada Student Loan Plan is available in provinces other than Québec. Inquire of the Province.

Under the Federal Welfare Grants program, a limited number of bursaries are available each year to students who commit themselves to enter employment in approved welfare programs. These bursaries are administered and partly financed by the various provinces (with the exception of Québec which has not been participating in the plan). Application should be made to the Deputy Minister, Department of Public Welfare (or Department of Social Welfare) in the capital of the province where the applicant has legal residence.

The Federal Welfare Grants program also awards a number of scholarships based upon academic achievement. Application should be made to the Welfare Grants Division, Department of Health and Welfare, Ottawa, Ont.

Overseas students should inquire of their governments concerning the availability of United Nations, Colombo Plan, or their country's own study grants.

Local or national voluntary agencies often offer bursaries similar to those of the Provinces. Information may be obtained from the School.

POSTDOCTORAL FELLOWSHIPS

Students of Medicine and the Medical Sciences should also read the alphabetical listings under *Medicine and the Medical Sciences* (page 13). Several programs listed there provide awards for both students studying towards a doctoral degree and for postdoctoral students.

FRANCE-QUEBEC EXCHANGE PROGRAM POSTDOCTORAL FELLOWSHIPS IN SCIENCE AND ENGINEERING

Scholarships (2,500 to 3,000F a month) in science and engineering are offered to Québec postdoctoral students who wish to pursue their studies and research in France for a period of three to twelve months. Travelling expenses to and from France as well as expenses incurred while travelling in France for the purpose of research are assumed by the Québec Government. Applications are considered four times a year: March 1, June 1, September 1 and December 1. Application forms can be obtained from the Fellowships Office of the Faculty of Graduate Studies and Research.

HAROLD HIBBERT MEMORIAL FELLOWSHIP

Approximately $6,500 plus travel assistance, open to candidates who hold a Ph.D. in Chemistry or its equivalent from an approved university. Tenable for one calendar year in the Department of Chemistry at McGill, where the holder must devote full time to research. Not renewable. Apply in writing to the Chairman of the Department of Chemistry by February 1.

C.D. HOWE MEMORIAL FELLOWSHIP

Open to Canadian citizens or those normally resident in Canada. Tenable anywhere. Value $5,000 for a single man or $7,000 for a married man, plus travel expenses if applicable. Restricted to persons whose proposed program of research is related to the political, administrative, economic, social or intellectual history of Canada since 1930, and is in some way relevant to an understanding of the public career of the Rt. Honourable C.D. Howe. Apply to Director of Awards, Association of Universities and Colleges of Canada, 151 Slater St. Ottawa, Ont. K1P 5N1. Completed application forms must reach the Director before November 30.

MEDICAL RESEARCH COUNCIL FELLOWSHIP

Value: varies from $12,000 to $19,000. The candidate must hold a M.D., D.D.S., D.V.M., Ph.D, or equivalent, and plan to undertake full-time research training in the health sciences. Ph.D. candidates cannot hold the award in the department where they received their Ph.D. Applications are considered at three deadlines: Oct. 1, Dec. 15, and April 1. Application forms can be obtained from the office of the Associate Dean for Graduate Studies and Research, Faculty of Medicine, McIntyre Medical Sciences Building.

NATIONAL RESEARCH COUNCIL POSTDOCTORAL FELLOWSHIPS

Value $12,000 plus travel for twelve months, available to applicants who have recently completed or expect to complete the requirements for a Doctorate

in Science. Open to Canadian citizens normally resident in Canada. Completed applications must reach the Council by December 1. Applications are available in the Fellowships Office of the Faculty of Graduate Studies and Research.

OTTO MAASS POSTDOCTORAL FELLOWSHIP

Approximately $6,500 plus travel assistance, open to candidates who hold a Ph.D. degree in chemistry or physics or equivalent from an approved university. Tenable for one calendar year and renewable for a second in the Physical Chemistry Division of the Pulp and Paper Research Institute of Canada and the Department of Chemistry, where the holder must devote full time to research. Apply to the Chairman, Education Committee, Pulp and Paper Research Institute of Canada.

EXCHANGE AND TRAVELLING FELLOWSHIPS

SIR EDWARD W. BEATTY MEMORIAL SCHOLARSHIPS FOR MEDICAL STUDENTS

Available for study elsewhere to students registered for the M.D., C.M. degree in the McGill Faculty of Medicine. See the description listed alphabetically under Medicine and the Medical Sciences (page 13).

CANADIAN FEDERATION OF UNIVERSITY WOMEN – MARGARET McWILLIAMS TRAVELLING FELLOWSHIP

Value $3,500, open to any woman scholar who holds a Master's Degree or equivalent from a Canadian University, who is already well advanced on her Doctoral Program, and who wishes to continue her work outside of Canada. The candidate must be a resident of Canada but she may be studying elsewhere at the time of application. Apply to the Chairman of the Fellowships Committee, c/o Canadian Federation of University Women, Mount Allison University, Box 69, Sackville, N.B. Applications and testimonials must be received before February 1.

COMMONWEALTH SCHOLARSHIP AND FELLOWSHIP PLAN

Provides opportunities for Commonwealth students to pursue advanced courses in other Commonwealth countries. Intended for men and women of high intellectual promise who may be expected to make a significant contribution to their own countries on their return from study abroad. At present, graduate scholarships are available for study in the United Kingdom, Australia, New Zealand, Hong Kong, Malaysia, Malta, India, Ceylon, Jamaica and Sierra Leone, and the Canadian Government offers scholarships for other Commonwealth students to study in Canada. Awards are normally made for two academic years and cover return transportation, tuition fees, personal maintenance allowance, and a grant for incidental expenses. Deadline dates for receipt of applications vary according to each country, but all deadlines are in the Fall. Full information and application forms may be obtained from the Association of Universities and Colleges of Canada, 151 Slater St., Ottawa, Ont. K1P 5N1.

GUY DRUMMOND SCHOLARSHIP IN POLITICAL SCIENCE AND ECONOMICS

Originally endowed by the late Guy M. Drummond, awarded to a graduating student in the Faculty of Arts nominated jointly by the Departments of Economics, Political Science and the Department of French Language and Literature, taking into account the student's academic record and the likelihood that he or she will make a contribution of value ot Canadian life. The nominee must be taking the honours course in Political Science or joint honours in Economics and Political Science. The award is made on the recommendation of departments and cannot be applied for by the candidate. The value is $5,700 plus tuition fees at McGill and such tuition fees in Paris as may be approved by the Faculty of Graduate Studies and Research. $3,500 of this covers a year of study in Paris plus approved tuition fees in Paris and registration fees at McGill and the remaining $2,200 plus tuition fees is for a further year at McGill studying for the M.A. degree. In Paris, the holder studies at the Institut d'Etudes Politiques unless he or she wishes to specialize in Economics rather than Political Science and is permitted by McGill to study at the Sorbonne or at the Institut d'Economie Appliquée.

FRANCE-CANADA CULTURAL AGREEMENT GRADUATE SCHOLARSHIPS

These scholarships are offered by the Government of France, are unrestricted as to field of study and are tenable in France. Value 500 French francs per month (possibly up to 750 French francs per month for Ph.D. candidates), plus return economy air fare and refund for medical, dental, hospital and pharmaceutical expenses and various indemnities towards lodging, relevant travel expenses, thesis typing expenses, free tuition and the benefit of students' privileges (university restaurants, residences, cultural and social activities.). No funds are available for dependents. Open to Canadian citizens or to those who have held landed immigrant status for at least one year prior to submitting application. A good knowledge of French is essential. For further information apply to: Director of Awards, Association of Universities and Colleges of Canada, 151 Slater Street, Ottawa, Ont. K1P 5N1. Closing date for receipt of applications is December 15.

FRANCE-QUEBEC EXCHANGE PROGRAM

Scholarships offered to Québec Graduate Students:

The French Government offers scholarships to Québec graduate studerts who wish to study in France. The amount of the scholarship is 1,500F (approximately $300) a month and is offered for a nine-month period. The scholarship is renewable upon request. Travelling expenses are also covered.

Information and application forms are available at the Fellowships Office. Application forms must be returned by January 15.

Placement of Graduate Students in French Research Centres:

The purpose of this project is to send Québec graduate students to France for four to ten months as research assistants n order to familiarize them with French laboratories and research centres. Students should be registered in a Québec university and pursuing a Ph.D. or naster's program.

Application forms and further information are available from the Fellowships Office of the Faculty of Graduate Studies and Research. The deadline for submitting an application is January 15.

GERMAN ACADEMC EXCHANGE SERVICE FELLOWSHIPS

Sixteen fellowships valued at approximately $137 to $200 per month andreturn travel expenses, as well as free tuition, course fees and university examination fees are made available to Canadian university students. **Two additional fellowships are reserved especially for students from McGill.** Tenable at universities, technical universities, scientific institutions, and academies of art or music in the Federal Republic of Germany for study in any field except pharmacy and medicine. Candidates must be Canadian citizens, must be university graduates, must have a good knowledge of German, and must not be more than 32 years of age. Applications are available in the Fellovships Office and must be submitted by early December. For further information, write to: Director of Awards, Association of Universities and Colleges of Canada, 151 Slater Street, Ottawa, Ont. K1P 5N1.

GLASGOW EXCHANGE SCHOLARSHIP

Established to enable a McGill graduate to spend two sessions of postgraduate work at the University of Glasgow and for a graduate of the University of Glasgow to spend wo sessions of postgraduate work at McGill. The awards are available for two years and are awarded only every second year. Open to degree and non-degree candidates. Glasgow will waive fees for the student from McGill and provide accommodaion in a hall of residence plus a cash award to a total value of about 700 pounds sterling plus fees. The value of the award at McGill for the student from Glasgow is $5,000. Vacancies in the program arise in odd-numbered years and interested Glasgow students should seek further information from the Clerk of Senate, University of Glasgow, Glasgow, W. 2., Scotland.

MACDONALD TRAVELLING SCHOLARSHIP

Value $2,500. Founded by a bequest of the late Sir William MacDonald "for the purpose of enabling English-speaking Law students to take a course of studies in France," the testator "deeming it of great importance that the English-speaking members of the legal profession should be proficient in the French language." The holder is required to pursue a year's study in the Law Faculty of a French university approved by the McGill Faculty of Law. Awarded by the Faculty to a student of the graduating class, proceeding to the Bar, with first or second class honours in the final examinations and who would be unable without financial help to spend a year in France. The Faculty interprets the bequest as intending that the scholarship be awarded only to students preparing for practice as advocates in the Province of Québec. At present the scholarship must be used in the year in which it is awarded.

MACKENZIE KING TRAVELLING SCHOLARSHIPS

Four or five scholarships of not less than $2,500 each, offered to graduates of any Canadian university who propose to engage, either in the U.S.A. or the United Kingdom, in postgraduate studies in International or Industrial Relations (including international or industrial aspects of Law, History, Politics, Economics). Applicants should be persons of unusual worth and promise. Awards are based on their academic achievement, personal qualities and demonstrated aptitudes, as well as their proposed programs of study. Applications must be submitted by March 1. Further information may be obtained from the Fellowships Office, Faculty of Graduate Studies and Research.

FRANK KNOX FELLOWSHIPS

Awards of $2,400 plus tuition, tenable at Harvard University in Arts, Science, Engineering, Business Administration, Dental Medicine, Design, Divinity, Education, Law, Medicine, Public Administration, and Public Health, by Canadian students, not resident in the U.S.A., graduated or about to graduate from a Canadian university or college at which they have spent at least two of the last four years. Information and application forms are available from the Director of Awards, Association of Universities and Colleges of Canada, 151 Slater St., Ottawa, Ont. K1P 5N1, to whom completed applications must be sent before December 1.

MOYSE TRAVELLING SCHOLARSHIPS

Founded by the late Right Honourable Lord Athlstan, to commemorate the "splendid services of Dr. Charles E. Moyse, for forty-two years Professor of English, during sixteen of which he was Dean of the Faculty of Arts and Vice-Principal of the University."

Two scholarships, normally of $2,500 each tenable for one year. One scholarship to be awarded by the Faculty of Arts for distinction in literary subjects and the other by the Faculty of Science for distinction in scientific subjects. If there is no winner in one of these faculties both scholarships may be awarded to applicants in the other faculty.

In the absence of applicants of sufficient merit in either of the faculties, applicants from final year students in, or graduates of, other faculties of the University may be considered.

Holders must devote the year of tenure to advanced study, preferably in a British or European university, but not to the exclusion of other institutions approved by the Faculty of Arts or of Science. Applications, whether from graduates or from students in the final year of the undergraduate course, should reach the Dean of the Faculty of Arts or of Science not later than April 1. Applications should be accompanied by: (1) the names of two referees who are familiar with the applicant's work; (2) a detailed and comprehensive statement of the applicant's proposed course of study; the institution or centre at which he, or she, proposes to study; (3) a statement of the applicant's age and nationality.

Awards will be made after the results of final examinations in the final year of the undergraduate course have been determined.

RHODES SCHOLARSHIPS

Approximately £1,550, represented by a personal allowance of approximately £80 per month and direct payment of University and College fees and dues, for two scholars chosen from the Province of Québec, tenable for two years at Oxford University. A third year may be granted under certain conditions. Candidates must be British subjects with at least five years domicile in Canada and be between the ages of nineteen and twenty-five. Men or women in any faculty may apply. Applications must reach the Secretary of the Provincial Selection Committee before October 25. For further details of tenure, eligibility, and qualifications, and application forms apply to the Fellowships Office, Faculty of Graduate Studies and Research, or the Provincial Secretary, Mr. Michel Venant, 1115 Dorchester Blvd. W., Suite 3900, Montreal, Que.

ROTARY FOUNDATION FELLOWSHIP

Approximately $4,000. The Rotary Foundation of Montreal, District 704, offers a Graduate Fellowship for study abroad each year. Requirements for candidates (male or female) are: bachelor's degree or equivalent, age 20 – 28 inclusive, may be married. The award covers round trip transportation, room and board, tuition and miscellaneous related expenses for one academic year. Preference is given to applicants who wish to study in a country where the native language is different from their own. For further information and application forms, write to the Rotary Club of Montreal, Queen Elizabeth Hotel, Suite 373, Montréal, PQ, H3B 1X8. Deadline for receiving applications is March 1.

ROYAL COMMISSION FOR THE EXHIBITION OF 1851 OVERSEAS SCIENCE RESEARCH SCHOLARSHIPS

Value £900 per annum, plus £100 a year to cover university fees. Tenable for two or exceptionally, three years, to enable students to devote themselves to research work under conditions most likely to equip them for practical service in the scientific life of the Commonwealth. The holder must devote himself to a field of research approved by the Commissioners. Three scholarships, tenable at any institution approved by the Commission (usually universities in the United Kingdom), are allotted to Canada each year, the scholars being chosen by the Commission from nominees of certain universities, including McGill. Candidates will in most cases have completed from one to three years of post-graduate study and must present evidence of accomplishment in research, either published papers or typewritten reports or theses. Candidates should apply, not later than February 15, through the Chairman of their Department. Further details may be obtained from the Fellowships Office, Faculty of Graduate Studies and Research.

SHASTRI INSTITUTE FELLOWSHIPS

Two types of fellowships *for research in India* are offered in the humanities and social sciences: (1) Senior Fellowships for established scholars normally resident in Canada (normally for a 12-month period; shorter term grants under this category will also be considered). Value, rupee equivalent of $7,000. (2) Junior Fellowships for qualified graduate students to conduct research as partial fulfilment of the requirements for a doctoral degree in a Canadian institution – value, rupee equivalent of $5,500. Deadline for applications for Junior and Senior Fellowships is November 1. Apply to: The Executive Director, The Shastri Indo-Canadian Institute, 3511 Peel Street, McGill University, Montréal, P.Q. H3A 1W7.

THOMAS SHEARER STEWART TRAVELLING FELLOWSHIP

Value $2,500, established in memory of the late Thomas Shearer Stewart, B.A., 1905, B.C.L. 1908, by his widow and family. Awarded annually by the Dean to a recent graduate of the Faculty of Law for studies in Law at a university in Europe or the United Kingdom approved by the Dean. Preference is given to Canadian citizens intending to reside in Canada. Apply to the Dean of the Faculty of Law.

SWISS UNIVERSITY SCHOLARSHIPS

The Swiss Government offers six scholarships a year for study in Switzerland in any field except Music and Fine Arts and will pay approximately

$150 to $175 per month, plus return fare at conclusion of each scholarship, plus tuition fees, plus health and accident insurance, and generally, money for some study material. Candidates must be Canadian citizens and must have graduated from a recognized university. A good knowledge of either French or German is required. Awards are for 12 months with the possibility of renewal. Applications must be submitted by December 1st. For further information, write to: Director of Awards, Association of Universities and Colleges of Canada, 151 Slater Street, Ottawa, Ont. K1P 5N1.

LOANS

FEDERAL AND PROVINCIAL LOANS

In all cases, a basic qualification is that the applicant must be a Canadian citizen or a landed immigrant with one year's residence in the province to which he or she applies. Most authorities offer a combination of loan and non-repayable bursary. Both the total and the division between loan and bursary are based on financial need.

In all provinces except Québec, the provincial authority administers the Canada Student Loan Plan (Federal) as well as the provincial program. Québec has its own loan plan. The addresses are as follows:

Québec

McGill Student Aid Office	3465 Peel Street Montreal H3A 1W7 Telephone: 392-5256

Newfoundland

Canada Student Loans Authority	Department of Education, Imperial Oil Building, St. John's, Newfoundland. A1C 5R9

McGILL LOANS

Loans from the following funds are administered by the Student Aid Office, 3465 Peel Street – Telephone: 392-5256.

MARGARET BIRKS MEMORIAL LOAN FUND

Established in memory of the late Mrs. Margaret Birks, this fund is available to graduate students, preferably in the Department of Psychology. Where loans appear justified, but repayment will not be practical, bursaries will be granted.

GRADUATE STUDENTS' LOAN FUND

Established in 1951 by the Board of Governors for students in the Faculty of Graduate Studies and Research.

HEWITT MEMORIAL BURSARY FUND

A bequest from the late Frederick T. O'Reilly-Hewitt in memory of his parents, the late Daniel Frederick Hewitt and the late Maria Stenson Hewitt for bursaries. Open to students in the Faculty of Arts or to students in the Humanities and Social Sciences in the Faculty of Graduate Studies and Research. Awarded by the Student Aid Office on the basis of financial need and academic promise without restriction as to sex, race, creed, or colour.

FACULTY OF MANAGEMENT STUDENT LOAN FUND

A student loan fund has been established and is administered by the Student Aid Office.

GEORGE W. MERCK MEMORIAL LOAN FUND

Established in 1960 to provide loans up to $600 to graduates of any approved medical school who are interns or residents in one of the McGill teaching hospitals. Apply to the Director of the hospital who will contact the Student Aid Office.

WADDELL LOAN FUND

Loans from this fund, founded by J.B. Waddell, may be made to graduates and undergraduates in any Department of Engineering.

INDEX OF AWARDS

An abbreviation giving the field follows each entry where necessary.

Agnew Scholarship in Library Science 12
Alcan Fellowship *Eng.* 18
Alumnae Association of the School of Nursing Scholarship 18
Ambridge Award *Phys. Sci.* 16
Bauer Research Fund *Med. Sci.* 13
Beatty Memorial Scholarships for Medical Students 13
Bell Canada Fellowships *All* 5
Bell, Max Fellowships for Canadian Studies *Soc. Sci., Biol. Sci., Nat. Sci.* 9
Bellairs Research Institute Fellowships *Nat. Sci.* 9

CALENDAR FOR SESSION 1977 – 1978

1977

August 9 Tuesday to August 18 Thursday	Supplemental examinations
September 7 Wednesday to September 9 Friday	Registration: M.A. and Ph.D. cancidates – Islamics Institute
September 9 Friday	Registration: B.Th. all years (9 a.m. to 5 p.m., Currie Gymnasium)
September 8 Thursday	Registration: S.T.M. and M.A. candidates (9 a.m. to 2 p.m. W. and H. Birks Building)
September 9 Friday	Registration: Doctoral candidates (9 a.m. to 2 p.m., W and H. Birks Building)
September 12 Monday	ALL CLASSES BEGIN
September 15 Thursday	Assembly At Noon
September 26 Monday to 30 Friday	Last day for changes in Fall term and sessional courses
October 4, Tuesday and October 5, Wednesday	Alumni Reunion and the Birks Lectures Dr. Philip Potter, Geneva.
October 10, Monday	Thanksgiving Holiday
November 8, Tuesday	Fall Convocation
December 9, Friday	Last day of classes
December 12, Monday to December 22, Thursday	Study Period or Class Tests

1978

January 4, Tuesday to January 14, Friday	Examinations in Fall term courses (if required)
January 14, Friday January 17, Monday	Registration new students Winter Term begins
February 1, Tuesday	Last day for applying for Graduate Fellowships
February 10, Friday and February 11, Saturday	Mid-Term holiday
March 13, Monday	Last day for submitting Doctoral theses for spring convocation.
March 20, Monday	Last day for Submitting Masters theses for spring convocation.
March 24 Friday to March 27, Monday	Easter
April 15, Friday	Last day of classes
April 18, Monday to May 6, Friday	Examinations in Winter term courses (if required)
June 7, Wednesday	Convocations: Religious Studies – 2:30 p.m.

2 GENERAL INFORMATION

The Faculty of Religious Studies is located in the handsome building (erected in 1930) known as the William and Henry Birks Building, formerly Divinity Hall, at 3520 University Street, Montreal, PQ, H3A 2A7 (Telephone 514-392-4828). Besides the usual classrooms, offices, and common rooms, this building contains the University Chapel in the Collegiate style.

The Library of the Faculty contains 59,000 items in the fields of theology, philosophy, church history, and related subjects. The main library in the Birks Building includes the collections of the United Theological College and the Montreal Diocesan Theological College, and holdings for the nearby Presbyterian College Library are recorded in the Library's catalogue. In addition, students have access to all the resources of the McGill University Libraries System.

The Institute of Islamic Studies was founded in 1952. It is located in the Leacock Building (8th and 9th floors).

The Faculty was known as the Faculty of Divinity until 1970. It has an interesting history that goes back to the pioneering ecumenical days of 1912 when four Theological Colleges in Montreal, the Congregational, Montreal Diocesan Theological College, Wesleyan Methodist, and Presbyterian, formed a Joint Board for academic study, leaving each denominational College to provide its own professional training for various types of Christian ministry. All these Colleges had become affiliated with McGill in the nineteenth century and it was natural that negotiations should lead to the creation in 1948 of a Faculty of Divinity that assumed the academic functions of the Joint Board.

The original Faculty of Divinity not only taught theological courses for ordinands; it also engaged in teaching undergraduates in other faculties, a small selection of courses of more general interest – philosophy and psychology of religion, history of western thought. This has grown over the years into the present Honours and Major programs in Religious Studies, within the Faculty of Arts. Such a program, like the change in name itself from Divinity to Religious Studies, reflects the new emphasis on "the academic study of religion" in higher education. Although this represents a method of examining the data of religion distinct from classical theology, it is the presence of both approaches within one Faculty which provides the intellectual environment necessary for the integrity of each. Thus the stream of B.Th. and S.T.M. complements that of B.A., M.A. and Ph.D. to create an interdisciplinary dialogue.

The B.Th. is a first professional degree, but it does not in itself qualify the recipient for employment in religious institutions. It is expected that the three associated Theological Colleges – Montreal Diocesan Theological College of the Anglican Church of Canada, the Presbyterian College, Montreal, the United Theological College of the United Church of Canada, all located in close proximity to the University campus – will direct their ordination candidates to proceed by way of an accredited B.A. or equivalent to either the B.Th. or the S.T.M. After graduation they complete their Church requirements through the "professional year" supervised by the Montreal Institute for Ministry. This Institute represents the combined resources of the three affiliated colleges and maintains positive relationship to the

Faculty of Religious Studies as part of the larger community of theological scholarship.

The affiliated Colleges underwrite the cost of tuition for their properly registered candidates for ministry. Information about Church requirements and the professional year should be sought from the College Principals.

Both Colleges and Faculty urge prospective theological students to complete a B.A. with honours or a major in religious studies (i.e. over 50%of the course work), with a view to entering the S.T.M. program if possible. (See Section 4, HONOURS AND MAJOR PROGRAMS IN RELIGIOUS STUDIES below).

It should be noted that one biblical language, usually Greek, is required by some of the Churches. Ministerial students are encouraged to qualify in Greek *before* entering this Faculty; but arrangements will be made to assist those who have been unable to do so.

Specific information about degree programs in the Institute of Islamic Studies will be found in Section 6 below and in the *Announcement of the Faculty of Graduate Studies and Research.*

Advanced Standing

Entrants who have a B.A. or equivalent degree are normally admitted to B.Th.2.

Applicants who have an accredited B.D. or M.Div. with good second class standing, in addition to a recognized B.A., may complete the S.T.M. in one year or may enter the M.A. program.

Application and Registration

a) Intending candidates for the B.Th. should submit to the Dean an application with supporting documents as early as possible and not later than August 1, 1977. Supporting documents are: official transcripts of previous academic work, and two letters of reference.

b) Registration for the B.Th. will take place on September 9, 1977. Those who register later will be required to pay a special fee unless exempted by the Registrar.

c) For the S.T.M., M.A. and Ph.D. degrees applications must be made with the necessary transcripts and letters of reference to the *Dean of Religious Studies* in order that appropriate recommendations may be made to the Faculty of Graduate Studies and Research which ultimately controls all advanced degree programs. Applications for the M.A. and Ph.D. programs in Islamic Studies should be sent to the Director of the Institute.

d) The sessional *inscription* of returning graduate students and new admissions to graduate study is conducted by mail. Forms and fee sheets are sent out in May and June each year and these should be returned to the Dean of Religious Studies by the date indicated.

Candidates for Master's degrees must register on September 8 and Ph.D. candidates similarly on September 9. Candidates who have received permission to be non-resident may attend in person to pay the fee or may send it by mail.

Classes of Students

FULL-TIME

Students who are admitted to the B.Th. program and who are taking not less than 12 credits per term.

PART-TIME

Students in a degree program who are not full-time, i.e. students taking fewer than 12 credits per term if in satisfactory standing, or fewer than 10 credits if in probationary standing.

VISITING

A visiting student is one who is taking courses at McGill for credit at another university.

SPECIAL

Students not registered as proceeding to a degree but who receive the permission of the Dean and Faculty to undertake certain regular credit courses.

GRADUATE

Students of this Faculty who are enrolled in the Faculty of Graduate Studies and Research as candidates for the degrees of S.T.M., M.A. or Ph.D.

Academic Credit Transfer Agreement

See *General Announcement.*

Fees

In the B.Th. Program tuition fees are $19.00 per credit (hence $570.00 for the normal full load of 30 credits per session). There is also a fee of $70.00 for Student Services and $25.00 for the Students' Society. Ministerial candidates, however, do not pay tuition fees.

Graduate Studies:	Tuition	Student Services	Students Societies
1st year Master's	$570.00	$70.00	$29.50
2nd year Master's	$285.00	35.00	29.50
Beyond 2nd year Master's	40.00	35.00	29.50
1st to 3rd year Doctorate	570.00	70.00	29.50
Beyond 3rd year Doctorate	40.00	35.00	29.50

PART TIME, SPECIAL AND VISITING STUDENTS

$19.00 per credit will be assessed and in addition, the following fees will be assessed per term:

a) If taking 9 credits and over:	
Student Services	$35.00
Students' Societies	$14.00
(average fee, actual varies by Faculty)	
b) If taking more than 5 but less than 9 credits:	
Student Services	$20.00*
Students' Societies	$ 5.00
c) If taking 5 credits or less	
Student Services	$10.00*
Students' Societies	$ 5.00

SPECIAL FEES AND PENALTIES

**Application for Admission	$15.00
Late registration	25.00
Late payment fee (after specified date):	
1st 30 days	10.00
After 30 days	25.00
***Graduation Fee	15.00
Duplicate Student Identity Card	5.00
Duplicate diploma	10.00
Certified transcript of student's record:	
First copy with each order	2.00
Additional copies made at the same time, each	.50
Re-reading examination paper	10.00
Supplemental examinations, each paper	10.00

***Excludes Athletics: At the discretion of the Director of Athletics, a student may participate in the Athetics program upon payment of an additional $10.00.**

****Students already at McGill who are making application to a professional faculty or to the Faculty of Graduate Studies and Research are not required to pay this fee.**

*****Graduation fee: Applications by students who expect to graduate at the Spring Convocation must be filed by April 1st of each year and by those who expect to graduate at the Fall Convocation by October 1st of each year. An application form will be mailed to each eligible student and must be returned to the Registrar's Office together with the graduation fee of $15.00 by the appropriate date listed above. This fee will cover all expenses in connection with graduation including academic dress. It is the student's responsibility to ensure that his or her name is included in the graduation list by notifying the Dean's office that he or she expects to graduate.**

Regulations for Payment of Fees

NEW STUDENTS

Students entering the University for the first time and those returning in Graduate Studies are required to pay their fees for the term in which they are registered either by mail or in person at the Accounting Office within 10 days after registration. For students registering in September the second instalment is due before January 15, 1978.

RETURNING STUDENTS

Returning students from the previous year (except in Graduate Studies) must pay one half of the total required fee by mail or in person to the Accounting Office before August 19, 1977, otherwise they will not be permitted to register. Instructions for paying fees in advance will be mailed to all returning students, either with their Sessional Reports of Standing or a short time later. Students who have been notified by the University of the award of a scholarship, bursary or student loan, and who require this award for payment of the first instalment of fees, must obtain permission to delay payment of fees from the Student Aid Office.

The second instalment is due by January 15, 1978. A late payment fee as stated above is charged for payment after this date.

LATE REGISTRATION

Students registering late must pay their fees at the time of registration.

As soon as possible after the prescribed dates for the payment of fees the Chief Accountant will send to the Registrar's Office a list of the registered students who have not paid their fees. Reports of standing, transcripts of record and diplomas will be withheld until such time as the fees are paid or a satisfactory arrangement is made with the Chief Accountant.

Regulations Concerning Withdrawal

A student who wishes to withdraw from the University or from certain courses must secure the permission of the Dean of his or her Faculty. The Office of the Dean will supply the necessary form which must be completed and submitted. Students withdrawing from all their courses must attach their Student Identity Card to the withdrawal form. A student considering withdrawal is strongly advised to consult the Dean before making a final decision.

Tuition fees for the term in which the student withdraws are refundable as shown below and apply to *individual course* withdrawal as well as to complete withdrawal from the University.

Student Services and Students' Societies fees are not refundable after October 21 for the Fall term and after February 17 for the Winter term.

Fall Term

Up to October 21 **(less minimum charge of $50 in the case of complete withdrawal)**	100 percent
October 22-31	50%
November 1-18	25%
After November 18	No refund

Winter Term

Up to February 17 **(less minimum charge of $50 in the case of complete withdrawal)**	100%
February 18-28	50%
March 1-17	25%
After March 17	No refund

A student wishing to apply for a refund of fees must consult the Registrar's Office.

Examinations

The pass mark in B.Th. courses is 55% for "satisfactory" standing (see below "Regulations for the B.Th. degree"); in S.T.M. and M.A. courses the pass mark is 65% and in Ph.D. courses 70% First class standing in the doctoral program, the S.T.M. and the M.A. is 80% and over; in the B.Th. standing is expressed by a Grade Points Average (see **grading** below).

THE CREDIT SYSTEM

CREDIT REQUIREMENTS

a) All full courses in Religious Studies have a value of 6 credits.
b) A total of 90 credits must be accumulated in order to qualify for the B.Th. degree. The normal course load in any academic session is five full courses – 30 credits.
c) Not more than 45 credits may be allowed for courses taken before coming to McGill, or in study undertaken or subjects passed in an unorthodox but approved manner.

Grading

a) Competence in a course may be determined by examinations and/or essays, or by other means chosen by the instructor and approved by the Dean.
b) The following grades are used:

A – 80%	– 100%	= 4 points
B – 65%	– 79%	= 3 points
C – 55%	– 64%	= 2 points
D – 45%	– 54%	= 1 point
F – 0%	– 44%	= 0 points

c) Grades A, B and C are satisfactory passes. D is a conditional pass F is a failure.
d) A Grade Point Average (GPA) is obtained by multiplying the grade points by the credit weight and dividing the total of these products by the total credits attempted.

A Cumulative Grade Point Average (CGPA) is compiled, using all the student's B.Th. work to date.

Standing

a) There are three categories of standing:
Satisfactory: a GPA of 2.0 or better.
Probationary: a GPA between 1.5 and 1.9.
Unsatisfactory: a GPA below 1.5.
b) A student with a *high* GPA (at least 3.2) may take more than the normal five full courses and is encouraged to do so.
c) A student in *probationary* standing will be allowed to take no more than four full courses during the academic session, and must raise his or her CGPA to *satisfactory* before resuming a normal course load.
d) A student with *unsatisfactory* standing will have to withdraw, or seek readmission as a probationary student with special permission from the B.Th. Committee and the Dean.
e) The overall record (CGPA must be *satisfactory* before a student can be recommended for the degree.
f) Normally a student must accumulate the required 90 credits within a period of *five years* from the date of entrance into the B.Th. program.
g) Qualification for the award of the degree shall include satisfactoy standing (a grade of C or better) in all required courses, and the accumulation of sufficient acceptable credits hrough elective courses to make a total of 90 credits.
h) The B.Th. degree may be awarded *With Honours* if a student has accumulated 96 credits (i.e. one additional full course with a grade of B or better) and if his or her CGPA is 3.2 or better.

NOTE: It is understood that students from the associated Theological Colleges have to fulfil certain Church requirements. Their choice of electives is to be made in consultation with the Principal of their College, but the University expects such students to give full time study to their academic courses for the B.Th. Professional and vocational courses (e.g. leading to ordination are expected to follow the completion of the B.Th. degree.

3 SCHOLARSHIPS, FELLOWSHIPS AND AWARDS

Full information concerning undergraduate and graduate awards is cont ained in the *Undergraduate Scholarships, Bursaries, Prizes, Medals and Loan Funds Announcement* and the *Postgraduate Fellowships, Bursaries and Prizes Announcement* which may be obtained from the Registrar's Office.

4 PROGRAMS AND COURSES OF INSTRUCTION

The Honours and Major Programs in Religious Studies

(available as part of the McGill B.A. Curriculum)

For general information on courses and Honours and Major programs, consult the Adviser, Professor Stevenson, Room 108, phone 392-4822. For specific course information consult the instructor.

Honours and Major students must consult the Adviser prior to registration each year.

HONOURS IN RELIGIOUS STUDIES

The Honours program in Religious Studies offers a degree of analysis and concentration beyond that of the Major program, through course work, intensive research and discussion with peer groups.

There are no prerequisites for entry to the program which will normally be at the beginning of the first year. Students must maintain a CGPA of 2.8; or 3.5 for First Class Honours. The program consists of a minimum of 66 credits chosen as follows:

1) At least 48 credits from the Religious Studies courses described below. (Honours students may also choose from the B.Th. program in this announcement, and certain courses in the Jewish Studies Program, after consultation with the Adviser. In special cases, permission may be given for admission to graduate seminars in the Faculty of Religious Studies.) Among these the following are required: 201A and 202B, 252A and 253B in U1; the Methodology Colloquium (6 credits) in U3; one course (6 credits) in a religious tradition other than the student's own in U2 or U3.
2) Up to 18 credits from approved Related Courses (see below).

JOINT HONOURS PROGRAMS

Please consult the Adviser for information about possible joint Honours programs.

MAJOR IN RELIGIOUS STUDIES

A Major in Religious Studies consists of 54 credits as follows:

1) At least 36 credits are to be chosen from the Religious Studies courses described below. (Major Students may choose their courses from the list below; but also from the B.Th. program in this announcement, and certain courses in the Jewish Studies Program, after consultation with the Adviser.) Students must choose at least one full course (6 credits) in a tradition other than their own.
2) Up to 18 credits to be chosen from approved Related Courses (see below).

INTERDISCIPLINARY MAJOR programs may be arranged in consultation with the Adviser. Joint programs are in operation between Religious Studies and Classics, Philosophy and Art History.

MATURE STUDENT ADMISSION POLICY

Residents of Canada who will be 23 years of age or older by September 1 (for admission to the Fall Session) or January 1 (for admission to the Winter Session) and who lack the academic background normally required for admission may apply for entrance as mature students.

Individuals interested in being considered for entrance under this policy should contact the Admissions Office for further information.

Course Descriptions

260-201A RELIGIOUS TRADITIONS OF THE ANCIENT NEAR EAST. (3 credits) The religions of ancient Egypt, Mesopotamia and Canaan; a brief consideration of religion in general, its origin, nature and study; a consideration of the geographical, historical and cultural conditions which influenced religious expression; myth and ritual.
D.R. Runnalls

260-202B RELIGIOUS TRADITIONS OF THE ANCIENT NEAR EAST. (3 credits; prerequisite: 260-201A or its equivalent). The religion of ancient Israel in the setting of the Ancient Near East; from Abraham to Ezra, continuity and discontinuity with Egypt, Mesopotamia, and Canaan.
D.R. Runnalls

260-252A HISTORY OF RELIGIONS. (3 credits) An introduction to the subject; a survey of the main elements of Islam and the Hindu tradition.
K. Young

260-253B HISTORY OF RELIGIONS. (3 credits) An introduction to the Buddhist, Confucian, Taoist and Shinto traditions of Asia.
K. Young

260-257D INTRODUCTORY SANSKRIT. (6 credits) To develop basic language and reading skills.
A. Hejib.

260-258D INTRODUCTORY PALI. (6 credits) To develop basic language and reading skills.
A. Hejib.

260-280D NEW TESTAMENT GREEK. (6 credits) See B.Th. program.
J.C. Kirby and Staff

260-300A POST-BIBLICAL JEWISH TRADITION. (3 credits) The origins of Rabbinic Judaism: a survey of Jewish history and thought from Ezra to the Tannaim; oral tradition; Torah interpretation in the Mishnah and Midrashim.
D.R. Runnalls

260-301B POST-BIBLICAL JEWISH TRADITION. (3 credits; prerequisite: 260-300A or the consent of the lecturer). The religion and literature of sectarian groupings: apocalyptic thought; wisdom; Dead Sea Scrolls; Josephus.
D.R. Runnalls

260-310D THE NEW TESTAMENT: ITS MAKING AND MEANING. (6 credits) The beginnings of the Christian Movement: the mission and achievement of Jesus. Early Christian Missions and the growth of institutions. Religion 260-201A and 260-202B are desirable but not mandatory previous courses. Critical approaches studied through modules (about one quarter of the course work).
J.C. Kirby

260-320D A HISTORY OF CHRISTIAN THOUGHT. (6 credits) A survey of the development of Christian thought from the post-apostolic period to the present day, in relation to the concurrent cultural and philosophical movements. The work of prominent Christian thinkers, ancient, medieval and modern, will receive special attention.
D.J. Hall

260-322A THE ANCIENT CATHOLIC CHURCH (TO A.D. 325). (3 credits) This course covers the growth of the Christian tradition in the period from the reign of Nero to the Council of Nicaea A.D. 325. Special attention is paid to the setting within Roman Imperial History. Lectures are given on the outstanding teachers of the Christian faith.
G. Johnston

260-323B THE ANCIENT CATHOLIC CHURCH (A.D.325-604). (3 credits) This course is a continuation of 322A and covers the period from A.D.325 to 604. Special attention is paid to the development of Christian theology, the Eastern Byzantine Church and the significance of the Papacy.
G. Johnston

260-335A THEOLOGICAL ANTHROPOLOGY. (3 credits) Is the process of becoming a religious person within the Christian tradition part of the same process as becoming more fully human? Three world-views operative in contemporary North America will be studied along with their theological implications.
E.K. Malloy-Hanley

260-336B CONTEMPORARY THEOLOGICAL ISSUES. (3 credits) Theological method – scriptural, doctrinal, correlation – is utilized to reflect on such problems as liberation and development (problems studied may differ from year to year). This study emphasizes how theological perspectives differ from and complement positions assumed by other disciplines.
E.K. Malloy-Hanley

260-338A PERSPECTIVES ON WOMEN IN THE CHRISTIAN TRADITION. (3 credits) Perspectives on woman operative today within the Christian tradition have their roots in the early, medieval and contemporary periods of Western thought. A theological critique of these perspectives will be done within the context of human liberation. (Not given in 1977-78)
E.K. Malloy-Hanley

260-339B HINDU AND BUDDHIST IMAGES OF THE FEMININE. (3 credits) An analysis of the richness (and ambivalence) of feminine imagery from three perspectives: mythic (goddesses, epic figures); philosophic (material nature, the power to create, wisdom, compassion); human (mothers, wives, daughters, temptresses, nuns). (Not given in 1977-78)
K. Young

260-340B RELIGION AND THE SCIENCES. (3 credits) Philosophies of science and of religion have created a more positive dialogue on questions of method, symbolism and rationality. We examine key issues (e.g. creation and evolution; objectivity and involvement; determinism and freedom) raised by natural and social sciences, and various possible solutions. (Note that 107-332A is available as a complementary course).
J.C. McLelland

260-345A RELIGION AND THE ARTS. (3 credits) Myths and symbols approached through literary criticism to examine art forms as self-images, social critique and forms of ultimate concern: concentration on Western culture. (Not given in 1977-78)
J.C. McLelland

260-346B MYTH AND SYMBOL IN HINDU AND BUDDHIST ART. (3 credits) Explores Hindu concepts of deity and the cosmos through slides of Vishnu, Shiva, the Goddess, and temple architecture. Analyzes the Buddha's life, samsara as man's predicament and nirvana as man's goal through Asian art. (Not given in 1977-78)
K. Young

260-351A PHENOMENOLOGY OF RELIGION (3 credits) A cross cultural comparison of a religious theme (to vary each year).
K. Young

260-357D INTERMEDIATE SANSKRIT. (6 credits) Advancement of grammar and vocabulary with readings in epic and similar texts.
A. Hejib

260-358D INTERMEDIATE PALI. (6 credits) Advancement of grammar and vocabulary with readings in selected texts.
A. Hejib

260-361A RELIGIOUS BEHAVIOUR. (3 credits) See B.Th. program.
M. Peaston

260-370B THE HUMAN CONDITION. (3 credits) An examination of representative theories about man, his situation and his values in the light of traditional interpretations of Christian anthropology and ethics, and some contemporary clues in response to man's search for meaning.
J.A. Boorman

260-380D ADVANCED NEW TESTAMENT GREEK. (6 credits) See B.Th. program.
J.C. Kirby

260-390D ELEMENTARY BIBLICAL HEBREW. (6 credits) See B.Th. program.
D.R. Runnalls

260-450D THE ISLAMIC TRADITION. (6 credits) The Islamic Community and the elements of its tradition – scripture, prophet, doctrine, practices, institutions – considered historically and in terms of religious meaning.
C.J. Adams

260-451D THE HINDU TRADITION. (6 credits) An introduction to the Hindu religious tradition, its history, faith and practice.
R.W. Stevenson

260-454B MODERN HINDU THOUGHT. (3 credits; prerequisite: 260-451D or permission). A study of the developments in religious thought with special reference to Ram Mohan Roy, Dayananda Saraswati, Ramakrishna, Vivekananda, Gandhi, Tilak, Aurobindo, and Radhakrishnan.
R.W. Stevenson

260-455D BUDDHISM. (6 credits) The life and teachings of the Buddha, the development of Indian Buddhism with special reference to the Theravada and Mahayana traditions, the expansion of Buddhism outside India.
K. Young

260-456A BUDDHISM: Independent Research and Tutorial. (3 credits) Permission for the course to be granted by the instructor. (Not given in 1977-78)
K. Young

260-457D ADVANCED SANSKRIT (6 credits) Critical reading of selected Sanskrit texts.
A. Hejib.

260-490D ADVANCED BIBLICAL HEBREW. (6 credits) Advanced course in the language.
Staff

260-496A/B SPECIAL STUDIES. (3 credits) Topics to be arranged.
Staff

260-497A/B RESEARCH SEMINAR. (3 credits)
Staff

260-498A/B SPECIAL STUDIES. (3 credits) Topics to be arranged.
Staff

260-499A/B RESEARCH SEMINAR. (3 credits)
Staff

260-500D METHODOLOGY COLLOQUIUM. (6 credits) An introduction to the history of the study of religion, an examination of methodologies, and the practical application of these methods on a cross cultural theme.
Staff

397-110D ELEMENTARY ARABIC. (6 credits)
Staff

397-220D INTERMEDIATE ARABIC. (6 credits)
Staff

397-300D ADVANCED ARABIC. (6 credits)
Staff

LANGUAGES

Arabic is taught by the staff of the Institute of Islamic Studies and students taking it must fulfil the requirements of the Institute.

Students taking other introductory language courses in Religious Studies programs are strongly advised to take the advanced course also.

Instruction in the languages of some other religious traditions (such as Ancient Egyptian) may be available in any given year. Ask the Adviser for further information.

Related Courses

For the selection of Related Courses, the Faculty Adviser should be consulted. Related Courses are chosen from the Faculty of Education, the Faculty of Music, and the following Departments and Programs in the Faculty of Arts:

Anthropology	German
Art History	History
Classics	Italian
East Asian Studies	Jewish Studies
English	Philosophy
French Canada Studies	Political Science
	Sociology

Courses from other Faculties or Departments may also be considered appropriate by the Adviser, depending upon their content, and the student's interests and qualifications.

Students taking Related Courses must fulfil any requirements laid down by the Faculty or Department concerned (permission from the Dean or instructor, prerequisites, grades, etc.)

REGULATIONS FOR THE B.TH. DEGREE

ADMISSION

Admission to the B.Th. is granted to any qualified person, whatever his religious affiliation, who wishes to pursue studies in religion and theology at the first degree level. In the Province of Quebec the B.Th. fulfils the requirements for a "first professional degree"

Candidates shall normally be required to give satisfactory evidence of one of the following before their enrolment for this degree:

a) The Diploma of Collegial Studies (D.C.S.) of a Quebec CEGEP. This should normally include a course of Introduction to World Religions, and may also include other courses in the study of religion;

b) Equivalent standing to CEGEP from another Canadian province or from a country with a different system of post-secondary education. This may include at least one successful year of study in a recognized University or College (e.g. first year Arts in a four year pass Arts degree); in some cases additional credits in Arts may be required from students not educated in Quebec;

c) A bachelor's degree in Arts or Science or Engineering or Commerce or Education or Music or the like, whether it contains courses in religion or theology, or not. Those who hold such a degree will in most cases be admitted directly to B.Th.2.

d) The *minimum* requirement for admission to B.Th.2 is one full year of post-CEGEP studies in Arts, but acceptance of applicants with these minimal qualifications is at the discretion of the Faculty.

THE PROGRAM

The course extends over three academic sessions for those admitted under (a) and (b) above, and two academic sessions for those admitted under (c).

The normal load consists of five half courses (15 credits) each term. Some courses are "required", others are "elective". Students who have already done equivalent work, or who are not ordination candidates, may be permitted to take electives in either this or some other Faculty in lieu of "required" courses.

Course selections should be discussed with the Chairman of the B.Th. Committee prior to registration.

B.Th. Courses 1977–78

B.Th.1

Candidates who are not concentrating on Christian Theology will arrange to take five courses in consultation with the Chairman of the B.Th. Committee. These may be chiefly in the Faculty of Arts and in the Religious Studies programs (see above).

Ministerial students and others majoring in the Christian tradition should take 252A and 253B History of Religion; and electives chosen with the approval of College Principals and the B.Th. committee.

260-252A HISTORY OF RELIGIONS. (3 credits) An introduction to the subject, a consideration of primitive religions, a survey of the main elements of Hinduism and Buddism in India.

260-253B HISTORY OF RELIGIONS. (3 credits) An introduction to the tradition of the Far East: the Confucianist, Taoist and Buddhist traditions of China and the Shinto and Buddhist traditions of Japan.
K. Young

B.Th.2.

The following courses are required of ministerial ordination candidates:

260-303D OLD TESTAMENT STUDIES. (6 credits) Reading and interpreting representative selections from the Old Testament in English translation. Some attention to approaches developed by historical-critical scholarship and to background information such as history, geography, and archaeology, mainly through modules (one quarter of course work).
A. van Seters

260-310D THE NEW TESTAMENT: ITS MAKING AND MEANING. (6 credits) The beginnings of the Christian Movement: the mission and achievement of Jesus. Early Christian Missions and the growth of institutions. Religion 260-201A and 260-202B are desirable but not mandatory previous courses. Critical approaches studied through modules (about one quarter of the course work).
J.C. Kirby

260-324D THE CHURCH IN HISTORY. (6 credits) A survey of the main developments in the history of Christianity from the end of the apostolic age to the present. Use will be made of selected readings from primary and secondary sources.
H.K. Markell

260-333B PRINCIPLES OF CHRISTIAN THEOLOGY 1. (3 credits) An introduction to the central categories of Christian theology. The course will include discussion of the nature of theology, and of all the primary areas of doctrine (Theology, Christology, Pneumatology, Anthropology, Ecclesiology, Eschatology). Throughout, a conscious attempt will be made to reflect on the Christian faith in the light of the contemporary apologetic situation.
D.J. Hall

260-341A INTRODUCTION TO PHILOSOPHY OF RELIGION. (3 credits) Introduction to the subject: Faith and reason, theistic arguments, values and destiny, the problem of evil, religious language.
J.C. McLelland

Other candidates will arrange their course load in consultation with the Chairman of the B.Th. Committee.

B.Th.3

Ordination candidates take the following required courses:

260-434A PRINCIPLES OF CHRISTIAN THEOLOGY 11. (3 credits) This course is a continuation of 260-333B.
D.J. Hall

260-453B INTRODUCTION TO WORLD RELIGIONS. (3 credits) A study of elements of the major religious traditions and a consideration of some problems of the Christian approach to other traditions.
R.W. Stevenson

260-470A THEOLOGICAL ETHICS. (3 credits) A study of the biblical and theological foundations of Christian ethics, and the nature, application and relevance of the Christian norm.
J.A. Boorman

The remaining seven half courses are electives. Candidates not majoring in Christian theology will plan courses in consultation with the Chairman of the B.Th. Committee.

ELECTIVE COURSES FOR B.Th.2 AND B.Th.3

260-280D ELEMENTARY NEW TESTAMENT GREEK. (6 credits) An introduction to the grammar and syntax of New Testament Greek.
J.C. Kirby and Staff

260-321B HISTORY OF CHRISTIAN LITURGY. (3 credits) A survey of the history of Christian Worship, with special reference to the Classical, Reformation, and Modern Periods.
J.C. Kirby

260-330A REFORMED THEOLOGY. (3 credits) A study of Luther, Zwingli, Bucer, Calvin and other Reformed theologians, with particular reference to the historical development of their teaching.
D.N. MacMillan

260-331A CONTEMPORARY CATHOLIC THEOLOGY. (3 credits) An introduction to contemporary Christian thought from within a Catholic perspective. This study will include an examination of recent reinterpretations of the traditional understanding of God and man in relation to the world of today. (Not given in 1977-78)
E.K. Malloy–Hanley

260-360A SEXUALITY AND HUMAN VALUES. (3 credits) An attempt to provide accurate information about human sexuality and to deepen understanding of it. Changing attitudes and behaviour patterns are considered. Students are encouraged to develop a framework for decision making in sexual matters.
Limited registration
M. Peaston and Staff

260-361A RELIGIOUS BEHAVIOUR. (3 credits) A study of some significant aspects of religious life (e.g. worship, mysticism, prayer) and some contemporary religious phenomena (e.g. the charismatic movement). Religious growth and the religious personality are also considered. (Not given in 1977-78)
M. Peaston

260-380D ADVANCED NEW TESTAMENT GREEK. (6 credits) Advanced course in the language, with reading of selected biblical texts.
J.C. Kirby

260-390D ELEMENTARY BIBLICAL HEBREW. (6 credits) An introduction to the grammar and syntax of biblical Hebrew. Emphasis is placed on both the oral and the written language.
D.R. Runnalls

260-404B POST-EXILIC BIBLICAL LITERATURE. (3 credits) A study of a major book of the post-exilic biblical literature within the context of the religious development of the period 520-160 B.C. (Not given in 1977-78)
D.R. Runnalls

260-405A THE THEOLOGY OF THE OLD TESTAMENT. (3 credits) A study of Old Testament theology based on selected writings. (Not given in 1977-78)
R.C. Culley

260-407A THE WRITINGS. (3 credits) A study of a major book from the Writings of the Old Testament such as Psalms, Job, or Proverbs in English translation.
S.B. Frost

260-408A THE PROPHETS. (3 credits) A study of a major prophet in the context of the prophetic tradition in the Old Testament Isaiah 40-66. (Not given in 1977-78)
R.C. Culley

260-410A MAJOR MOTIFS IN NEW TESTAMENT THEOLOGY. (3 credits Attention is focused on Jesus' theology (e.g. in his parables), on Paul and John and the author of Hebrews. Unity and diversity of New Testament teaching, the images used, and other special topics are also discussed (in seminars).
G. Johnston

260-411A NEW TESTAMENT EXEGESIS. (3 credits) Translation and exegesis of selected texts (1 Corinthians; Philippians; and James). Prerequisite 260-310D or equivalent, and 260-380D, except by special permission.
G. Johnston

260-420B CANADIAN CHURCH HISTORY. (3 credits) A survey of the major Christian traditions in

Canada from the settlement of New France to the present. Lectures and seminars with use, where possible, of primary source materials.
H.K. Markell

260-431B CHURCH, MINISTRY and SACRAMENTS. (3 credits) A study of what Christians have believed, do believe and, by implication, ought to believe, concerning these fundamental themes of the Christian faith.
D.N. MacMillan

260-441B MODERN PHILOSOPHY OF RELIGION. (3 credits) Advanced course: 19th and 20th century examples of "Philosophical options and theological choices", e.g. positivism, idealism, existentialism, process thought.
J.C. McLelland

260-461B HUMAN DEVELOPMENT AND GENDER IDENTITY. (3 credits) An outline of personality development and functioning from birth onwards with special reference to the major stages of the life cycle.
M. Peaston

260-471B CHRISTIAN SOCIAL ETHICS. (3 credits) This course examines the basis of Christian social responsibilty, traditional patterns of association between Church and State, and forms of Christian involvement in political and social action. Attention is focused on possible strategies for dealing with selected contemporary social issues.
J.A. Boorman

260-490D ADVANCED BIBLICAL HEBREW. (6 credits) Rapid reading of prose selections. Class hours devoted to discussion of grammar based on readings from biblical Hebrew.
Staff

260-491A HEBREW TEXTS. (3 credits) Translation and exegesis of selected texts.
R.C. Culley

260-492B HEBREW TEXTS. (3 credits) Translation and exegesis of selected texts.
R.C. Culley

OTHER RELATED COURSES

By permission of the Faculty and the instructors concerned, students may substitute other courses for any of those required if they have already taken these or similar courses for credit.

Electives may also be chosen from the Arts curriculum or other departments of the university (see "Related Courses" B.A. program.)

By permission of the Dean, students may also enrol for elective courses at any university in the province of Quebec (but not more than twelve credits per session may be taken outside of McGill). See Academic Credit Transfer Agreement in *General Announcement.*

5 GRADUATE STUDIES

Program Information

The Faculty of Graduate Studies and Research, located in Dawson Hall, directs and controls all programs leading to higher degrees and recommends candidates to the Senate for these degrees. As a Department within it, the Faculty of Religious Studies offers courses leading to the degrees of Master of Sacred Theology (S.T.M.), Master of Arts (M.A.) and Doctor of Philosophy (Ph.D.).

Faculty Regulations

NOTE: It is important that intending students should consult the annual *Announcement of the Faculty of Graduate Studies and Research* for information about the various programs available and about the general regulations that apply to all Departments within the Faculty. The various deadlines indicated in the *Calendar of Dates* for 1977-78 should be noted.

Advanced Degree Requirements

Candidates for advanced degrees should note that they are expected to give full time if possible to their research and courses (unless specially exempted or granted non-resident status).

Language Examinations are usually offered each year early in December and in mid-April. Candidates should advise the Dean's office well in advance of their intention to write.

Theses. The regulations concerning format, dates of submission, and other technical matters may be consulted in the office of the Dean of Religious Studies or in the Thesis Office, Graduate Studies, Dawson Hall.

APPLICATION

Candidates wishing to be admitted in January should submit their applications by the middle of the previous October (decisions will be made a month later in mid-November). Those wishing to begin their studies in the fall should apply by the middle of the previous February (decisions will be reached a month later in mid-March). Late applications for admission in the fall may be considered up to the end of the first week in July.

Regulations for the M.A. in Religious Studies

PURPOSE

The purpose of this degree is to encourage advanced study and research in religious studies and theology, especially for those who wish to become scholars or teachers and those who are already engaged in some field of religious service.

ADMISSION

Candidates must possess a B.A. or equivalent degree (e.g. B.Th., M.Div.), with at least good second class standing in a major or honours program in religious studies or theology from a University or College that is accredited in North America.

In certain cases candidates may be advised to take a Qualifying Year before entering the M.A.

RESIDENCE

The normal residence requirement is two academic sessions but the dissertation may be submitted at the end of the first academic session and the degree awarded in the second. The degree may, by permission, be taken on a part-time basis. See "Thesis Submission" below.

THE PROGRAM

Candidates are required to complete satisfactorily six half-courses and write a thesis embodying the results of their research. A reading knowledge of French or another modern language is also required.

AREAS OF STUDY

Research may be undertaken in the following areas:

(1) *Biblical* (including Old Testament and New Testament)
(2) *Christian Theology* (including Church History and Christian Theology.
(3) *Religion and Culture* (including Religion and the Arts, Theological Ethics, Philosophy of Religion and Psychology of Religion).
(4) *Comparative Study* (including Hindu, Buddhist, Muslim and other traditions).

Candidates who have studied only one major religious tradition before entering the M.A. program must take at least two half-courses in Comparative Study or in the study of a second major faith. Related courses in other McGill departments are also available, e.g. in Anthropology, Art History, East Asian Studies, Islamic Studies, Music and Sociology. Other resources exist in the several universities of Montreal.

LANGUAGE EXAMINATIONS

The modern language examination is to be taken at the end of the first term by those admitted in September, and at the end of the second term by those admitted in January. Exemption from this requirement is granted to those who have a degree pass in the language.

THESIS SUBMISSION

As indicated above (see "Residence"), the dissertation may be submitted at the end of the first academic session provided all course work and language requirements have been successfully completed. Candidates must complete the degree within four years of initial registration.

NOTE: A thesis in Old Testament requires competence in Hebrew; similarly, one in New Testament requires competence in Greek.

Regulations For the S.T.M.

PURPOSE

The S.T.M. is meant primarily for those who intend to enter the ministry of the Christian Church or another religious institution, or proceed to teaching in schools or to some form of social work.

NOTE: Professional training is available to S.T.M. graduates in the three affiliated Theological Colleges (Anglican, Presbyterian, and United). McGill also has a Faculty of Education and a School of Social Work.

ADMISSION

Candidates must possess a B.A. with at least second class standing in a major or honours program in religious studies or theology from an accredited university or college. Those who also have a McGill B.Th. or an equivalent degree, with good second class standing, may be admitted to the second year of the S.T.M. program.

RESIDENCE

The normal requirement is *two years* (of two terms each) of full-time study, but the degree may, by permission, be taken on a part-time basis.

THE PROGRAM

Candidates are expected to be enrolled for full-time study and are required to complete satisfactorily sixteen half-courses within two years, eight in each academic year. They may, by permission, take summer session courses for credit, or take additional courses if their academic standing warrants it. A reading knowledge of French or German, or another modern language, is also required.

AREAS OF STUDY

Courses are offered by the department in the four areas listed in the M.A. regulations.

Related courses are also available in other departments.

SPECIAL REQUIREMENTS

Ministerial candidates are to choose their courses in consultation with the Principal of the Theological College to which they belong.

During the two sessions, two half-courses are to be selected by all candidates from each of the areas listed in "Areas of Study." This selection is to include one Special Area Study course to be taken in each of the four terms (520A, 530B, 540A, 550B). The Area Committees direct these courses, one course for each area over the four terms.

Those who are admitted into S.T.M.2 shall elect courses in consultation with the chairman of the Graduate Committee of the department.

LANGUAGE EXAMINATION

Entrants to S.T.M.1 are expected to pass the modern language requirements by the end of their second term; but those who are admitted into S.T.M.2 must do so by the end of their first term. Exemption is granted to those who have a degree pass, or the equivalent, in the language.

NOTE: To specialize in Old Testament a candidate may be required to show competence in Hebrew; similarly, in New Testament he may require competence in Greek.

Regulations For the Ph.D. In Religious Studies

PURPOSE

The purpose of the Ph.D. program is to engage the student in academic studies at the highest level and to enable him if he so wishes to prepare himself for an academic career. It normally requires three years of research beyond the bachelor's degree, and two beyond the master's.

ADMISSION

Candidates shall normally possess an accredited M.A. in Religion or Theology, or the S.T.M., with at least high second class standing and recommendation for doctoral study; or such other degree as the Faculty may accept as equivalent to the McGill M.A. or S.T.M.

RESEARCH AREAS

The Faculty is prepared to guide students in thesis research in each of the following subjects: Old Testament, New Testament, Church History, Christian Theology, Theological Ethics, Philosophy of Religion, Psychology of Religion, and Comparative Study.

RESIDENCE

A Ph.D. Candidate must reside normally for *two consecutive sessions* of full-time study and research. Part-time study may be permitted in some cases. One session, but in no case the last required session, may be spent at another institution with the approval of the Dean and the Faculty of Graduate Studies and Research.

Candidates admitted to Ph.D.1 take six half-courses; those admitted to Ph.D.2, on the basis of a master's degree and adequate preparation, usually take four half-courses.

SUPERVISION

The Graduate Committee shall appoint for every candidate who is admitted to Ph.D.1 an adviser, and for every candidate admitted to Ph.D.2 a supervising committee of three members, the chairman of which shall be the director of his/her research and thesis. It shall be the duty of the adviser or the director to meet with the candidate as soon as possible after his/her first registration to discuss the program and advise him/her concerning the requiremnts he/she is obliged to meet (e.g. courses, modern languages, ancient languages, field and general examinations). The director shall be responsible for arranging meetings of the supervising committee with the candidate as required. A thesis project must be approved by the Graduate Committee of the Faculty not later than February 1 of the Ph.D.2 year.

LANGUAGE REQUIREMENTS

French and German are normally required of all candidates, and formal admission into the work of Ph.D.2 will not be granted until at least one of these languages has been passed (or exemption granted). Similarly, formal admission into Ph.D.3 requires a pass in the second modern language. (It is strongly recommended that one or both of these languages be included in the bachelor's or master's work preceding doctoral study.)

If necessary, candidates may also have to pass examinations in Hebrew, Greek, Sanskrit and other ancient tongues, and consequently a *qualifying year may be advised.*

COMPREHENSIVE EXAMINATIONS

These examinations are designed to ensure that a candidate is adequately prepared to undertake the research required for a doctoral thesis. They are meant to test a student's competence: 1) in three subjects cognate to his/her own field, 2) in the field of specialty, and 3) in the field of the thesis. They may take the form of a written examination, a major essay, or a project with an oral defence.

DOCTORAL COLLOQUIUM

As one of their requirements all Ph.D.1 and Ph.D.2 students shall attend the graduate colloquium, where they can share ideas and criticisms with one another and their professors.

THESIS SUBMISSION

The thesis may be submitted at the end of the second term of the second session of residence by candidates admitted with a master's degree. It must be submitted within five years after all residence requirements have been completed, unless special permission has been granted for an extension. A thesis which has been judged unsatisfactory by one of the examiners is normally not acceptable and precludes an oral defence. But any thesis judged to be unsatisfactory may be re-submitted once, one year after first submission, if this is approved by the Executive Committee of the Faculty of Graduate Studies and Research.

The thesis is examined by External and Internal Examiners. If their reports warrant it, the candidate shall conduct an oral defence of his/her thesis before a committee of six appointed by the Dean of Graduate Studies on the recommendation of the department. Its chairman is the Dean or his Pro-Dean, and one member must represent a department of the University other than Religious Studies.

The final grade awarded to a successful Ph.D. candidate depends not only on the quality of the dissertation but on course, work, examinations, research and teaching ability, and also the oral defence.

GRADUATE COURSES

All are half-courses unless otherwise noted: A denotes Fall term, B Winter term, L a Summer session course, D a full course given in two terms. 500 level courses are designed for U3 and Master's students; 600 level course may be taken by Master's and Doctoral candidates; 700 level courses are for Doctoral students only.

AREA A (BIBLICAL)

260-510A FIRST PETER. (3 credits) Critical problems of the Epistle. Exegesis of the text. Its importance for early Christian theology and history.
G. Johnston

260-511B NEW TESTAMENT ETHICS. (3 credits) (Not given in 1977-78)
G. Johnston

260-520A AREA STUDIES (BIBLICAL) (3 credits) A survey course on Biblical Studies for S.T.M. students. Individual reading, tutorials and a research project may be included.
Staff

260-604B THE ROOTS OF EARLY JUDAISM. (Not given in 1977-78)
D.R. Runnalls.

260-605B INTERPRETERS OF THE RELIGION AND FAITH OF ANCIENT ISRAEL. (Isaiah 40-66). (Not given in 1977-78)
R.C. Culley

260-607A STUDIES IN THE BIBLICAL NARRATIVE TRADITIONS. (Not given in 1977-78)
R.C. Culley

260-609A OLD TESTAMENT WISDOM WRITINGS. (3 credits) The tradition of wisdom literature in the ancient Near East with particular reference to the wisdom writings in the Psalter, the Book of Job, and the Apocrypha.
S.B. Frost

260-610A RECENT INTERPRETATIONS OF MARK. (Not given in 1977-78)
J.C. Kirby

260-612A THE PASSION NARRATIVE IN THE FOUR GOSPELS. A comparative study of the crucifixion narratives in the four canonical gospels, together with a consideration of the theology that underlies each of them.
J.C. Kirby

260-614B THE GOSPEL OF JOHN. (Not given in 1977-78)
G. Johnston

260-615B THE HOLY SPIRIT IN THE NEW TESTAMENT (Not given in 1977-78)
G. Johnston

260-616A LES PARABOLES DE JESUS. (Not given in 1977-78)
J.C. Kirby

260-618B THE CHURCH IN THE NEW TESTAMENT. (Not given in 1977-78)
G. Johnston

260-619B THE RESURRECTION IN THE NEW TESTAMENT. Exegesis of the relevant passages, and discussion of modern theories and doctrines concerning Resurrection. If there are a sufficient number of bilingual students, this seminar will be held in French.
J.C. Kirby

260-710B PAUL'S EPISTLE TO THE ROMANS. Exegesis of the text and papers on major theological themes in Romans; papers on St. Paul and the significance of Romans in Christian tradition.
G. Johnston

260-711A THE CHURCH IN THE NEW TESTAMENT. (Not given in 1977-78)
G. Johnston

AREA B (HISTORICAL)

260-530B AREA STUDIES (Historical-Theological Studies) A survey course on Historical-Theological Studies for S.T.M. students. Individual reading, tutorials and a research project may be included.
Staff

260-620A WORSHIP IN THE NEW TESTAMENT (Not given in 1977-78)
J.C. Kirby

260-621A ROMAN CATHOLICISM FROM 1870 TO THE PRESENT. A study of major developments within the Roman Catholic Church since Vatican Council I. Extensive use will be made of primary source materials.
H.K. Markell

260-622B THE MODERN LITURGICAL MOVEMENT. (Not given in 1977-78)
J.C. Kirby

260-623A THE ECUMENICAL MOVEMENT. (Not given in 1977-78)
H.K. Markell

260-624B THE CHURCH AND THE CITY IN THE ANGLO-AMERICAN WORLD SINCE 1850. An examination of the impact upon organized Christianity of urban-industrial society, with emphasis on the initial response of the Churches in Britain and North America to the challenge of the city.
H.K. Markell

260-628B ANGLICANS AND NONCONFORMISTS IN NINETEENTH CENTURY ENGLAND. (Not given in 1977-78)
H.K. Markell

260-630B PHILOSOPHY AND THEOLOGY. (Not given in 1977-78)
J.C. McLelland

260-631A THE THEOLOGY OF THE CROSS. (Not given in 1977-78)
D.J. Hall

260-632A THE THOUGHT OF REINHOLD NIEBUHR. The seminar examines the theological and ethical thought of Niebuhr in the light of its cultural, social and political context.
D.J. Hall

260-638A THE THEOLOGY OF D.M. BAILLIE. A study in depth of a theologian whose keen insight, constructive presentation and sound judgment entitle him to a place among the significant thinkers of our time.
D.N. MacMillan

260-639B CONTEMPORARY CATHOLIC THEOLOGY. Christological and ecclesiological implications of several approaches operative in contemporary theology. Emphasis will be placed on the contributions of Dutch, North American and Third World theologians
E.K. Malloy-Hanley

260-645A RELIGION AND THE ARTS. (Not given in 1977-78)
J.C. McLelland

260-730A SEMINAR IN PATRISTIC THEOLOGY. 1977-78: Alexandrian Philosophical Theology (Philo, Clement, Origen).
J.C. McLelland

260-731A/B SEMINAR IN MEDIEVAL THEOLOGY. (Not given in 1977-78)
Staff

260-732 A/B SEMINAR IN REFORMATION THEOLOGY. (Not given in 1977-78)
Staff

AREA C (RELIGION AND CULTURE)

260-540A AREA STUDIES. (Religion and Culture) A survey course for S.T.M. students. Individual reading, tutorials and a research project may be included.
Staff

260-641B MODERN PHILOSOPHY OF RELIGION. A comparison of major types of philosophy of religion on the modern scene. Introductory lectures followed by student research on selected topics.
J.C. McLelland

260-643A PROBLEMS IN PHILOSOPHY OF RELIGION. (Not given in 1977-78)
J.C. McLelland

260-644A THE MEANING AND BASIS OF RELIGIOUS BELIEF. (Not given in 1977-78)
J.C. McLelland and A. McKinnon

260-660B DIMENSIONS OF THE PERSON. Studies in Erikson, Fromm, Horney and Jung. (Not given in 1977-78)
M. Peaston

260-661A HUMAN NATURE IN THEOLOGICAL AND PSYCHOLOGICAL PERSPECTIVE. Theology (Niebuhr) and psychotherapy (Freud, Sullivan, Maslow) are studied as interpreters of man, his freedom, conflicts and renewal.
M. Peaston

260-663A BEHAVIOUR CHANGE AND PERSONAL GROWTH. (Not given in 1977-78)
M. Peaston

260-664B ANXIETY AND FAITH. An examination of some existentialist, psychiatric and religious approaches to the study of man.
M. Peaston

260-670A REPRESENTATIVE SOCIAL THOUGHT IN THE TWENTIETH CENTURY. An examination and evaluation of the dominant forms of social thought in the twentieth century. Representatives of both religious and secular ethics will be studied.
J.A. Boorman

260-671B CHRISTIAN SOCIAL RESPONSIBILITY: SOME MAJOR ISSUES. Major, social and ethical problems of today will be identified and analysed. Each student will devote his/her particular attention to one such issue presenting to the seminar his/her research dealing with the causes and nature of the problem, the kinds of solution being sought and their moral justification
J.A. Boorman

260-672A CONTEMPORARY VALUE SYSTEMS IN CHRISTIAN PERSPECTIVE. (Not given in 1977-78)
J.A. Boorman

260-673B INTERPRETERS OF CHRISTIAN VALUES IN THE MODERN WORLD. (Not given in 1977-78)
J.A. Boorman

260-745B MEANING AND INTERPRETATION. An interdisciplinary seminar on hermeneutical problems. (Not given in 1977-78)
R.C. Culley, J.C. Kirby and J.C. McLelland.

AREA D (COMPARATIVE STUDY)

260-550B AREA STUDIES (Comparative Study) A survey course on Comparative Studies for S.T.M. students. Individual reading, tutorials and a research project may be included.
Staff.

260-650D RELIGIONSWISSENSCHAFT: THE HISTORY OF THE DISCIPLINE.
W. Bijlefeld.

260-656A STUDIES IN THE BHAGAVADGITA. An investigation into and comparison of various commentaries on the poem. The attitudes, objectives and interpretive theories of the commentators as well as their understanding of major doctrines in the Gita are included.
R.W. Stevenson

260-604D THE ISLAMIC TRADITION.
C.J. Adams.

397-652D URDU (advanced).

397-703D ISLAMIC THEOLOGY.

SPECIAL STUDIES

260-680A/680B/690D
OLD TESTAMENT

260-681A/681B/691D
NEW TESTAMENT

260-682A/682B/692D

260-685A/685B/695D
ETHICAL PROBLEMS

260-686A/686B/696D
RELIGIOUS PSYCHOLOGY

260-687A/687B/697D
COMPARATIVE RELIGION

These are tutorial courses designed to meet the research needs of individual students at Master's or Doctor's level in the various disciplines.

ELECTIVE COURSES IN OTHER DEPARTMENTS

With the consent of the Dean of Religious Studies and the instructor concerned graduate students may choose related courses in any other Department of the University. They may also take 40% of their courses in other Quebec universities. See Academic Credit Transfer Agreement in *General Announcement.*

6 THE INSTITUTE OF ISLAMIC STUDIES

The Institute offers courses and undertakes to direct research in preparation for the M.A. and Ph.D. degrees in Islamic Studies. Two years of resident study are normally required for the M.A. degree, five for the Ph.D. degree.

The Institute is concerned with the faith of Muslims, and with the Islamic tradition involving a society and a civilization to which in the past it has given rise and to which in the present it is related. The Institute's special emphasis is on the faith as a contemporary and living force, and on the major change through which the civilization and society are currently going. It would seek such understanding as will enable outsiders to observe those changes intelligently, Muslims to participate in them intelligently, and both to communicate.

Candidates for degrees in Islamic Studies may, with the consent of those departments, be permitted or required to take relevant courses offered by the Departments of History, Economics and Political Science, Philosophy, Religion, and Theology, etc. In special cases these departments also recognize participation in relevant courses offered by the Institute as contributing to their own advanced degrees. Such participation by students from other departments is welcomed by the Institute.

The Institute stresses competence in language. At the master's level, two years, or the equivalent, of one Islamic language is required, normally Arabic; each student is expected to complete a total of five courses (including one seminar) and a research thesis within a two-year period. For the doctorate, two additional years of residence and five additional courses are required. All Ph.D. candidates must have a reading knowledge of either French or German, preferably both and two years, or the equivalent, of a second Islamic language. In the 4th year of residence candidates sit for comprehensive examinations in the fields of Islamic history, Islamic institutions, Islamic thought, and modern developments in the Islamic world. A doctoral dissertation constituting original research is required for the final year.

The Institute of Islamic Studies maintains a separate library, located on the 9th floor of the Stephen Leacock Building for the support of teaching and research in Islamics. The collection, which is one of the major libraries of its type in North America, consists of more than 85,000 volumes in the principal European languages as well as Arabic, Persian, Turkish, Urdu and other Islamic languages. The library is especially strong in its reference materials and periodical holdings for the Islamic regions.

From September, 1975, a co-operative program has been effected between the Duncan Black Macdonald Center for the Study of Islam and Christian-Muslim Relations of the Hartford Seminary Foundation and the Institute of Islamic Studies. The program is conducted on the McGill campus.

COURSES FOR HIGHER DEGREES

Each year a select number of the following courses and seminars are offered:

397-602D SURVEY OF ISLAMIC PHILOSOPHY. (3 hours). A history of the attempts of Muslim thinkers to adapt Greek philosophy to Islamic revelation; study of the Translation Movement, and Mu'tazila, and the rise of Kalam; readings in al-Kindi, al-Farabi, Ibn Sina, Ibn Rushd, Al-Razi, and other important Muslim philosophers.

397-603B INTRODUCTION TO RESEARCH MATERIALS FOR ISLAMIC STUDIES. (1 hour). A practical introduction to the materials academically available for these studies. Some preliminary discussion of research methods, of the preparation of reports and essays; documentation; transliteration. Particular attention is given to the special reference books and serials used in the field.

397-604D INTRODUCTION TO THE ISLAMIC TRADITION. (3 hours). A course to introduce the uninitiated student to major aspects of the Islamic tradition; Jahiliyah times, the Prophet, Qur'an, Hadith, Kalam, Shari'ah, Falsafah, Tasawwuf, Shi'ah and the sects, institutions, and modern developments. Emphasis is given to the principal Islamic and Western sources in each of these areas.

397-605D ARABIC LITERATURE: A.D.c500-1970's. (3 hours). A survey of the literature of the Arabs in pre-Islamic times with special emphasis on the Mu'allaqat. Developments following the rise of Islam and its influence on literary production in prose and poetry, emphasizing selected poets and writers and considering new themes, genres, and thought in the Umayyad and the 'Abbasid periods. A condensed treatment of Arabic literature between the fall of Baghdad in 1258 and the Napoleonic war in the Middle East, and a more detailed study of the Arab literary renaissance in the 19th century and the development of fiction, drama, and poetry in the 20th century. No knowledge of Arabic is required for this course. Use will be made of available English translations.

397-610D HISTORY OF ISLAMIC CIVILIZATION: THE CLASSICAL PERIOD. (3 hours). The origins of the early Islamic state in Arabia and the Umawi Caliphate. The growth of Islamic civilization, and the 'Abbasi Empire until the Selijuk period. The rise of the Fatimis. The Caliphate of Cordoba.

397-611D HISTORY OF ISLAMIC CIVILIZATION: THE MEDIAEVAL PERIOD. (3 hours). The Seljuks, and the mediaeval synthesis. The Moors in Spain and North Africa. The Crusades. The Mongols and the destruction of the Baghdad Caliphate. The Mamluk, Persian, Turkish and Indian Empires until 1700.

397-614D THE HISTORY OF ISLAMIC INDIA. The Arabs in India; the establishment of the Delhi Sultanate; the interaction of Islam and Hinduism. The Mughals: political history; social, intellectual, and religious trends. The fall of the Mughals and the end of Muslim rule in India.

260-615B HISTORY OF THE ISLAMIC EAST. (1256-1700). (Seminar, 2 hours.) A survey of the development of Islamic civilization in Iran, Iraq, Anatolia and central Asia after the Mongol invasions until the collapse of the Safavid dynasty: the Il-khanid, Timurid, and Safavid dynasties.

397-621D INTRODUCTORY ARABIC.

397-622D LOWER INTERMEDIATE ARABIC.

397-623D HIGHER INTERMEDIATE ARABIC.

397-625D ADVANCED ARABIC. (3 hours). Critical reading of texts in a particular field; for example, readings in the historians, with Professor Little; or in the theologians, in connection with Islamics 702 below, or the legists, in connection with Islamics 706. As the content may vary, this course may be repeated for credit.

397-631D INTRODUCTORY TURKISH.

397-632D LOWER INTERMEDIATE TURKISH.

397-633D HIGHER INTERMEDIATE TURKISH.

397-634D ADVANCED TURKISH. (This course will normally be related to Islamics 722 below; Prerequisite: Islamics 397-622D or 397-641D.)

397-641D INTRODUCTORY PERSIAN.

397-642D LOWER INTERMEDIATE PERSIAN.

397-643D HIGHER INTERMEDIATE PERSIAN.

397-644D ADVANCED PERSIAN. (Prerequisite: Islamics 622).

397-651D INTRODUCTORY URDU.

397-652D LOWER INTERMEDIATE URDU.

397-653D HIGHER INTERMEDIATE URDU.

397-654D ADVANCED URDU. (Prerequisite: Islamics 622 or 641.)

397-670D ISLAMIC ART AND ARCHITECTURE. Study of the development of Islamic art and architecture as related to the principles of Islam as a religion and regional traditions.

397-700D Ph.D. PRELIMINARY EXAMINATION IN ISLAMICS. RESEARCH SEMINAR. For all students writing theses and all others engaged in research. (Seminar, 2 hours).

Several of the following seminars will be given each year:

397-702D ISLAMIC THEOLOGY: SEMINAR ON SPECIAL QUESTION. (2 hours). The problem considered will vary from year to year. The course may, therefore, be repeated for credit.

397-703D READINGS IN CLASSICAL ARABIC PHILOSOPHERS. (Seminar, 2 hours.) Consideration of the development of philosophic thought among the Muslims, and its relation to the late Greek background; with special reference to Ibn Sina (Avicenna). Some of his writings, especially the *Kitab al-Najat,* or al-Ghazzali's *Tahafut,* will be read in Arabic. The prose of Falsafah in classical Islamic culture and thought.

397-704D ISLAMIC THEOLOGY. (Seminar, 2 hours.) A study of significant aspects of the Muslims' attempt to give intellectual expression to their faith in different periods in the past.

397-705D THE SOCIAL INSTITUTIONS OF ISLAM I. Government and State (Seminar, 2 hours.) A survey of the evolution of the various patterns and concrete manifestations of Muslim political theory and practice through the classical and mediaeval periods of Islamic history. The rise of modern states and political problems in various Muslim countries.

397-706D THE SOCIAL INSTITUTIONS OF ISLAM II. Law. (Seminar, 2 hours). The role of law in Islamic thought and society, considered historically in terms of its theological, political, and sociological aspects. The impact of modern legal systems and ideas, contemporary movements of codification, and the problems of legislation.

397-707D SEMANTICS OF THE QUR'AN. (Seminar, 2 hours; half course). An analytical study of Qur'an vocabulary. By applying the methods of analysis that are being developed in structural and field semantics to the verses of the Qur'an, the aim is to isolate the general conceptual scheme that underlies the Weltanschauung of the sacred book of Islam.

397-708D QUR'AN EXEGESIS. (2 hours). A study of two or three suras taken as units, and a number of Qur'anic passages and key words. Attention will be given to issues of style, form and chronology, as well as to the content matter, the latter including a consideration of the history of the interpretation of these sections. The suras and passages considered will vary from year to year. The course may, therefore, be repeated for credit.

397-710D SHI'AH THOUGHT. (Seminar, 2 hours). A history of thought among the Shi'ah with consideration of important thinkers, movements and books.

397-721D ISLAMIC DEVELOPMENTS IN THE MODERN ARAB WORLD. (Seminar, 2 hours). Internal reform movements and responses to external pressure, 1800 to the present.

397-722D THE DEVELOPMENT OF SECULARISM IN MODERN TURKEY. (Seminar, 2 hours). An analysis of the transition from Ottoman institutions and ideas to those of contemporary Turkey. After considering the 18th century attempts at reform, attention is given to the changes during the *Tanzimat,* "Young Turk", and Republican periods, as a preparation for an understanding of contemporary problems raised by secularization.

397-723D ISLAMIC DEVELOPMENTS IN MODERN INDIA AND PAKISTAN. (Seminar 2 hours). Significant movements in Islamic thought and political action, since the Mughul downfall. The influence of Sirhindi; Waliyullah and his school; the Mujahidin; 1857 De'oband; Aligarh; Azad and Muslin participation in Indian nationalism; Iqbal; Pakistan. The Munir Report; Pakistan constitutional and ideological issues; Muslims in India since partition.

397-724D DEVELOPMENT OF THE ISLAMIC TRADITION IN INDONESIA. (2 hours). Pre-Islamic background. The arrival of the Islamic tradition; Javanese elements in its development, and Hukum Adat. Muslim states versus the Dutch company; the Padri war. Islamic policy of the Dutch. Recent Islamic movements and political parties (Sarekat Islam, Muhammadijah, Masjumi, Nahdatul Ulama, Persatuan Islam, M.I.A.I., etc.). Nationalism.

397-725D THE ISLAMIC HISTORY OF WEST AFRICA. (2 hours). A study of an Islamic role in the development of institutions and ideas in the western and central Sudan, from the 11th century to the present day. With special reference to (i) relations with the wider Muslim World, (ii) sources, literary and archaeological, for a study of this area.

397-726D ISLAMIC DEVELOPMENTS IN MODERN IRAN. (2 hours).

397-727D MODERN HISTORY OF THE GULF STATES. (2 hours). The history of the Arabian Peninsula in modern times with special emphasis on the Gulf States. Concentration will be on Saudi Arabia, Kuwait, Bahrain, Qatar, the Union of the Arab Amirates, and 'Uman from the 18th century to the present.

397-728D ISLAMIC DEVELOPMENTS IN MODERN NORTH AFRICA. The relationship of the Maghrib to the Muslim East and Europe in mediaeval and modern times. Religious developments in North Africa before and after European conquest. The growth of nationalism in Libya, Tunisia, Algeria and Morocco. The interaction of Arab and French culture and its effect on Islam.

397-729D ISLAM AND THE WEST. (2 hours). Muslim views of the 'West' – especially Christianity – and the 'Western' views of Islam from the 9th till the 19th century,with particular attention to extant primary sources.

397-730B THE STUDY OF ISLAM IN EUROPE AND NORTH AMERICA SINCE THE EARLY NINETEENTH CENTURY. A critical study of the extent to which cultural and ideological trends in the West since the early 19th century are reflected in and have influenced Western academic descriptions and interpretations of Islam.

397-731D ISLAM IN THE MODERN WORLD (Seminar, 2 hours). A conspectus of the Islamic world's response to the internal decline in the eighteenth century and external encroachment in the nineteenth. A comparative study of constitutional developments, religious reform movements, nationalism, etc.

397-746D THE MYSTICAL TRADITION OF ISLAM (SUFISM). (Seminar, 2 hours). A historical and analytical study of great Sufis, their writings and their central problems. Emphasis will be laid upon reading Sufi texts in Arabic and Persian. As the content of the course will vary, this course may be repeated for credit.

397-735A and 397-735B SPECIAL TOPICS. The subject matter of the course will change from year to year and therefore the course may be repeated for credit.

397-750D SOCIAL AND ECONOMIC DEVELOPMENT IN MUSLIM COUNTRIES. (Seminar, 2 hours). A study of development problems in the light of a historical survey of various reform policies in different countries; contemporary ideas of, and policy towards, development as shown in economic, technical, political and educational measures; with emphasis on the relevance of Islamic values to development problems.

397-760D MUSLIM HISTORIOGRAPHY. (Seminar, 2 hours). Readings in historical writings and consideration of the critical problems arising from the use of such materials.

397-761D IRAN FROM THE MONGOLS TO THE SAFAVIDS. (Seminar, 2 hours). Historical developments in Iran, Iraq and Anatolia after 1258. The Il-khanids and post-Mongol successor "states". The Turkmen dynasties: Qara-Qoyunlu. Shi'ism, Sufism, and the rise of the Safavids in 1500.

397-762D MODERN ARABIC LITERATURE. (Seminar, 2 hours). A study of the trends in Arabic poetry since the beginning of the modern Arab literary renaissance, with special attention to selected poets from the neo-classical, the romantic, and the realist schools of the twentieth century, and a consideration of changes in poetic form leading from traditional metric designs to free verse and prose poems. An examination of the development of the Arabic novel and short story in the twentieth century, with attention to fictional techniques and to selected themes as expressions of the social and ideological change in the modern Arab world. A knowledge of Higher Intermediate or advanced Arabic is required.

397-777A ISLAMIC PHILOSOPHY. (Seminar, 3 hours). Consideration of the development of philosophical thought among the Muslims. Classical Arabic writings will be used.

VILLE MARIE SOCIAL SERVICE CENTRE: General Manger, Mr. D'Arcy Coulson

YOUNG MEN'S AND YOUNG WOMEN'S HEBREW ASSOCIATION: Executive Director, Mr. Harry Kosansky

3 SCHOOL OF SOCIAL WORK

3.1 HISTORY AND PLACE IN THE UNIVERSITY

In 1918, McGill University founded a School for Social Workers which was discontinued in 1932. In 1933, with the approval and cooperation of the University, an independent school, offering a two-year program to university graduates and known as the Montreal School of Social Work, was established. In October 1945, the University resumed the function of social work education and the Montreal School of Social Work, by agreement of its Board of Trustees, became the McGill University School of Social Work. The final step in integrating the School into McGill University was taken in 1950, since which time the University has assumed complete responsibility for it.

The School is an integral part of McGill University and its students are able to participate fully in the varied life of a great university. It has its own building providing classroom accommodation, research laboratory, and a compact up-to-date social work library to which new books, documents, and pamphlets are added continually. Students may also use the McLennan Library, the Redpath Library, and other special libraries

3.2 OBJECTIVES AND EDUCATIONAL PHILOSOPHY

The School of Social Work is a professional school whose primary objective is to prepare students for successful careers and for leadership in the field of social welfare. The goal is to educate students for practice not only in established and well structured services, but also in initiating and pioneering new and less explored areas of welfare. Students are expected to acquire the necessary knowledge, values, attitudes and technical skills of professional practice. They are, in addition, helped to develop critical and experimental approaches in the hope that during their professional careers they may contribute to the improvement of practice skill and knowledge and to the devleopment of increasingly constructive and humane social policy and organization.

This School is a member of the Canadian Association of Schools of Social Work. Through its membership in this and other national and international organizations, the School is in close touch with significant developments in social work education on the North American continent, and throughout the world.

Until 1969-70, the School offered programs only at the graduate level, leading to the degree of Master of Social Work and the Diploma in Advanced Practice in Social Work. Conscious of a general need for more professionals in practice and for extension and strengthening of professional education, the School in 1969-70 initiated a Bachelor of Social Work degree program. This program now constitutes the first professional degree, preparing graduates for direct entry into practice, with general professional skill. It also forms a strong foundation for a specialized Master's degree.

The School does not select any special practice method or theory, but encourages first the establishment of general competence and from that base supports the choice of the individual student of specialization in specific fields of practice.

3.3 ADMINISTRATION OF THE SCHOOL

The School of Social Work is administered under the authority of the Faculty of Graduate Studies and Research of McGill University. The Director of the School is directly responsible to the Dean of that Faculty. The graduate degree programs are authorized by the Graduate Faculty Council to which representatives of the School are elected. The B.S.W. program is authorized by the Faculty of Arts.

Internal administration of the School is under the general direction of the Director. Various administrative and curriculum committees, with representatives of students and of the teaching staff, are charged with development and administration of major aspects of the School's program.

3.4 THE SCHOOL AND THE MONTREAL COMMUNITY

Montreal, the largest and most cosmopolitan city in Canada, affords varied community resources in both the private and public social services. A bilingual community, it affords unique opportunities for the study of social problems.

The School receives the full and generous cooperation of facilities for supervised field practice.

4 GENERAL INFORMATION

4.1 DEGREES AND DIPLOMAS

Three degrees and a diploma may be earned at the School. The Bachelor of Social Work degree is awarded to students who successfully complete the degree program at the undergraduate level. Students holding the B.S.W. may be admitted to the Master of Social Work program.

The Diploma in Advanced Practice in Social Work is awarded to students who already hold the Master's degree and who successfully complete the requirements for this diploma.

A limited number of special candidates may be accepted for advanced, interdisciplinary studies leading to a Ph. D.

4.2 ADMISSION REQUIREMENTS 1977-78

BACHELOR OF SOCIAL WORK DEGREE

Educational Objectives

The Faculty of Arts, through the McGill University School of Social Work, offers an undergraduate program of professional studies in Social Work, leading to the Degree of Bachelor of Social Work (B.S.W.). The B.S.W. degree course has the following principal educational objectives:

1. To prepare students for professional practice in any one of a range of social service positions. (The B.S.W. degree represents the point of admission into the Corporation of Professional Social Workers of the Province of Quebec and the Canadian Association of Social Workers.)
2. To prepare selected students for entry into more specialized professional studies at the graduate level.

It is the policy of the School of Social Work to ensure that social workers are as diverse as the communities they serve, and when reviewing prospective applicants for the Special BSW and the Undergraduate BSW programs, special consideration is given to persons of varied backgrounds, including members of minority groups, members of low-income communities and those with paid or volunteer community work experience.

Admission to the BSW is open to three groups of applicants:

1. Three-year Undergraduate B.S.W.

Applicants to this program must have completed two years of collegial or equivalent studies, including introductory courses in sociology, psychology, statistics and French, as recognized by the University Admissions Office. Normally a candidate will not be considered for the program unless his/her GPA is 3.0 or better. Within the group of applicants who meet this requirement, preference will be given to those who have had social work related experience, paid or volunteer, and also to those who demonstrate personal suitability for the profession of social work as determined by the personal statement and the group interview. Students applying at the end of the first year of University should count on at least 2-1/2 years of study to complete the requirements for the B.S.W. degree. At the moment no provision exists for graduates of a 3-year collegial program to obtain the degree with less than 90 credits.

Application for admission should be made to the University Admissions Office.

2. Mature Student Program

Certain mature students may be admitted into the Faculty of Arts to a program of study leading to a B.S.W. degree. Mature students are defined as persons 23 years of age and over who lack the academic requirements for University entrance.

In order to be considered for the B.S.W. program mature applicants must:

(a) Have had substantial work experience in social work or closely related fields;

(b) Be able to produce a satisfactory recommendation from community social agencies with which he/she has been affiliated.

Candidates for this program should apply to the Director of the University Admissions Office.

3. Special B.S.W.

A limited number of students with Bachelor's degrees are admitted into a Special B.S.W. program in which advanced standing is given for the social science content of the Bachelor's degree.

The minimum requirements for admission to the Special B.S.W. are as follows:

1. Bachelor's degree with a high standing in the final year; or, if graduating in the current year, in the last complete year.
2. Completion of at least 5 full courses in the social and psychological sciences (e.g. economics, political science, psychology, sociology or anthropology).
3. A course in statistics is a prerequisite for admission. If a research course has not been taken before admission, the student must take Social Work 407-270 as part of the B.S.W. program.

Normally a candidate will not be considered for the program unless his/her GPA is 3.0 or better. Within the group of applicants who meet this requirement, preference will be given to those who have had social work related experience, paid or volunteer, and also to those who demonstrate personal suitability for the profession of social work as determined by the personal statement and the group interview.

The Special B.S.W. is a full-time program of study and is not open to students on a part-time basis. Those wishing to pursue this program must follow the prescribed pattern of study starting with the initial summer session in May (6 weeks), the academic session (Sept.–April), and the second summer session (April–July of the following year). Students who have satisfactorily completed the Special B.S.W. program are not guaranteed admission to the Master's program.

Application for admission should be made at the School of Social Work.

THE MASTER OF SOCIAL WORK

Students who have successfully completed a B.S.W. may be admitted to the Master of Social Work program.

Because of the large number of possible candidates, it should be understood that *admission to the M.S.W. program is not guaranteed for any person simply by reason of satisfactory completion of a B.S.W.*

It is expected that, as a general rule, applicants to the M.S.W. program will have completed course work in statistics and in research methods at the undergraduate level.

Students Transferring from Other Universities or Other Countries

A small number of students who have already completed the equivalent of the first year of an M.S.W. program elsewhere will be considered for admission to the M.S.W. program.

DIPLOMA IN ADVANCED PRACTICE

Statement of Purpose

Students who have a Master's degree in Social Work and three years of professional practice may be admitted to the program leading to a Diploma in Advanced Social Work Practice. This year of advanced study is designed to deepen understanding and develop further professional skill in *Marriage and Family Counselling, Rehabilitation or Corrections, Research, Welfare Policy, and Administration.*

Admission Requirements

Candidates for advanced study should be those whose previous academic and professional performance has been of a high order. More specifically:

1. The candidate should possess personal characteristics and a breadth of professional interest that give promise of professional leadership. The candidate should show capacity for scholarship and independent study.
2. The candidate should have completed the M.S.W. program, with superior standing at a recognized School of Social Work.
3. The candidate should have had normally a minimum of three years of professional experience, following completion of the M.S.W. program, and should be able to supply independent reports of professional competence.

Doctoral Studies

In accordance with existing regulations of the Faculty of Graduate Studies and Research, a limited number of special candidates may be accepted for advanced studies leading to a Ph.D. The programs of such students which will be interdisciplinary in character, and will be designed ad hoc, bearing in mind the needs and accomplishments of the individual student, will include a requirement for courses and seminars within the School of Social Work and in other academic units of the University, but will in particular require a substantial research thesis. For further information, write to the Director of the School of Social Work.

4.3 STUDENT STANDING

1. M.S.W. AND ADVANCED DIPLOMA students are exptected to maintain at least "B" standing in all courses.
2. Permission to write supplementary examinations or to repeat courses is granted only upon recommendation of the Committee on Standings.
3. All students are admitted on probation. A student may be asked to withdraw at any point if, after careful review of his/her progress, the Committee on Standings deems this to be advisable.
4. Students enrolled in a full program of courses in any term are normally expected to devote their full time to study. Any plan for part-time study must be approved by the student's adviser.
5. B.S.W. students should refer to the *Arts and Science Faculties Announcement* for regulations concerning student standing.

4.4 ACADEMIC CREDIT TRANSFER AGREEMENT

Students wishing to take courses for credit towards their McGill degree at any university in the Province of Quebec should refer to the section entitled "Academic Credit Transfer Agreement" in the *General Announcement* for details.

4.5 LANGUAGE REQUIREMENT FOR PROFESSIONS

Quebec law now requires that candidates seeking admission to provincially-recognized professional corporations* must posess a working knowledge of the French language, i.e. be able to communicate verbally and in writing in that language.

To demonstrate this capability, a candidate will normally be required to pass an examination set by the Régie de la langue française, unless he or she can show that three years of instruction in a French post-primary school have been completed. The professional corporation will require this proof of attendance or of succesful completion of the Régie examination.

This examination shall test the candidate's mastery of oral and written comprehension and expression in French. The contents may vary in accordance with the current terminological requirements of the profession or professional group. Examinations will take place four times a year, and they may be attempted an unlimited number of times.

In special cases where the candidate can clearly demonstrate to the Régie by means of an interview that a true mastery of French exists, the examination requirement may be waived.

Information on the testing program of the Régie may be obtained by writing to: Régie de la langue française, 800, Place Victoria, 16e étage, Montréal, Québec, H4Z IG8, Telephone 873-6571.

Students who need to acquire a functional level of proficiency in French may register in courses at either the French Language Centre, 3438 McTavish Street, Telephone 392-5727, for courses during the day, or at the Centre for Continuing Education, 772 Sherbrooke Street West, Telephone 392-4901, for courses in the evening.

Students already proficient in French but who wish to keep up practice may register in courses at the Department of French Language and Literature, 3460 McTavish Street, Telephone 392-4577, or at the Centre d'études canadiennes-françaises, 3475 Peel Street.

*McGill degrees and diplomas currently give access to corporations regulating the activities of the following professional groups:

Advocates
Agronomists
Architects
Chartered Accountants
Chartered Administrators
Chartered Appraisers
Chemists
Dentists
Dieticians
Engineers
Industrial Administration Accountants
Industrial Relations Counsellors
Licensed General Accountants
Notaries
Nurses
Occupational Therapists
Physicians
Physiotherapists
Psychologists
Social Workers
Speech Therapists & Audiologists
Urbanists
Vocational Guidance Counsellors

4.6 FEES

The University reserves the right to make changes without notice in its published schedule of tuition and other fees if, in the opinion of the Board of Governors, circumstances so require. Tuition fees for the B.S.W. program are $19.00 per credit and this fee includes all the regular charges of the University for registration, tuition, laboratories and libraries. Student Service fees of $70.00 and Students' Society fees of $30.00 are separately assessed and must be paid at the same time as the tuition fees. Tuition fees for the M.S.W. program are as follows:

	Tuition	Student Services	Students' Societies
M.S.W. 1	$570.00	$70.00	$31.50

Additional Session $40.00

Adv. Soc. Work Practice Diploma
$57.00 per half course

Graduation Fee $15.00

Student Services and Students' Societies fees assessed according to number of half courses taken. See *General Announcement* for details.

Students may refer to the *General Announcement* for further details and regulations for payment of fees, and regulations concerning withdrawal.

4.7 BURSARIES SCHOLARSHIPS, LOANS AND AWARDS

SCHOOL

Some sources exist for both loans and bursaries through the School. Inquiries may be made at the time of application for admission to the School. Since the School does not receive all the resources for bursary and/or loan purposes until late during the first term, students should endeavour to make other arrangements for their financial needs, whenever possible, prior to entering the School.

The School has access to a limited amount of funds for loans and bursaries, made available by individuals or private organizations. These funds are insufficient to meet all needs but may be used as supplements to other sources.

Inquiries concerning bursaries and loans should be made at the time of application for admission. Special request forms are available.

For the possible availability of bursaries open to students in all faculties and schools inquiry may also be made to the Student Aid Office of the University, 3465 Peel Street.

AWARDS

The Alumni Committee of the School makes two awards each year:

1) ***The Alumni Prize*** (currently $100) awarded to the outstanding student in each M.S.W. class,
2) ***The Esther Kerry Award*** (currently $500) to further either innovative projects in the field of social work or individual professional advancement. Any current student, graduate or staff member of the School may apply for this award. Applications are invited each spring in the Alumni Newsletter, and the award is made in June.

FEDERAL

The Federal Welfare Grants program awards a small number of graduate scholarships based upon academic achievement. Application should be made to the Welfare Grants Division, Department of National Health and Welfare, Ottawa, Ontario.

Overseas students should inquire of their governments concerning the availability of United Nations, Colombo Plan or their country's own study grants.

PROVINCIAL

Most provinces offer bursaries on condition that recipients accept employment in these provinces upon graduation. Information should be obtained from Provincial Departments of Welfare.

Quebec residents may apply before January 1 for educational bursaries for the following year. Application should be made to the following: Service des Bourses de Perfectionnement, Ministère de l'Education, Hôtel du Gouvernement, Québec, P.Q., or through the Student Aid Office of the University, 3465 Peel Street.

4.8 STUDENT SERVICES

Full information concerning student services is given in the *General Announcement available from the Registrar's Office.*

5 CURRICULA

5.1 B.S.W. CURRICULUM

REGULAR B.S.W.

a) The normal B.S.W. comprises a combination, over the three years, of professional courses, supervised field practice and practice-related courses drawn principally from the social and psychological sciences.

b) The program is organized so that the proportion of professional content to social and psychological science content increases from year 1 to year 111.

c) The B.S.W. degree will be awarded upon successful completion of 90 credits of study of which at least 78 must be related to the student's professional development. Of these 78 credits, 48–60 must be social work courses. Not less than 18 credits must be chosen from the social or psychological sciences. The remaining credits may be taken according to the student's own individual interests. If credits in French Language are required, they will be taken from among the credits available after satisfaction of the requirements of social work and social science credits.

d) The distribution of the 48–60 credits of Social Work content over the three years will be approximately as follows:

Year 1 – 12–15 credits
Year 11 – 18–21 credits
Year 111– 18–24 credits

e) Students entering their University 1 year will enrol in Social Work 254D and 255D, plus one or two other 3 credit social work courses. Students who have already taken a statistics course will normally take social work 270 during this year. The remaining 15 – 18 credits will be taken elsewhere in the University.

f) Students entering B.S.W. 11 will take social work 352A, 455D and 456D, plus one or two other 3 credit social work courses. The remaining 9–12 credits will be taken elsewhere in the University.

g) Students entering B.S.W. 111 will take social work 458A and 480D, plus 3–6 other social work courses, including at least two of the following: 472A, 473B, 474A, 475B, 476A,B, 477B, 484B, 485A,B,L, 487B, 488B, 497A, 498B, 528A,B. The remaining 6–12 credits will be taken elsewhere in the University.

h) Before graduation with the B.S.W. degree it is required that each student satisfactorily complete one half course in introductory statistics and one half course in social science research methods.

SPECIAL B.S.W.

The Special B, 528A.S.W., for those holding an undergraduate degree, will be offered in three time blocks: a summer session of 6 weeks, May–June, one regular academic year, and a summer session of 12 weeks, April–May–June. Students in this program will take at least 48 credits, including courses in social work practice, field practice, and policy. Required courses are Social Work 352L, 353L, 481A, 482L, 456D, 458A, 480D and at least two of the following courses: 472A, 473B, 474A, 475B, 476A,B, 477B, 485A,B,L, 487B, 488B, 484B, 497A, 498B, 528A,B. The remaining 12 credits will be selected from other courses offered at the B.S.W. level. Regulation (h) under Regular B.S.W. also applies to students in the Special B.S.W. program.

Specific information and application material may be received directly from the School of Social Work in December for 78-79 admissions.

5.2 M.S.W. CURRICULUM

The M.S.W. degree represents a second level of professional study, in which students build their areas of specialization through individualized combinations of seminars, practice and research, the respective proportions of each varying with the requirements of the students. "Practice" is interpreted widely, allowing the student to choose the mix of field work and related study and analysis that is appropriate to his/her practice needs and interests. The greatest possible emphasis is put upon the student's contribution to formulating his/her own program by selecting the field of practice in which the student wishes to extend his/her knowledge, the mode or modes of intervention in which the student would develop special competence and the related inquiry upon which the student will carry out independent study and submit a written research report.

OBJECTIVES

The global objective of the Master's program is the provision of advanced professional training by means of highly integrated, individualized learning experiences. At a more specific level, the educational goals are:

1. A capacity for critical understanding of the social problems and issues, the population groups, the institutional frameworks and the policy issues pertaining to the chosen concentration;
2. the development of an advanced skill in a particular mode of practice (broadly defined, see below);
3. the ability to initiate, execute and report on an independent study essentially related to the student's area of concentration.

CONCENTRATIONS

The term "Concentration", as used here, implies a concern with specific types of social problems, social issues and populations, and with certain (actual and potential) kinds of service-providing organizations and institutions. It may imply, but does not limit, the kinds of intervention employed. A student may, for example, pursue an interest in administration or in policy studies with respect to a substantive field, as an alternative or as an adjunct to an interest in the interpersonal modes of intervention. Similarly, in a limited number of cases, the student's program may, with appropriate arrangements for supervision, be constructed around a research undertaking. In such a case, the student's program might include no field practice component as such.

Concentrations in which training is available include:

Child and Family Welfare
Marriage and Family Counselling
Health Services
Social Work in Industry
Community Change
Corrections (Not offered in 1977-78)
Youth and School Services
Aging
Housing
Policy and Administration

SUMMARY OF REQUIREMENTS

The requirements here stated may be modified significantly in the School year 1977-78, in such ways as to permit wider variations in their relative weights in the programs of individual students. Applicants will of course be notified of any such changes.

Required of all students are:

1. The equivalent of 8 half courses. Tutorials may be arranged to suit the student's learning priorities. Where it can be arranged, courses may be taken in other departments.
2. A practicum or equivalent experience, permitting the student to develop and demonstrate professional competence at an advanced level, in a mode and setting to be defined by arrangement with the staff member or members responsible for the student's Concentration.
3. Independent study culminating in the submission of a significant report.

Research advising is formally available from members of staff until the end of May. Students would be well advised, however, not to expect to complete their own work on their independent study projects before late June.

5.3 DIPLOMA IN ADVANCED PRACTICE CURRICULUM

DIPLOMA REQUIREMENTS

Courses

The Diploma in Advanced Practice will be awarded when the student has completed a minimum of *four* full courses and passed a comprehensive written examination.

Time Limit

The time limit for fulfilment of the requirements for the Diploma shall in no case be more than *four* years from date of enrolment.

Candidacy

It is desirable that students signify their interest in candidacy for Diploma *either* upon entering the Program (provided they have identified their area of specialization) or upon completion of at least one full course.

Students who are not in a position to signify their interest in candidacy at either of the aforementioned points may do so later in their program. However, under the latter circumstances, if a number of unrelated courses already have been completed, it may be necessary to complete other courses specific to the student's area of specialization.

Formal application for admission to candidacy for the Diploma should be made in writing to the Chairman of the Post-master's Committee upon successful completion of at least one full course in a theoretical area.

Applications will be evaluated by this Committee on the basis of performance in courses already completed, demonstrated capacity for independent study at an advanced level and the recommendation of the student's adviser.

6 COURSES OF INSTRUCTION

6.1 B.S.W. COURSES

B.S.W. courses, with the exception of 254, 255, 353, 455, 456, 472, 473, 480, 481, 482, 485, 487, 489, 497 and 498, are open to non-social work students. Permission of the instructor, however, must be obtained prior to registration.

407-254D INTRODUCTION TO SOCIAL WORK. (6 credits). An examination of major social problems associated with life in large urban areas and the social services, public and private which have been established to deal with such problems. Social work practice theory including models and theories of helping and change techniques.
Professors Reichertz and Deehy

407-255D SOCIAL WORK PRACTICUM. (3 credits). An introductory field experience to provide U1 students with the opportunity to observe social work practice, to participate in the work of a social organization, to assume responsibility for a limited practice assignment, and to conduct critical analyses of their field experience through conference discussions and individual tutorials. Corequisite – 254D.
Staff

407-270A,B,L INTRODUCTION TO SOCIAL WORK RESEARCH. (3 credits). This course is intended to help students make effective use of published research reports and agency statistics, and to show them how to conduct simple research projects. It covers problem formulation, research design, data collection, analysis and interpretation, use of the computer terminal, and report writing. (Modular format).
Professor Neysmith

407-352A, L THE PUBLIC SOCIAL SERVICES IN CANADA. (3 credits). An introduction to the programs of public social services in effect in Canada in the fields of income, housing and health. The course seeks to acquaint students with the characteristics of these programs, and with the policy issues which surround them and to enhance the students' ability to evaluate the functioning of the programs. This is a modular course. Students submit one written assignment in each of the three fields.
Professor McGilly

407-353L INTRODUCTION TO PRACTICE. (6 credits). Introduction to the principles and practice of social work. Approaches to social problem identification and analysis. The role of the social worker as an agent of change or of social control. Elements of working with individual groups and communities. Laboratory periods will permit the application of course content to practice.
Professors Dalfen, Katz and Reichertz

407-451B CHILDREN'S NEEDS AND SOCIAL SERVICES. (3 credits). The identification and analysis of the needs of children and their families. Consideration of the processes of selected social services e.g. day care, visiting homemakers, foster family and institutional care, adoption, etc., designed to support, supplement and substitute for the family. Special emphasis will be placed on social legislation related to neglected, abused and dependent children.
Professor Reichertz and Margaret Anne Smith

407-452A/L SOCIAL WELFARE ORGANIZATIONS AND DISADVANTAGED CLIENTELE. (3 credits). An examination of the structure of organizations serving the needs of socially disadvantaged persons or groups, and the processes through which such services are provided. Particular attention will be paid to the definition, screening and serving of disadvantaged clients as compared to those drawn from more "privileged" groups in society. Strategies for changing such organization will be explored.
Professor Deehy

407-453B,L YOUTH AND YOUNG ADULTS: SOCIAL NEEDS AND SERVICES. (3 credits). The physical, psychological and social development of youth and young adults and the relationship of such development to demands of the social environment. Emphasis is on the effects of societal change on family roles, interpersonal relationships, educational and work achievement, youth's community role, social services for youth and young adults.
Professor Dalfen

407-454A,L SOCIAL SERVICE IN THE HEALTH FIELD. (3 credits). Recommended for students expecting to proceed to further studies in Health Services. An examination of the relationship between illness and social conditions. Social planning, practice and research aspects of health care and the delivery of health services. An evaluation of

current and developing professional roles of social workers in health teams, with particular emphasis on social rehabilitation of the physically and mentally ill.
Professor Marcus

407-455D,L* SEMINAR IN SOCIAL WORK PRACTICE. (6 credits). This course will focus on principles of social work practice and on developing skill in working with individuals, families, small groups and communities. Attention will be given to the applicability of selected social and psychological science concepts in constructing models of social work intervention. Methods of practice will be analyzed from a range of settings, drawing upon student field experiences. *For special B.S.W. students, the content of this course will be presented in two courses (one in the fall and one in the summer session) under two course numbers – 407-481A (3 credits) and 407-482L (3 credits).
Members of Staff

407-456D FIELD PRACTICE. (6 credits, two days per week September to mid-April; full-time practice during May). Supervised educational experiences in social work practice designed to integrate practice with theoretical knowledge. Through field placements in university-affiliated teaching centres, students will work with individuals, families, groups and communities, receiving both individual and group instruction.
Field Instructional Staff

407-457B LEGAL PROBLEMS OF THE POOR. (3 credits). A lecture-and-seminar course on law and social welfare, with the emphasis largely on the social-legal problems and rights of the poor, and methods of legal protection and redress available to them. Aspects of Canadian civil law and criminal law will be reviewed. Emphasis will be placed on the Québec scene, with landlord-tenant, contract and debtor, matrimonial regimes, parental responsibilty and social insurance. The total Canadian perspective will be considered in areas of divorce, unemployment insurance, arrest, and bail.
Robert M. Cooper

407-458A SOCIAL POLICY AND ADMINISTRATION. (3 credits). An analysis of policy issues which underlie selected social service programs; the administrative structure of such programs, their legislative base, their effectiveness and the role of the professionals in the service delivery. Examples will be drawn from the current field experiences of students in the course.
Professors Woodsworth and Drover

407-461B SEMINAR IN CORRECTIONS. (3 credits). An examination of criminal behaviour in Canada and the U.S., and the correctional system designed to deal with such behaviour. The parts played by the police, judiciary, penal system and the probation and parole services will be discussed, together with the role of social work in the correctional process.
Wayne Hanna

407-462A POVERTY, INEQUALITY AND CAPITALISM. (3 credits). An examination of the notion of social welfare from the perspective of poverty and inequality. Attention is given to socio-economic dynamics of inequality in a capitalist state rather than programs designed to combat poverty. Specific topics include inequality in relation to income distributions, income redistribution, wealth, incentives, economic growth, inflation, consumption, rich and poor nations.
Professor Drover

407-463B SOCIAL WORK PRACTICE WITH THE AGED. (3 credits). A seminar dealing with social services for the aged. Topics will include: dilemmas of retirement, institutionalizing of the elderly, community care, separation and loss, role of the social worker with the elderly and their families.
Professor Sirota

407-464A INDUSTRIAL SOCIAL WORK. (3 credits). A seminar on social work practice in industrial settings. Analysis of conceptions of work; work-related, personal and family problems, relationships between social agencies and the world of work, social service programs offered under industrial and trade union auspices.

407-465A SEMINAR IN SCHOOL SOCIAL SERVICES. (3 credits). The seminar will examine the interrelationships of the pupil's social environment in the culture of the school, the problems of teachers and principal and their resultant impact on the pupil's academic achievement. Existing models of social work intervention in schools will be discussed with special emphasis given to "Interprofessional Collaboration".
Professor Dalfen

407-467B SOCIAL WORK AND PUBLIC ISSUES. (3 credits). An examination of the process by which social problems are translated into public issues, the factors influencing various interest groups in taking positions on such issues and the reasons why some succeed more than others. Particular attention will be paid to issues raised at the municipal and provincial level, which have relevance for social work.
Professor Deehy

407-471B INDIVIDUAL SOCIAL WORK RESEARCH PROJECTS. (3 credits). This course will provide an opportunity for interested students to conduct small-scale practical research projects, either individually or in small groups, with tutorial assistance from staff members and without the formal reporting requirements of the M.S.W. research project.
Professors Neysmith and Shiner

407-472A SEMINAR ON FAMILY ASSESSMENT. (3 credits). An advanced seminar designed to integrate knowledge of human personality in social process. Emphasis will be upon the appraisal and assessment of patterns of reciprocity among members of disturbed and

disorganized families. Preference will be given to students who have some contact with families.
Shirley Braverman

407-473B CASEWORK WITH INDIVIDUALS AND FAMILIES. (3 credits). Theory and practice of work with individuals and families under stress. Topics will include: categories of hazardous events; affective, behavioural and role disorganization; phases in the crisis cycle; techniques of crisis intervention and abatement.
Professor Katz

407-474A METHODS OF COMMUNITY DEVELOPMENT, SOCIAL ACTION. (3 credits). The aim of this course is to develop an understanding of the organizing process and to enrich the student's repertoire of direct organizing skills. Emphasis is on organizational entities, community power and conflict, organizing strategies and their application, in the context of current issues in urban community developemnt.
Professor Torczyner

407-475B COMMUNITY ORGANIZATION. (3 credits). A continuation of methods of community development, and social action, with emphasis on the integration of community organization theory and practice. An examination of problems encountered in practice, current issues and trends in the conceptualization of community organization.
Professor Torczyner

407-476A/B SOCIAL WORK PRACTICE WITH GROUPS 1. (3 credits). Theory and practice of work with groups. Focus will be on group development theory and the skills of the worker to strengthen group potential for mutual aid. Children and adult groups in a range of settings will be examined.
Professor Magill

407-477B SOCIAL WORK PRACTICE WITH GROUPS 11. (3 credits). An advanced course in practice, with emphasis on comparative theories of groups. Prerequisite, Social Work Practice with Groups 1.

407-480L, D FIELD INSTRUCTION. (6 credits) Supervised educational experience in social work practice integrating practice with theoretical knowledge characteristic of the selected field. Individual and group instruction.

407-481A SEMINAR ON SOCIAL WORK PRACTICE 1. (3 credits). Principles of Social Work Practice in working with individuals, families, small groups and communities. Methods of practice will be analyzed from a range of settings, drawing upon student field experience.
Professor Hopmeyer

407-482L SEMINAR ON SOCIAL WORK PRACTICE 11. (3 credits) A continuation of 481A.
Members of Staff

407-483B SEMINAR ON MINORITY GROUPS AND SOCIAL WELFARE. (3 credits). This seminar is designed to prepare students for working effectively with selected minority clientele. Content will include: the impact of formal and informal social policies and institutions on the welfare of minorities, and the relationship between cultural patterns of clients and social work practice.
Carole Chirstensen

407-484B SEMINAR IN COMMUNITY ORGANIZATION. (3 credits). This seminar examines issues and dilemmas which students encounter in community organization practice. The workshops provide a forum to analyse neighbourhood structures, organizations and systems which affect community lives. Particular attention will be directed toward the development of citizens' groups and coalitions, the analysis of power structures and planning with community associations for change.
Professor Torczyner

407-485A,B,L TUTORIAL IN SOCIAL WORK PRACTICE (3 Credits).An individual or small group tutorial in which students will work independently in conjunction with the instructor. The student will undertake a major project related to the area of specialization. To be taken only with the consent of the Director.

407-486A,B,L TUTORIAL IN SOCIAL WORK POLICY. (3 credits). An individual or small group tutorial in which students will work independently in conjunction with the instructor. The student will undertake a major project related to the area of specialization. To be taken only with the consent of the Director.

407-487B FAMILY THERAPY SEMINAR. (3 credits). As a follow-up to the Family Assessment Seminar, this course will focus mainly on treatment, that is, interventive techniques. Approaches to families with special problems such as one parent families, immigrant families, multiproblem families and families with a psychosomatically ill member will be discussed with a clinical focus. The aim is (1) for students to gain an understanding of how family members are shaped by, and help shape their environment and (2) to improve students' treatment skills in dealing with a wide spectrum of families. Prerequisite 472A.
Shirley Braverman

407-488B SOCIAL WORK PRACTICE WITH CHILDREN. (3 credits). In many areas of social work practice, students must have a knowledge and understanding of children and the beginning skills to work with them. This course will provide the practice theory and the specialized skills required, and help the student integrate theory and practice. Some of the problem areas to be considered are child abuse, truancy, school phobia, aggression, withdrawal, stealing, bed-wetting and learning problems.
Professor Charles Pascal

407-489A HUMAN SEXUALITY IN SOCIAL WORK PRACTICE. (3 credits). A seminar designed to provide students with an opportunity to develop beginning practice competence in dealing with problems related to human sexuality (abortion, family planning, homosexuality, etc.) Emphasis will be placed on helping students to incorporate a range of professional interventions and skills by use of case material, taped sessions and role-play. Students will be expected to share practice experiences. Open to U3 and Special B.S.W. students.
Carole Christensen

407-497A SEMINAR IN INTEGRATION OF PRACTICE METHODS. (3 credits). Discussion seminar in which attention will be given to a range of beginning theoretical attempts to define an integrated method. Emphasis will be placed on the examination of existing practice models; the problems entailed in creating a common model which allows for a differential application, and a study of the central requirements for a functional statement of practice.
Members of Staff

407-498B SEMINAR IN INTEGRATION OF PRACTICE METHODS. (3 credits). A continuation of 497A.
Members of Staff

6.2 COURSES OPEN TO UNDERGRADUATE AND GRADUATE STUDENTS

407-528A,B ACTIVITY GROUP METHODS. (Half course). In this class, play and socializing activities are studied: a. for their value as enjoyable and strength-building experiences; b. dynamically as they apply theoretically and practically to work with various types, sizes and styles of client groups; c. as a means of developing professional skills relevant to facilitating personal and interpersonal growth in working with groups; d. as a means of helping the student develop an awareness of his/her own effectiveness as a participating group member or leader.
Lanie Melamed

407-529B PSYCHODRAMA. (Half course). Study of the rationale and techniques of psychodrama application in role playing situations for individuals and groups; increase in sensitivity to clients. Didactic lectures with application in simulated situations.

6.3 LAW COURSES OPEN TO SOCIAL WORK STUDENTS

The Faculty of Law offers a limited number of courses for Social Work students. Each course is intended for a specific group of Social Work students and the Faculty of Law reserves the right to control the enrolment; i.e. permission to take these courses must be obtained from the Faculty of Law Admissions Officer.

490-003A THE PROCESSING OF THE OFFENDER: LEGAL PSYCHIATRIC AND SOCIAL WORK PERSPECTIVES. (3 credits). An examination of the role of the lawyer, psychiatrist and social worker in the processing and treatment of offenders. Problems characteristic of practice in each of these professions will be studied as they interact in the criminal process. The seminar will be conducted jointly by faculty members drawn from Law, Psychiatry and Social Work. It will be open to a limited number of students in Law, Medicine and Social Work who have a particular interest in the field of criminology. A previous course in criminal law, criminology or corrections or the approval of the instructors is required.
Professor Sklar with Dr. C. Angliker of the Forensic Psychiatry Clinic, and Dr. P. Deehy of the School of Social Work

490-006B LAW RELATING TO CHILDREN. (3 credits). This course will require active student participation and should be suitable for both Law and Social Work students. It will concern itself with the legal and social problems of legitimacy, illegitimacy, and legitimation, custody and access disputes, kidnapping cases, the role and responsibility of step and foster parents, parental rights and the adoption process. The course will be taught on the seminar basis and assessment may be on the basis of term papers and class participation.
Professor Bissett-Johnson

6.4 M.S.W. COURSES

407-602 SOCIAL VALUES AND SOCIAL POLICY (Half course). Analysis of value assumptions underlying social welfare policies. An examination in depth of selected major social welfare issues, with particular attention to the value assumptions and their implications for the modification of policy.
Professor Woodsworth

407-603 THE ECONOMICS AND POLITICS OF SOCIAL WELFARE. (Half course). This course is designed to acquaint the student with the concepts and methods of economic analysis of welfare problems and policies and with the political context in which welfare programs are developed and administered. (Not offered in 1977-78)
Professor McGilly

407-604 SEMINAR IN INTERNATIONAL SOCIAL WORK. (Half course). Discussion based upon intensive study and reports on problems in selected countries. Particular emphasis is placed on identifying major social problems, understanding the social forces bearing on those problems and considering appropriate professional approaches to aid in their solution.
(Not offered 1977-78)

407-605 POVERTY AND SOCIAL POLICY. (Half course). An examination of the nature of poverty and of the characteristic problems of the poor, with

comparative evaluation of alternative policies for resolution of the problems, including issues of maintenance of the incomes and social status of threatened populations.
Members of the Staff

407-606 CHILDREN'S NEEDS, PROBLEMS, RESOURCES. (Half course). A study in depth of the needs of children and the related problems, with consideration of relevant treatment modalities and community resources for problem solution.
Professor Reichertz

407-607 SOCIAL SERVICES IN THE SCHOOL SYSTEM. (Half course). An examination of public schools as community institutions with emphasis on possible roles of the social workers in relation to pupils, parents, teachers, and administration.
Professor Dalfen

407-608 ADVANCED SEMINAR IN CORRECTIONS. (Half course). A critical analysis of selected correctional programs, in terms of their underlying theoretical base and their effectiveness in modifying criminal behaviour.

407-609 SEMINAR ON HEALTH ISSUES. (Half course). A tutorial requiring students to study in some depth a circumscribed area of their interest. Focus may be on theories of causation, comparative approaches to treatment, variations in service delivery and others. Selected guest lecturers may be invited and interdisciplinary discussions arranged.
Professor Marcus

407-612 THEORIES OF CRIMINAL BEHAVIOUR. (Half course). An examination of selected theories of criminal behaviour and their implications for social work intervention.

407-613 COMPARATIVE APPROACHES TO PSYCHOPATHOLOGY. (Half course). An examination of attitudes and responses to emotional disturbances and breakdown of individuals in contemporary society. A discussion of the changing patterns of psychiatric services and the use of a variety of health professionals and community resources. Illustrations of treatment approaches whenever feasible.
Dr. Beck

407-614 ADMINISTRATION. (Half course). Introduction to the theory and practice of administration, with particular reference to social welfare programs.

407-615 CRITICAL STUDY OF RESEARCH IN SOCIAL WORK. (Half course). Analysis and evaluation of social work research, and research of particular relevance to social work, from other disciplines.
Staff

407-616 RESEARCH PROJECT SEMINAR. (Half course). Group conference with staff and students to formulate and develop research projects.
Members of the Staff

407-617 RESEARCH PROJECT. (Half course). The major research undertaking of the student. The selection of a research topic, the design of the research, the collection and treatment of the data, the written report of the project.
Members of the Staff

407-618 INTRODUCTION TO SOCIAL WORK RESEARCH. A review of social work research methodology. (Half course. Modular format). Topics include problem formulaton, research design, data collection, analysis and interpretation, use of the computer terminal and report writing. As a course assignment, each studen is expected to undertake small-scale practical research tasks, related to the content of individual modules.
Professor Neysmith

407-620 THE FIELD OF PRACTICE SEMINAR (Half course). The seminar will provide an opportunity for integration of knowledge, theory and skills drawn from the practicum and other courses, and for close examination of special characteristics of the field. Organization of the seminar will vary with the field of practice. All students are required to participate in the seminar in one field.
Members of the Staff

407-621 CASEWORK WITH INDIVIDUALS AND FAMILIES IN CRISIS. (Half course). Theory and practice of work with individuals and families under stress. Topics will include categories of hazardous events; affective, behavioural and role disorganization; phases in the crisis cycle; techniques of crisis intervention and abatement.
Professor Katz

407-622 SEMINAR ON FAMILY DIAGNOSIS. (Half course). An advanced seminar designed to integrate knowledge of human personality in social process. Emphasis will be upon the appraisal and assessment of patterns of reciprocity among members of disturbed and disorganized families.
Dr. Isaac Rebner

407-623 MARITAL AND FAMILY COUNSELLING. (Half course). The application of selected concepts from current research and practice theory related to marriage and family – centered treatment. Modes of intervention in joint and multiple interviews will be illustrated by instructor's and student's own case material. A continuation of Seminar on Family Diagnosis.
Professor Katz

407-624 COMMUNITY AND SOCIAL ACTION. (Half course). The aim of his course is to develop an understanding of the organizing process at the grass-roots level. Emphasis is placed upon community power and conflict, the development of organizing strategies, and the appication of such strategies in groups and movements dedicated to social change.
Professor Torczyner

407-625 COMMUNITY ORGANIZATION. (Half course). A continuation of Community Organization and Social Action, with emphasis on the integration of community organization theory and practice. An examination of problems encountered in practice, current issues and trends in the conceptualization of community organization.
Professor Torczyner

407-626 SOCIAL WORK PRACTICE WITH GROUPS 1. (Half course). Theory and practice of work with groups. Focus will be on group development theory and the skills of the worker to strengthen group potential or mutual aid. Children and adult groups in a range of settings will be examined.
Professor Reichertz

407-627 SOCIAL WORK PRACTICE WITH GROUPS 11. (Half course) An advanced course in practice with emphasis on comparative theories of groups. Prerequisite, Socal Work Practice with Groups 1.
Professor Reichertz

407-630 SEMINAR IN INTEGRATION OF PRACTICE METHODS. (Half course). Discussion seminar in which attention will be given to a range of beginning theoretical attenpts to define an integrated method. Emphasis will be placed on the examination of existing models; the problems entailed in creating a comnon model which allows for a differential applicatior; and a study of the central requirements for a functional statement of practice.
(Not offered 1977-78)
Professor Katz

407-631 SEMINAR ON METHODS OF SUPERVISION. (Half course). The seminar is designed for students who, on graduaton, will assume immediate responsibility in a supervisory role. The seminar will deal with theories and models related to supervision of personnel engaged in different levels of practice and a variety of services with people.
Professor Freeman

407-632 FIELD INSTRUCTION. (Full course). Supervised educational experience in social work practice integrating practice with theoretical knowledge characteristic of the selected field. Individual and group instruction.
Field Instructional Staff

407-633 EVALUATION OF SOCIAL WELFARE PROGRAMS. (Half course). Program evaluation is examined in terms of the problems giving rise to the program, the objectives of the programs as specified outcomes, the program components, measurement of program variables, evaluation of outcomes, and the audience for whom the report is being prepared. Action research requirements are to be distinguished from evaluation requirements. Obstacles to program evaluation are noted.
(Not offered in 1977-78)
Professors Shiner and McGilly

407-634 INTERDISCIPLINARY SEMINAR ON AGING AND SERVICES TO THE AGED. (Half course).

1. Examination of services to older persons.
2. Exploration of the perspectives of disciplines that have contributed to knowledge and to values in this field, and assessment of the use made of such contributions.
3. Evaluation of the impacts of services upon recipients and upon the community.

Professor Marcus

407-635 SOCIAL WORK PRACTICE WITH CHILDREN. (Half course). This course will consider direct work with young children experiencing a range of developmental, familial, and situational problems. Particular attention will be given to such themes as object relations theory, dependency, security, concepts of "self", maternal deprivation, separation and aggression. Students will be expected to provide current practice examples for discussion in the seminar.
Carol Speirs

407-636 TUTORIAL IN SOCIAL WORK. (Half course). An individual or small group tutorial in which students will work independently in conjunction with the instructor. The student will undertake a major project related to the area of specialization.
Members of the Staff

407-637 HOUSING POLICY. (Half course). An examination of the dynamics of private and public housing in Canada and policies which have been designed to influence the provision of housing. Particular attention will be given to Canadian and Quebec policies and international comparisons will be made, notably, England, France, Sweden, United States. Specific topics include: housing demand and supply, taxation and subsidies, public housing, cooperative housing, rehabilitation, tenant and landlord relationships.
Professor Drover

6.5 DIPLOMA IN ADVANCED PRACTICE COURSES

407-700 SEMINAR IN SUPERVISION. (Half course). A discussion of basic concepts implicit in supervision as an administrative and teaching process. Open to students who are having or who have had experience as supervisors.
Professor Freeman

407-701D COMPREHENSIVE EXAMINATION. Requires candidates for the Diploma to demonstrate ability to reorganize and intergrate knowledge and perspectives over the total curriculum. Will include at least one section in the field of specialization, and one section in another area of the candidate's choice.

407-702B BEHAVIOURAL SCIENCE THEORY AND ITS RELATION TO SOCIAL WORK PRACTICE. (Half course) Some of the major concepts of learning, role, field and communication theory will be systematically examined. Course content will include a critique of selected research in each of the above areas. Major consideration will be given to the relevance and application of behavioural theory to social work practice.

407-703 PRINCIPLES OF SMALL GROUP INTERACTION. (Half course). A survey of theory, principles, and current research in small group dynamics, with emphasis on implications for the practice of social work.

407-704 CRITICAL STUDY OF RESEARCH IN SOCIAL WORK. (Half course). Analysis and evaluation of social work research, and research of particular relevance to social work from other disciplines.
Professor Shiner

407-705 INDIVIDUAL RESEARCH STUDIES IN SOCIAL WORK. (Half course). Tutorials on selected research problems.
Professor Shiner

407-706 ADVANCED PRACTICE SEMINAR IN MARRIAGE AND FAMILY COUNSELLING. (Full course). A course emphasizing family diagnosis during first term. Theoretical presentations related to student's case material. Emphasis on: Evaluation of marital conflict, differential treatment methods, the role of the psychiatric counsultant, the appropriate use of short-term counselling, individual and family interviews, group counselling with married and engaged couples.
Professor Freeman

407-707 ADVANCED PRACTICE SEMINAR IN REHABILITATION. (Full course). In the first term, emphasis is placed on the biopsychological and socio-cultural aspects of health and disease. During the second term, particular attention will be given to the application of theory from various disciplines to the prevention, treatment, and rehabilitation aspects of chronic and disabling illness. Consideration also will be given to the impact of disability on individuals, families and communities and to the actual and potential role of social work in this field.
Professor Marcus

407-708 SEMINAR IN ADVANCED RESEARCH METHODOLOGY. (Full course). Study of contemporary theoretical and methodological approaches to social work research with special focus on design, measurement and analysis. A research project on a social work practice problem is central to the course.
Professor Shiner

407-709 FIELD PRACTICE. (Full course). Miminum of 300 hours of supervised practice in marriage and family counselling, rehabilitation or corrections, research, or welfare administration.
Members of the Staff

407-710 ADVANCED READINGS IN SOCIAL SCIENCE. (Half course) Under special circumstances, and on recommendation of the student's adviser, arrangement wil be made for a special tutorial course, involving readings and assignments.
Members of the Staff

407-711 SOCIAL WORK IN SOCIOLOGICAL PERSPECTIVE. (Half course). The main defining features of social work and their interconnections are to be studied in the context of the sociology of occupations. Through conparison of several fields of work this course will seek to identify some of the characteristics of professionalization of occupations with particular attention to he helping professions.
Professor Deehy

407-712 PRINCIPLES OF REHABILITATION. (Half course). This course will consist of a critical discussion and analysis o the concept of rehabilitation, from a number of theoretical standpoints. Particular attention will be paid to theories of adult socialization and to the organization structure of socializing agencies. The subject matter will provide a general framework fron which to move into the courses specific either tc rehabilitation or corrections.
Professor Deehy

407-713 CONTEMPORARY SOCIAL PROBLEMS AND SOCIAL POLICY. (Half course). A review of social policy as revealed in the social welfare structure in Canada. Critical appraisal of such policy in relation to selected socialproblems, with particular emphasis on criteria of adequacy and the social, economic and political factors involved in policy formation.
Professor Woodsworth

407-714 ADVANCED PRACTICE SEMINAR IN CORRECTIONS. (Full course). The first term consists of an intensive analysis of selected theories relating to crime and delinquency and an attempt to derive from these specfic treatment programs applicable to social work intervention. The second term involves a critical analysis of selected correctional programs, particularly those in which social work plays a part in termsboth of theoretical underpinnings and their effectiveness.

407-715 ADVANCED PRACTICE SEMINAR IN WELFARE ADMINISTRATION. (Full course). Students will apply, through illustrations and discussion, concepts derived fom various contributing disciplines and from socialwork practice, to particular problems in welfare administration. Topics will include problems, for exanple: of formal organizations with varying orientations, of professional workers in organizations, of organizational adaptation to complex environments, of representation of client

and community interests n administration, of communications where interaction among participants are highly differentiated, of organizational goalsetting, performance evaluation, and resource allocation. Various theoretical models of organization behaviour will be presened, such as "social systems" learning models and conflict models.
Professors McGilly and Woodsworth

407-716 COMPARATIVE APPROACHES TO PERSONALITY. (Half course). A systematic examination of selected analytic and non-analytic approaches to personality. Attention will be devoted to the major concepts and basic assumptions of Freud, Rank, Adler, Horney, Fromm, Sullivan, and Rogers. Emphasis will be placed upon the implications of the various personality theories for social work practice.
Professor Katz

ELECTIVES

In certain instances, students may, where eligible, register for appropriate graduate courses offered in other departments of the University.

The University reserves the right to make changes without prior notice to the information contained in this publication, including the alteration of various fees, schedules and the revision or cancellation of particular courses.

Legal Deposit I 77

REGISTRATION WILL BE ON A FIRST COME, FIRST SERVED BASIS.

IT IS THE RESPONSIBILITY OF EACH STUDENT TO READ, UNDERSTAND, AND ABIDE BY THE RULES AND PROCEDURES PRINTED IN THIS ANNOUNCEMENT.

SUMMER SESSION OFFICE HOURS:

Monday through Thursday	9:00 – 16:30
Friday	9:00 – 12:00
May 9 *and* July 4 only	Summer Session Office closed. Office staff will be at Redpath Hall (no course changes on these dates.)

LANGUAGE POLICY

The language of instruction at McGill is normally English. Students may if they wish write term papers and answers to examination questions in French (except in the case of certain language and literature courses), but competence in English is essential. English-speaking Quebec students are encouraged to develop proficiency in French.

L'INSCRIPTION S'EFFECTUERA DANS L'ORDRE D'ARRIVÉE DES ÉTUDIANTS

IL APPARTIENT À L'ÉTUDIANT D'AVOIR LU ET COMPRIS LES RÈGLEMENTS ET MODALITÉS QUE RENFERME LE PRÉSENT ANNUAIRE ET DE S'Y CONFORMER.

HEURES DE BUREAU – SESSION D'ETE:

Lundi – jeudi	9h – 16h30
Vendredi	9h 12h
Les 9 mai *et* 4 juillet uniquement	Le bureau de la session d'été sera fermé, le personnel devant se trouver au pavillon Redpath (a les changements de cours sont interdits pendant ces deux journées)

POLITIQUE LINGUISTIQUE

A McGill, l'enseignement est normalement dispensé en langue anglaise. Les étudiants qui le désirent peuvent rédiger en français leurs travaux et leurs examens (sauf dans le cas de certains cours de langue et de littérature), mais la connaissance de l'anglais est indispensable.

CALENDAR OF DATES
SUMMER SESSION PART I

(Graduate Education Students Please Consult the Graduate Education Section of this Announcement for Specific Dates.)

Mid-March	Registration begins, Summer Session Parts I and II.
Monday, May 9	Registration Day – last day for registration, Summer Session Part I, first term and full courses. Redpath Hall, 10:00 – 14:00, 15:00 – 19:00. (For those who have not already registered in the 1977 Summer Session.)
	Classes begin: first term and full courses, Part I.
Thursday, May 12	Last day for late registration, first term courses (3 and 4 credits) Part I. Non-refundable late fee ($10) charged after May 9.
	Last day for changes, first term courses, (3 and 4 credits).
	Last day for refunds, first term (3 and 4 credits) courses.
Wednesday, May 18	Last day for late registration, full courses and Management courses, Part I. Non-refundable late fee ($10) charged after May 9.
	Last day for changes, full courses and Management courses.
	Last day for refunds, full courses and Management courses.
Monday, May 23	Victoria Day, Holiday. No Lectures.
Friday, May 27	First term classes end.
Monday May 30	Final examinations for first term courses.
Monday, June 6	Last day for submission of final marks to Summer Session Office for first term courses.
Tuesday, May 31	Last day for registration, Summer Session Part I, second term courses. (For students who have not already registered in the 1977 Summer Session.)
	Second term courses begin
Friday, June 3	Last day for late registration, second term courses. Non-refundable late fee charged after May 31.
	Last day for changes, second term courses.
	Last day for refunds, second term courses.
Friday, June 17	Last day of classes, second term and full courses, Part I.
Monday, June 20	Final examinations, second term and full courses.
Friday, June 24	St. Jean Baptiste Day, offices closed.
Monday, June 27	Last day for submission of final marks to Summer Session Office, second term and full courses.

CALENDAR OF DATES
SUMMER SESSION PART II

(Graduate Education Students Please Consult the Graduate Education Section of this Announcement for Specific Dates.)

Mid-March	Registration begins, Summer Session Parts I and II.
Friday, July 1	Canada Day, offices closed.
Monday, July 4	Registration Day, Summer Session Part II. Last day for registration, Summer Session Part II, first term and full courses. Redpath Hall, 10:00 – 14:00, 15:00 – 19:00. (For those who have not already registered in the 1977 Summer Session.)
	Classes begin, first term and full courses, Part II.
Thursday, July 7	Last day for late registration, first term courses (3 and 4 credits) Part II. Non-refundable late fee ($10) charged after July 4.
	Last day for changes, first term courses. (3 and 4 credits)
	Last day for refunds, first term courses. (3 and 4 credits)
Wednesday, July 13	Last day for late registration, full courses and Management courses, Part II. Non-refundable late fee ($10) charged after July 4.
	Last day for changes, full courses and Management courses.
	Last day for refunds, full courses and Management courses.
Friday, July 22	First term classes end.
Monday, July 25	Final examinations for first term courses.
Monday, August 1	Last day for submission of final marks to Summer Session Office for first term courses.
Tuesday, July 26	Last day for registration, second term courses, Summer Session Part II. (For students who have not already registered in the 1977 Summer Session.)
Friday, July 29	Second term classes begin.
	Last day for late registration, second term courses. Non-refundable late fee ($10) charged after July 26.
	Last day for changes, second term courses.
	Last day for refunds, second term courses.
Friday, August 12	Last day of classes, second term and full courses.
Monday, August 15	Final examinations, second term and full courses.
Monday, August 22	Last day for submission of final marks to Summer Session Office, second term and full courses.

The attention of Arts and Science students is drawn to the fact that the dates of supplemental examinations for courses given during the 1976-77 Fall and Winter Terms overlap with the last week of Summer Session Part II. Students who will be taking an August supplemental examination should consult the examination timetable *before* registering in Summer Session Part II.

WILLIAM GARDNER, M.A.(Sir G. Wms.), Director, Ed. Media Centre, P.S.B.G.M. **Education**

S. GRACE, B.A.(W. Ont.), M.A., Ph.D.(McG.), Assistant Professor **English**

ERIC HOUGHTON, Ph.D., Psychologist, Hastings School Board, Associate Professor **Education**

N. KEESAL, B.A., M.B.A.(Harv.), Lecturer
Management

MARION KNECHTEL, B.A.(McM.), M.L.S.(McG.), C.E.G.E.P. John Abbott, Assistant Professor
Education

DON LITTLE, Ph.D., Acadia University, Associate Professor **Education**

S.T. MALLON, M.A.(Tor.), Inuktitut Learning Services, Government of N.W.T., Associate Professor
Linguistics

R.J. McCALL, A.B., Ph.D.(Ford.), M.A., Ph.D.(Col.), Marquette University, Wilwaukee, Wisconsin, Professor **Psychology**

JOHN McLEOD, Ph.D., Head, Institute of Child Guidance and Development, University of Saskatchewan, Professor **Education**

JORGE NEF, Ph.D.(Calif.), University of Guelph, Assistant Professor **Political Science**

B. PAREKH, Professor **Political Science**

YOLANDE PLANTE, M.A. Ling.(Montr.), Doctorat (3e cycle), (Caen.), Bureau des Récherches pédagogiques sur les écoles bilingues
Education

ELLIE PREPAS, B.Math (Wat.), M. Environ. Studies (York) **Biology**

J. SCHACH, B.A.(Ohio), M.S.(Purdue), Lecturer
Management

LYNDON SEARFOSS, Ph.D.(Syracuse), Dept. of Reading, Arizona State University, Associate Professor **Education**

IRWIN SLOPACK, B.Com.(Sir G. Wms.), M.B.A.(York), Lecturer **Management**

BRIAN SMITH, B.A., M.B.A.(Dublin), M.Sc.(Alta.), Ph.D.(Qu.), Lecturer **Management**

D.J.H. SMITH, B.Sc.(Birm.), Ph.D.(W. Ont.), Senior Lecturer, University of Leicester, U.K., Professor
Chemistry

BARBARA STANOSZ, M.A., Ph.D.(1), Ph.D.(Hab.) (Warsaw), Associate Professor **Philosophy**

GILBERT TAGGART, Ph.D., Concordia University, Professor **Education**

JAMES TAMBRUN, Assistant Professor
Education

KENNETH L. TRICKEY, M.A.(McG.), Dept. Head, Lindsay Place H.S. **Education**

ROBERT WALL, Ph.D.(Yale), Chairman, Dept. of History, Sir G. Wms. Campus, Concordia University, Professor **History**

JAMIE H.A. WALLIN, University of British Columbia, Professor **Education**

McGILL

LLOYD ROBERT AMEY, B.Ec.(Adelaide), B.A., Ph.D.(Nott.), Professor **Management**

HELEN AMORIGGI, B.S., M.A.(Rhode Island), Assistant Professor **Education**

KASI ANANTHA, B.A., M.Sc., Ph.D.(Madr.), Assistant Professor **Computer Science**

PETER APPLETON, B.Sc,(Alta.), B.A.(Carl.), Lecturer **Agriculture**

ELLIOT ASARNOW, B.A.(Brandeis), M.A.(Stonybrook), Lecturer **Music**

ROBERT ASCROFT, B.F.A.(Sir G. Wms.), M.A.(C'dia.), Lecturer **Education**

MARK AULLS, B.S.(Ball State), M.Ed.(Indiana), Ed.D.(Georgia), Associate Professor **Education**

MORTON BAIN, B.A.(Mt. All.), M.Ed.(Vermont), Associate Professor **Education**

A.G. BAKER, B.A.(U.B.C.), M.A., Ph.D.(Dal.), Assistant Professor **Psychology**

CLERMONT BARNABE, B.Péd.(Laval) L.Péd.(Montr.), Ph.D.(Buffalo) , Associate Professor **Education**

ALAN BELKIN, B.A.(Sir G. Wms.), Lecturer **Music**

AUDRY M. BENJAMIN, B.A.(Sir G. Wms.), Assistant Professor **Education**

PIERRE BERTHIAUME, M.A.(McG.), Doctorat (Grenoble), Assistant Professor **French**

PAUL BLETON, M.A.(St. Etienne), Doct.(Paris X), Assistant Professor **French**

W.T. BOOTH, B.A.(McG.), Lecturer **English**

LAUREL BOSSEN, B.A.(Barnard), M.A.(N.Y. at Albany), Lecturer **Anthropology**

D. BOUCHARD, B.A.(New Hampshire), M.A., Ph.D.(S.U.N.Y. at Buffalo), Associate Professor **English**

ISSA J. BOULLATA, B.A., Ph.D.(Lond.), Associate Professor **Religious Studies**

MICHAEL BRISTOL, B.A.(Yale), Ph.D.(Prin.), Associate Professor **English**

ROBERT S. BROUGHTON, B.S.A., B.A.Sc.(Tor.), S.M.(M.I.T.), Ph.D.(McG.), Professor **Agriculture**

EDWARD BURNETT, M.Sc.(McG.), Lecturer **Management**

MILDRED BURNS, B.Sc.(Neb.), Ph.D.(Stan.), Associate Professor **Education**

DAVID J. BURRAGE, M.A.(Cantab.), M.Sc.(Brun.), Assistant Professor **Computer Science**

MICHAEL P. CARROLL, B.A., M.A., Ph.D.(Stan.), Associate Professor **Sociology**

GLENN F. CARTWRIGHT, B.A.(Sir G. Wms.), M.A.(McG.), Ph.D.(Alta.), Associate Professor **Education**

TAK-HANG CHAN, B.Sc.(Tor.), M.A., Ph.D.(Prin.), Associate Professor **Chemistry**

JENNIE CHANG-ORLOV, B.A.(Tunghia), M.A.(Harv.), Lecturer **East Asian Language and Literature**

N.G. COCCALIS, M.A.(Aber.), B.Ed., M.Ed., Ph.D.(Alta.), Associate Professor **Education**

M. COHEN, B.A.(Temple), M.Sc.(McG.), Lecturer **Computer Science**

ROGER B. COOK, B.S.(Frostburg), M.M., Ph.D.(W. Virginia), Assistant Professor **Education**

N.E. COOKE, Sc.D.(M.I.T.), B.A.Sc., M.A.Sc.(U.B.C.), Lecturer **Engineering**

JUNE E. COOPER, B.A.(Acad.), M.Ed.(Stetson), Assistant Professor **Education**

MICHAEL CORBALLIS, M.Sc.(Well.), Ph.D.(McG.), Professor **Psychology**

CHARLES COSTLEY, M.S., Ph.D.(Ill.), Associate Professor **Mathematics**

MARK S. CUMMINS, B.S.(Williams), M.S., Ph.D.(Wis.), Assistant Professor **Psychology**

BEN ZION DALFEN, B.A., M.S.W., Dip Adv. Soc. Wk. Pr.(McG.), Assistant Professor **Social Work**

PAUL DAVENPORT. B.A.(Stan.), M.A., Ph.D.(Tor.), Assistant Professor **Economics**

PATRICK DEEHY, B.A.(Durh.), M.S.W., M.A., Ph.D.(Prin.), Associate Professor **Social Work**

JEFFREY DEREVENSKY, B.A.(C.W. Post), M.A., Ph.D.(McG.), Assistant Professor **Education**

GEORGE DI GIOVANNI, B.A., M.A.(Tor.), S.T.B.(St. Michael's), Ph.D.(Tor.), Assistant Professor **Philosophy**

ELIZABETH DOLAN, B.A.(New Br.), M.L.S.(McG.), Assistant Professor **Education**

NICOLE DOMINGUE, Lic. ès L.(Paris), Ph.D. (Tex.), Assistant Professor **Linguistics**

DON DONDERI, B.A., B.Sc(Chic.), Ph.D.(Corn.), Associate Professor **Psychology**

D.H. DRURY, B.Com., M.B.A.(McM.), Ph.D. (Northwestern), R.I.A., Assistant Professor **Management**

P. ZSOMBOR-MURRAY, B.Eng., M.Eng., Ph.D.(McG.), Associate Professor **Engineering**

2 GENERAL INFORMATION

Summer Session is divided into two six-week parts, each of which is then subdivided into two three-week terms. Full courses (6 credits) are usually given two hours daily for six weeks, and half courses (3 credits) are usually two hours daily for three weeks. Please consult the calendar of dates in the front of this announcement for specific dates.

With each course are listed its dates and times. Please note that some courses may start before or extend beyond the normal periods.

The term "daily" refers to Monday through Friday inclusively. Please note that some courses may be offered on alternate days.

The French Summer School and the Centre for Continuing Education will offer additional courses which are not administered by the Summer Session. Individuals interested in those specific programs should contact the respective offices concerned.

In addition to the introductory Linguistics courses listed on Page 35 advanced undergraduate and graduate courses will be offered at McGill from June 20 to August 12 sponsored by the Canadian Linguistic Association. These courses will be followed by the Annual Forum of the Linguistic Association of Canada and the United States (LACUS) on campus from August 13 to 17. For further information please write to the

Canadian Linguistic Institute
Department of Linguistics
McGill University
1001 Sherbrooke St. W.
Montreal, PQ H5A 1G5

All inquiries concerning graduate courses should be directed to the Faculty of Graduate Studies and Research, McGill University, Dawson Hall 853 Sherbrooke St. W., Montreal, PQ H3A 2T6, telephone 392-5092.

Students applying for *graduate* studies in Education should consult the Faculty of Education section of this announcement.

Students intending to follow courses in the Faculty of Agriculture should consult that Faculty's section of the announcement regarding special registration procedures.

Following is a description of the various forms used by the Summer Session Office.

Summer Session Registration Form: to be completed by *ALL* summer students (Regular, New, Visiting, Special). Graduate students must complete the Faculty of Graduate Studies and Research Summer Session Registration Form. STUDENTS MUST NOT COMPLETE MORE THAN ONE REGISTRATION FORM. Students wishing to add, change, or drop a course after their initial registration must complete a Course Change Approval Form.

Faculty Authorization Form: to be completed by ALL undergraduate students currently registered in a degree or diploma program at McGill and new students in possession of their final letter of acceptance. STUDENTS MUST NOT COMPLETE MORE THAN ONE AUTHORIZATION FORM. A student is not allocated a place in a course until he has registered and paid his tuition fees. Possession of a signed Authorization Form does not guarantee a student a place in a course unless he has also registered for that course. The Authorization Form can be

obtained through the Summer Session Office or through the General Office of the Faculty in which the student is registered. On this form the student must obtain the signature of the Associate Dean of his Faculty, and where required by his Faculty, the signature of a Program Director or Departmental Adviser. These signatures must be secured *before* the form is submitted to the Summer Session Office.

Course Change Approval Form: to be completed by all students wishing to change (add and/or drop) a course within the deadline dates. Students simply dropping a course must complete this form but need not obtain Faculty permission. Students wishing to add or change a course must pick up this form in the Summer Session Office, have it signed by their Associate Dean and, where required by the Faculty, the Program Director or Departmental Adviser, and return it to the Summer Session Office for processing. Summer Visiting and Special Students must secure the permission of the Summer Session Office.

Students are requested **not** to change courses on either May 9 or July 4. The Summer Session Office will be closed on these dates, and the staff will be at Redpath Hall.

Waiver: to be completed ONLY by Summer Special Students, new students admitted conditionally, and regular students registering for Summer Session Part II while in unsatisfactory standing. This is a form releasing McGill University from the obligation to recognize the credits for which students are registering towards the completion of any degree or diploma program. This form can be obtained through the Summer Session Office.

Letter of Permission: A letter to be submitted by Summer Visiting Students stating the number of credits and/or courses to be undertaken in the Summer Session at McGill and signed by the Registrar or other responsible authority of the Summer Visiting Student's institution.

Residence Application Form: to be completed by students wishing to live in residence during the Summer Session.

It is important to note that there is **no Application Form to the Summer Session.** Candidates may request information by mail, by telephone or in person, but will be **registered** only upon presentation of the documentation listed in the applicable categories below. Graduate students apply directly to the Faculty of Graduate Studies and Research.

CATEGORIES OF STUDENTS

NEWLY ADMITTED McGILL STUDENTS

Conditional Acceptance: Students admitted to McGill conditionally will be required to sign a Waiver releasing the University from the obligation to recognize credit for the work accomplished towards the completion of any degree or diploma program. Registration in summer courses on the basis of the Waiver in no way guarantees admission to McGill.

Students admitted conditionally will have their registration as Special Summer Students changed to that of the Faculty into which they have been accepted as soon as *final acceptance* has been granted. In other words, the credits accumulated for their summer work will normally be counted as part of their degree program.

Final Acceptance: Students in possession of their final letter of acceptance will be required to present a Faculty Authorization Form signed by the Associate Dean of the Faculty into which they have been accepted and where required by the Faculty, the signature of the Program Director or Departmental Adviser. Students must bring with them a copy of their most recent transcripts and a copy of their final letter of acceptance when requesting the signatures. Please keep the original copy of the letter of acceptance for presentation at Fall registration. The appropriate signatures must be secured before registering in Summer Session.

McGILL STUDENTS

Before registering in the Summer Session, regular undergraduate McGill students must secure the required signatures on the Faculty Authorization Form. It is the student's responsibility to obtain these signatures *before* submitting the form (by mail or in person) to the Summer Session Office.

Securing the required signatures is only one step in the registration process. The form must then be forwarded to the Summer Session Office by the student with a Registration Form and a bank draft or money order within the deadline dates in order for registration to be completed. Possession of a signed Faculty Authorization Form does not guarantee admission after the registration deadlines. Students who do not secure the required signatures before the registration deadlines will be made to pay the late registration fee and will not be allowed to sign a Waiver on a temporary basis.

Teachers registered in part-time programs (other than Graduate degree programs) in the Faculty of Education must secure the signature of the Director of the program they wish to pursue.

Permission to Register in Summer Session Part I:

Permission to register for Summer Session Part I has to be granted before reports of standing for the preceding term or session have been released. Permission to register for summer courses does not represent a decision as to standing in the Faculty. Students whose June reports of standing show them to be in unsatisfactory standing will be permitted to complete the summer courses for which they have registered, but they will be considered to be Special Students for the Summer Session. Successful completion of the summer courses will not guarantee readmission in September for students in unsatisfactory standing as of the June reports of standing.

Permission to Register in Summer Session Part II:

Students wishing to register for summer courses *after* their June reports of standing show them to be in unsatisfactory standing will be required to sign the Waiver which will place them in the category of Special Students for the Summer Session. Successful completion of summer courses will not guarantee readmission in September for students in unsatisfactory standing.

Graduate students must contact the Faculty of Graduate Studies and Research for deadline dates, official signatures, and Registration Forms.

SUMMER VISITING STUDENTS

A student from another university wishing to take a course or courses at McGill for credit at his own university may do so, provided he submits a letter of permission from the Registrar or other responsible authority of his home university. This letter should state the number of credits and/or courses to be attempted by the student. The Summer Session recommends that no more than 7 credits in each Session be attempted.

Non-Canadian Visiting Students please note the section on Non-Canadian summer students on Page 12.

SUMMER SPECIAL STUDENTS

In certain circumstances, students not pursuing a degree or diploma at McGill or elsewhere may be permitted to register in the Summer Session for a specific course for which they have prerequisite requirements without being first admitted to the University, but such students will be required to sign the Waiver.

Non-Canadian Special Students please note the section on Non-Canadian summer students on Page 12.

REGISTRATION

Please consult the calendar of dates in the front of this announcement for deadlines.

Students may register

1) In the Summer Session Office anytime after Mid-March. (Please note the Office hours on the front page of this announcement.)

2) By mail up to one week before the start of the term they wish to attend.

3) At Redpath Hall on May 9 and July 4 between the hours of 10:00 – 14:00 and 15:00 – 19:00. Students not already registered may attend the 8:00 class of their choice on these days but must register sometime during the day.

In order to register in the Summer Session a student must submit:

a. A completed Registration Form.

b. A bank draft or money order to cover full tuition fees. **(Personal cheques will not be accepted. Payments must be made to the order of McGill Unversity in Canadian funds.)**

c. **Regular Undergraduate Students** (includes newly admitted students with final acceptances): A Faculty Authorization Form with the appropriate signatures.

Summer Visiting Students: A letter of permission from the Registrar or other responsible official of the home University.

Summer Special Students (includes students with conditional acceptances to McGill): A signed Waiver.

Non-Canadian students please note the paragraph on Non-Canadian Sunmer Students on Page 12.

Please note that it is necessary to pay for courses as you register. If you prefer to pay for only part of your courses, register and pay for only the first course(s) you wish to attend You may then add and pay for any additional courses for which you have secured authorization at any time up to and including the first day of classes for those courses.

Residence applications and fee payments should be made directly to the Residence.

Students expecting some sort of financial assistance must also submit, along with their Registration Form and appropriate documents, a letter from the granting agency outlining the method and date of payment.

All registered students will be given identification cards. These cards are necessary for using library facilities.

FILLING OUT A REGISTRATION FORM

It is imperative that students complete the Registration Form correctly in every detail. The student's name should be printed clearly and, if applicable, a maiden or secular name stated (in the appropriate section of the form). It is also imperative that the student use his or her name in exactly the same manner as on previous registraion forms (e.g. using a middle name if one was used in the past) on all forms he or she fills out during his or her stay at the University.

Students will have, or will be given, a student number which remains the same throughout their attendance at McGill University. Students should be sure of their number and use it on all correspondence and forms, including Registration, Authorization, and Course Change Approval Forms.

The remainder of the information required on the Registration Form is necessary for student records and should be completed in detail. Please do not write in shaded areas and return the white and yellow copies of the Registration Form. Please be careful when entering the course number and state

clearly whether the course is an "L" course or a "C" course. Courses held during Summer Session Part I are "L" courses and those held during Summer Session Part II are "C" Courses.

NON-CANADIAN SUMMER SESSION STUDENTS

Non-Canadian summer students should complete their Summer Session registration as early as possible so that a letter may be sent to them confirming registration and outlining courses, dates and fees paid.

In order for these students to be eligible to study in Canada, they must first obtain a student visa from a Canadian Embassy or Consulate in their area. They must present to the Embassy or Consulate both their letter confirming registration at McGill and proof that they are capable of assuming all financial responsibilities during their stay.

The above procedures reflect a new Immigration Bill which has been presented to the Canadian Government and if adopted will affect non-Canadian students studying in Canada. These students *must* contact a Canadian Embassy or Consulate in their area to ensure that they have the proper documentation before coming to Canada. The locations of these Consulates and Embassys are available upon request.

Non-Canadian students should ensure that they have adequate hospitalization and medicare coverage before they come to McGill University since they will not be eligible for Québec Medicare.

FEES AND RESIDENCE CHARGES

(all fees subject to change without notice.)

TUITION FEES

Graduate Courses

Full Course	approximately	$114.00
Half Course		57.00

Undergraduate Courses

All Faculties, including Faculty of Agriculture: $19.00 **per credit**

Tuition fees cover the use of laboratories when applicable.

Late Registration Fee (non-refundable) $10.00

Income Tax receipts will be sent in late February, 1978.

All fees must be paid by bank draft or money order at the time of registration.

Students still owing the University fees and/or fines from previous sessions will not be allowed to register in the Summer Session.

RESIDENCE CHARGES

Room and Board (5-day meal plan)

Per week $70.00

STUDENTS SERVICES FEES (OPTIONAL)

(non-refundable)

One Session (6 weeks)	$10.00
Both Sessions (12 weeks)	15.00

ATHLETICS

6 weeks or less	$13.00
6 weeks to 10 weeks	23.00

ENGLISH AS A SECOND LANGUAGE ACTIVITIES FEE $25.00

COURSE RESTRICTIONS

Students who have previously been registered at McGill must be aware that courses that they have taken and passed under another number or in another Department are not open to them, as specified in the course listings in this announcement.

Other restrictions include courses that have limited registration or require specific permission as indicated in the course listings.

PREREQUISITES

It is the responsibility of each student (whether New, Regular, Summer Visiting or Summer Special) to ensure that he has successfully completed any prerequisites listed for a course before he registers for that course.

COURSE LOAD – SUMMER SESSION

The permissible course load for McGill degree and diploma candidates will be that listed on their Faculty Authorization Forms.

Arts and Science students may not take more than a total of 12 summer credits (including credits from other institutions) without specific permission from their Faculty for the additional credits.

New students admitted conditionally, Summer Visiting and Summer Special Students will be permitted to attempt no more than 7 credits in each Part of the Summer Session.

LATE REGISTRATION

Students will be permitted to register late in courses only if space is available. Please consult the calendar of dates in the front of this announcement for late registration deadlines. These students must register in person in the Summer Session Office and must present the appropriate registration documents, a bank draft or money order to cover full tuition fees and $10.00 **in cash** (non-refundable) to cover the late registration fee.

COURSE CHANGES (ADDITIONS AND/OR DELETIONS)

McGill degree and diploma program students wishing to change or add a course after they have registered in Summer Session must first secure the appropriate signatures on the Course Change Approval Form and then submit the form to the

Summer Session Office with a bank draft or money order to cover any additional tuition fees. Students simply dropping a course within the deadline dates must complete this form but need not obtain Faculty permission. Please consult the calendar of dates in the front of this announcement for deadlines. Summer Visiting and Special Students must also fill out a Course Change Approval Form but must secure the permission of the Summer Session Office. The form may be obtained in the Summer Session Office.

Students are held responsible for courses in which they are registered unless and until they formally delete (drop) those courses in the Summer Session Office. Simply notifying the Instructor or ceasing to attend lectures is not sufficient.

Students are requested not to change courses on either May 9 or July 4. The Summer Session Office will be closed on those dates, and the office staff will be at Redpath Hall.

REFUNDS

Students cancelling their registration in Summer Session (by mail or in person) before the start of classes will receive a total refund of tuition fees. Those deleting (dropping) courses within the deadline dates will also receive a full refund. No refunds will be made to students withdrawing after the specified refund deadline dates (no exceptions will be made). This also applies to students receiving financial aid. Please note that the late Registration fee ($10.00) is not refundable.

Please note the course change and refund deadline dates listed in the calendar of dates in the front of this booklet.

Tuition fees will be refunded in full should a course be cancelled due to insufficient enrolment.

Refund cheques will be sent to the student's address two or three weeks after the Course Change Approval Form has been received by the Summer Session Office, if the student is entitled to a refund.

WITHDRAWALS

McGill degree and diploma candidates who wish to withdraw from a course after the course change deadlines must secure the written permission of the Associate Dean of their Faculty. If permission is granted, the Associate Dean will at that time determine the letter grade to be assigned, i.e. "W" (Withdrew) or "WF" (Withdrew Failing).

Students registered in degree programs in the **Faculties of Arts or of Science** (including Social Work) and new students in possession of a final letter of acceptance to these faculties are permitted to withdraw from course(s) after the last day for refunds and receive a grade of "W" up to the following dates:

Tuesday, May 17	first term half courses (3 & 4 cr.), Part I
Tuesday, May 24	full courses (6 cr.) & Management courses, Part I
Wednesday, June 8	second term half courses (3 & 4 cr.), Part I
Tuesday, July 12	first term half courses (3 & 4 cr.), Part II
Tuesday, July 19	full courses (6 cr.) & Management courses, Part II
Wednesday, August 3	second term half courses (3 & 4 cr.), Part II

After the deadlines listed above, the Associate Dean may, under exceptional circumstances, grant permission for a student to withdraw from a course. (Permission will not be granted merely because a student is doing unsatisfactory work.) "W" or "WF" as appropriate will appear on the transcript, but will not be calculated in the GPA.

Non McGill students who wish to withdraw from a course after the course change deadlines will be allowed to do so only in exceptional circumstances. These students must obtain written permission from the Instructor certifying that they are withdrawing in good standing and then obtain the permission of the Summer Session Office. The Summer Session Office will determine the letter grade to be assigned, i.e. "W" (Withdrew) or "WF" (Withdrew Failing). No refunds will be made.

CHANGE OF NAME OR ADDRESS

Students must inform the Summer Session Office of any change of name (e.g. marital status) or address either by telephone or in writing. This will eliminate errors in transcripts and delays in forwarding reports of standing and Income Tax receipts.

REPORTS OF STANDING AND TRANSCRIPTS

A report of standing is an unofficial statement designed to inform the student of the marks received in the courses for which he/she is registered.

A transcript is an official document showing the student's entire academic record and destined to be sent, upon request only, to universities, school boards and other institutions.

Reports of standing will be sent only to students. Those wishing transcripts of their marks sent to their home university or to a school board *MUST* request these from the Registrar's Office.

Cost – First copy $2.00. Additional copies made at the same time, each $.50.

FINAL MARKS

Final marks will NOT be given out by the Summer Session Office either over the telephone or to students enquiring in person.

GRADING SYSTEM

In the summer the G.P.A. (Grade Point Average) and C.G.P.A. (Cumulative Grade Point Average) are calculated *only* for McGill degree and diploma candidates. Following is an explanation of the letter grades used at McGill University.

UNDERGRADUATE LEVEL

A	(80 – 100%)	Satisfactory Pass	D	(45 – 54%)	Conditional Pass
B	(65 – 79%)		F		Failure
C	(55 – 64%)		P		Pass.

K	Incomplete	Student has valid reason for not having completed essential term papers or research. Four (4) months granted to complete.	G.P.A. calculation suppressed until course is completed.
KF	Incomplete-Failed	Failed to meet the extended deadline for submission of work in a course.	Counted as "F" in G.P.A. calculations.
J	Absent	The student is registered but does not write the examination or do other essential work and has no valid reason.	Counted as "F" in G.P.A. calculations.
W	Withdrew	Student drops a course with special permission.	Does not enter into G.P.A. calculations.
WF	Withdrew Failing	Student drops a course with special permission, but the work done to date is on the level of an "F".	Does not enter into G.P.A. calculations.
L	Deferred	Student's final exam has been deferred for reasons such as illness or family affliction at the time of the examination. Approval of Associate Dean of the Student's Faculty is necessary.	G.P.A./C.G.P.A. will not be calculated until "L" is cleared.

Normally, grades A, B, C are termed satisfactory passes, D a conditional pass and F a failure. Certain courses have been approved for Pass/Fail (P/F) grading.

Although D is a passing grade, it will not permit entry into a subsequent course for which it is a prerequisite, nor will it be recognized if the course is a requisite of the student's program.

GRADUATE LEVEL

A (80 – 100%)	First Class
B (65 – 79%)	Second Class
Below 65%	Failure
K	Incomplete
J	Absent
W	Withdrew
L	Deferred

AUDITING

Auditing is not permitted in the Summer Session.

FINAL EXAMINATIONS

Final examinations are scheduled at the end of each term of each session. In some courses there will be no final examinations: standing in these courses will be determined on the basis of course work and class tests. The decision regarding the holding of final examinations rests solely with the Instructor, but final marks must be entered for all registered summer students.

Instructors are not permitted to grant any special treatment regarding examinations to any students. If a student believes there is some circumstance which might be legitimately taken into account in evaluating his performance, he should apply to the Dean or Associate Dean of his Faculty, not to the Summer Session Office. Summer Visiting and Summer Special students should contact the Faculty offering the course.

A student who has not, without accepted excuse, participated in or written the final examination for a course for which he was registered and which he did not formally delete or withdraw from will be given a letter grade of "J" (Absent).

EXCUSED ABSENCE FROM EXAMINATION

A student who, for reasons such as illness or family affliction, is unable to write final examinations must inform the Associate Dean of his Faculty of the reason for his absence within three days of the examination. If the request is approved, an "L" will appear on the report of standing in the place of a grade and will be replaced by the grade obtained in the deferred examination after it has been written. The Associate Dean will advise the student of the date of the examination(s).

A Summer Visiting student may be allowed to write a deferred examination if suitable arrangements can be made as to a date for the examination and if approval is granted both by the Visiting Student's Home University and the Associate Dean of the Faculty offering the course at McGill. The "L" will be replaced by the grade received in the deferred examination(s).

REASSESSMENTS AND REREADS

Papers are marked and grades calculated and handled with considerable care. However, if a student wishes his marks checked or his examination paper re-read, he should apply in writing to the Office of

the Dean or Associate Dean of his Faculty; not to the Summer Session Office. The first step is *reassessment* (re-calculation of grades) and is done free of charge. If there is no change in the grades as a result of the reassessment, the student may then apply for a *re-read* of the final examination paper, for which there is a $10 fee. The fee will be refunded if an error is found in the student's favour. If the result is a lower mark, the lower mark will stand and there will be no refund. Computer-marked exams can be reassessed but not re-read. Requests for reassessment of standing in more than one course will not be permitted.

Any request to have term work re-evaluated must be made directly to the Professor concerned. Summer Visiting and Summer Special Students should contact the Faculty offering the course.

ENGLISH AS A SECOND LANGUAGE COURSE

The Summer Session offers an English course (110-150C ENGLISH AS A SECOND LANGUAGE) for the convenience of students who have been accepted to begin their studies in September but who lack fluency in that language. Students whose mother tongue is other than English and who wish to improve their oral and written expression in the language should avail themselves of the opportunity.

The course consists of two hours of class and one hour of language lab. every morning from Monday to Friday (July 4 – August 12); workshops, excursions, socio-cultural activities, and open labs. will be held in the afternoons.

A placement test is mandatory for all students in this course. This test is not an examination, but merely a way of determining at which level a student should be placed. Testing will be held on only two days: Wednesday, June 29 and Thursday, June 30. Candidates will be given, when they register, a card indicating the day on which they must present themselves for testing. No student may take the placement test without having registered for the course.

N.B.: Students must register NOT LATER THAN JUNE 24TH for this course. Registration is on a first come, first served basis, and students are advised to register early in order to avoid disappointment (registration is limited). The fee for the course is $114.00 payable by BANK DRAFT or MONEY ORDER at the time of registration. Payments should be made to the order of "McGill University" in Canadian funds. There will be a compulsory $25.00 fee to cover expenses for lab. work, testing and extra-curricular activities, which should be paid at the time of registration.

Students wishing to take this course but who have not been admitted to McGill will be permitted to register upon signing the Waiver described in the "General Information" section of this announcement. Students may register by mail or in person; Registration Forms and Waivers are available in the Summer Session Office.

Non-Canadian students please note the section on Non-Canadian summer students on Page 12.

STUDENT SERVICES

RESIDENCES

There are about 1,000 residence places for men and women students on McGill's downtown campus. Application forms for admission to residence are distributed by Summer Session; they may also be obtained from

The Business Office
Bishop Mountain Hall
3935 University Street
Montreal, PQ. H3A 2B4

The application form gives full details of how and where to apply.

Students who apply to residence receive a handbook giving all necessary details. The residence fee for Summer Session students is $70 per week payable in advance. This provides a student with a single room and linen. The fee covers five-day meals (on the weekdays). During weekends meals are served on a cash basis. There is a $20 deposit/cautionary fee payable at the time of application. This is returned in full to a student at the end of his stay when he returns his key if the management is satisfied that he/she has caused no willful damage.

The terms just quoted are for students registered in the Summer Session only.

A STUDENT LIVING IN RESIDENCE MUST VACATE HIS ROOM WITHIN 12 HOURS OF HIS CEASING TO BE REGISTERED IN SUMMER SESSION.

LIBRARIES

Summer students are welcome to make use of the University's library facilities. Following is a list of libraries on campus, including addresses and telephone numbers for general information. Since individual privileges and summer hours of service may vary from library to library, it is wise to check with a library before visiting. Stack access and borrowing privileges are assured in the Undergraduate Library and in McLennan Library, which houses the research collection in Humanities and Social Sciences.

BOOKSTORE SUMMER SCHEDULE – 1977

The McGill University Bookstore, located in the Bronfman Building, 1001 Sherbrooke Street West, will be open from 10:00 to 16:00 Monday to Thursday and 10:00 to 12:00 Friday. The Bookstore is closed on Saturdays.

PARKING REGULATIONS

A limited number of Summer Session students will be allowed to park in predesignated areas providing they pay the normal rates and abide by the rules and regulations. Parking permits may be obtained at the Parking Office which is located at 840 McGregor, on May 9 and May 31 from 13:00 to 16:30. On the mornings of July 4 and July 26 permits may be obtained at the Education Building, located at 3700 McTavish in the main foyer.

McGill University does not accept liability for damage to or theft of a vehicle or its contents while on the University's property.

Cost: $15.00 per month.

OPTIONAL STUDENT SERVICES AVAILABLE TO SUMMER SESSION VISITING AND SPECIAL STUDENTS.

Chaplaincy Service
Student Counselling Service
Student Aid and Foreign Student Adviser Office
Health Service
Off Campus Housing
Student Placement

McGill students who have validated I.D. cards from the 1976-77 fall and winter sessions have access to these student services as part of their registration for 1976-77.

All other students will be welcome to use these facilities during their summer stay. Membership will be on a *VOLUNTARY* basis. A non-refundable fee (subject to change) of $10.00 for one Session (6 weeks) or $15.00 for both Sessions (12 weeks) will entitle students to the following services:

CHAPLAINCY SERVICE

A pastoral service is available through the campus Chaplains independent of McGill administration. This service exists to serve the needs of all students such as marriage counselling, value systems and worship. Open meetings on a variety of religious and campus topics are regularly sponsored by the Chaplains.

At 3438 Peel Street there is a lounge, chapel and reading area where books and periodicals are available to students free of charge. Information concerning individual denominational services is available.

Location:	3484 Peel St.
General Information:	392-5890

STUDENT COUNSELLING SERVICE

This office provides a place where students of all faculties may discuss any problem confidentially. Among the services offered are individual counselling, human awareness groups, psychological assessment, vocational testing, effective reading courses, career planning and the Career Information Library.

Location:	522 Pine Avenue West
General Information:	392-5119

STUDENT AID & FOREIGN STUDENT ADVISER OFFICE

The Student Aid section of this office handles all matters relating to financial assistance whether University, Provincial or Federal. Non-Canadian students requiring certification of registration and/or letters of advice to Foreign Exchange Control Boards obtain these from this office.

The Foreign Student Adviser section of this office deals with all matters which may affect non-Canadian students such as problems with the Canadian Department of Manpower and Immigration and information concerning the necessity of the compulsory health insurance.

Location:	3465 Peel St.
General Information:	392-5256

HEALTH SERVICE

The Health Service is open from 9:00 – 16:00, Monday to Friday. There are both male and female physicians on staff as well as a competent staff of college health nurses. Students are asked to bring their Medicare cards or equivalent. All information is completely confidential and forms no part of any "University record".

Many students are seen for discussion about sexual life, contraception, drug problems and venereal disease. We urge students who suspect that they have V.D. to consult us. We invite students who are concerned about a drug problem to contact the Health Service and most particularly the Mental Health Section.

In order to ensure medical coverage while a student is at McGill, Canadian students from provinces other than Québec are advised to consult with the medicare and hospital insurance offices of their own province before coming to McGill. This is particularly important since residents of other provinces are not covered by Québec Medicare and Hospitalization while studying at McGill.

Non-Canadian students should ensure that they have adequate hospitalization and medicare coverage before they come to McGill University since they will not be eligible for Québec Medicare.

Location:	517 Pine Avenue West
Appointment and General Office	392-5441
Mental Health Section	392-5449

OFF-CAMPUS HOUSING SERVICE

This service operates on a year-round basis. Up-to-date listings of various types of accommodation in the downtown area and surrounding suburbs on bus and metro routes are maintained with the use of McGill computers. Students wishing to make use of the service are asked to apply in person.

Location:	3465 Peel St.
General Information:	392-4554

STUDENT PLACEMENT

The Canada Manpower Centre provides a comprehensive placement service to McGill students in the areas of part-time, summer and permanent employment. The principal aims of the service are to encourage employers to make avalable a wide variety of job opportunities to McGill sudents; to assist students in finding suitable employment, by providing information on the labour market and arranging interviews with prospective employers; to encourage students to prepare for a career by doing their own research into the labour market, through library facilities, films, seminars, plant visits, summer and part-time jobs.

Location:	762 Sherbrooke St. W.
General Information:	283-4411

Athletics Facilities

Athletics facilities offered to Summer Session students include swimming, squash and the use of the track facility. Tennis is not available. Because of the re-organization of lockers, these facilities will not be available during Summer Session before Monday, June 6, 1977.

Requests for athletic memberships should be directed to the Athletics Office, 475 Pine Avenue West. Summer Session students will be requested to present their Summer Session identification cards and will be issued a membership for the required period.

Cost:	6 weeks or less	$13.00
	6 weeks up to 10 weeks	$23.00

CALENDRIER

SESSION D'ÉTÉ – PREMIÈRE PARTIE

(Les étudiants des 2e et 3e cycles voudront bien se reporter à la rubrique du présent annuaire consacrée aux études supérieures pour tout renseignement sur les dates.)

mi-mars	Début des inscriptions, première et deuxième parties de la session d'été.
Lundi 9 mai	Dernier jour d'inscription à la session d'été première partie, au premier "semestre" et aux cours complets. Pavillon Redpath, de 10h à 14h et de 15h à 19h (A l'intention de ceux qui ne sont pas déjà inscrits à la session d'été 1977).
	Début des cours du premier "semestre" et des cours complets de la première partie.
Mardi 12 mai	Dernier jour pour les inscriptions tardives aux cours du premier "semestre" (3 et 4 crédits) de la première partie. Frais d'inscription tardive ($10) exigibles après le 9 mai.
	Dernier jour pour les changements de cours du premier "semestre" (3 et 4 crédits).
	Dernier jour pour les remboursements des cours du premier "semestre" (3 et 4 crédits).
Mercredi 18 mai	Dernier jour pour les inscriptions tardives aux cours complets et aux cours de gestion (Management) de la première partie. Frais d'inscription tardive de $10 (non remboursables) exigés après le 9 mai.
	Dernier jour pour les changements de cours (cours complets et cours de gestion).
	Dernier jour pour les remboursements (cours complets et cours de gestion).
Lundi 23 mai	Fête de la Reine. Jour férié, bureaux fermés. Pas de cours.
Vendredi 27 mai	Fin des cours du premier "semestre".
Lundi 30 mai	Examens finals pour les cours du premier "semestre".
Lundi 6 juin	Dernier jour pour la présentation au bureau de la session d'été des notes finales des cours du premier "semestre".
Mardi 31 mai	Dernier jour pour les inscriptions aux cours du second "semestre", première partie de la session d'été. (A l'intention des étudiants qui ne sont pas déjà inscrits à la session d'été 1977).
	Début des cours du second "semestre".
Vendredi 3 juin	Dernier jour pour les inscriptions tardives aux cours du second "semestre". Frais d'inscription tardive, non remboursables, exigés après le 31 mai.
	Dernier jour pour les changements de cours (cours du second "semestre").
	Dernier jour pour les remboursements (cours du second "semestre").
Vendredi 17 juin	Dernier jour de cours (cours du second "semestre" et cours complets de la première partie.
Lundi 20 juin	Examens finals (cours du second "semestre" et cours complets).
Vendredi 24 juin	Fête de la Saint-Jean-Baptiste. Bureaux fermés.
Lundi 27 juin	Dernier jour pour la présentation au bureau de la session d'été des notes finales des cours du second "semestre" et des cours complets.

CALENDRIER

SESSION D'ÉTÉ – DEUXIÈME PARTIE

(Les étudiants des 2e et 3e cycles voudront bien se reporter à la rubrique du présent annuaire consacrée aux études supérieures pour tout renseignement sur les dates.)

mi-mars	Début des inscriptions, première et deuxième parties de la session d'été.
Vendredi 1er juillet	Fête du Canada. Bureaux fermés.
Lundi 4 juillet	Inscription à la deuxième partie de la session d'été. Dernier jour d'inscription, deuxième partie de la session d'été, premier "semestre" et cours complets. Pavilon Redpath, de 10h à 14h et de 15h à 19h. (A l'intention de ceux qui ne sont pas déjà inscrits à la session d'été 1977.)
	Début des cours du premier "semestre" et des cours complets de la deuxième partie.
Jeudi 7 juillet	Dernier jour pour les inscriptions tardives aux cours du premier "semestre" (3 et 4 crédits) de la deuxième partie. Frais d'inscription tardive de $10 (non remboursables) exigés après le 4 juillet.
	Dernier jour pour les changements de cours (premier "semestre").
	Dernier jour pour les remboursements des cours du premier "semestre" (3 et 4 crédits).
Mercredi 13 juillet	Dernier jour pour les inscriptions tardives aux cours complets et aux cours de gestion de la deuxième partie. Frais d'inscription tardive de $10 (non remboursables) exigés après le 4 juillet.
	Dernier jour pour les changements de cours (cours complets et cours de gestion).
	Dernier jour pour les remboursements des cours complets et des cours de gestion.
Vendredi 22 juillet	Fin des cours du premier "semestre".
Lundi 25 juillet	Examens finals (cours du premier "semestre").
Lundi, 1er août	Dernier jour pour la présentation au bureau de la session d'été des notes finales des cours du premier "semestre".
Mardi 26 juillet	Dernier jour pour les inscriptions aux cours du second "semestre" de la deuxième partie de la session d'été. (A l'intention des étudiants qui ne sont pas déjà inscrits à la session d'été 1977).
	Début des cours du second "semestre".
Vendredi 29 juillet	Dernier jour pour les inscriptions tardives aux cours du second "semestre". Frais d'inscription tardive de $10 (non remboursables) exigés après le 26 juillet.
	Dernier jour pour les changements de cours (cours du second "semestre").
	Dernier jour pour les remboursements des cours du second "semestre".
Vendredi 12 août	Fin des cours (cours du second "semestre" et cours complets).
Lundi 15 août	Examens finals (cours du second "semestre" et cours complets).
Lundi 22 août	Dernier jour pour la présentation au bureau de la session d'été des notes finales des cours du second "semestre" et cours complets.

A l'intention des étudiants des facultés des arts et des sciences: Les examens de reprise pour les cours des semestres d'automne et d'hiver 1976-77 chevaucheront la dernière semaine de la session d'été – deuxième partie. Les étudiants qui doivent subir des examens de reprise en août devraient consulter l'horaire de ces examens avant de s'inscrire à la session d'été – deuxième partie.

2 RENSEIGNEMENTS GÉNÉRAUX

La session d'été se divise en deux parties de six semaines, chacune à son tour subdivisée en deux "senestres" de trois semaines. Les cours complets (6 crédits) se donnent habituellement au rythme de deux heures par jour pendant six semaines; les demi-cours (3 crédits) se donnent au rythme de deux heures par jour pendant trois semaines. Pour tout renseignement sur les dates, prière de consulter le calendrier qui se trouve au début du présent annuaire.

La description de chaque cours comprend son horaire. Veuillez noter que certains cours pourront commencer avant et se terminer après la période indiquée.

Les cours se donnent du lundi au vendredi inclusivement, sauf avis contraire; certains cours pourront être offerts un jour sur deux.

L'Ecole française d'été et le Centre d'éducation permanente offriront d'autres cours qui ne relèvent pas de la session d'été. Les personnes que ces programmes intéressent sont priées de s'adresser aux bureaux de l'Ecole ou du Centre.

Outre les cours de base en linguistique dont la liste se trouve à la page 35. McGill offrira, du 20 juin au 17 août, des cours avancés aux niveaux du 1er cycle et des études supérieures. Ces cours se donnent sous l'égide de l'Association canadienne de linguistique; ils seront suivis par le forum annuel de la Linguistic Association of Canada and the United States (LACUS) qui se tiendra sur le campus du 13 au 17 août. Pour de plus amples renseignements, prière de s'adresser à l'

Institut canadien de linguistique
Département de linguistique
Université McGill
1001, rue Sherbrooke ouest
Montréal (PQ) H5A 1G5

Toute demande de renseignements concernant les cours d'études supérieures devra être adressée comme suit: Faculté des études supérieures et de la recherche, Pavillon Dawson, 853, rue Sherbrooke ouest, Montréal (PQ) H3A 2T6.

Les étudiants désirant s'inscrire aux études supérieures en éducation devront consulter la rubrique consacrée à la faculté des sciences de l'éducation.

Les étudiants qui envisagent de suivre des cours à la faculté d'agriculture devront consulter la rubrique consacrée à cette faculté.

Les différentes formules utilisées par la session d'été sont les suivantes:

Fornule d'inscription à la session d'été: doit être remplie par TOUS les étudiants (réguliers, nouveaux, de l'extérieur, à statut spécial). Les étudiants diplômés doivent remplir la formule d'inscription à la session d'été de la faculté des études supérieures et de la recherche. NE PAS SOUMETTRE PLUS D'UNE FORMULE D'INSCRIPTION. Ceux qui désirent ajouter, changer ou abandonner un ou plusieurs cours après leur inscription initiale, doivent remplir une "Formule de changement de cours".

Formule d'autorisation de la faculté doit être remplie par TOUS les étudiants du 1er cycle actuellement inscrits à un grade ou à un diplôme de McGill, ainsi que par les nouveaux étudiants qui ont reçu leur avis d'acceptation définitive. LES ÉTUDIANTS NE DOIVENT PAS REMPLIR PLUS D'UNE FORMULE D'AUTORISATION. Les places dans les divers cours ne sont attribuées qu'aux étudiants s'étant d'abord inscrits et ayant réglé leurs frais de scolarité. Le détenteur d'une formule d'autorisation portant les signatures requises n'est pas pour autant assuré d'une place dans un cours donné, à moins qu'il ne se soit aussi inscrit à ce cours. On peut se procurer la formule d'autorisation au bureau de la session d'été ou à celui de la faculté à laquelle on est inscrit. Cette formule doit porter la signature du vice-doyen de la faculté et, si celle-ci le requiert, la signature soit du directeur du programme, soit du conseiller du département. L'étudiant doit obtenir ces signatures *avant* de présenter la formule au bureau de la session d'été.

Formule d'approbation de changement de cours: doit être remplie par tous les étudiants désireux de changer (ajouter ou abandonner) un cours avant la date limite pour ce faire. Les étudiants qui ne font qu'abandonner un cours doivent remplir ce formulaire mais ne sont pas tenus d'obtenir l'autorisation de la faculté. Pour les adjonctions et changements de cours, l'étudiant doit se procurer la formule au bureau de la session d'été, la faire signer par son vice-doyen et, si la faculté le demande, par le directeur de son programme ou d'un conseiller de son département, puis la renvoyer au bureau qui procédera aux changements indiqués. Les étudiants de l'extérieur et les étudiants à statut spécial doivent obtenir la permission du bureau de la session d'été.

Les étudiants sont priés de ne *pas* prévoir de changement de cours le 9 mai ou le 4 juillet. Le bureau de la session d'été sera fermé ces jours-là et le personnel se trouvera au pavillon Redpath.

Formule de décharge que SEULS rempliront les étudiants à statut spécial, les nouveaux étudiants admis à McGill sous certaines conditions et les étudiants dont les résultats McGill ont été jugé's "non satisfaisants". Cette formule est destinée à dégager l'université McGill de l'obligation de reconnaître les crédits en vue de l'obtention d'un grade ou d'un diplôme. On peut se procurer cette formule au bureau de la session d'été.

Lettre de permission: à soumettre par les étudiants de l'extérieur en précisant le nombre de crédits ou de cours qu'ils peuvent suivre à la session

d'été de McGill. Cette lettre doit être signée par le registraire ou autre responsable de l'université de l'étudiant.

Demande de logement en résidence: doit être remplie par les étudiants qui désirent habiter en résidence pour la durée de leurs cours d'été.

Nous soulignons qu'il n'y a pas de formule de demande d'admission à la session d'été. Les candidats doivent faire leur demande par correspondance, par téléphone ou en personne, mais ils ne seront inscrits que sur présentation des pièces justificatives figurant aux rubriques ci-dessous. Les étudiants diplômés doivent s'adresser directement à la faculté des études supérieures et de la recherche.

CATÉGORIES D'ÉTUDIANTS

ÉTUDIANTS NOUVELLEMENT ADMIS À McGILL

Acceptation conditionnelle: Les étudiants admis à McGill sous certaines conditions sont tenus de signer une formule de décharge dégageant l'université de l'obligation d'accorder des crédits valant pour l'obtention d'un grade ou d'un diplôme pour les cours suivis pendant l'été. Le fait de signer cette formule n'est pas une garantie d'admission à McGill.

L'inscription à titre d'étudiant à statut spécial à la session d'été d'un étudiant ayant reçu une admission conditionnelle sera modifiée lors de l'inscription à la faculté où il a été admis, dès que la décision finale aura été rendue. Autrement dit, les crédits accumulés au cours de l'été seront normalement comptés comme faisant partie du programme si l'étudiant est accepté définitivement.

Acceptation définitive: Les étudiants qui ont reçu leur avis d'acceptation définitive devront présenter une formule d'autorisation de la faculté portant la signature du vice-doyen de la faculté qui les accepte et, si la faculté le demande, la signature du directeur de programme ou d'un conseiller du département. Pour l'obtention de ces signatures, les étudiants devront produire une copie de leurs derniers relevés de notes et une copie de leur avis d'acceptation définitive. Prière de conserver l'original de l'avis d'acceptation, qui devra être produit lors de l'inscription d'automne. L'étudiant devra avoir obtenu les signatures nécessaires avant de s'inscrire à la session d'été.

ÉTUDIANTS DE McGILL

Avant de s'inscrire à la session d'été, les étudiants réguliers de 1er cycle à McGill doivent obtenir les signatures nécessaires à la formule d'autorisation de la faculté. Il appartient à l'étudiant d'obtenir ces signatures *avant* de présenter la formule (en personne ou par correspondance) au bureau de la session d'été.

L'obtention des signatures nécessaires n'est qu'une des formalités requises pour l'inscription. L'étudiant doit ensuite faire parvenir au bureau de la session d'été la formule, accompagnée d'une formule d'inscription et d'une traite bancaire ou d'un mandat, avant les dates limites afin que l'on puisse procéder à l'inscription. Le fait que l'étudiant ait en sa possession une formule d'autorisation de la faculté portant les signatures nécessaires ne constitue pas une garantie d'admission après les dates limites d'inscription. Les étudiants qui n'auront pas obtenu les signatures nécessaires avant les dates limites d'inscription se verront imposer des frais d'inscription tardive et ne seront pas autorisés à signer une formule de décharge provisoire.

Les enseignants qui s'inscrivent à des programmes à temps partiel (exception faite des programmes autres que d'études supérieures) à la faculté des sciences de l'éducation doivent obtenir la signature du directeur du programme auquel ils s'inscrivent.

Conditions d'inscription à la première partie:

L'étudiant devra avoir obtenu la permission de s'inscrire à la première partie de la session d'été avant que ne soient connus les résultats de la session précédente. Le fait d'autoriser un étudiant à s'inscrire aux cours d'été ne signifie pas que celui-ci a donné satisfaction. Les étudiants dont les résultats de juin sont non satisfaisants pourront terminer les cours d'été auxquels ils sont inscrits, mais à titre d'étudiants à statut spécial pour la session d'été. L'obtention de bons résultats aux cours d'été n'assure pas à ces étudiants la réadmission en septembre.

Conditions d'inscription à la deuxième partie de la session d'été:

Les étudiants qui désirent s'inscrire aux cours d'été *après* réception de résultats non satisfaisants en juin devront signer la formule de décharge, ce qui leur confèrera un statut spécial pour la session d'été. L'obtention de bons résultats aux cours d'été n'assure pas à ces étudiants la réadmission en septembre.

Les étudiants des 2e et 3e cycles doivent se renseigner auprès de la faculté des études supérieures et de la recherche au sujet des dates limites, des signatures exigées et des formules d'inscription.

ÉTUDIANTS DE L'EXTÉRIEUR (ÉTÉ)

Les étudiants d'autres universités peuvent suivre un ou plusieurs cours à McGill pour lesquels leur établissement leur accordera des crédits, à condition de présenter une lettre d'autorisation du registraire ou d'une autre personne de leur université habilitée à ce faire. Cette lettre devra préciser le nombre de crédits et de cours auxquels l'étudiant veut s'inscrire. Il est recommandé de se limiter à sept (7) crédits par session. Les étudiants étrangers voudront bien se reporter à la rubrique qui les concerne, page 23.

ÉTUDIANTS À STATUT SPÉCIAL

Dans certaines circonstances, les étudiants qui n'aspirent pas à un grade ou à un diplôme de McGill ou d'un autre établissement pourront être autorisés à s'inscrire à la session d'été pour suivre un cours donné qui ne demande pas de préalables sans devoir d'abord obtenir l'admission; ils devront toutefois signer la formule de décharge.

Les étudiants étrangers voudront bien se reporter à la rubrique qui les concerne, page 23.

INSCRIPTION

Prière de consulter le calendrier qui se trouve au début de l'annuaire pour tout renseignements au sujet des dates limites.

Modalités d'inscription

Les étudiants pourront s'inscrire:

1) Au bureau de la session d'été, à compter de la mi-mars. (Les heures d'ouverture sont indiquées en première page.)

2) Par correspondance, jusqu'à une semaine avant le début du "semestre" auquel ils désirent s'inscrire.

3) Au pavillon Redpath, le 9 mai et le 4 juillet, entre 10h et 14h, et entre 15h et 19h. Les étudiants qui ne sont pas encore inscrits pourront suivre leur cours de 8h ces deux jours-là, mais devront s'inscrire dans la journée.

Pour s'inscrire à la session d'été, les étudiants devront présenter:

a. Une formule d'inscription remplie.

b. Une traite bancaire ou un mandat au montant total des frais de scolarité. **(Les chèques ne seront pas acceptés. Le paiement doit être fait en devises canadiennes et libellé à l'ordre de l'université McGill.)**

c. *Étudiants réguliers du 1er cycle* (y compris les nouveaux étudiants ayant reçu leur acceptation définitive): La formule d'autorisation de la faculté portant les signatures nécessaires.

Étudiants de l'extérieur: Une lettre d'autorisation du registraire ou d'une autre personne de leur université habilitée à ce faire.

Étudiants à statut spécial (y compris les étudiants acceptés à McGill sous condition): la formule de décharge signée.

Les étudiants étrangers voudront bien se reporter à la rubrique qui les concerne, page 23.

Soulignons qu'il faut régler les frais de scolarité au moment de l'inscription. Si vous préférez n'en régler qu'une partie, inscrivez-vous en ne réglant que le ou les premier(s) de vos cours. Vous pourrez, par la suite, régler les frais des autres cours qu'on vous a autorisé(e) à suivre jusqu'à la date, inclusivement, de la première journée de ces cours.

Les demandes de logement ainsi que les frais de résidence doivent être adressés directement aux résidences.

Les étudiants espérant bénéficier d'une aide financière quelconque doivent présenter, avec leur formule d'inscription et les documents nécessaires, une lettre de l'organisme qui accorde cette aide, exposant les modalités et date(s) du ou des versement(s).

Tous les étudiants inscrits reçoivent une carte d'identité. Cette carte est nécessaire à quiconque veut se prévaloir des services de bibliothèque.

DIRECTIVES CONCERNANT LA FORMULE D'INSCRIPTION

Il est très important de remplir la formule d'inscription correctement, jusque dans le moindre détail. Le nom de l'étudiant(e) doit figurer clairement en lettres majuscules, de même que le nom de jeune fille (dans le cas d'une femme mariée) ou le nom civil (dans le cas des religieux) à la rubrique prévue à cet effet. Il est également important que l'étudiant(e) s'inscrive exactement de la même façon chaque fois qu'il remplit une formule d'inscription; ainsi, si l'on n'a donné la première fois que ses initiales, il ne faudra pas par la suite inscrire son ou ses prénom(s) au complet, et vice-versa.

On attribue à chaque étudiant(e) un numéro matricule, qui restera le même pendant toute la durée de ses études à McGill. L'étudiant(e) devra indiquer son numéro sur toutes ses lettres et formules, y compris les formules d'inscription, d'autorisation et de changement de cours.

Les autres renseignements figurant à la formule d'inscription serviront à constituer le dossier de l'étudiant(e) et devront être aussi précis que possible. Les candidats sont priés de ne rien inscrire dans les cases ombrées et de nous renvoyer les copies blanche et jaune.

Le numéro du cours sera indiqué clairement et l'on précisera s'il s'agit d'un cours de catégorie "L" ou de catégorie "C".

Les cours de la première partie de la session sont de catégorie "L", alors que ceux de la deuxième partie sont de catégorie "C".

ÉTUDIANTS ÉTRANGERS – SESSION D'ÉTÉ

Il est recommandé aux étudiants étrangers de s'inscrire le plus tôt possible afin de recevoir, en temps utile, la lettre de confirmation de leur inscription décrivant les cours, et indiquant les dates nécessaires ainsi que les frais de scolarité réglés.

Pour être autorisés à faire des études au Canada, ces étudiants doivent d'abord obtenir un visa d'étudiant de l'ambassade ou du consultat du Canada de leur région. Pour ce faire, ils doivent présenter à l'ambassade ou au consulat la lettre confirmant leur inscription à McGill ainsi que la preuve qu'ils sont en mesure d'assumer intégralement leurs frais de séjour.

Ces exigences sont celles proposées dans le nouveau projet de loi sur l'immigration actuellement à l'étude au gouvernement fédéral; si ce projet de loi est adopté, les étudiants étrangers poursuivant des études au Canada en seront directement affectés. Les intéressés *doivent* donc entrer en contact avec l'ambassade ou le consulat du Canada de leur région pour s'assurer qu'ils ont bien tous les documents requis avant leur départ pour le Canada.

Les étudiants étrangers s'assureront également qu'ils bénéficient d'un bon plan d'hospitalisation et d'assurance-maladie, étant donné que celui du Québec ne s'appliquera pas à eux.

FRAIS DE SCOLARITÉ

(sujets à modification sans préavis)

Études supérieures

Cours complet (montant approximatif)	$114.00
Demi-cours	57.00

Études de premier cycle

Toutes facultés, y compris la faculté d'agriculture: $19.00 par crédit.

Les frais de scolarité comprennent, le cas échéant, le droit d'utilisation des laboratoires.

Droits d'inscription tardive (non remboursables)	$10.00

Les reçus aux fins de déduction d'impôt seront expédiés à la fin de février 1978.

Les frais de scolarité doivent être acquittés par traite bancaire ou mandat au moment de l'inscription.

Les étudiants qui doivent encore à McGill des frais de scolarité ou amendes relevant d'inscriptions antérieures ne seront pas autorisés à s'inscrire à la session d'été.

FRAIS DE RÉSIDENCE

Chambre et pension (repas, semaine de 5 jours)

Tarif hebdomadaire	$70.00

FRAIS, SERVICES AUX ÉTUDIANTS (FACULTATIF)

Une "partie" de la session (6 semaines)	$10.00
Deux "parties" de la session (12 semaines)	15.00

ATHLÉTISME

6 semaines ou moins	$13.00
6 à 10 semaines	$23.00

DROITS DE PARTICIPATION AUX ACTIVITÉS – ANGLAIS LANGUE SECONDE

$25.00

RESTRICTIONS RELATIVES AUX COURS

On rappelle aux étudiants qui ont déjà été inscrits à McGill qu'ils ne peuvent se ré-inscrire aux cours déjà suivis avec succès qui portent actuellement un autre numéro ou sont donnés par un autre département, ainsi que l'indique la liste des cours du présent annuaire.

Au nombre des autres restrictions: celles qui s'appliquent aux cours à nombre limité d'étudiants et aux cours qui exigent une autorisation particulière, comme l'indique la liste des cours du présent annuaire.

COURS PRÉALABLES

Il appartient à l'étudiant (qu'il soit nouveau, régulier, de l'extérieur ou à statut spécial) de s'assurer qu'il a suivi avec succès les cours préalables indiqués pour un cours donné avant de s'inscrire à ce dernier.

NOMBRE DE COURS AUTORISÉ – SESSION D'ÉTÉ

Le nombre de cours que les candidats à un grade ou à un diplôme de McGill sont autorisés à suivre sera indiqué sur les formules d'autorisation de la faculté.

Les étudiants des facultés des arts et des sciences ne peuvent accumuler plus de 12 crédits pendant l'été (y compris les crédits d'autres établissements) à moins que leur faculté ne leur donne une autorisation spéciale.

Les nouveaux étudiants admis sous condition, les étudiants de l'extérieur et les étudiants à statut spécial ne pourront accumuler plus de 7 crédits pour chaque partie de la session d'été.

INSCRIPTIONS TARDIVES

Les étudiants auront le droit de s'inscrire tardivement à un cours, uniquement si celui-ci n'est pas complet. Prière de consulter le calendrier qui se trouve au début de l'annuaire pour tout renseignement sur les dates limites des inscriptions tardives. Ces étudiants devront s'inscrire en personne au bureau de la session d'été et présenter, avec les documents nécessaires, une traite bancaire ou un mandat au montant intégral des frais de scolarité et la somme de dix dollars ($10) *en espèces* (non remboursable) qui constitue l'amende imposée pour inscription tardive.

CHANGEMENTS DE COURS ET ADJONCTIONS

Les candidats à un programme de McGill menant à un grade ou un diplôme qui désirent changer ou ajouter un cours après leur inscription à la session d'été doivent d'abord faire apposer les signatures nécessaires sur la formule d'approbation de changement de cours; ils présenteront ensuite la formule au bureau de la session d'été avec une traite bancaire ou un mandat au montant des frais de scolarité supplémentaires. Les étudiants qui

renoncent à suivre un cours avant la date limite doivent remplir la formule mais n'ont pas à demander l'autorisation de la faculté. En ce qui concerne les dates limites, prière de se reporter au calendrier qui se trouve au début de l'annuaire. Les étudiants de l'extérieur et les étudiants à statut spécial doivent également remplir la formule d'approbation de changement de cours et obtenir l'autorisation du bureau de la session d'été. On peut se procurer cette formule au bureau de la session d'été. Les étudiants sont considérés comme toujours inscrits aux cours jusqu'à ce qu'ils avisent officiellement le bureau de la session d'été de leur abandon. Il ne suffit pas d'en informer le professeur ou simplement de cesser de suivre le cours.

Les étudiants ne pourront effectuer de changement de cours le 9 mai et le 4 juillet, le bureau de la session d'été étant fermé ces jours-là et le personnel de secrétariat occupé au pavillon Redpath.

REMBOURSEMENTS

Les étudiants qui annulent leur inscription à la session d'été (en personne ou par correspondance) avant le début des cours seront remboursés intégralement des frais de scolarité acquittés. Ceux qui annulent leur inscription à certains cours seront également remboursés intégralement. Les étudiants qui annulent après la date limite de remboursement indiquée n'auront droit à aucun remboursement (on ne fera aucune exception à cette règle). Le même principe vaut pour les étudiants bénéficiant d'une aide financière. Prière de noter que l'amende pour inscription tardive ($10) n'est pas remboursable.

Nous attirons l'attention des intéressés sur les dates limites pour les changements et les remboursements indiqués sur le calendrier qui se trouve au début de l'annuaire. Dans le cas où un cours serait annulé à cause d'un nombre insuffisant d'inscriptions, les frais de scolarité seront intégralement remboursés aux étudiants déjà inscrits.

Les étudiants qui y ont droit recevront leur chèque de remboursement deux ou trois semaines après avoir remis leur formule d'approbation de changement de cours au bureau de la session d'été.

ABANDONS

Les candidats aux grades et diplômes de McGill qui désirent se retirer d'un ou de plusieurs cours après les dates limites ci-dessus indiquées doivent obtenir une autorisation écrite du vice-doyen de leur faculté. Si la permission est accordée, le vice-doyen leur donnera alors la mention "W" (retrait) ou "WF" (abandon-échec).

Après les dates limites ci-dessus indiquées, le vice-doyen peut, dans certaines circonstances particulières, accorder à un étudiant l'autorisation de se retirer d'un cours. (Cette autorisation ne sera pas accordée simplement parce que le travail de l'étudiant n'est pas satisfaisant.) Les relevés porteront la mention "W" ou "WF", selon le cas, mais on n'en tiendra pas compte dans l'établissement de la moyenne des notes pondérées.

Les étudiants d'une autre université qui désirent se retirer d'un cours après la date limite de changement n'y seront autorisés que dans des circonstances exceptionnelles. Ces étudiants devront demander l'autorisation, par écrit, de leur professeur qui déclarera qu'ils se retirent sans que leurs chances de réussite aient été en cause; ils devront obtenir ensuite l'autorisation du bureau de la session d'été. Le bureau de la session d'été décidera de la mention à attribuer, c'est-à-dire "W" (Withdrew ou retrait), ou "WF" (Withdrew Failing ou Abandon-échec). Aucun remboursement ne sera effectué.

Les étudiants inscrits aux programmes menant à un grade des facultés des arts ou des sciences (y compris l'école de service social) et les nouveaux étudiants ayant reçu leur lettre d'acceptation définitive à ces facultés ont l'autorisation de se retirer d'un ou plusieurs cours après le dernier jour de remboursement et ils se verront attribuer la mention "W" jusqu'aux dates suivantes:

Mardi 17 mai	demi-cours du premier "semestre" (3 et 4 crédits), première partie.
Mardi 24 mai	cours complets (6 crédits) et cours de gestion, première partie.
Mercredi 8 juin	demi-cours du second "semestre" (3 et 4 crédits), première partie.
Mardi 12 juillet	demi-cours du premier "semestre" (3 et 4 crédits), deuxième partie.
Mardi 19 juillet	cours complets (6 crédits) et cours de gestion, deuxième partie
Mercredi 3 août	demi-cours du second "semestre" (3 et 4 crédits), deuxième partie

CHANGEMENT DE NOM OU D'ADRESSE

Les étudiants devront informer le bureau de la session d'été de tout changement de nom (état civil) ou d'adresse, soit par téléphone soit par lettre. Ils éviteront ainsi des erreurs dans leur relevés de notes et des retards dans l'acheminement des résultats finals et des reçus aux fins d'impôts.

BULLETINS ET RELEVÉS DE NOTES

Le bulletin informe l'étudiant des notes qu'il a obtenues pour les cours auxquels il est inscrit.

Le relevé de notes est un document officiel présentant le dossier universitaire complet de l'étudiant; il sera adressé, sur demande, aux universités, commissions scolaires et autres établissements.

Les bulletins seront adressés directement aux étudiants. Ceux qui désirent faire parvenir un relevé de notes officiel à leur propre université ou à une commission scolaire, s'adresseront au bureau de Registraire.

Frais – Première copie $2.00
Copies supplémentaires tirées en même temps:
$0.50 chacune.

NOTES FINALES

Le bureau de la session d'été ne communiquera les notes finales ni par téléphone ni aux étudiants qui viendront les demander en personne.

SYSTÈME D'EVALUATION

A la session d'été, la moyenne des notes pondérées (Grade Point Average) et la moyenne cumulative des notes pondérées (Cumulative Grade Point Average) ne sont établies que pour les candidats aux grades et diplômes de McGill.

Voici les équivalences en pourcentages des notes utilisées à l'université McGill.

ÉTUDES DU PREMIER CYCLE

A	(80-100%)	résultats satisfaisants	D	(45-54%)	Résultat conditionnel
B	(65-79%)		F	Echec	
C	(55-64%)		P	Réussite	
K	Incomplet	L'étudiant a une raison valable pour ne pas avoir terminé les travaux et recherches essentielles. Il aura quatre (4) mois pour les terminer.			Suspension du calcul du G.P.A. jusqu'à l'achèvement des travaux requis.
KF	Incomplet-Echec	L'étudiant n'a pas respecté la date de remise des travaux relatifs à un cours.			Equivalent de "F" dans le calcul du G.P.A.
J	Absent	L'étudiant est inscrit mais ne s'est pas présenté à l'examen ou n'a pas remis les travaux essentiels sans avoir de raison valable.			Equivalent de "F" dans le calcul du G.P.A.
W	Retrait	L'étudiant a obtenu une autorisation spéciale pour se retirer d'un cours.			N'intervient pas dans le calcul du G.P.A.
WF	Retrait en voie d'échec	L'étudiant a obtenu l'autorisation de se retirer d'un cours mais son travail jusque-là correspond à la mention "F".			N'intervient pas dans le calcul du G.P.A.
L	Reporté	L'examen final de l'étudiant a été reporté pour des raisons telles qu'une maladie ou un deuil à la date de l'examen. L'approbation du vice-doyen de la faculté que fréquente l'étudiant est nécessaire.			Les moyennes G.P.A./C.G.P.A. ne seront pas calculées avant l'élimination du "L".

Normalement, les notes "A", "B" et "C" indiquent la réussite, "D" un résultat conditionnel et "F" un échec. Pour certains cours, on permet l'application du système de notation réussite/échec (P/F).

Bien que la lettre "D" n'indique pas un échec, elle ne permet pas l'admission à un cours pour lequel le premier cours est un préalable. Elle n'est pas non plus reconnue si le cours est obligatoire dans le programme de l'étudiant.

ÉTUDES SUPÉRIEURES

A (80-100%)	première classe
B (65-79%)	deuxième classe
En dessous de 65%	échec
K	incomplet
J	absent
W	retrait
L	reporté

AUDITEURS LIBRES

On n'admet pas d'auditeurs libres à la session d'été.

EXAMENS FINALS

Des examens finals sont prévus à la fin de chaque "semestre" de chaque partie de la session. Certains cours n'auront pas d'examens finals; dans ce cas, les notes seront déterminées d'après les travaux et les examens subis en classe. La décision relative à la tenue ou non d'examens finals relève exclusivement du professeur, mais tous les étudiants inscrits devront recevoir des notes finales.

Les professeurs ne sont autorisés à accorder aucun traitement particulier en matière d'examen. Si un étudiant croit qu'il existe certaines circonstances légitimes dont on pourrait tenir compte dans l'évaluation de son travail, il devra s'adresser

au doyen ou au vice-doyen de sa faculté et non au bureau de la session d'été. Les étudiants de l'extérieur et à statut spécial devront s'adresser à la faculté qui offre le cours.

Une étudiant qui, sans excuse valable, n'a pas suivi régulièrement un cours ou n'en a pas subi l'examen final sans avoir donné un avis de retrait officiel se verra accorder la mention "J" (absent).

JUSTIFICATION D'ABSENCE À UN EXAMEN.

Si pour des raisons telles que la maladie ou un deuil, un étudiant n'est pas en mesure de se présenter à ses examens finals, il devra en informer le vice-doyen de sa faculté dans les trois jours qui suivent la date de l'examen. Si la demande est approuvée, au lieu d'une note, la mention "L" apparaîtra sur le dossier de l'étudiant et sera remplacée par la note obtenue à l'examen reporté. Le vice-doyen fera connaître à l'étudiant la ou les date(s) du ou des examen(s) reporté(s).

Un étudiant de l'extérieur pourra être autorisé à passer un examen reporté si les dispositions nécessaires sont prises quant à la date, et si l'université de l'étudiant et la faculté offrant le cours à McGill y consentent. La mention "L" sera alors remplacée par la note obtenue lors de l'examen reporté.

VÉRIFICATIONS ET RECORRECTIONS

Les travaux sont corrigés et les notes calculées avec beaucoup de soin. Toutefois, si un étudiant désire faire vérifier ses notes ou recorriger un examen, il s'adressera au bureau du vice-doyen de sa faculté et non au bureau de la session d'été. On procède d'abord à la vérification du calcul des notes, ce qui n'entraîne aucun frais. Si cette vérification ne donne lieu à aucun changement, l'étudiant peut alors demander une recorrection de son examen final (frais de $10). Ces frais seront remboursés à l'étudiant si l'on découvre une erreur en sa défaveur. D'autre part, si l'erreur découverte a comme résultat une note plus basse, cette dernière sera maintenue et l'étudiant ne sera pas remboursé. Les examens corrigés par ordinateur peuvent faire l'objet d'une vérification mais non d'une recorrection.

Toute demande de correction de travaux devra être adressée directement au professeur. Les étudiants de l'extérieur et à statut spécial s'adresseront à la faculté qui offre le cours.

COURS D'ANGLAIS LANGUE SECONDE

La session d'été offre un cours d'anglais élémentaire (110-150C English as a second language) à l'intention des étudiants devant commencer leurs études en septembre et qui présentent des lacunes sur ce plan. On recommande aux étudiants dont la langue maternelle n'est pas l'anglais et qui désirent améliorer leur anglais sur les plans de l'expression orale et écrite de s'inscrire à ce cours.

Le cours comprend deux heures de cours et une heure de laboratoire de langue; il se donne tous les matins du lundi au vendredi (4 juillet – 12 août). Des ateliers, excursions, activités socio-culturelles et laboratoires ouverts (open labs) auront lieu l'après-midi.

Tous les étudiants inscrits à ce cours devront se soumettre à un test de classement. Ce test n'est pas un examen mais un moyen de déterminer le niveau auquel l'étudiant doit s'inscrire. Le test aura lieu aux dates suivantes: le mercredi 29 juin, et le jeudi 30 juin. On donnera aux étudiants, au moment de l'inscription, une carte leur indiquant le jour où ils doivent se présenter au test. Pour être admis au test, l'étudiant doit d'abord s'être inscrit au cours.

N.B. Les étudiants devront s'inscrire au cours AU PLUS TARD LE 24 JUIN. L'inscription s'effectuera dans l'ordre d'arrivée des candidats; il est conseillé de s'inscrire tôt afin de s'éviter les déceptions, car le nombre des inscriptions est limité. Les frais de scolarité s'élèvent à $114, réglables sous forme de traite bancaire ou de mandat lors de l'inscription, libellé à l'ordre de l'université McGill, en devises canadiennes. Des droits de $25 sont exigés pour les frais de laboratoire, de test et d'activités parascolaires; ces frais seront acquittés au moment de l'inscription.

Les étudiants qui désirent suivre ce cours sans avoir été admis à McGill y seront autorisés, à condition de signer la formule de décharge décrite à la rubrique des "renseignements généraux" de l'annuaire. On peut s'inscrire en personne ou par correspondance et se procurer les formules d'inscription et de décharge au bureau de la session d'été.

Les étudiants étrangers voudront bien consulter la rubrique qui les concerne, page

SERVICES AUX ÉTUDIANTS

RÉSIDENCES

Le campus du centre-ville de McGill dispose d'environ 1,000 places en résidence pour les étudiants et les étudiantes. On peut se procurer les formules de demande de logement au bureau de la session d'été, ou encore au

Business Office
Bishop Mountain Hall
3935, rue University
Montréal, (PQ), H3A 2B4

La formule de demande de logement donne tous les renseignements nécessaires sur la manière de la remplir et l'adresse où l'expédier.

On distribue aux étudiants qui font une demande de logement une brochure qui donne tous les détails pertinents. Les frais de logement, pour les étudiants de la session d'été, s'élèvent à $70 par semaine, réglables à l'avance. L'étudiant disposera

d'une chambre pour une personne, literie et serviettes comprises, et aura droit aux repas des cinq jours de semaine. Pendant les week-ends, les repas se paient comptant. Une caution de $20 doit être acquittée au moment de la demande. Cette somme est remboursée intégralement à l'étudiant au moment du départ lorsqu'il rend sa clé, pourvu que la direction ait constaté qu'il n'a causé aucun dommage volontaire.

Les règles énoncées ci-dessus ne s'appliquent qu'aux étudiants inscrits à la session d'été.

L'étudiant logeant en résidence devra libérer sa chambre dans un délai de 12 heures suivant la fin de son inscription à la session d'été.

BIBLIOTHÈQUES

Les étudiants de la session d'été ont accès aux bibliothèques de l'université. On trouvera ci-dessous la liste des bibliothèques, leurs adresses et numéros de téléphone. Comme les services et les horaires d'été varient d'une bibliothèque à l'autre, il est préférable de se renseigner avant de se rendre à une bibliothèque donnée. La "Undergraduate Library" (bibliothèque des étudiants du premier cycle) offre des services de prêt et de consultation sur place; il en est de même de la bibliothèque McLennan, qui renferme la collection de recherches en lettres et sciences sociales.

Lettres et sciences sociales

HORAIRE D'ÉTÉ DE LA LIBRAIRIE EN 1977

La librairie de l'université McGill, située dans le pavillon Bronfman, 1001, rue Sherbrooke ouest, sera ouverte de 10h à 16h30, du lundi au vendredi. Elle sera fermée le samedi.

STATIONNEMENT

Un nombre restreint d'étudiants de la session d'été seront autorisés à stationner leur voiture dans les espaces réservés à cette fin sous réserve d'en acquitter les frais et de se conformer aux règlements. Les permis seront disponibles au bureau du stationnement, situé 840, rue McGregor, le 9 mai et le 31 mai de 13h à 16h30. Les 4 et 26 juillet (le matin seulement), on pourra se procurer les permis en se présentant au foyer principal du pavillon des sciences de l'éducation, situé 3700, rue McTavish.

L'université McGill décline toute responsabilité pour les dommages occasionnés à un véhicule, ou le vol d'un véhicule ou de son contenu pendant que celui-ci se trouve sur le terrain de l'université.

Frais mensuels: $15.00

SERVICES DONT PEUVENT SE PRÉVALOIR, A TITRE FACULTATIF, LES ÉTUDIANTS DE L'EXTÉRIEUR ET À STATUT SPÉCIAL PENDANT LA SESSION D'ÉTÉ.

Services religieux
Services d'orientation
Bureau d'aide aux étudiants et d'orientation des étudiants étrangers
Services de santé
Services de logement hors-campus
Services de placement des étudiants

Les étudiants de McGill détenteurs de cartes d'identité validées des sessions d'automne et d'hiver 1976-77 ont droit aux services aux étudiants pendant l'été.

Les autres étudiants sont invités à se prévaloir de ces services pendant la session d'été. La cotisation est FACULTATIVE. Les droits (sous réserve de modification, et non remboursables) de $10 pour une partie de la session (6 semaines), ou de $15 pour les deux parties (12 semaines) donneront aux étudiants l'accès aux services suivants:

SERVICES D'AUMÔNERIE

Des services d'aumônerie, relevant des aumôniers du campus et non de l'administration, sont offerts aux étudiants. Ces services visent à répondre aux besoins de tous les étudiants et comprennent notamment l'orientation conjugale, les systèmes de valeurs et les cérémonies des divers cultes. Les aumôniers organisent des rencontres périodiques sur des thèmes religieux ou des sujets susceptibles d'intéresser les étudiants.

Les locaux du 3438, rue Peel, comprennent un salon, une chapelle et une salle de lecture où les étudiants peuvent consulter gratuitement livres et périodiques. On vous donnera avec plaisir des renseignements sur les cérémonies des divers cultes.

Adresse 3484, rue Peel
Renseignements 392-5890

SERVICE D'ORIENTATION

Ce service permet aux étudiants de toutes les facultés de venir discuter, confidentiellement, de leurs problèmes. Parmi les services offerts, citons ceux d'orientation individuelle, de groupes d'autoperfectionnement humain, d'évaluation psychologique, de tests professionnels, de cours de lecture rapide, de planification de carrières et de bibliothèque (renseignements sur les carrières).

Adresse 522, avenue des Pins ouest
Renseignements 392-5119

BUREAU D'AIDE AUX ÉTUDIANTS ET D'ORIENTATION DES ÉTUDIANTS ÉTRANGERS

La section de l'aide aux étudiants de ce bureau s'occupe de toutes les questions reliées à l'aide financière offerte par l'université, le gouvernement provincial ou le gouvernement fédéral. Les étudiants non canadiens pourront s'adresser à ce

bureau pour obtenir des certificats d'inscription et des relevés de frais de scolarité et de dépenses personnelles au cours de leur séjour à McGill à envoyer à la Commission de contrôle des devises étrangères de leur pays (Foreign Exchange Control Boards).

La section d'orientation des étudiants étrangers s'occupe de toutes les questions qui peuvent affecter les étudiants non canadiens telles que les rapports avec le ministère de la Main-d'oeuvre et de l'Immigration et l'assurance-maladie obligatoire.

Adresse	3465, rue Peel
Renseignements	392-5256

SERVICE MÉDICAL

Les heures d'ouverture du service médical sont de 9h à 16h, du lundi au vendredi.

Le personnel comprend des médecins, hommes et femmes, ainsi que des infirmières. Les étudiants qui y viennent en consultation sont priés de se munir de leur carte d'assurance-maladie ou de l'équivalent. Tous les renseignements fournis à ce service restent absolument confidentiels et ne figurent aucunement au "dossier universitaire".

De nombreux étudiants s'adressent à ces cliniques pour des problèmes ayant trait à la vie sexuelle, aux contraceptifs, aux drogues et aux maladies vénériennes. Nous pressons les étudiants qui craignent d'avoir contracté une maladie vénérienne de consulter ce service. Ceux aux prises avec des problèmes de toxicomanie sont aussi invités à s'adresser à ce service, en particulier à la section de santé mentale.

Afin d'obtenir l'assurance-maladie pour la durée de leur séjour à McGill, les étudiants canadiens des provinces autres que le Québec ont intérêt à consulter les bureaux d'assurance-hospitalisation et maladie de leurs provinces respectives avant de venir à McGill. Cette question est d'autant plus importante que les résidents des autres provinces ne sont pas couverts par le régime du Québec pendant qu'ils font leurs études à McGill. Les étudiants étrangers devront s'assurer qu'ils bénéficient d'un bon régime d'assurance-hospitalisation et d'assurance-maladie avant leur départ pour McGill, puisqu'ils n'ont pas droit au régime d'assurance-maladie du Québec.

Adresse	517, avenue des Pins ouest
Rendez-vous et bureau principal	392-5441
Section santé mentale	392-5449

SERVICE DE LOGEMENT HORS-CAMPUS

Ce service est assuré pendant toute l'année. A l'aide des ordinateurs de McGill, il maintient à jour les listes de divers types de logement dans le centre-ville et les banlieues périphériques desservies par autobus ou métro. Les étudiants qui désirent se prévaloir de ce service sont priés de se présenter en personne.

Adresse	3465, rue Peel
Renseignements	392-4554

PLACEMENT DES ÉTUDIANTS

Le Centre de main-d'oeuvre du Canada assure un service complet de placement à l'intention des étudiants à la recherche d'emplois à temps partiel, d'été ou permanent. Ce service a pour tâches principales d'inciter les employeurs à offrir aux étudiants de McGill des perspectives d'emploi aussi nombreuses que possibles, d'aider les étudiants à trouver des emplois convenables en fournissant des renseignements sur le marché du travail et en organisant des entrevues avec les employeurs éventuels, d'encourager les étudiants à se préparer pour l'avenir en étudiant eux-mêmes le marché du travail au moyen des ressources des bibliothèques, de films, de séminaires, de visites d'entreprises, d'emplois d'été et à temps partiel.

Adresse	762, rue Sherbrooke ouest
Renseignements	283-4411

Installations sportives

Les installations mises à la disposition des étudiants de la session d'été comprennent des piscines, des courts de squash et des installations d'athlétisme à l'exclusion des courts de tennis. A cause du réaménagement des vestiaires, ces installations n,ouvriront, pour la session d'été, que le lundi 6 juin 1977.

Les demandes d'adhésion, en ce qui concerne l'athlétisme, seront adressées au Bureau d'athlétisme, 475, avenue des Pins ouest. Les étudiants de la session d'été devront produire leur carte d'identité de la session d'été; on leur remettra une carte de membre, valide pour la durée désirée.

Frais:	6 semaines ou moins	$13
	6 à 10 semaines	$23

3 COURSE DESCRIPTIONS

FACULTY OF ARTS

ANTHROPOLOGY

151-224L WOMEN AND SOCIETY (3 credits.) An introduction to the comparative study of women in society. May 9 – June 17
10:30 – 12:30 daily
Mr. S. Levy

135-434L TUTORIAL IN HEBREW LITERATURE. (3 credits.) Topic for Summer, 1977: *Believers, Heretics and Critics.* Issues in the development of Biblical interpretation based on classical Jewish thought, heretical Jewish doctrines and contemporary Biblical criticism.
May 9 – May 27
13:30 – 15:30 daily
Professor B. Levy

LINGUISTICS

* **104-200L INTRODUCTION TO THE STUDY OF LANGUAGE I.** (3 credits.) The aim of this course is to acquaint beginners in Linguistics with the wide range of contemporary views on language. A core of obligatory topics deals with sound, syntax, semantics and language change. In addition to these, the student will choose other topics from a wide range of related topics.
May 9 – June 17, first class: 10:30 – 12:30
May 9 – May 27, first class: 10:30 – 12:30
May 31 – June 17, first class: 10:30 – 12:30
Texts: Modules
Professor M. Gopnick

* **104-201L INTRODUCTION TO THE STUDY OF LANGUAGE II.** (3 credits.) The aim of this course is to acquaint beginners in Linguistics with the wide range of contemporary views on language. A core of obligatory topics deals with sound, syntax, semantics and language change. In addition to these, the student will choose other topics from a wide range of related topics.
May 9 – June 17, first class: 10:30 – 12:30
May 9 – May 27, first class: 10:30 – 12:30
May 31 – June 17, first class: 10:30 – 12:30
Texts: Modules
Professor M. Gopnick

* These two Linguistics courses are offered in a "modular" format. There are no regular class meetings or formal lectures as such, but there is a pool of "independent study" units and a "resource center" where tutorial guidance is available at the hours assigned for the course. An Introductory Handbook which describes the courses in detail is available in the Bookstore.

104-205L INTENSIVE INUKTITUT (ESKIMO) FOR BEGINNERS. (6 credits.) An introduction to the basic structures of Inuktitut, with intensive drill and classroom practice in the use of the language.
N.B. To Be Given At Frobisher, N.W.T.
May 9 – May 27
Times: five to six contact hours per day.
Text: Mallon, S.T., *Inuktitut,* Phases II and III.
Pre-Sessional Reading: Mallon, S.T., *Inuktitut* Phase I.
Professor Mallon

104-241L SOCIOLINGUISTICS. (3 credits; Prerequisite: 104-200, or 104-201, or 104-230.) This course will focus on linguistic correlates, determinants, and consequences of social behaviour. Major topics will include linguistic variation, the description of speech events, the determinants of stylistic and linguistic choice, types of multilingual communities and language planning.
May 9 – May 27
13:30 – 15:30 daily
Pre-Sessional Reading: Trudgill, Peter, *Sociolinguistics,* Pelican Books, 1974.
Text: Labov, William, *Sociolinguistic Patterns,* University of Pennsylvania Press, 1972.
Professor Domingue

104-321L LINGUISTICS APPLIED TO LANGUAGE LEARNING. (3 credits; Prerequisite: 104-200, or 104-201, or 104-230.) A critical study of the application of linguistic theory and description to first and second language learning, theories of bilingualism, and the influence of contexts of acquisition.
May 9 – June 17
9:00 – 10:00 daily
Pre-Sessional Reading: Oller, J.W., Jr., and Richards, J.C., Eds., *Focus On The Learner,* Newbury House, Rowley, Mass., 1973.
Text: Greenfield, P.M. and Smith, J.H., *The Structure of Communication in Early Language Development,* Academic Press, 1976.
Professor Paradis

104-350L INTRODUCTION TO GENERAL PHONETICS. (3 credits.) An introduction to the study of human speech sounds, emphasizing articulatory and acoustic properties. Attention will be focussed

on those aspects of human speech sounds which are considered to be linguistically significant.
May 9 – May 27
10:30 – 12:30 daily
Text: Ladefoged, P., *A Course in Phonetics*, Harcourt, 1975.
Professor Piggott

104-470L INTRODUCTION TO NEUROLINGUISTICS. (3 credits; Prerequisite: 104-200, or 104-201, or 104-230.) An introduction to the neurolinguistic study of the problem of competence and performance: language storage, speech comprehension and production, reading and writing. A linguistic analysis of aphasic syndromes. A look at aphasia as evidence for linguistic theories. An investigation into the species-specificity of language: chimp and child. Modalities of language acquisition and language use, and their pathological dissolution. (N.B. no anatomy or physiology beyond High School biology is required to take this course).
May 9 – June 17
12:30 – 13:30 daily
Text: Moruszewski, Mariusz, *Language, Communication, and the Brain*, Mouton, 1975.
Professor Paradis

In addition to the introductory Linguistics courses outlined above, advanced undergraduate and graduate courses will be offered at McGill from June 20 to August 12. These will be followed by the Annual Forum of the Linguistics Association of Canada and the United States (LACUS) on campus from August 13 to 17.

These courses are also open for credit to students in McGill degree programs.

Advanced courses in the following areas will be offered between June 20 and August 12.

Applied Linguistics
Topics in Phonology
Topics in Syntax
Topics in Semantics
Topics in Historical Linguistics
Topics in Neurolinguistics
Topics in Psycholinguistics
Topics in Sociolinguistics
Introduction to Syntax
Canadian French
Studies in Eskimo Linguistics
Studies in Algonquian Linguistics
Studies in Iroquoian Linguistics
Studies in Athapaskan Linguistics

These courses are awaiting approval

Canadian Linguistics Institute
Department of Linguistics
McGill University
1001 Sherbrooke St. West
Montreal, PQ, H5A 1G5

PHILOSOPHY

107-210C INTRODUCTION TO DEDUCTIVE LOGIC I. (3 credits.) Propositional and predicate logic: formalization of arguments, truth tables, natural deduction and related topics.
July 4 – July 22
10:30 – 12:30 daily
Text: Gustason & Ulrich, *Elementary Symbolic Logic*, Holt Reinhart & Winston, 1973.
Professor Stanosz

107-354L PRESOCRATICS AND PLATO. (3 credits.) A survey course concentrating on selected texts.
May 9 – May 27
13:30 – 15:30 daily
Professor Trentman

107-355L ARISTOTLE AND LATER GREEK PHILOSOPHY. (3 credits.) A survey course concentrating on selected texts.
May 31 – June 17
13:30 – 15:30 daily
Professor Trentman

107-374L PHENOMENOLOGY. (3 credits; Prerequisite: One previous course in philosophy.) The course will explore the "Phenomenological Movement" both historically and critically. An attempt will be made to identify the nature of Phenomenology, and to contrast it with other forms of philosophy. The class will also consider the question of how Phenomenology became at some point "existential".
May 9 – May 27
10:30 – 12:30 daily
Professor di Giovanni

107-510C INTERMEDIATE LOGIC II. (3 credits; Prerequisite: 107-210 or equivalent.) Metatheory of propositional and predicate logic; deduction theorem, completeness theorem, etc... Elementary number theory.
July 26 – August 12
10:30 – 12:30 daily
Text: Hunter, *Metalogic*, Macmillan, 1975.
Professor Stanosz

POLITICAL SCIENCE

160-211C COMPARATIVE GOVERNMENT AND POLITICS. (6 credits.) This course will first examine in detail the major features and processes of the political systems of Britain, France and Germany. The course will then move to focus cross nationally on the themes of conflict and consensus in these polities. Reference will also be made to Belgium, Canada and the U.S.A.
Dates: T.B.A.
July 4 – August 12
T.B.A.

160-300L COMPARATIVE REVOLUTION. (6 credits; Prerequisite: 160-227B or permission of the Instructor.) A course dealing with the post

World War II revolutionary process in the Third World. Special attention will be devoted to the nature of the revolutionary process in the struggle for national liberation – examining those cases where this approach both succeeded and failed. Examples will be drawn in depth from Asia, Africa and Latin America. Students will be required to do a thorough case study.
May 9 – June 17
10:30 – 12:30 daily
Professor Noumoff

160-327C THE PRINCIPLES OF PUBLIC ADMINISTRATION. (3 credits.) An outline of the basic concepts employed in public administration will include organizational structure and behaviour, the concept of management and personnel development, the decision-making processes and the problems of change and innovation. The subject matter will be general although references will be made to Canadian examples.
July 26 – August 12
13:30 – 15:30 daily
Professor Nef

160-433L HISTORY OF POLITICAL AND SOCIAL THEORY III. (3 credits; Prerequisite: 160-231D.) This course will deal with the political theories which underlay the French Revolution, and with those to which it gave rise. It will begin with a discussion of the theory of Enlightenment and with a closer study of Rousseau. It will then continue with an examination of different reactions to the Revolution: those of Burke, de Maistre, and later that of de Tocqueville. It will also examine the developments of the themes launched by Rousseau and the French Revolution by the German idealists, Kant, Fichte, Hegel. Finally, it will examine the revolutionary streams which rise in this period: Marx and Marxism and anarchist thought.
May 9 – May 27
13:30 – 15:30 daily
Professor Parekh

160-434L HISTORY OF POLITICAL AND SOCIAL THEORY IV. (3 credits; Prerequisite: 160-231D.) A consideration of selected writers and themes of late 19th and 20th Century political theory. Such topics will include the theoretical foundations of scientism and technology, the existentialist revolt, the political ideas of Freud and other depth psychologists, the theoretical foundations of modern social science, elite theory and implications for democracy, and other themes in political and social theory.
May 9 – May 27
17:30 – 19:30 daily
Professor Parekh

RUSSIAN AND SLAVIC STUDIES

141-220L RUSSIAN LANGUAGE. (6 credits; Prerequisite: 141-210 or equivalent.) Intermediate reading, grammar, translation, oral practice.
May 9 – June 17
10:30 – 12:30 daily
Text: Davis and Oprendex, *Making Progress in Russian*, Wiley.
Professor Fodor

SOCIOLOGY

166-212L INTRODUCTION TO SOCIOLOGY. (3 credits.) The course offers a general survey of several selected traditions with sociology. Specifically, we shall focus on person-centered traditions (e.g. those centering on Weber and Durkeim), conceptual traditions (e.g. structural-functionalism, exchange, balance) and subject-centered traditions (e.g. family, stratification, etc.).
May 31 – June 17
10:30 – 12:30 daily
Professor Carroll

SCHOOL OF SOCIAL WORK

407-270L INTRODUCTION TO SOCIAL WORK RESEARCH. (3 credits.) Prerequisite: A University level course in statistics.) This course is intended to help students make effective use of published research reports and agency statistics, and to show them how to conduct simple research projects. It covers problem formulation, research design, data collection, analysis and interpretation, use of computer terminal, and report writing. Modular format.
May 30 – June 17
9:00 – 11:00 daily
Text: Research Modules, McGill.
Professor Neysmith

407-352L SOCIAL SERVICES IN CANADA. (3 credits.) An introduction to the programs of public social services in effect in Canada in the fields of income, housing and health. The course seeks to acquaint students with the characteristics of these programs, and with the policy issues which surround them and to enhance the students' ability to evaluate the functioning of the programs. This is a modular course. Students submit one written assignment in each of the three fields.
May 9 – June 17
11:00 – 13:00 Monday and Wednesday
Text: McGilly, F.J., *Social Services In Canada*, (10 modules), McGill, 1974.
Limited to McGill Social Work students.
Professor McGilly

407-353L INTRODUCTION TO SOCIAL WORK PRACTICE. (6 credits.) Introduction to the principles and practice of social work. Approaches to social problem identification and analysis. The role of the social worker as an agent of change or of social control. Elements of working with individuals,

groups and communities. Laboratory periods will permit the application of course content to practice.
May 9 – June 17
9:00 – 11:00 Monday through Thursday
11:00 – 13:00 Tuesday and Thursday
Limited to McGill Social Work students.
Staff

407-453L YOUTH AND YOUNG ADULTS: SOCIAL NEEDS AND SERVICES. (3 credits.) The physical, psychological and social development of youth and young adults and the relationship of such development to demands of the social environment. Emphasis is on the effects of societal change on family roles, interpersonal relationships, educational and work achievement, youth's community role, social services for youth and young adults.
May 9 – June 17
9:00 – 11:00 Monday and Thursday
Open to non-Social Work students with permission of Instructor.
Professor Dalfen

407-480L FIELD INSTRUCTION – SOCIAL WORK. (6 credits.) Supervised educational experience in social work practice integrating practice with theoretical knowledge characteristic of the selected field. Individual and group instruction.

Times: T.B.A.
Limited to McGill Social Work students.
Field Instructional Staff

407-482L SEMINAR ON SOCIAL WORK PRACTICE II. (3 credits; Prerequisite: 407-481A.) Principles of social work practice in working with individuals, families, small groups and communities. Methods of practice will be analysed from a range of settings, drawing upon student field experience. A continuation of 481A.
April 21 – June 17
11:00 – 13:00 Thursday
Limited to McGill Social Work students.
T.B.A.

407-485L TUTORIAL IN SOCIAL WORK PRACTICE. (3 credits.) Individual or small group tutorial in which students will work independently in conjunction with the Instructor. The student will undertake a major project related to the area of specialization. To be taken only with the consent of the Director.
May 9 – June 17
14:00 – 16:00 Tuesday and Thursday
Limited to McGill Social Work students.
T.B.A.

407-486L TUTORIAL IN SOCIAL POLICY. (3 credits.) Individual or small group tutorial in which students will work independently in conjunction with the Instructor. The student will undertake a major project related to the area of specialization. To be taken only with the consent of the Director.
Dates: T.B.A.
Times: T.B.A.
Limited to McGill Social Work students.
T.B.A.

407-489L HUMAN SEXUALITY IN SOCIAL WORK PRACTICE. (3 credits.) A seminar designed to provide students with an opportunity to develop beginning practice competence in dealing with problems related to human sexuality (abortion, family planning, homosexuality, etc.). Emphasis will be placed on helping students to incorporate a range of professional interventions and skills by use of case material, taped sessions and role-play. Students will be expected to share practice experiences.
May 9 – May 27
16:00 – 18:00 daily
Limited to U3 McGill Social Work and Special B.S.W. students.
T.B.A.

FACULTY OF SCIENCE

ANATOMY

504-432L RESEARCH PROJECTS. (6 credits; Prerequisite: Completion of U2 with high standing in any undergraduate, biologically oriented program in the Faculty of Science.) Summer research projects in Anatomical Sciences. A research report, plus an oral examination by a Departmental Committee will evaluate the candidate's performance. (Not open to students who have taken 504-432D) NOTE: Projects completed as summer jobs are not eligible for credit.
May 9 – August 19
Times: T.B.A.
Limited Registration
Professor Leblond

BIOLOGY

177-112L INTRODUCTION TO CELL AND MOLECULAR BIOLOGY. (3 credits.) The cell: ultrastructure, division, chemical constituents and reactions. Bioenergetics: photosynthesis and respiration. Principles of genetics and the molecular basis of inheritance. This course serves as a prerequisite for Biology 177-201D and as an alternative to CEGEP Cell Biology. Lectures, laboratory, conferences.
May 9 – May 27
Lectures: 8:00 – 10:00 daily
Labs. and Conferences: T.B.A.
Professor Southin

177-370C GENETICS OF MAN. (3 credits; Prerequisites: 177-201D, and either 177-202B or 177-274A.) A contemporary view of the genetic factors determining human characteristics, normal and abnormal.
July 4 – July 22
8:00 – 10:00 daily
Text: Fraser, F.C., and Nora, J.J., *Genetics of Man*, Lea and Febiger, 1975.
Limited Registration
Professor Preus

177-373L BIOMETRY. (3 credits; Prerequisite: 189-112 or the equivalent.) Elementary statistical methods for testing hypotheses and designing experiments in biology. Least squares procedures for fitting models in regression and analysis of variance. (Students who have, or are taking, certain equivalent statistical courses elsewhere in the University, for example, 204-204, may not take this course. A list of these equivalent courses is available in the Biology Department's Handbook.)
May 9 – May 27
Lectures: 10:30 – 12:30 daily
Labs: T.B.A.
Text: Sokal and Rohlf, *Biometry*, Freeman, 1969.
Limited Registration
Professor Prepas

177-500L ADVANCED TECHNIQUES IN CELL AND MOLECULAR BIOLOGY. (3 credits; Prerequisites: 177-301, 177-302 and permission of Instructor.) This course is intended for selected cell and molecular biology honours and graduate students. Techniques used are those involved in molecular studies of transcriptional and translational regulation in eucaryotic cells, e.g., nucleic acid and protein systhesis *in vitro, de novo* synthesis of enzymes, nucleic acid hybridization, cell fractionation and analytical methods, etc.
May 31 – June 24
9:00 – 17:00 daily, includes lectures and labs.
Limited Registration
Professor Verma

CHEMISTRY

180-212L INTRODUCTORY ORGANIC CHEMISTRY I. (4 credits; Prerequisites: Chemistry 110A and 120B or equivalent courses.) A survey of reactions of aliphatic and aromatic compounds including modern concepts of bonding, mechanisms, conformational analysis and spectra.
May 9 – June 3
8:00 – 10:00 daily
Text: Morrison and Boyd, *Organic Chemistry*, 3rd Ed., Allyn & Bacon, 1972.
Professors Ogilvie and Harpp

180-212C INTRODUCTORY ORGANIC CHEMISTRY I.
July 4 – July 29
8:00 – 10:00 daily
Text: Morrison and Boyd, *Organic Chemistry*, 3rd Ed., Allyn & Bacon, 1972.
Professor Chan and Smith

180-213L INTRODUCTORY PHYSICAL CHEMISTRY I. (3 credits; Prerequisites: Chemistry 180-110A and 120B or equivalent; Mathematics 189-120 and 121 or equivalent.) First law of thermodynamics; enthalpy, thermochemistry, bond energies. Second law of thermodynamics; the entropy and the free energy functions. Chemical and thermodynamic equilibrium states. Phase rule. Colligative properties of ideal solutions. Selected special topics which may include electrochemistry, chemical kinetics, and others.
May 9 – June 3
10:30 – 12:30 daily
Text: Barrow, G., *Physical Chemistry*, McGraw-Hill, 1973.
Professor Galley

180-222C INTRODUCTORY ORGANIC CHEMISTRY, II. (4 credits; Prerequisite: Chemistry 180-212 or equivalent.) Modern spectroscopic techniques for structure determination. The chemistry of alkyl halides, alcohols, ethers, carbonyl compound and amines; with special attention to mechanistics aspects. Special topics.
July 4 – July 29
8:00 – 10:00 daily
Text: Morrison and Boyd, *Organic Chemistry*, 3rd Ed., Allyn & Bacon, 1972, or Brown, *Organic Chemistry*, Wadsworth.
Professor Farrell

180-281C CHEMISTRY OF THE MAIN GROUP ELEMENTS. (3 credits; Prerequisites: Chemistry 110A and 120B or equivalents.) Current theories of atomic structure, chemical bonding and stereochemistry are reviewed and then applied in a systematic survey of the main group elements and their compounds, with emphasis on trends in physical and chemical properties, molecular and ionic geometries, and mechanisms of reactions. (Modular course.)
July 4 – July 22
No formal hours
First meeting: 13:30, July 4
Text: Butler, I.S., *Study guides to the chemistry of the main group elements*, Chemistry Dept., McGill.
Pre-Sessional Readings: Review of general chemistry at the collegial or freshman level.
Limited Registration
Professor Onyszchuk

180-301C MODERN INORGANIC CHEMISTRY II. (3 credits; Prerequisites: Chemistry 180-110A and 120B or equivalents.) Modern concepts of metallic bonding will be reviewed and extended to include descriptions of crystal field theory and molecular orbital theory of coordination compounds will be treated in some detail from the viewpoint of structural, chemical, mechanistic and spectroscopic behaviour.
July 26 – August 12
10:30 – 12:30 daily
Text: Cotton & Wilkinson, *Basic Inorganic Chemistry*, John Wiley, 1972.
T.B.A.

180-411C INTRODUCTION TO RADIOCHEMISTRY. (3 credits; Prerequisites: Chemistry 180-204A and 214B or equivalents.) The basic concepts of nuclear chemistry will be described mainly in a qualitative way. Such topics as forces within nuclei, theories of nuclear structure, radioactive decay, nuclear reactions and fission, particle accelerators

and reactors, radiocarbon dating, and tracer technique will be treated. (Not open to students who have taken 180-311A.)
July 4 – July 22
10:30 – 12:30 daily
Professor Hogan

180-666C SPECIAL TOPICS II. (Full Course; Prerequisites Acceptance in the Graduate School or, in very exceptional circumstances, with permission of the Department.) Critical and original studies together with a written essay, on various subjects of current interest in Chemistry.
July 4 – August 12
Times: Arrange with Department.
Professor Farrell and Staff

COMPUTER SCIENCE

308-200L INTRODUCTION TO COMPUTER SCIENCE. (3 credits; Prerequisite: 189-121 or equivalent.) Number systems, data representation, algorithm design. FORTRAN; computer methods including searching, sorting, solution of equations, numerical integration and matrix multiplication. This course is designed for students in mathematics and the physical sciences.
May 9 – May 27
10:30 – 12:30 daily
Limited Registration
Professor Anantha

308-210L COMPUTER STRUCTURE AND ASSEMBLY LANGUAGE PROGRAMMING. (3 credits; Prerequisite: 308-200 or 308-208 or 308-220.) Computer structure, machine instruction execution, addressing techniques, and digital representation of data coding and assembly systems, macro definition, program segmentation and linkage.
May 9 – May 27
10:30 – 12:30 daily
Professor Marovac

308-220L DIGITAL COMPUTING FOR STATISTICAL ANALYSIS. (3 credits; Prerequisite: One of 166-350A, 189-231A, 204-204A, or equivalent.) The course introduces the student to computers and to their uses in the solution of statistical problems. Number systems, data representation, characteristics of a high-level programming language (FORTRAN), methods of computer solution of statistical problems, random numbers, games of chance, simulation.
May 9 – May 27
13:30 – 15:30 daily
Professor Cohen

308-230L COMPUTERS IN DATA PROCESSING. (3 credits; Prerequisite: 308-200, 308-220 or equivalent programming experience.) Uses of computers for data processing: COBOL: Job control language: System utility programs including sort/merge; File processing: Comparison of languages in business oriented applications.
May 31 – June 17
10:30 – 12:30 daily
Limited Registration
Professor Burrage

GEOGRAPHY

183-311L GEOGRAPHIC ATTRIBUTES OF THE CANADIAN ECONOMY. (3 credits; Prerequisite: Geography 183-309A, or an introductory geography course, or permission of Instructor.) A geographic interpretation of the Canadian growth experience. The evolution of Canadian economic regionalism considered in relation to natural resources, agriculture, urbanism and industrialization. Some effects of the American participation in the Canadian economy. Regional disparities and contemporary urban problems. (Not open to students who have taken Geography 183-301D.)
May 9 – May 27
16:00 – 18:00 daily
Professor Thornton

183-314C INTERMEDIATE URBAN GEOGRAPHY. (3 credits; Prerequisite: Geography 183-216A or 217B or permission of Instructor.) A review of selected topics relating to urban policy making, social justice; provision of public goods; public finance; infrastructure planning and impact studies. An examination of spatial interaction analysis, including gravity and space preference models of passenger and commodity flows, shopping trips and migration flows; planning applications. An introduction to urban environmental perception.
July 4 – July 22
8:00 – 10:00 daily
Professor Wolforth

183-315L GEOGRAPHY OF TOURISM. (3 credits; Prerequisite: Introductory course in either human or physical geography or permission of Instructor.) Geographic characteristics of tourist traveling, including changing tourist attractions, touristic mobility, tourist travel components and the modern integrated tourist travel system; tourism and regional economic development, especially in Third World economics.
May 31 – June 17
16:00 – 18:00 daily
Professor Lundgren

183-202C INTRODUCTION TO GEOGRAPHICAL ANALYSIS. (3 credits.) An introduction to the application of statistical techniques to the description, analysis and presentation of spatially distributed data.
July 26 – August 12
8:00 – 10:00 daily
Professor Massam

183-404C CONTEMPORARY GEOGRAPHY. (6 credits; Prerequisites: Introductory university courses in physical and human geography.) An

analysis of the main branches of modern geography with emphasis on theoretical and methodological developments.
July 4 – August 12
10:30 – 12:30 daily
Professor Buchanan

MATHEMATICS

189-121C CALCULUS II. (3 credits; Prerequisite: 189-120.) The definite integral. Techniques of anti-differentiation. Applications. (Not open to students who have taken 189-E15, E17, 202.)
July 4 – July 22
8:00 – 10:00 daily
Professor Costley

189-203L BASIC PRINCIPLES AND METHODOLOGY OF STATISTICS I. (3 credits.) Typical examples of statistical data and the use of graphical means to summarize the data. Some basic distributions arising in the natural and behavioural sciences. The logical meaning of a test of significance with applications to single observations, sums, differences, and means. The analysis of categorical and frequency data. The interrelation of two variables. The use of correlation coefficients as exploratory tools. (This course is intended for students in all disciplines and is not open to students in Major Mathematics. Not open to students who have taken or are taking 189-324. No calculus prerequisites)
May 9 – May 27
10:30 – 12:30 daily
T.B.A.

189-221C ANALYTICAL GEOMETRY AND VECTORS. (3 credits; Prerequisite: 189-121.) Vectors, lines and planes, coordinate systems in three dimensions, inner products, quadric surfaces, vector-valued functions. Applications. (Not open to students who have taken 189-E21.)
July 4 – July 22
10:30 – 12:30 daily
T.B.A.

189-222C CALCULUS III. (3 credits; Prerequisite: 189-221.) Infinite Series. Length, curvature; partial differentiations, multiple integration and applications. (Not open to students who have taken 189-E22.)
July 26 – August 12
10:30 – 12:30 daily
Professor Vermes

189-245C LINEAR ALGEBRA I. (3 credits.) Simultaneous linear equations and inequalities. Matrices. Linear dependence, rank and inverse. Trace and determinant. Partitioning into blocks. Quadratic forms, positive definite and semidefinite matrices. Orthogonal matrices. Characteristic roots and vectors, similarity of matrices. (Not open to students who have taken 189-223, 224, 247.)
July 4 – July 22
13:30 – 15:30 daily
Professor Roth

189-315C DIFFERENTIAL EQUATIONS I. (3 credits; Prerequisite: 189-222.) First order ordinary differential equations. Linear equations with constant coefficients. Laplace transform. Series solutions. (Not open to students who have taken 189-325.)
July 26 – August 12
8:00 – 10:00 daily
T.B.A.

PHYSICS

198-102L ELECTROMAGNETISM. (4 credits; Prerequisites: 198-101, 189-120.) For Biological Sciences and Pre-Medical Students. Electric field and potential. D.C. circuits and measurements. Capacitance. Magnetic field and induction. Semi-conductor devices and their application. Feedback and control systems. Electromagnetic waves. This course, together with 198-101, satisfies (a) physics requirements for Medical School; (b) minimum B.Sc. requirements for post-matriculation Physics.
May 31 – June 24
Lectures: 8:00 – 10:00 Monday through Thursday
Labs.: 10:30 – 12:30 Monday through Thursday
T.B.A.

198-110C MECHANICS & ELECTROMAGNETISM. (3 credits; Prerequisites: 198-101 and 102; 189-120; Prerequisite or co-requisite: 189-121.) This course is intended for those students who have completed nine collegial credits of physics in Health Sciences or the equivalent and now wish to transfer into Physical Sciences or Engineering at McGill. It includes the elements of mechanics and electromagnetism treated with the use of calculus.
July 4 – July 22
10:30 – 12:30 daily
T.B.A.

198-122L ELECTRICITY & MAGNETISM. (3 credits; Prerequisites: 198-121, 189-121.) The basic laws of electromagnetism; electrical measurements; direct current circuits.
May 31 – June 17
10:30–12:30 daily
Five Laboratory Periods T.B.A.
T.B.A.

PSYCHOLOGY

204-201C BASIC ISSUES IN PSYCHOLOGY. (6 credits.) This course deals with the social and biological basis of motivation, emotion, perception, learning and thinking with special emphasis on the nature of man and his relation to society. (Not open to students who have taken 204-200.)
May 9 – June 17
10:30 – 12:30 daily
Professor Corballis

204-204L INTRODUCTION TO PSYCHOLOGICAL STATISTICS. (3 credits.) The statistical analysis of psychological data, frequency distributions,

graphic representation, measures of central tendency and variability, elementary sampling theory and tests of significance.
May 9 – May 27
8:00 – 10:00 daily
Text: Ferguson, G. A., *Statistical Analysis in Psychology and Education*, 4th Ed., McGraw Hill, 1976.
Professor Lewis

204-211L LABORATORY METHODS IN PSYCHOLOGY. (3 credits; Prerequisite: An introductory course in Psychology.) Training in laboratory methods is given by requiring students to prepare and present demonstrations of psychological experiments.
May 9 – May 27
8:00 – 10:00 daily
Text: Johnson, H.H. and Solso, R.L., *An Introduction to Experimental Design in Psychology: A Case Approach*, Harper and Row, 1971.
Professor Donderi

204-300L MOTIVATION I. (3 credits; Prerequisite: An introductory course in Psychology.) Motivation is considered in terms of the internal and external factors which act to direct behaviour. Basic principles of motivation are developed, based on material from human and animal behaviour. As the emphasis is on the evolutionary development of the principles, most of the material considered is based on the animal literature.
May 9 – May 27
8:00 – 10:00 daily
Text: Buck, Ross, *Human Motivation and Emotion*, Wiley.
Professor White

204-301L LEARNING I. (3 credits; Prerequisite: An introductory course in Psychology.) A survey of contemporary approaches to research on learning. Topics will include historical background, theories of learning, biological limits, and the application of learning paradigms to practical problems.
May 9 – May 27
10:30 – 12:30 daily
Professor Baker

204-302L PERCEPTION I. (3 credits; Prerequisite: An introductory course in Psychology.) An introduction to the basic phenomena and problems of perception and sensory psychology. Specific topics include: an introduction to psychophysics; the coding of perceptual attributes such as colour, depth, motion, loudness and pitch; the nature of perceptual constancies, illusions and aftereffects; the role of set and other cognitive influences on perception.
May 9 – May 27
10:30 – 12:30 daily
PROFESSOR MARLEY

204-303L THINKING. (3 credits; Prerequisite: An introductory course in Psychology.) An introduction to the study of higher mental processes. Topics such as: development of thought and language, problem solving, concept formation, imagery, artificial intelligence.
May 31 – June 17
10:30 – 12:30 daily
Professor Marley

204-304L CHILD PSYCHOLOGY. (6 credits; Prerequisite: An introductory course in Psychology.) A study of current theory and knowledge about psychological processes in children, with particular attention to the development of intelligence, language, and social behaviour.
May 9 – June 17
10:30 – 12:30 daily
Texts: Mussen, Conger and Kagan, *Child Development and Personality*, 4th Ed., Harper and Row; Mussen, Conger and Kagan, *Basic and Contemporary Issues in Developmental Psychology*, Harper and Row.
Professor Schultz

204-330C INTRODUCTION TO SOCIAL PSYCHOLOGY. (3 credits; Prerequisite: An introductory course in Psychology.) Introduction to basic concepts and theories in the area of social cognition, attitudes and interpersonal processes.
July 4 – July 22
10:30 – 12:30 daily
T.B.A.

204-332C INTRODUCTION TO PERSONALITY. (3 credits; Prerequisite: An introductory course in Psychology.) A broad survey of theories of personality. The student is introduced to most of the major theoretical positions.
July 4 – July 22
10:30 – 12:30 daily
Professor McCall

204-337L INTRODUCTION TO ABNORMAL PSYCHOLOGY. (3 credits; Prerequisite: An introductory course in Psychology.) A survey of the genetic, physiological and enviromental origins of intellectual and emotional disorders.
May 9 – May 27
10:30 – 12:30 daily
Text: Zax, Melvin and Cohen, Emory, *Abnormal Psychology - Changing Conceptions*, Holt, Rinehart and Winston, 1976.
Professor Piper

204-338L BEHAVIOUR PROBLEMS. (3 credits; Prerequisite: Psychology 204-337.) An introduction to psychotic behaviour problems, character disorders, experimental methods of pathology and behaviour modification.
May 31 – June 17
8:00 – 10:00 daily
Text: Zax, Melvin and Cohen, Emory, *Abnormal Psychology - Changing Conceptions*, Holt, Rinehart and Winston, 1976.
Professor Gutbrodt

204-433C SELECTED TOPICS IN PERSONALITY. (3 credits; Prerequisite: Psychology 204-332.) An intensive study of the behavioural approach to

personality. The emphasis is on a functional approach to personality.
July 26 – August 12
10:30 – 12:30 daily
Professor McCall

204-457L PSYCHOLOGICAL PROBLEMS OF THE PHYSICALLY HANDICAPPED CHILD. (3 credits; Prerequisite: An introductory course in Psychology.) This course will be concerned with the psychological development of deaf and physically handicapped children.
May 9 – May 27
16:00 – 18:00 daily
Professor MacDougall

204-506L FIELD STUDY OF PRIMATE BEHAVIOUR. (6 credits; Prerequisites: Psychology 204-306A or Biology 177-592B; Psychology 204-305 or Biology 177-373B; and permission of Instructor. Recommended Prerequisites: Anthropology 151-203B, Biology 177-315B, 177-352A, 177-394B.) AWAITING APPROVAL. **A field course held in early summer at the Behavioural Science Foundation primate station on St. Kits.** Course will cover taxonomy, evolution, ecology, interspecific relations, communication, dominance, sexual behaviour, parent-offspring interactions, development, agression, tool-use and social organization. Field and laboratory practica will be conducted concurrently, covering research planning, observational methods, data analysis, as well as animal handling and care.
May 9 – June 17
Times: T.B.A.
Pre-Sessional Readings: Jolly, *The Evolution of Primate Behaviour;* Quaitt, *Primates on Primates;* Struhsaker, *Behaviour of Vervet Monkeys.*
Limited Registration
Professor Cummins

FACULTY OF AGRICULTURE

Registration at Macdonald College for summer Agriculture courses will be permitted any time up to and including the first day of lectures of each course. Registration for these courses will be at the Registrar's Office, Macdonald College, Ste. Anne de Bellevue, Québec.

These Agriculture courses will be offered at Macdonald College, which is located 25 miles west of McGill (Montreal) in Ste. Anne de Bellevue. There will be residence space available on the Macdonald College campus. Please contact the Residence Business Office, Macdonald College, Ste. Anne de Bellevue, Québec H0A 1C0, for residence information.

The registration procedure is in all ways identical to that outlined in the registration section of this announcement. Students from other faculties wishing to attend one or more of the courses offered by the Faculty of Agriculture may, after securing the appropriate authorization, register in the Summer Session Office or in Redpath Hall if it is more convenient for them.

AGRICULTURAL ENGINEERING

* **336-214L SURVEYING.** (2 credits; Prerequisite: High School or CEGEP Trigonometry.) Use of engineer's tape, level, transit, plane table, hand level, and compass for land measurement, differential levelling, topographic mapping, surveying computations and preparation of plans.
April 25 – May 6
8:30 – 17:00 includes lectures, labs, and field work
Text: Breed C.B., *Surveying,* John Wiley & Sons.
Limited Registration
Professor Broughton

* Students intending to attend 336-214L SURVEYING may register up to and including April 25 either at Macdonald College (Registrar's Office, Main Building) or at the Summer Session Office (McGill Campus). A non-refundable late fee of $10.00 will be charged on April 26 and 27. No registrations will be accepted after April 27 for this course.

AGRONOMY

340-350C EXPERIMENTAL METHODS IN AGRONOMY. (2 credits; Prerequisite: CEGEP Science or equivalent.) Techniques of handling agronomic plants for food and feed under experimental conditions in the field, greenhouse and controlled environment rooms. Crop hybridization. Planning and preparing test plots. Establishing, managing, harvesting and processing crop research materials. Recording and analysing data from crop measurements. Preparation of reports.
July 4 – July 16
8:00 – 9:00 and 13:00 – 14:00 daily
Labs: T.B.A.
Limited Registration
Professor Klinck and Staff

BIOLOGY

344-205L PRINCIPLES OF ECOLOGY. (3 credits; Prerequisite: Some background in Biology.) Ecological principles will be discussed at the level of the individual, the population and the community. A Field Laboratory on collecting methods in animal ecology.
May 9 – May 27
10:30 – 12:30 daily
Text: Kormondy, E.J., *Concepts of Ecology,* Prentice-Hall, 1969.
Limited Registration
Professor Stewart

ECONOMICS

334-200C PRINCIPLES OF ECONOMICS I. (3 credits.) To introduce students to Canada's economic system, and the application of economic and management principles within the firm, household or organization. Emphasis throughout is on problem-solving and decision-making by the conscious application of a systematic body of knowledge to individual and firm problems.
July 4 – July 22
10:30 – 12:30 daily
Professor Mutch

334-231L ECONOMICS OF AGRICULTURE. (3 credits; Prerequisite: Economics 334-200 or equivalent.) To develop an understanding of the structure and scope of Canada's Agriculture - food system, the principles of operation and financing its components, linkages, functions. Focus to be on management of the various components and the entire system, types of problems confronted now and in the future.
May 9 – May 27
10:30 – 12:30 daily
Professor Appleton

334-333L RESOURCE ECONOMICS. (3 credits; Prerequisite: Economics 334-200 or equivalent.) To develop an understanding of the role of resources in the environment, use of resources, and management of economic resources within the firm or organization. Again the focus is to be on problem-solving, case studies involving private and public decision-making in organizations.
May 9 – May 27
10:30 – 12:30 daily
Professor Moncrieff

HORTICULTURE

358-332C LANDSCAPE ARCHITECTURE. (3 credits.) Description, characteristics, and identification of ornamental plants, nursery practices and care of plant material; brief history of gardens and architecture; landscape design, plans, sketches, drafting, construction specifications, as applied to rural and urban homes, estates, parks and playgrounds, etc.
July 26 – August 12
13:30 – 15:30 daily
Limited Registration
Professor Perron

RENEWABLE RESOURCES

372-230C PHYSICAL ENVIRONMENT. (3 credits.) Description of soils, geomorphology and landscape, organic matter, water and nutrients. Hydrologic cycle, surface drainage, ground water, water quality. Energy balance, evaporation, micro-climate, meteorological records.
July 4 – July 22
8:00 – 10:00 daily
Text: Bockman and Brady, *Nature and Properties of Soils.*
T.B.A.

374-210C METHODS OF ENVIRONMENTAL INTERPRETATION. (3 credits.) For people interested in conducting effective field study trips; organization and operation of studies, class preparation, field methods, basic information and sources, functions of tour guides, utilization of different study areas, special problems and possibilities for follow-up class work. Field work at the Morgan Arboretum and the Gault Estate.
July 4 – July 22
10:30 – 12:30 daily
Text: Leopold Aldo, *Sand County Almanac.*
Limited Registration
Professor Fillmore

FACULTY OF ENGINEERING

CHEMICAL ENGINEERING

302-653L ADVANCED PROCESS DESIGN. Advanced techniques and concepts in the design of chemical processing plants and equipment.
May 3 – June 16
17:15 – 18:45 Tuesday and Thursday
Text: Rudd & Watson, *Strategy of Process Design.*
Professor Cooke

302-654L ADVANCED SEPARATION PROCESSES. (Half course.) AWAITING APPROVAL. Generation of separation schemes; equilibrium stages, real stages, continuous contacting models. Solution of the model equations on the computer and ensuring convergence. Examples from among evaporation, distillation, absorption, adsorption and extraction. Fortran programming required.
May 9 – June 20
17:00 – 19:00 Mondays
Professor Weber

MECHANICAL ENGINEERING

305-260L MACHINE TOOL LABORATORY. (2 credits.) Basic machine tool laboratory measurement such as length, angle, flatness, straightness surface texture, etc. Instruction in the construction function, operation and care of machine tools. Introduction to numerical control.
May 9 – May 21
9:00 – 17:00 Monday through Saturday inclusive.
Limited Registration
Mr. Muehling and Staff

305-261L MEASUREMENT LAB. (2 credits; Prerequisite: Knowledge of Fortran programming.) (Students must register before May 9th.) Basic experimental laboratory measurements, such as measurement of temperature, pressure, force, torque, small time intervals, velocity, acceleration,

flow. Criteria for selection of instruments. Introduction to automatic data acquisition and processing using the DATAC Computer Laboratory, real time programming.
May 23 – June 4
Lectures: 10:30 – 12:30
Labs.: 13:30 – 16:30
Course offered Monday through Saturday inclusive.
Text: Doebelin E.O., *Measurement Systems Application and Design*, McGraw Hill.
Limited Registration
Mr. Vroomen

305-291L GRAPHICS. (3 credits.) (students must provide personal drafting equipment.) Descriptive geometry, pictorial and working drawings and conventions. Computer graphics: simple plotting, auxiliary view and general perspective transformation, contour mapping and introduction to kinematic animation. Drafting room and computer laboratory exercises are assigned.
May 9 – May 21
9:00 – 17:00 Monday through Saturday inclusive
Pre-Sessional Reading: Levens, *Graphics*, Wiley: Chapters 1 – 10, Fundamentals and Applications of Orthogonal Projection: Chapters 11 – 16, Graphical Presentation of Data; Chapters 17 – 20, Introduction to Design.
Text: Levens, *Graphics*, Wiley, 1962 (or later).
Professor Zsombor-Murray

FACULTY OF MANAGEMENT

The Faculty of Management will schedule their examinations during the last week of lectures. The exact dates of the exams will be posted on the B.Com. Notice Board in the Samuel Bronfman Building (ground floor), and the Instructors will also announce the dates of the examinations in class.

271-213L ACCOUNTING II. (3 credits; Prerequisite: 280-211 or 280-212.) This course is intended for those who do not intend to become accounting specialists, but desire some further knowledge of the subject. The course will deal with accounting as an aid to Management in the planning and control of operations (Managerial Accounting).
May 10 – June 23
18:00 – 21:00 Tuesday and Thursday
Limited Registration
Professor Amey

271-311L FINANCIAL ACCOUNTING I. (3 credits; Prerequisite: 280-212.) A detailed examination of the problems of measurement, recording and reporting of assets and related revenues and expenses.
May 9 – June 22
18:00 – 21:00 Monday and Wednesday
Limited Registration
Professor Falk

271-312C FINANCIAL ACCOUNTING II. (3 credits; Prerequisite: 271-311.) A continuation of Financial Accounting I, examining problems of liabilities and owner's equity.
July 4 – August 17
18:00 – 21:00 Monday and Wednesday
Limited Registration
Professor Falk

273-332L COMPUTER BASED INFORMATION SYSTEMS. (3 credits; Prerequisite: 280-331.) Methodology, techniques and components of systems design and programming, with emphasis on management information systems.
May 10 – June 23
18:00 – 21:00 Tuesday and Thursday
Limited Registration
Professor Smith

275-451L MARKETING RESEARCH. (3 credits; Prerequisites: 280-352, 280-271, 280-272.) Problem definition, research design, collection of marketing information from primary, secondary and tertiary sources. Sample design; survey techniques; experimental design; coding and tabulating. Analysis of data, including statistical techniques. Marketing information systems. Product, distribution, motivation sales, etc. Research. Forecasting and planning market research for marketing decisions.
May 10 – June 23
18:00 – 21:00 Tuesday and Thursday
Limited Registration
Professor Gruber

278-382L INTRODUCTION TO INTERNATIONAL BUSINESS. (3 credits; Prerequisite: 154-200.) The course seeks to familiarize the Management student with the expanded world of the international businessman by examining the underlying concepts of international economic theory; developing a framework for examining country environmental constraints (educational, sociological, economic, political-legal) and relating them to the operations of multinational enterprise; studying the relationship between the international firm and the nation state, with particular reference to Canadian foreign ownership policies; and examining selected topics such as the role of multinational enterprise in economic development and planned economies.
May 9 – June 22
18:00 – 21:00 Monday and Wednesday
Limited Registration
Professor Gross

278-384L BUSINESS LAW. (6 credits.) Topics cover the meaning, classification and sources of law. Civil Law versus Common Law, other systems, Procedural Law, Contracts, protection of creditors, Breach of Contract, Special Contracts, Leases, Mandates, Loans Guarantees, Pledges, Proprietorship, Partnerships, Corporations, Government Regulation of Business, Labour Management Relations,

Insurance and Bankruptcy, Patents, Negotiable Instruments, Property and Taxation.
May 9 – August 17
18:00 – 21:00 Monday and Wednesday
Professor Audet

280-211L ACCOUNTING I. (3 credits.) For students not intending to specialize in the subject. An introduction to business accounting, considered as an information system serving the decision needs of investors and lenders (financial reporting).
May 10 – June 23
18:00 – 21:00 Tuesday and Thursday
Limited Registration
Professor Slopack

280-212L ACCOUNTING. (3 credits.) For students intending to specialize in the subject. An introduction to the elements of financial accounting and accounting theory.
May 9 – June 22
18:00 – 21:00 Monday and Wednesday
Limited Registration
Professor Drury

280-221C SOCIAL PSYCHOLOGY. (3 credits.) Method and theories of analysing individual and small group behaviour. Topics include person perception, social motivation, attitudes, conformity, group structure, group dynamics and leadership phenomena. Experimental approach to social behaviour is emphasized.
July 5 – August 18
18:00 – 21:00 Tuesday and Thursday
Limited Registration
Professor Schach

280-271L STATISTICS I. (3 credits; Prerequisite: 6 credits in calculus.) The course introduces the student to statistical concepts and methodology, demonstrates their application to management problems, and constitutes a foundation for further study in the subject. Topics include: descriptive statistics and statistical inference; probability theory, random processes, some important discrete and continuous probability distributions, sampling distributions, introduction to decision theory, index numbers.
May 9 – June 22
18:00 – 21:00 Monday and Wednesday
Limited Registration
Professor Teitlebaum

280-272C STATISTICS II. (3 credits; Prerequisite: 280-271.) Decision theory, hypothesis testing and estimation, goodness-of-fit tests, analysis of variance, sample surveys and experimental design, simple and multiple regression and correlation analysis, time series.
July 4 – August 17
18:00 – 21:00 Monday and Wednesday
Limited Registration
Professor Yalousky

280-323L ORGANIZATIONAL THEORY. (3 credits; Prerequisites: 280-221, 222.) The organization as a unit of analysis. Analysis of organizations as distinctive collectivities through an understanding of theories and problems of organization. Contributions of psychology, sociology and economics towards solving organizational problems of adaptation, authority and power, conflict resolution, etc.
May 10 – June 23
18:00 – 21:00 Tuesday and Thursday
Limited Registration
Professor Burnett

280-331L MANAGEMENT INFORMATION SYSTEMS I. (3 credits; Prerequisite: 189-224.) This course provides an introduction to computer systems and program flowcharting. Specific emphasis is placed on developing the ability to program (in Fortran) and utilise the resources available on the McGill time-sharing system. Problems of implementing computer systems in the organization are discussed.
May 10 – June 23
18:00 – 21:00 Tuesday and Thursday
Professor Mullen

280-331C MANAGEMENT INFORMATION SYSTEMS I. (3 credits; Prerequisite: 189-224.) This course provides an introduction to computer systems and program flowcharting. Specific emphasis is placed on developing the ability to program (in Fortran) and utilise the resources available on the McGill time-sharing system. Problems of implementing computer systems in the organization are discussed.
July 5 – August 18
18;00 – 21:00 Tuesday and Thursday
Mr. Kerklaan

280-352L MARKETING MANAGEMENT. (3 credits.) An introduction to marketing principles and management, focusing on the problems of the marketing manager in the measurement of market opportunities and the allocation of the marketing effort. Emphasis is on decision-making in a marketing context. Topics covered include: the marketing concept; marketing strategies; marketing research; buyer behaviour; product and price policies; advertising, distribution and sale force decision. The course relies on lectures, text material and case studies.
May 9 – June 22
18:00 – 21:00 Monday and Wednesday
Limited Registration
Professor Keesal

280-352C MARKETING MANAGEMENT. (3 credits.) An introduction to marketing principles and management, focusing on the problems of the marketing manager in the measurement of market opportunities and the allocation of the marketing effort. Emphasis is on decision-making in a marketing context. Topics covered include: the marketing concept; marketing strategies; marketing research; buyer behaviour; product and price policies; advertising, distribution and sales force decision. The

course relies on lectures, text material and case studies.
July 5 – August 18
18:00 – 21:00 Tuesday and Thursday
Limited Registration
Professor Kalaher

280-373L OPERATIONS RESEARCH I. (3 credits; Prerequisites: 280-271; 280-331.) The object of the course is to introduce the student to applications of mathematical model building and analysis in managerial decision-making. The student is introduced to some of the following topics: mathematical programming including linear programming and network analysis; simple stochastic processes including waiting lines and inventory systems; simulation.
May 10 – June 23
18:00 – 21:00 Tuesday and Thursday
Limited Registration
Professor Smith

FACULTY OF MUSIC

MUSIC THEORY

211-110C MELODY AND COUNTERPOINT. (3 credits; Prerequisite: McGill Preparatory Theory Secondary V or its equivalent.) A study of melody, both as a single line and in combination with other lines, through an analysis of melodies from various eras and cultures, and of two-part counterpoint, especially the styles and techniques of 20th Century counterpoint; written exercises in melody and two-part counterpoint will be required.
July 4 – July 29
10:30 – 12:30 daily
Texts: *Anthology of Melody, Counterpoint and Harmony*, Faculty of Music, McGill University, 1976; Forte, Allen, *Tonal Harmony in Concept and Practice*, 2nd Ed., Holt, Rinehart and Winston, Inc., 1974; Walton, C.W., Ed. *Music Literature for Analysis and Study*, Wadsworth Publishing Co.
Limited Registration
Professor Belkin

211-111C ELEMENTARY HARMONY. (3 credits; Prerequisite: 211-110 Melody and Counterpoint.) (Students must register by July 26, 1977.) This course will cover diatonic chords, harmonic progression, the concept and practice of tonality, simple modulation, seventh chords and secondary dominants; small forms from c. 1700 to the early 19th Century will be analyzed; written fourpart exercises will be required.
August 1 – August 26
10:30 – 12:30 daily
Texts: *Anthology of Melody, Counterpoint and Harmony*, Faculty of Music, McGill University, 1976; Forte, Allen, *Tonal Harmony in Concept and Practice*, 2nd Ed., Holt, Rinehart and Winston, Inc., 1974; Walton, C.W., Ed., *Music Literature for Analysis and Study*, Wadsworth Publishing Co.
Limited Registration
Professor Belkin

211-210C TONAL THEORY AND ANALYSIS I. (3 credits; Prerequisites: 211-110 and 211-111 and either Ear Training (Fixed Doh) 212-129 and 212-131 or Ear Training (Movable Doh) 212-128 and 212-130.) Compositional resources of Eighteenth and early Nineteenth Century music. Thorough review of elementary harmonic procedure; introduction to chromatic alteration and linear chords. Two-part counterpoint in relation to fundamental harmonic and voice-leading principles. Analysis of forms (other than the Classical sonata) common to the period c.1700-1800, including orchestral, vocal and chamber music. Stress upon written exercises in harmonization and figured bass.
July 4 – July 22
10:30 – 12:30 daily
Texts: *Faculty of Music Anthology;* Forte, Allen, *Tonal Harmony in Concept and Practice*, 2nd Ed., Holt, Rinehart and Winston, Inc., 1974.
Limited Registration
Professor Asarnow

211-211C TONAL THEORY AND ANALYSIS II. (3 credits; Prerequisites: 211-210 and either Ear Training (Fixed Doh) 212-129 and 212-131 or Ear Training (Movable Doh) 212-128A and 212-130B.) Compositional resources of early and mid Nineteenth Century music (including Chopin and Schumann). Analysis of forms common to the period c.1770-1850, including Classical sonata forms in several media, short character pieces, Lied and opera. Development toward a further refinement in understanding the interrelationships among dimensions of tonal music. Writing of short pieces for keyboard, piano and voice, string quartet.
July 26 – August 12
10:30 – 12:30 daily
Text: *Faculty of Music Anthology;* Forte, Allen, *Tonal Harmony in Concept and Practice*, 2nd Ed., Holt, Rinehart, and Winston, Inc., 1974.
Limited Registration
Professor Asarnow

211-310L MIDDLE AND LATE 19TH CENTURY THEORY AND ANALYSIS. (3 credits; Prerequisites: 211-211 and either Ear Training (Fixed Doh), 212-129 and 212-131 or Ear Training (Movable Doh) 212-128A and 212-130B.) Expanded harmonic resources of the late Nineteenth Century (e.g., foreign modulation, chromatic harmony). Analysis of characteristic small and large forms. Development of writing and analytical skills with a goal toward perceiving how levels of musical structure interact.
May 9 – May 27
10:30 – 12:30 daily
Limited Registration
Professor Steven

211-311L 20TH CENTURY THEORY AND ANALYSIS. (3 credits; Prerequisites: 211-310 and either Ear Training (Fixed Doh) 212-129 and 212-131 or Ear Training (Movable Doh) 212-128A and 212-130B.) Exploration of Twentieth Century systems of pitch organization and attitudes toward counterpoint (e.g., polytonality, modal systems, neo-classical tonality, serialism, linear counterpoint, etc.). Examination of the relationship of these systems to earlier practices. Development of written and analytical skills for the purpose of gaining insight into Twentieth Century principles and techniques.
May 31 – June 17
10:30 – 12:30 daily
Limited Registration
Professor Steven

212-229L EAR TRAINING (FIXED DOH). (2 credits; Prerequisites: 212-131 or 212-130A and Melody and Counterpoint 211-110 and Elementary Harmony 211-211.) Sightsinging of melodies from all periods involving easy modulations; two-part vocal compositions. Introduction of exercises in mixed clefs–treble, alto, tenor, and bass clefs will be employed. Aural analysis. Notation of the following from dictation: modulating melodies and non-modulating two-part counterpoint; isolated chords in four-part configuration involving all triads in root position and inversions; soprano and bass lines of four-part chorale fragments. Rhythmic dictation involving syncopation.
May 9 – June 3
18:30 – 20:00 daily
Texts: Benward, B., *Workbook in Ear Training*, Wm. C. Brown; Berkowitz, S., *A New Approach to Sightsinging*, Revised edition, W.W. Norton & Co., 1976.
Limited Registration
T.B.A.

212-231L EAR TRAINING (FIXED DOH). (2 credits; Prerequisites: 212-229 or 212-228A and Melody and Counterpoint 211-110 and Elementary Harmony 211-111.) (Students must register by May 31, 1977.) Sightsinging of melodies from all periods involving modulations to all related keys; two- and three-part vocal compositions; simple atonal melodies. Exercises in mixed clefs–treble, soprano, alto, tenor and bass clefs will be employed. Notation of the following from dictation: moderately complex modulating melodies and two-part structures; short atonal melodies; isolated chords in four-part configuration involving all triads and Mm7 and DD7 in root position and inversions; four parts of easy chorale fragments; complex rhythmic passages in all meters.
June 6 – July 1
18:30 – 20:00 daily
Texts: Benward, B., *Workbook in Ear Training*, Wm. C. Brown; Berkowitz, S., *A New Approach to Sightsinging*, Revised edition, W.W. Norton & Co., 1976.
Limited Registration
T.B.A.

212-329L EAR TRAINING (FIXED DOH). (2 credits; Prerequisites: 212-231 or 212-230A and Melody and Counterpoint 211-110 and Elementary Harmony 211-111.) Sightsinging: exercises of melodic and rhythmic complexity including modulation to all related keys; atonal melodies. Melodies in mixed clefs–treble, soprano, alto, tenor and bass clefs will be used. Advanced aural analysis. Notation from dictation: melodies involving modulation and moderately complex rhythms; two-part contrapuntal structures; isolated chords in all positions and four-part configurations; dictation of four-part chorale fragments and of unrelated tonal chord progressions.
May 9 – June 3

FACULTY OF EDUCATION

Associate Dean: Dr. R. Boulianne

PROGRAMS OF PROFESSIONAL DEVELOPMENT FOR TEACHERS

The Faculty of Education offers a selected number of undergraduate programs designed for teachers who are interested in pursuing further studies. All the programs listed below meet provincial standards in regard to the upgrading of teacher classification (Regulation No. 5).

Unless Otherwise Directed, For Admission to all the Following Programs Apply to:

Student Affairs Office
Faculty of Education
3700 McTavish Street
Montreal, PQ, H3A 1Y2
392-8899

Applications and admissions to these programs are processed at all times during the academic year and during the summer months.

BACHELOR OF EDUCATION FOR CERTIFIED TEACHERS

(Elementary Education)

This 90 credit B.Ed. degree was designed for teachers who are certified to teach in elementary schools and who wish to upgrade their qualifications and *scolarité* to degree status. Candidates may transfer a maximum of 30 credits from other institutions. This program is available on a part-time as well as on a full-time basis.

The program combines academic and professional courses. Canadidates may satisfy the professional requirements of the degree by concurrently following a 30 credit diploma program in Special Education, Reading, Educational Media, Kindergarten, or Second Language Teaching. These diploma programs are described below.

The admission requirements are: Quebec teacher certification or its equivalent; a minimum of 13 years of schooling.

Candidates enrolled in this 90 credit program must complete course work within the following general pattern:

1. Thirty (30) academic credits in five (5) subject areas relevant to elementary education: 12 credits in one subject; 9 credits in a second subject; 3 credits in each of three other subject areas. (viz: Art, English, French, Mathematics, Music, Physical Education, Science, Social Studies, Religion).

2. Fifteen (15) credits of *academic electives* chosen in consultation with departmental adviser.

3. Fifteen (15) credits as *free electives* (courses selected by candidate after consultation with departmental adviser).

4. Thirty (30) credits in a prescribed "education package" as prepared by the Faculty of Education. At the present time, these packages are available in Reading, Kindergarten, Special Education, Educational Media, and Second Language Teaching as described below.

or

Fifteen (15) credits as selected by the candidate and fifteen (15) education credits as determined by the Department of Elementary Education.

Further information regarding this program may be obtained from the office of:

Senior Adviser, B.Ed. (Cert. Teach.)
Faculty of Education
3700 McTavish Street
Montreal, PQ, H3A 1Y2
392-8871.

BACHELOR OF EDUCATION IN VOCATIONAL EDUCATION

This degree program is an addition to and continuation of the Basic Certification Program (Plan Directeur), for vocational teachers first introduced in 1973. The primary objective is to provide professional growth and development to vocational teachers in three ways:

1. By developing and improving technical competencies and business skills related to the subject matter being taught in the secondary schools (subject specialization aims).

2. By developing and improving methods of transmitting the subject matter to secondary school pupils (pedagogical aims).

3. By establishing relationships which exist between vocational specilizations and other cultural aspects of our society (cultural goals).

These needs are identified by an individual in conjunction with an adviser, taking into consideration each person's academic background, professional skills, teaching subject(s) and cultural needs.

This program is available on a part-time basis in the summer and in the evening during the fall and winter terms. Candidates may also enrol as full-time students for one-year to complete the requirements for basic certification. The balance of the program could then be completed by part-time studies.

The admission requirements are:

1. A Diploma of Collegial Studies or equivalent qualifications.

N.B. Candidates who fail to meet this requirement may be admitted under the University's Mature Admissions Policy provided they are 23 years of age or older.

2. Appropriate experiences within a trade, business or professional area corresponding to the subjects which the candidate would teach in high school

3. Candidates already teaching must possess a Legal Authorization to Teach issued by the Ministry of Education.

Note:

Candidates being admitted to the program for the *first* time commencing Summer 1977 and who hold Provisional Teaching Authorizations will be

admitted in accordance with the conditions outlined above. After successful completion of the first 30 credits of course work the candidate will be recommended for Teacher Certification.

The following four areas represent the main program components:

Subject Specialization

Courses relating to the subject(s) matter taught in the Secondary School. Includes industrial field experiences.
30 credits
(minimum of 18 in main area of specialization)

Pedagogy

Teaching methodology including psychopedagogy and field experiences.
30 credits
(Basic Teacher Certification)

Departmental Selection

Additional courses relating to either subject specialization or pedagogy at the discretion of the Program Director.
15 credits

Free Elective Courses

Courses chosen by the candidate from any course available in the University.
15 credits

Minimum Total 90 credits

Language Requirements: Candidates whose mother tongue is other than the language of instruction may be required to prove proficiency prior to recommendation for certification.

Supplies: Candidates will be required to pay the actual cost of all materials used in the construction of special projects and other assignments. Such materials will be made available at the summer school location(s).

Texts: Required texts will be available from the University Bookstore. Where possible, candidates will be notified in advance of Summer Session of any required texts for their courses.

Location: Rosemount High School
3737 Beaubien St. East
Montreal

Courses 436-495C and 436-496C
Dawson College
Selby Street Campus

QUÉBEC DIPLOMA IN SPECIAL EDUCATION

The Diploma in Special Education is required by teachers wishing to work with children who have learning and/or behavioural problems and who have been classified as exceptional children for Ministry of Education purposes. However, courses leading to the diploma have been found useful also to "regular" class teachers interested in children with learning and/or behavioural problems or physical handicaps. At present, the Québec Ministry of Education requires that a "free-flow' ' teacher have: a degree; a diploma in Special Education (if the "free-flow" assignment is in fact restricted to instruction in reading, a teacher may substitute a diploma in reading); a clinical experience that may or may not be included in the diploma work.

All eligible candidates may follow this diploma program concurrently as part of the B.Ed. for Certified Teachers.

The admission requirements are: a teacher authorization (Permit, Diploma, P.T.A., etc.) from the Québec Ministry of Education; a recommendation from a school principal or Special Education Director who has the most recent knowledge of the teacher's competence.

Students not intending to work for the diploma may take any courses for which they have an appropriate background of training and experience. However, priority will be given to teachers who have been appointed already to a Special Education assignment.

Candidates for the diploma must take courses 414-340, 414-341, 414-342, 414-343, 414-344, 414-440, 414-442 and *two* of 414-443, 414-444, 414-445, 414-446.

Beginning candidates should take 414-340, 414-341, 414-342, and 414-343 during the first summer.

Further information regarding this program may be obtained from:

Special Education Office
Faculty of Education
3700 McTavish Street
Montreal, PQ, H3A 1Y2
Telephone: 392-8809

QUÉBEC DIPLOMA IN READING INSTRUCTION

The Diploma in Reading Instruction is a 30-credit program which consists of a sequence of ten courses. This diploma program is intended to train practicing teachers in more effective developmental and corrective teaching of reading.

This program must be completed within five (5) years, that is, no course will be counted if it was completed more than five years before the completion of the last course which is to be counted toward the diploma.

All eligible candidates may follow this diploma program concurrently as part of the B.Ed. for Certified Teachers.

The admission requirements are: transcripts showing prior collegial studies; evidence of successful teaching experience; a recommendation from a school principal.

Candidates must take seven compulsory and three elective courses. The compulsory courses are: either 427-223 and 427-233 or 427-233 and 427-523; the corrective reading courses 427-224 and 427-234 or 427-234 and 427-577 (A reading instruction course at the same level is a prerequisite for a corrective reading course.); either 427-344 or 427-345; 427-533 and 427-576. The remaining three courses in the diploma sequence are to be elected by the student with the advice and consent of reading faculty members.

Further information regarding this program may be obtained from:

The Director, Reading Centre
Faculty of Education
3700 McTavish Street
Montreal, PQ, H3A 1Y2
Telephone: 392-8888

QUÉBEC EDUCATIONAL MEDIA DIPLOMA

The Educational Media program is a 30 credit program for Québec certified teachers leading to the Québec Educational Media diploma. It is designed to provide media communication skills to classroom teachers, developers of instructional materials, media coordinators and others interested in the design, production, evaluation, utilization and administration of instructional media.

The courses are offered in the evening and in the summer by the Educational Media Centre of the Faculty of Education. Students enrolled in the program are given access to the television, film, photography and other audio-visual facilities of the Centre for the production and presentation of instructional materials.

All eligible candidates may follow this diploma program concurrently as part of the B.Ed. for Certified Teachers.

The admission requirement is a teaching authorization (Permit, Diploma, P.T.A. etc.,) from the Québec Ministry of Education.

Media courses are open to non-diploma students but priority is given to Media diploma students in limited registration courses.

Candidates for the diploma must take 432-204, 432-209 and 432-405 and a minimum of 12 credits from 432-205, 432-303, 432-304, 432-306, 432-309, 432-403, 432-404, 432-406, 432-409, 432-440, 432-470. A maximum of six credits from approved courses in other programs may be taken with the advice and consent of the program director.

Further information regarding this program may be obtained from:

The Director, Educational Media Centre
Faculty of Education
3700 McTavish Street
Montreal, PQ, H3A 1Y2
Telephone: 392-8876

QUÉBEC KINDERGARTEN DIPLOMA

This Diploma Program is designed for certified elementary school teachers who wish to become Kindergarten Specialists. This 30-credit program includes courses in Child Development, Art, Music, Creative Movement and Dramatics, Teaching Methods and Materials for children of the 5-8 age group.

All eligible candidates may follow this program concurrently as part of the B.Ed. for Certified Teachers.

The admission requirements are: Québec teacher certification or its equivalent; at least 13 years of schooling.

Candidates must take the following seven compulsory courses: 414-214 (6 credits), 414-314, 427-328, 427-327, 433-312, 429-212, and 426-322. Six credits may be selected, in consultation with a departmental adviser, from the following courses: 414-340, 414-341, 414-342, 414-440, 414-441, 414-442, 414-443, 427-223, 427-224.

Program Director
Kindergarten Diploma
Faculty of Education
3700 McTavish Street
Montreal, PQ, H3A 1Y2
Telephone: 392-8898

CERTIFICATE IN SECOND LANGUAGE TEACHING

This 30-credit program is open to certified teachers who wish to specialize in the teaching of French as a second language. Applicants will be assessed on their oral and written proficiency in the language concerned.

Compulsory courses (18 credits) include an academic language or literature course, two professional courses in teaching methods and applied linguistics, and a year-round practicum to be taken when all other course work is completed.

Four elective courses (12 credits) deal with applications of psycholinguistics, sociolinguistics, evaluation, technology, etc., to second language teaching.

All eligible candidates may follow this program concurrently as part of the B.Ed. for Certified Teachers.

Anyone interested in beginning or pursuing courses leading to this Certificate should contact the Department of Education in Second Languages (392-8863) as soon as possible. Courses will be set up only if they are requested by a sufficient number of applicants. They will be offered from July 4 to August 12.

Candidates who wish to benefit from the financial advantages provided through the Ministry of Education for this program are advised to contact their local school authorities for information on procedures to be followed.

Further information regarding this program may be obtained from the office of:

The Chairman
Department of Education in
Second Languages
Faculty of Education
3700 McTavish Street
Montreal, PQ, H3A 1Y2
Telephone: 392-8863 or 8861

TEACHER CERTIFICATION PROGRAM

This program of psychopedagogy was inaugurated at the request of the Ministry of Education of Québec to serve the needs of uncertified teachers who are currently teaching in the school system.

The admission requirements are: a currently valid Québec Provincial Teaching Authorization; a contract to teach full-time in a recognized institution.

Candidates must complete 30 credits of course work selected in consultation with a program adviser according to the following pattern: an appropriate psychology (3 credits); Québec Education, including School Law (3 credits); a subject methodology (3 credits); supportive teaching strategies or second subject methodology (3 credits); field experience (6 credits); educational theory or teaching strategy electives (12 credits).

Further information regarding this program may be obtained from:

The Associate Dean, Extension
Faculty of Education
3700 McTavish Street
Montreal, PQ, H3A 1Y2
Telephone: 392-8828

DIPLOMA IN EDUCATIONAL ADMINISTRATION

This new in-service program is designed to meet the needs of educational administrators who wish to obtain further knowledge and expertise in their field. The focus for this diploma is practice and will include both practical applications and critical appraisal of present practices in educational administration. The program has been developed at the request of school administrators and is expected to appeal to both school personnel (Principals, Vice-Principals, etc) and to those engaged in other types of educational administration (school board officers, CEGEP officials, adult education directors, finance officers, etc.).

The program has been developed in a sequential manner and will be available on a part-time basis during the Summer Session and intervening evening winter sessions when enrolment permits.

The basic admission requirements include a Bachelor's degree from a recognized university and at least two years of experience as an administrator in the educational milieu.

During July and August, 1977, 411-511C (6 credits) General Administrative Practice and 411-530C(3) Administration of Education in Québec might be offered if there is sufficient demand.

Requests for further information and application materials should be directed to:

Diploma Program Director
Dept. of Educational Administration
Faculty of Education
3700 McTavish Street
Montreal, PQ. H3A 1Y2
392-8833

CERTIFICATE IN MORAL AND RELIGIOUS FORMATION

Program Director
Certificate in Moral and Religious
Formation
Faculty of Education
3700 McTavish Street
Montreal, PQ H3A 1Y2
Telephone: 392-8810 or 392-8811

FACULTY OF EDUCATION UNDERGRADUATE COURSE OFFERINGS

ACADEMIC COURSES IN EDUCATION ARE DESIGNATED BY A Ψ IN FRONT OF THE COURSE TITLES

COURSE NUMBER – The first three digits of the course number are used to designate the department or teaching unit from which the course originates. The code used is as follows:

411 – Educational Administration
414 – Educational Psychology and Sociology
415 – Catholic Studies
417 – Education in Science
426 – Education in Art
427 – Education in English
428 – Education in Mathematics
429 – Education in Music

431 – Education in Second Languages
432 – Educational Media
434 – Physical Education
436 — Technical/Vocational and Business Education

411 – EDUCATIONAL ADMINISTRATION

411-394C ADMINISTRATION OF EDUCATION IN QUÉBEC. (3 credits.) A study of the administration of schools in Québec from an historical perspective. Current issues in the administration of the Québec educational system.
July 4 – July 22
10:30 – 12:30 daily
T.B.A.

This course is intended for:
1) Extra Provincial Teachers.
2) Anyone Registered in a McGill Teacher Certification Program (Part-Time).

414 – EDUCATION IN PSYCHOLOGY AND SOCIOLOGY

414-205C SOCIOLOGY OF EDUCATION - AN OVERVIEW. (3 credits.) An introductory course designed to present students with a broad sociological perspective from which to view education and to provide background for subsequent courses in the sociology of education. Topics will include the role of education as an institution in society, the school as a social system, the role of educational personnel and the influence of social variables such as race, sex, ethnicity, and socio-economic status on teaching and learning.
July 4 – July 22
10:30 – 12:30 daily
Limited Registration

414-308C SOCIOLOGY OF THE CLASSROOM. (3 credits.) The classroom as a social system; school or class climate as it influences the learner. The socialization process; social class, racial and ethnic variations in socialization styles. Influences on learning of teacher on child's self-concept and subsequent results in terms of achievement, level of aspiration, and social mobility.
July 26 – August 12
10:30 – 12:30 daily
Limited Registration

414-314C DEVELOPMENTAL TESTING OF YOUNG CHILDREN. (3 credits; Prerequisite: 414-214 Child Development.) Guided observation of children with emphasis on developmental testing. Lectures, demonstrations and testing practicum.
July 26 – August 12
10:30 – 12:30 daily

414-340C EDUCATION OF EXCEPTIONAL CHILDREN. (3 credits.) Introduction to the education of exceptional children; characteristics, classification, needs of exceptional children; developmental and corrective programs; areas of current research.
July 4 – July 22
8:00 – 10:00 daily
Limited Registration

8:00 – 10:00 daily
Limited Registration

414-440C COGNITIVE AND PSYCHOMOTOR PROBLEMS OF EXCEPTIONAL CHILDREN. (3 credits; Prerequisites: 414-341, 414-342.) (Restricted to those holding a Teaching Certificate.) Teaching methods appropriate to individual and small group instruction to overcome a variety of learning problems. Emphasis on perceptual difficulties.
July 26 – August 12
8:00 – 10:00 daily
Limited Registration

414-441C BEHAVIOURAL PROBLEMS OF EXCEPTIONAL CHILDREN. (3 credits.) Teaching methods appropriate to the needs of pupils with emotional and behaviour problems. Methods presented will include modification techniques.
July 26 – August 12
10:30 – 12:30 daily
Limited Registration

414-442C PSYCHOLOGY OF LEARNING PROBLEMS. (3 credits.) The Learning Process: personality development; perceptual dysfunction, behaviour disorders and other handicapping conditions related to learning.
July 4 – July 22
10:30 – 12:30 daily
Limited Registration

414-443C SCHOOL-HOME-COMMUNITY RELATIONS IN SPECIAL EDUCATION. (3 credits.) Influence of home and community on the child, teacher-parent interviews, reporting, co-operation with hospital clinics, other professionals, etc.
July 26 – August 12
8:00 – 10:00 daily
Limited Registration

414-446C SPECIAL TOPICS IN THE EDUCATION OF EXCEPTIONAL CHILDREN. (3 credits.) (Students may not take more than one section.)

Section 01: Various Concepts of Schizophrenia and Educational Intervention.
July 4 – July 22
8:00 – 10:00 daily
Limited Registration

Section 02: Behaviour Modification Techniques in the Classroom.
July 26 – August 12
8:00 – 10:00 daily
Limited Registration

Section 03: Disadvantaged Children.
July 26 – August 12
10:30 – 12:30 daily
Limited Registration

415 – CATHOLIC STUDIES

Ψ **415-204C MAN BEFORE REALITY.** (3 credits.) An exploration of the real in its being and its becoming, in its principles and its causes, in its unity and its diversity, in its truth and its goodness.
July 4 – July 22
8:00 – 10:00 daily
PROFESSOR PINTO

Ψ **415-209C THE SEARCH FOR AUTHENTICITY.** (3 credits.) An exploration of contemporary man's search for himself and his God as reflected in the lives and writings of such persons as: Daniel Berrigan, Mohands Gandhi, Herman Hesse, and Elie Wiesel.
July 4 – July 22
10:30 – 12:30 daily
Limited Registration
Professor Lawlor

July 26 – August 12
8:00 – 10:00 daily
Professor Jeffery

Ψ **415-394C PHILOSPHY OF GOD.** (3 credits; Prerequisite: 415-204 or 415-208.) Starting with man's experience of being, an exploration of fundamental truths concerning the existence of and the nature of God. The study draws extensively upon the thought of St. Thomas Aquinas and considers such basic issues as freedom and evil in relation to the knowledge and goodness of God.
July 26 – August 12
10:30 – 12:30 daily
Professor Pinto

Ψ **415-495C THE EUCHARIST.** (3 credits.) Biblical concepts of convenant and convenant rites, especially of shared blood and shared food, studies in relation to significance of the Last Supper. Christ as convenant; Eucharist as convenant meal and its meaning in the modern context.
July 4 – July 22
8:00 – 10:00 daily
Professor Tambrun

417 – EDUCATION IN SCIENCE

Ψ **417-241C BACKGROUND SCIENCE FOR ELEMENTARY SCHOOL TEACHERS.** (3 credits.) (Students who have taken science courses at CEGEP level are *not* permitted to take this course.) This course presents science as a means of exploring and explaining our environment. A study of

some of the fundamental concepts common to most elementary programs.
July 4 – July 22
8:00 – 10:00 daily
Limited Registration
Professor Searles

417-405C ECOLOGICAL FEATURES OF OUR NATURAL ENVIRONMENT. (3 credits.) A lecture, laboratory and field course to train elementary school teachers in the principles and practices of field biology and nature tours. The observation and identification of various organisms and a study of their ecological relationships in the web of life. Field trips.
July 4 – July 22
10:30 – 12:30 daily
Limited Registration
Professor Brennan

417-406C ECOLOGICAL PROBLEMS OF OUR ENVIRONMENT. (3 credits; Prerequisite: 417-405.) A modern study of environmental problems designed for elementary school teachers. The role of man in the web of life in relation to conservation, the population explosion, waste disposal, sewage treatment, air and water pollution, chemical and radiation pollution.
July 26 – August 12
10:30 – 12:30 daily
Limited Registration
Professor Brennan

417-532C SCIENCE CURRICULUM & INSTRUCTION – LATER CHILDHOOD. (3 credits.) A materials-centered workshop approach to teaching science to the older elementary school child. Emphasis is on design of teaching aids and application of pupil-oriented activities in the classroom.
July 4 – July 22
10:30 – 12:30 daily
Pre-Sessional Readings: First five chapters of text. Text: Carin, Arthur A., Sund, Robert B., *Teaching Modern Science*, 2nd Ed., Charles E. Merrill Publishers, 1975.
Limited Registration
Professor Searles

426 – EDUCATION IN ART

Students Taking Courses in Education in Art Must Not Undertake Other Courses at the Same Time

Ψ* **426-206L INTRODUCTION TO GRAPHICS.** (3 credits.) An introduction to some graphic techniques; a practical study in the various elementary processes, e.g. lino cuts, wood cuts, monoprints, etc. Workshop.
May 9 – May 27
9:00 – 12:00 daily
Limited Registration
Professor B. White

Ψ* **426-206C INTRODUCTION TO GRAPHICS.** (3 credits.) An introduction to some graphic techniques; a practical study in the various elementary processes, e.g. lino cuts, wood cuts, monoprints, etc. Workshop.
July 4 – July 22
9:00 – 12:00 daily – Section 01
July 26 – August 12
9:00 – 12:00 daily – Section 02
Limited Registration
Professor B. White

Ψ* **426-207L GRAPHICS II.** (3 credits; Prerequisite: Introduction to Graphics or permission of the Instructor.) Study in further graphic techniques. These may include line engraving, dry point, relief etching, intaglio and related processes. Workshop.
May 9 – May 27
9:00 – 12:00 daily
Limited Registration
Professor B. White

Ψ* **426-207C GRAPHICS II.** (3 credits; Prerequisite: Introduction to Graphics or permission of the Instructor.) Study in further graphic techniques. These may include line engraving, dry point, relief etching, intaglio and related processes. Workshop.
July 4 – July 22
9:00 – 12:00 daily – Section 01
July 26 – August 12
9:00 - 12:00 daily – Section 02
Limited Registration
Professor B. White

Ψ* **426-394L GRAPHICS III.** (3 credits; Prerequisite: Graphics II or permission of the Instructor.) Continuation of studies of graphic techniques. These may include variations of previously learned techniques, silk screen, viscosity printing, multiple plate work, etc. Workshop.
May 9 – May 27
9:00 – 12:00 daily
Limited Registration
Professor B. White

Ψ* **426-394C GRAPHICS III.** (3 credits; Prerequisite: Graphics II or permission of the Instructor.) Continuation of studies of graphic techniques. These may include variations of previously learned techniques, silk screen, viscosity printing, multiple plate work, etc. Workshop.
July 4 – July 22
9:00 – 12:00 daily – Section 01
July 26 – August 12
9:00 – 12:00 daily – Section 02
Limited Registration
Professor B. White

Ψ* **426-395L GRAPHICS IV.** (3 credits; Prerequisite: Graphics III or permission of the Instructor.) Advanced studies in various graphic media. The student will be expected to be familiar with standard processes to enable him/her to begin to develop a personal style. Workshop.

May 9 – May 27
9:00 – 12:00 daily
Limited Registration
Professor B. White

* **426-395C GRAPHICS IV.** (3 credits; Prerequisite: Graphics III or permission of the Instructor.) Advanced studies in various graphic media. The student will be expected to be familiar with standard processes to enable him/her to begin to develop a personal style. Workshop.
July 4 – July 22
9:00 – 12:00 daily – Section 01
July 26 – August 12
9:00 – 12:00 daily – Section 02
Limited Registration
Professor B. White

* **426-494L GRAPHICS V.** (3 credits; Prerequisite: Graphics IV or permission of the Instructor.) An extension of skills learned in Graphics I – IV. Techniques explored may include engraving, silk screen, relief etching, intaglio, collagraphy, dry point, combinations of printing techniques. The student will be expected to explore those areas which most closely correspond to his particular graphic style.
May 9 – May 27
9:00 – 12:00 daily
Limited Registration
Professor B. White

* **426-494C GRAPHICS V.** (3 credits; Prerequisite: Graphics IV or permission of the Instructor.) An extension of skills learned in Graphics I – IV. Techniques explored may include engraving, silk screen, relief etching, intaglio, collagraphy, dry point, combinations of printing techniques. The student will be expected to explore those areas which most closely correspond to his particular graphic style.
July 4 – July 22
9:00 – 12:00 daily – Section 01
July 26 – August 12
9:00 – 12:00 daily – Section 02
Limited Registration
Professor B. White

* **426-495L ADVANCED GRAPHICS VI.** (3 credits; Prerequisite: Graphics V or permission of the Instructor.) A further extension of skills learned in Graphics V. The student is expected to have mastered basic graphic skills and be able to work independently. A competent development of personal style, experimentation with, and control over the chosen medium is expected.
May 9 – May 27
9:00 – 12:00 daily
Limited Registration
Professor B. White

* **426-495C ADVANCED GRAPHICS VI.** (3 credits; Prerequisite: Graphics V or permission of the Instructor.) A further extension of skills learned in Graphics V. The student is expected to have mastered basic graphic skills and be able to work independently. A competent development of personal style, experimentation with, and control over the chosen medium is expected.
July 4 – July 22
9:00 – 12:00 daily – Section 01
July 26 – August 12
9:00 – 12:00 daily – Section 02
Limited Registration
Professor B. White

* Registration in the combined Graphics courses in each "term" is limited to 12 students. Please indicate section preference on either your Authorization Form, your Waiver, or your letter of permission from your home institution.

Ψ** **426-205L PAINTING II.** (3 credits; Prerequisite: Drawing 426-204.) An investigation of media tools and techniques primarily through studies of natural forms, the human figure.
May 9 – May 27
9:00 – 12:00 daily
Limited Registration
Professor Watling

Ψ** **426-304L PAINTING III.** (3 credits.) A continuation of prerequisite 205.
May 9 – May 27
9:00 – 12:00 daily
Limited Registration
Professor Watling

Ψ** **426-305L PAINTING IV.** (3 credits.) A continuation of prerequisite 304.
May 9 – May 27
9:00 – 12:00 daily
Limited Registration
Professor Watling

Ψ** **426-404L PAINTING V.** (3 credits.) A continuation of prerequisite 305.
May 9 – May 27
9:00 - 12:00 daily
Limited Registration
Professor Watling

Ψ** **426-405L PAINTING VI.** (3 credits.) A continuation of prerequisite 404.
May 9 – May 27
9:00 – 12:00 daily
Limited Registration
Professor Watling

** **Prerequisite: Permission of Instructor. The above courses constitute a painting workshop – students work at their own level. Registration in the combined Painting courses is limited to 20 students.**

Ψ **426-204C DRAWING.** (3 credits.) Development of draughtsmanship; exploration of various forms of graphic expression.
July 4 – July 22
9:00 – 12:00 daily
Limited Registration
Professor Watling

Ψ **426-209L CERAMICS II.** (3 credits; Prerequisites: 426-208A or B; 6B4-303; or permission of Instructor.) Exploration of Primitive and Raku processes.
May 9 – May 27
8:00 – 11:00 daily
Limited Registration
T.B.A.

Ψ **426-209C CERAMICS II.** (3 credits; Prerequisites: 426-208A or B; 6B4-303; or permission of Instructor.) Exploration of Primitive and Raku processes.
July 26 – August 12
8:00 – 11:00 daily
Limited Registration
Professor Studham

Ψ **426-241L BASIC ART MEDIA.** (3 credits.) A course to acquaint the student with basic art media in two and three dimensions. To provide in-depth experience in the creative process.
May 9 – May 27
8:00 – 11:00 daily
Limited Registration
Professor Tondino

Ψ **426-296L BASIC DESIGN.** (3 credits.) Exploration of the basic elements of visual art, two and three dimensional composition and constructions. Investigation of materials and the process of manipulating and relating materials.
May 31 – June 17
9:00 – 12:00 daily
Limited Registration
Professor Papke

426-322C ART CURRICULUM AND INSTRUCTION – EARLY CHILDHOOD. (3 credits; Prerequisite: Basic Art Media or Basic Design.) A workshop in teaching techniques to develop the child's visual awareness and creativity.
July 4 – July 22
8:00 – 11:00 daily
Limited Registration
Professor Benjamin

427 – EDUCATION IN ENGLISH

427-223C READING INSTRUCTION – EARLY CHILDHOOD. (3 credits; Prerequisite: teaching experience.) Methods and materials for the teaching of reading in the primary grades.
July 26 – August 12 **Professor Lucas**
8:00 – 10:00 daily – Section 01
July 26 – August 12 **Professor Amoriggi**
10:30 – 12:30 daily – Section 02
Limited Registration

* **427-224C CORRECTIVE READING INSTRUCTION – EARLY CHILDHOOD.** (3 credits; Prerequisites: 427-223 and 427-233 and permission of Program Director. Must register prior to May 1, 1977; Corequisite: 427-234C.) Reading problems at the readiness and basic decoding level presented in a practicum format covering classroom diagnosis and remediation.
July 26 – August 12
Limited Registration
Staff

427-233C READING INSTRUCTION – LATER CHILDHOOD. (3 credits; Prerequisite: teaching experience.) Methods and materials for the teaching of reading in the intermediate grades.
July 4 – July 22 **Professor Lucas**
8:00 – 10:00 daily – Section 01
July 4 – July 22 **Professor Whitton**
10:30 – 12:30 daily – Section 02
July 4 – July 22 **Professor Whitton**
8:00 – 10:00 daily – Section 03
Limited Registration

* **427-234C CORRECTIVE READING INSTRUCTION – LATER CHILDHOOD.** (3 credits; Prerequisites: Either 427-223 and 427-233 OR 427-233 and 427-523; and permission of Program Director. Must register prior to May 1, 1977; Corequisite: 427-224C or 427-577C.) Reading problems beyond the readiness and basic decoding level presented in a practicum format covering classroom diagnosis and remediation.
July 4 – July 22
Limited Registration
Staff

Ψ **427-305C EXPERIENCES IN COMMUNICATION I.** (3 credits.) Personal development of students as communicators; involvement of the imagination in individual and group projects in language and in another chosen medium of communication; analysis of experiences in projects in relation to general problems of communication.
July 4 – July 22
10:30 – 12:30 daily
Limited Registration
Professor Emery

427-328C CREATIVE MOVEMENT AND DRAMATICS. (3 credits.) Experiences in creative drama and the dynamics of movement, improvisation, creative problem solving, control and release of emotional energy.
July 26 – August 12
8:00 – 10:00 daily
Texts: Way, Brian, *Development through Drama*, Longmans; Siks, Geraldine, *Creative Dramatics*, Harper & Row.
Limited Registration
Professor Russell

Ψ **427-344C CHILDREN'S LITERATURE.** (3 credits; Prerequisite: teaching experience.) Selection and use of literature for the differing abilities and interests of elementary school students.
July 4 – August 11
13:30 – 15:30 every second day (MWF, TTh, MWF, etc.)
Professor Dolan

Ψ **427-345C LITERATURE FOR YOUNG ADULTS.** (3 credits; Prerequisite: teaching experience.) Selection and use of literature for the differing abilities and interests of high school students.
July 5 – August 12
13:30 – 15:30 every second day (TTh, MWF, TTh, etc.)
Professor Knechtel

427-523C READING INSTRUCTION – HIGH SCHOOL. (3 credits; Prerequisite: teaching experience.) Methods and materials for the teaching of reading in the high school.
July 26 – August 12
8:00 – 10:00 daily
Limited Registration
Professor Earle

427-533C INTEGRATED LANGUAGE ARTS. (3 credits; Prerequisite: teaching experience.) Methods and materials for integrating reading/writing/speaking aspects of communication instruction.
July 4 – July 22 **Professor Aulls**
8:00 – 10:00 daily – Section 01
July 4 – July 22 **Professor Nixon**
10:30 – 12:30 daily – Section 02
July 4 – July 22 **Professor Aulls**
13:30 – 15:30 daily – Section 03
Limited Registration

427-576C READING IN THE CONTENT FIELDS. (3 credits; Prerequisite: teaching experience.) An exploration of reading instruction in secondary programs in the content fields; survey of remedial and developmental reading instruction throughout the elementary and secondary schools, together with review of research in secondary reading.
July 26 – August 12 **Professor Searfoss**
8:00 – 10:00 daily – Section 01
July 26 – August 12 **Professor Searfoss**
10:30 – 12:30 daily – Section 02
Limited Registration

* **427-577C CORRECTIVE READING INSTRUCTION – HIGH SCHOOL.** (3 credits; Prerequisites: 427-233 and 427-523 and permission of Program Director. Must register prior to May 1, 1977; Corequisite: 427-234C.) Reading problems found in remedial reading classes at the high school level presented in a practicum format covering diagnosis and remediation appropriate for remedial classrooms.
July 26 – August 12
Limited Registration
Staff

Ψ **427-594C CREATIVE DRAMATICS FOR THE CLASSROOM** (3 credits.) A participatory course in creative drama and the use of improvisational techniques in the pursuit of child development.
July 4 – July 22
10:30 – 12:30 daily
Pre-Sessional Readings: Way, Brian, *Development Through Drama*, Longman s OR Slade, Peter, *An Introduction to Child Drama*, University of London Press.
Text: Hodgson and Richards, *Improvisation*, Methuen, University Paperbacks, 1966.
Limited Registration
Professor Webb-Hearsey

Ψ **427-595C IMPROVISATION AND THEATRE ARTS FOR THE CLASSROOM.** (3 credits; Prerequisite: 427-594 or equivalent courses in developmental drama or improvisation.) A course beyond the introductory level of developmental drama, to provide further perspectives on improvisation, and to include elements of performance.
July 4 – July 22
13:30 – 15:30
Pre-Sessional Readings: Hodgson and Richards, *Improvisation*, Methuen, University Paperbacks, 1966.
Text: Spolin, Viola, *Improvisation for the Theater*, Northwestern University Press, 1963.
Limited Registration
Professor Webb-Hearsey

* **READING CLINICS WILL BE HELD IN SEVERAL LOCATIONS AROUND THE PROVINCE. DATES AND TIMES WILL HAVE MINOR LOCAL VARIATIONS. BASIC SCHEDULE IS 9:00 – 13:30 FROM JULY 4 TO AUGUST 12. REGISTRATION FOR CLINICS CLOSES MAY 1, 1977. *CONTACT THE READING CENTRE DIRECTLY* (392-8888) FOR AUTHORIZATION AND DETAILS.**

428 – EDUCATION IN MATHEMATICS

Ψ **428-241C BACKGROUND MATHEMATICS FOR ELEMENTARY SCHOOL TEACHERS.** (3 credits; Prerequisite: Elementary algebra.) A course specially designed for elementary school teachers to provide the basic foundations, insight and understanding of the Québec modern elementary mathematics programs. Recommended for all elementary school teachers – an elective.
July 4 – July 22
8:00 – 10:00 daily
Text: Polis and Beard, *Fundamental Mathematics for Elementary Teachers*, Harper & Row, 1973.
Limited Registration
Professor Purdy

Ψ **428-243C BACKGROUND GEOMETRY FOR ELEMENTARY SCHOOL TEACHERS.** (3 credits; Prerequisites: 428-241 and High School Mathematics.) A course specially designed for elementary school teachers to provide the basic foundations, insight and understanding of the geometry found in the Québec Modern Elementary Mathematics programs.
July 26 – August 12
8:00 – 10:00 daily
Limited Registration
Professor Modafferi

428-445C MATHEMATICAL DEVELOPMENT IN ELEMENTARY SCHOOL CHILDREN. (3 credits; Prerequisites: 428-241, 428-243, 189-217 or equivalents.) AWAITING APPROVAL. A study of the development of mathematical thought in elementary-school-aged children. The sequencing of mathematical concepts is also analyzed. All processes are evaluated with reference to contemporary elementary mathematics curricula including those approved for use in Québec.
July 4 – July 22
10:30 – 12:30 daily
Limited Registration
T.B.A.

429 – EDUCATION IN MUSIC

429-322C MUSIC CURRICULUM AND INSTRUCTION – EARLY CHILDHOOD. (3 credits; Recommended prerequisite: Basic Musicianship suggested but not required.) Materials, methods, planning and organization of musical experiences for early childhood classes through class participation in listening, singing, playing instruments, creating, reading music and listening activities.
July 4 – August 12
9:00 - 10:00 daily
Text: Gelineau, R. Phyllis, *Songs In Action*, McGraw Hill Co., 1974.
Limited Registration
Professor Thibeault

429-332C MUSIC CURRICULUM AND INSTRUCTION – LATER CHILDHOOD. (3 credits; Prerequisite: Basic Musicianship.) Materials, methods, planning and organization of musical experiences for later childhood classes through class participation in listening, singing, playing instruments, creating music, reading music and other activities.
July 4 – August 12
10:30 – 11:30 daily
Text: Gelineau, R. Phyllis, *Songs in Action*, McGraw Hill Co., 1974.
Limited Registration
Professor Cook

431 – EDUCATION IN SECOND LANGUAGES

431-346C THE BILINGUAL CLASS II. (3 credits; Prerequisites: A high degree of French fluency. Instructor's permission.) A study of the various models of bilingual education programs for later childhood; an examination of the methods and materials used at that level to teach French language arts and to develop French language skills via the teaching of the other components of the curriculum to pupils whose mother tongue is not French; planning teaching units; observation of various types of "French immersion classes".
July 4 – July 22
13:30 – 15:30 daily
Text: Charmeux, Evelyne, *La Lecture à l'école*, Paris: Editions Edic., Edit. Hurtubise, Montréal, 1975.
Professor Plante

432 – EDUCATIONAL MEDIA

N.B. NO STUDENT MAY TAKE MORE THAN SIX CREDITS IN EDUCATIONAL MEDIA IN SUMMER SESSION.

432-204C EDUCATIONAL MEDIA I. (3 credits.) An introduction to educational media in elementary and secondary school teaching and learning situations; rationale, and underlying principles, sources, selection, production, utilization and evaluation of media.
July 4 – August 11
8:00 – 10:00 every second day
Text: Kemp, Jerrold, *Planning and Producing Audiovisual Materials*, Chandler Publishing, 1975.
Limited Registration
T.B.A.

432-205C FILM PRODUCTION AND FILM CRITICISM. (3 credits.) A study of the educational uses of motion-pictures with an emphasis on Super 8mm film production and utilization.
July 4 – August 11
13:30 – 15:30 every second day
Limited Registration
Professor Ascroft

432-209C MEDIA AND INSTRUCTIONAL DESIGN. (3 credits.) The examination and application of the systematic planning techniques necessary in the design, development and validation of effective instructional materials.
July 4 – August 11
10:30 – 12:30 every second day
Professor Ascroft

432-303C PHOTOGRAPHY. (3 credits.) An introduction to the history, utilization, research, and principles of photography as it relates to education, with an emphasis on developing the visual literacy and basic photographic techniques of teachers. The course will consist of lectures, seminars and production exercises.
July 5 – August 12
8:00 – 10:00 every second day
Limited Registration
T.B.A.

432-304C EDUCATIONAL MEDIA II. (3 credits; Prerequisite: 432-204.) A continuation of the study of Educational Media in teaching and learning with an emphasis on more complex audiovisual productions.
July 4 – August 11
10:30 – 12:30 every second day
Limited Registration
T.B.A.

432-403C PHOTOGRAPHY II. (3 credits; Prerequisite: 432-303.) A continuation of the study and application of photography in education with an emphasis on the development of intermediate level photographic skills.
July 5 – August 12
10:30 – 12:30 every second day
Limited Registration
T.B.A.

432-405C INDEPENDENT PROJECT. (6 credits; Prerequisite: Approval of the Director. Proposal deadline: June 1.) A major instructional media project undertaken by the student after consultation with the Director of the Educational Media Program.
July 4 – August 12
Times: To be determined by appointment
T.B.A.

434 – PHYSICAL EDUCATION

The department of Physical Education plans to offer two of the following courses depending on interest. The dates of the courses will be May 9 – May 27; times: either 8:00 – 10:00 daily or 10:30 – 12:30 daily.
Inquiries should be directed to the department of Physical Education, 392-4733.

434-492L PSYCHOLOGY OF MOTOR PERFORMANCE. (3 credits.)
Professor Marisi

434-493L ADMINISTRATION OF PHYSICAL EDUCATION. (3 credits.)
Professor Wilkinson

434-494L PRINCIPLES AND CURRICULUM DEVELOPMENT IN PHYSICAL EDUCATION. (3 credits.)
Professor Riley

434-495L SCIENTIFIC PRINCIPLES OF ATHLETIC TRAINING. (3 credits.)
Professors Montgomery and Walker

434-497L HISTORICAL AND COMPARATIVE ASPECTS OF PHYSICAL EDUCATION AND SPORT. (3 credits.)
Professor Riley

436 – TECHNICAL/VOCATIONAL AND BUSINESS EDUCATION

Plan Director (Basic Certificate)

First Summer

436-266C BASIC INTEGRATED STUDY IN TECHNICAL/VOCATIONAL EDUCATION. (8 credits.) An interdiciplinary approach to the theories and practices of teaching and learning in the area of Technical/Vocational Education.
July 4 – August 12
9:00 – 12:00 and 13:00 – 16:00 daily

435-235 SUPERVISED FIELD EXPERIENCE – TECHNICAL/VOCATIONAL – SECONDARY. (4 credits; Not offered in Summer Session 1977.)

Second Summer

436-267C DEVELOPMENT OF TECHNICAL/VOCATIONAL EDUCATION IN QUÉBEC. (2 credits.) A study of the trends in Vocational Education in Québec with emphasis on the period since 1945. Consideration will be given to the affects of the Federal and Provincial legislation and Ministry regulations as these relate to vocational teachers.
July 4 – August 12
9:00 – 10:00 daily

436-268C INSTRUCTIONAL TECHNOLOGY IN TECHNICAL/VOCATIONAL EDUCATION. (6 credits.) An integrated study of introductory concepts of media strategies, communications theory, and research and development in the teaching of vocational subjects. Emphasis will be placed on individual project development in each participating teacher's area of specialization.
July 4 – August 12
11:00 – 12:00 and 13:00 – 16:00 daily

436-269 INSTRUCTIONAL DESIGN IN VOCATIONAL EDUCATION. (4 credits; Not offered in Summer Session 1977.)

Third Summer

436-564C ORGANIZATION AND ADMINISTRATION OF BUSINESS EDUCATION. (6 credits.) A course designed to investigate the place of Business Education in the secondary school curriculum and to indicate to the beginning teacher the need for good planning and administration in the classroom routine and to develop an ability to evaluate various aids to the learning process.
July 4 – July 22
9:00 – 12:00 and 13:00 – 16:00 daily

436-574C ORGANIZATION AND ADMINISTRATION IN TECHNICAL/VOCATIONAL EDUCATION. (6 credits.) This course deals with the principles of effective management, safe planning, architectural considerations, material and tool control, purchasing and maintenance of equipment, student personnel, and teacher responsbilities. The student will plan an instructional area in order to develop an understanding of the principles for producing the necessary two and three dimensional visual materials required for more effective lesson presentation and curriculum development.
July 4 – July 22
9:00 – 12:00 and 13:00 – 16:00 daily

Plan de Perfectionnement

(Course offerings restricted to those in Degree Programs–Technical, Business, Home Economics.)

Business

436-261C METHODS OF TEACHING SHORTHAND. (3 credits; Prerequisite: Proof of satisfactory standing in shorthand in a college level course or equivalent with a minimum speed of 100 words per minute.) A study of instructional organization, methods and materials for teaching shorthand skills to high school pupils, development of evaluative techniques for the assessment of pupil progress.
July 4 – July 22
9:00 – 12:00 daily

436-361C METHODS OF TEACHING TRANSCRIPTION. (3 credits.) Selection, organization and presentation of materials to develop shorthand and machine transcription skills. Development of evaluative techniques used to determine instructional effectiveness in the field of transcription.
July 25 – August 12
9:00 – 12:00 daily

436-362C METHODS OF TEACHING TYPEWRITING. (3 credits; Prerequisite: Proof of satisfactory standing in typewriting in a college level course or equivalent with a minimum speed of 60 words per minute.) A study of current research findings on techniques of developing speed, accuracy, and production skills to meet business standards. Evaluative techniques to measure instructional effectiveness in the area of typewriting.
July 4 – July 22
12:30 – 15:30 daily
July 25 – August 12
12:30 – 15:30 daily

436-396C PRE-VOCATIONAL BUSINESS EDUCATION. (3 credits.) Development of methods and materials; organization of subject matter appropriate for teaching exploratory courses in Business Education at the high school level.
July 4 – July 22
12:30 – 15:30 daily
July 25 – August 12
9:00 – 12:00 daily

436-461C METHODS OF TEACHING ACCOUNTING. (3 credits; Prerequisites: Fundamentals of Accounting I and II or Accounting 280-212 and Accounting Theory 271-311 or equivalent.) Organization of knowledge and learning activities to achieve instructional objectives. Development of evaluative techniques used in determining instructional effectiveness in the field of accounting.
July 4 – July 22
9:00 – 12:00 daily
July 25 – August 12
9:00 – 12:00 daily

436-463C METHODS OF TEACHING DATA PROCESSING. (3 credits; Prerequisite: Management Information Systems I or Computer Systems or equivalent.) Organization of subject matter and learning activities to achieve instructional objectives. Includes a study of evaluative techniques and procedures to determine instructional effectiveness.
July 4 – July 22
12:30 – 15:30 daily
July 25 – August 12
12:30 – 15:30 daily

Field Experience

(Open to all Technical, Business and Home Economics candidates.)

436-278C INDUSTRIAL FIELD EXPERIENCE. (6 credits.) Orientation to and participation and/or observation in an industry or business. A study of the total operations of a selected industrial or commercial enterprise. Includes an investigation of the inter-relationship of specific parts or sub-divisions to the product produced or the services rendered. A comprehensive technical report submitted upon completion of the work-study.
Orientation: July 4 – July 8
On location in industry: July 11 – August 12
Limited Registration

436-378C FIELD EXPERIENCE IN BUSINESS AND INDUSTRY II. (3 credits.) Limited Registration.

436-379C FIELD EXPERIENCE IN BUSINESS AND INDUSTRY II. (6 credits.) Limited Registration.

436-380C FIELD EXPERIENCE IN BUSINESS AND INDUSTRY II. (9 credits.) Limited Registration. Work-study experience selected in consultation with an adviser focusing on new equipment, techniques or practices recently introduced into industry or business. The course requirements will also include the preparation and submission of a technical report.

For the courses 436-378, 379 and 380, candidates will be placed in a selected industrial or business enterprise for a period of 3 to 9 weeks (one credit per week) during any period from June to September by arrangement between the candidate and the University. Candidates seeking further information on any of these courses should direct inquiries to:

Coordinator for Field Experience Courses
Vocational Education Admissions Office
Faculty of Education
McGill University
3700 McTavish Street
Montreal, P.Q. H3A 1Y2
Telephone: 514-392-8059

Home Economics

(Open to all areas)

436-375C APPROACHES TO TEACHING HOUSING AND DESIGN. (3 credits; Recommended Prerequisite: 370-341C.) An analysis of factors influencing the choice of housing and the selection of interior furnishings. Techniques to be

used by teachers involved in the housing and design sector of the home economics curriculum.
July 4 – July 22
13:00 – 16:00 daily

381-330C CONSUMER EDUCATION I. (3 credits.) Role of the consumer in the economy; problems in modern buyer/seller relationships.
July 4 – July 22
9:00 – 12:00 daily

Technical

436-200C CONSTRUCTION DESIGN I. (3 credits.) AWAITING APPROVAL. A study of residential design through a semester project requiring planning, preliminary sketches, perspectives, working drawings, and a model of the proposed structure. Methods of implementing a residential design component in a secondary school drafting laboratory.
July 4 – July 22
13:00 – 16:00 daily

436-256C CONSTRUCTION TECHNOLOGY I. (3 credits.) AWAITING APPROVAL. A study of building material selection as related to location of structures, cost of materials, building codes, and properties of the materials. Residential construction methods, equipment, and project control. Methods of designing and building modular and experimental structures within the secondary school laboratory.
July 25 – August 12
13:00 – 16:00 daily

436-270C ENERGY TECHNOLOGY I. (3 credits.) AWAITING APPROVAL. A survey course of energy as a tool for mankind. Power sources from primitive to the most sophisticated. Construction of scale models and other teaching aids to demonstrate generation and practical utilization of energy within a secondary school workshop.
July 4 – July 22
13:00 – 16:00 daily

436-279C VEHICLE DESIGN I. (3 credits.) Design of passenger transportation vehicles through analysis of function and aerodynamics of shape. Study of vehicle body production through forming and shaping techniques.
July 4 – July 22
9:00 – 12:00 daily

436-495C MATERIALS PROCESSING III. (3 credits.) AWAITING APPROVAL. Advanced machining processes characteristic of the tool and die industry. Abrasive and chipless machining. Precision measurement, gauging, and metrology. Methods of teaching applied mathematics and science in secondary school machine shop processes.
July 4 – July 22
9:00 – 12:00 daily
Limited Registration

436-365C WOOD TECHNOLOGY II. (3 credits.) AWAITING APPROVAL. Extensive study and experimentation in one or several of the following areas: wood conversion, modified wood materials, production equipment, surface treatments, and production management. Methods of simulating industrial procedures within the secondary school laboratory.
July 25 – August 12
9:00 – 12:00 daily

436-397C PRE-VOCATIONAL TECHNICAL EDUCATION. (3 credits.) Development of methods and materials; organization of subject matter appropriate for teaching exploratory courses in Technical Education at the high school level.
July 4 – July 22
9:00 – 12:00 daily
July 25 – August 12
9:00 – 12:00 daily

436-404C LANGUAGE OF INDUSTRY III. (3 credits.) AWAITING APPROVAL. Experiments in descriptive geometry including graphical solutions of co-planer and non-coplaner force systems, bearing and slope notation of lines, geology, mining, topography and land surveying. Techniques of teaching and theory, and practice of these areas as related to secondary school drafting programs.
July 4 – July 22
9:00 – 12:00 daily

436-456C INDUSTRIAL MANAGEMENT AND PRODUCTION CONTROL. (3 credits.) Analysis of production methods, time and motion studies, plant layout and design, quality control, and management techniques in selected industrial enterprises. Simulation of industrial production methods in the secondary school.
July 25 – August 12
13:00 – 16:00 daily

436-479C VEHICLE DESIGN II. (3 credits.) AWAITING APPROVAL. Group design, construction and testing of a prototype vehicle created to solve a particular need determined by the class. Integration of power, mechanical, and electrical systems into a functioning vehicle.
July 25 – August 12
9:00 – 12:00 daily

436-496C MATERIALS PROCESSING CONTROL. (3 credits.) AWAITING APPROVAL. Principles of programmed machining. Includes tape, numerical, direct computer, and cybernetic approaches to industrial production. Techniques of adapting high school equipment to demonstrate numerical control principles.
July 4 – July 22
13:30 – 16:00 daily
Limited Registration

GRADUATE DEGREES IN EDUCATION

Eligibility

During the Summer Session 1977 (May 9 to June 17 and July 4 to August 12) graduate courses in Education will be available only to students who have been accepted either to a graduate program in Education or as a Visiting Student for a graduate course in Education.

Visiting Students

Students wishing to take courses at the graduate level in Education, but not to work towards a degree in the McGill Faculty of Education, may be considered if they fall into one of the following categories:

1. A graduate student in another McGill Faculty may take a course or courses for credit towards his degree, provided he submits a letter of permission from his Adviser in his home faculty.
2. A graduate student from another university wishing to take a course or courses at McGill for credit at his own university may do so, provided he submits a letter of permission from the Registrar, or other responsible official of his home university.
3. A student who is not working towards a degree, but who wishes to take a course at McGill may do so providing he meets the entrance requirements for the degree and program in which the course he wishes to take is offered. A maximum of two full courses may be taken.

Application Deadlines

Applicants for programs in Counsellor Education and Educational Administration must submit their application forms and supporting documents before March 1. The submission date for all other programs is April 1.

Application forms and further information may be obtained from:

Professor R. Magnuson
Director of Graduate Studies in Education
McGill Faculty of Education
3700 McTavish Street
Montreal, PQ, H3A 1Y2

Course Registration

Students whose applications have been duly approved and are registered with Graduate Faculty for a degree should complete the GRADUATE Summer Session Course Registration form and return it with a bank draft or money order for the full tuition fee to their Program Director NOT LATER THAN JUNE 14. (Summer Session Part I not later than April 29th). Payments should be made to the order of McGill University, in Canadian funds.

Personal cheques and postdated cheques will be returned to the students. No provisions have been made for registration in person for graduate students in Education, therefore the registration dates in the Calendar of Dates in the front of this announcement are not applicable to graduate students in Education. Registration for graduate courses should be completed by June 14 (Summer Session Part I, not later than April 29th.) and any forms or cheques received after this date will be subject to the procedures for Late Registration.

Students registered for a Master of Education degree in a teaching subject must obtain approval for the courses they wish to take from both the Academic Department and from the Faculty of Education Program Director. Formal course registration must be completed with the Faculty of Education by following the steps outlined above.

A maximum of two full courses or their equivalent may be taken during a Summer Session though in some programs the maximum is one.

Fees

Students taking graduate courses in education and students in the Master of Education degrees in teaching subjects do not pay a Summer Session registration fee, nor a deposit fee, nor a laboratory fee. Tuition fees are as follows:

Half courses	approximately	..... $57.00
Full courses		..... $114.00
Monographs		..... $300.00

General Information

Graduate students in Education should consult the front section of this announcement for information concerning the following areas listed N.B.: All records for graduate students in Education are maintained in the Graduate Studies in Education Office (Room 531). Therefore wherever "Summer Session Office" appears, please substitute "Graduate Studies in Education Office."

Course Descriptions

EDUCATIONAL ADMINISTRATION

411-629L SCHOOL PERSONNEL II. (Half Course; Prerequisite: 411-612.) AWAITING APPROVAL. Selected school personnel tasks to include job analysis, job evaluation, job enlightment and differentiated staffing. Human motivation and satisfaction will be considered in relation to these personnel functions.

411-631C ADMINISTRATION OF EDUCATION IN CANADA. (Full Course; Prerequisite: 411-612.) This course is intended to provide an overview of the structures of education, federally and provincially. Organization, legislation, and provincial commission reports are studied. Comparisons and contrasts between provincial educational programs are considered, with particular emphasis on education in the Province of Québec.

411-635C FISCAL ACCOUNTABILITY FOR THE SCHOOLS. (Half Course; Prerequisite: 411-612 Principles of Educational Administration.) Consideration of the schools' responsibility to the public in maintaining high quality education within the limitations of accountability and organizational framework. Budgeting and evaluation of pupil progress will be studied as the measures of the schools' fulfilment of responsibility.

411-647C RESOURCE UTILIZATION IN EDUCATION SYSTEMS. (Half Course; Prerequisite: 411-612.) An introduction to planning – programming – budgeting systems in education. The historical development, theoretical foundations, mechanics, potentialities and limitations of this approach to resource utilization analysis and planning will be discussed with particular reference to those aspects of alternative approaches employed in a proposal for educational systems.

411-660C COMMUNITY RELATIONS IN EDUCATION. (Half Course; Prerequisite: 411-612.) The basic objectives of this course include: The development of school-community analytical skills based upon relevant sociological and political concepts and techniques; the development of skill in establishing and maintaining effective methods of school-community liaison.

411-671C PRINCIPALSHIP. (Half Course; Prerequisite: 411-612.) A study of the principalship from the perspective of role theory. Analysis of theoretical positions and the findings of recent research into the work of a school principal in terms of role conflict. Both theoretical statements and recent research related to the principalship will be considered.

411-673L LEADERSHIP THEORY AND EDUCATIONAL ORGANIZATIONS. (Half Course; Prerequisite: 411-612.) A study of past and contemporary notions of leadership. The role of the leader in organizations staffed with professionals. The relationship between leadership and personnel and organizational concepts.

411-674C ORGANIZATION THEORY AND EDUCATION. (Half Course; Prerequisite: 411-612.) A study of contemporary organization theory and the school as an organization. The interplay between structural concepts such as authority, hierarchy and centralization will be considered along with human behavior in organizations.

411-683L PRACTICUM IN ADMINISTRATION OF INSTRUCTION III. (Half Course; Prerequisite: Permission of the Department.) Planned observation of a specific aspect of administration in a school setting. Practices observed will be examined for their implication of educational systems and for their feasibility in the students' own situation.

COUNSELLOR EDUCATION

412-602C PHILOSOPHY OF GUIDANCE. (Half Course.) Philosophical foundations of guidance; history, growth, and recent trends of the guidance movement. Orientation to the field in respect to the functions, scope, organization, and administration of counselling services.

412-603C THEORIES OF PERSONALITY. (Half Course.) Study and comparison of contemporary theories of personality. Emphasis upon theories having significance for counselling and assessment principles. Recent research in personality theory.

412-604C DYNAMICS OF GROUP WORK. (Half Course.) Study of group organization, with opportunity to develop skills in group leadership. Interpretation of group interaction and typical roles played by members in groups.

412-605C INTRODUCTION TO THEORIES IN COUNSELLING. (Half Course.) Correlation and interpretation of counselling data and the study of individual cases. Emphasis on the process in counselling, the counselling relationship, and counselling techniques.

412-611C INDIVIDUAL TESTING. (Half Course.) This course is intended to make the student familiar with the individual tests in common use and to give him some degree of proficiency in their application. Special emphasis will be placed on the Binet and Wechsler scales. There will be opportunities for diagnostic testing under supervision.

412-640C ADOLESCENT DEVELOPMENT. (Half Course.) Normal development of adolescents through young adulthood. Problems and concerns of adolescence which occur with physical, social and personal development, in the context of family and school adjustment.

412-641C PSYCHOLOGICAL TESTING. (Half Course.) Theory and application of group tests appropriate for adolescents and adults. Specific instruments; intelligence, aptitude, interest and personality, analyzed in terms of basic concepts, reliability, validity, and practical utilization.

412-642C INFORMATION SERVICES IN THE SECONDARY SCHOOL. (Half Course. Procedures and systems of utilizing and communicating social, educational, and occupational information and materials. Structure of occupations; theories of vocational development.

412-662C INFORMATION SERVICES N STUDENT PERSONNEL WORK. (Half Course.) See course description for 412-642.

412-663C ORGANIZATION AND ADMINISTRATION OF SCHOOL PERSONNEL SERVICES. (Half Course.) The functions, relationships organization, and administration of guidance sevices in the secondary school and student personnel services.

412-665L PRACTICUM IN STUDENT PERSONNEL COUNSELLING. (Half Course.) Practices in counselling Adapting to counselling sessions person to person, educational, occupational, and social relationships. Practice with individual cases.

412-666L PRACTICUM IN STUDENT PERSONNEL COUNSELLING. (Half Course.) (See above).

SOCIAL FOUNDATIONS OF EDUCATION

413-627C PHILOSOPHICAL ANALYSIS AND THE PROBLEMS OF EDUCATION. (Full Course.) An examination of philosophical methods such as logical analysis; lingustic analysis and phenomenology, together with an exploration of their function in the clarification of educational issues.

413-641C COMPARATIVE STUDY OF EDUCATION IN DEVELOPING NATIONS. (Full Course.) An analysis of education in selected Asian, African

and Latin American nations with special emphasis on the role of education in nation building.

EDUCATIONAL PSYCHOLOGY

414-610C EDUCATIONAL MEASUREMENT. (Half Course; *N.B. Prerequisite* to 414-602D. THE USES OF STATISTICS IN EDUCATIONAL PROCEDURES. These courses may not be taken concurrently.) Statistical measurements in education; graphs, charts, frequency distributions, central tendencies, dispersion, correlation, and sampling errors.

414-602C THE USES OF STATISTICS IN EDUCATIONAL PROCEDURES. (Full Course.) Tests of differences and relations, analysis of variance, univariate regression, covariance, goodness of fit, scaling and redistribution of scores. Use of calculators and computers. Specific attention to research interpretation, nonparametric techniques, assigning appropriate statistical models.

NOTE:

(1) Prerequisite course: 414-610A,B EDUCATIONAL MEASUREMENT (Half Course), which may not be taken concurrently. Students who have not completed 414-610A,B or its equivalent are advised to complete this prerequisite in the session immediately preceding the session in which they register for 414-602D.

SPECIAL EDUCATION

414-642C EDUCATION OF EXCEPTIONAL CHILDREN I. (Half Course.) Introduction to programs and problems of educating handicapped or gifted children. (related and sequential with 643.)

414-643L EDUCATION OF EXCEPTIONAL CHILDREN II. (Half Course.) Introduction to programs and problems of educating handicapped or gifted children. (related and sequential half course to 414-642C)

414-645C DIAGNOSIS AND ASSESSMENT OF LEARNING PROBLEMS. (Half Course; Prerequisite: 414-610.) Principles and procedures in the education of pupil growth and achievement and in the diagnosis of the causes of poor achievement. Emphasis will be given to the use and interpretation of tests to be given by the class teacher. Reference will be made to the use by the teacher of tests given outside the classroom by guidance counsellors or psychologists.

414-646C PRACTICUM: DIAGNOSIS AND ASSESSMENT OF LEARNING PROBLEMS. (Half Course.) Practice in the administration and interpretation of individual and group tests; use of other-than-teacher test results; collection and use of other pertinent data.

414-654C PRACTICUM: INDIVIDUALIZED CURRICULA AND SPECIAL TEACHING METHODOLOGY. (Half Course.) An opportunity will be given to develop individual teaching programs for selected exceptional children. Practice will be given in the use of specialized teaching techniques.

* **414-656C CLINIC: REMEDIATION OF SELECTED LEARNING DIFFICULTIES.** (Full Course.) *Sections I and II.* Participation as special Education teacher in an interdisciplinary team; planning and carrying out of remedial programs for individual pupils, working with parents.

414-664L INTERNSHIP IV. (Half Course.) A supervised practicum with the student functioning in a leadership role or as a consultant in a (summer) learning center or equivalent setting.

414-665C SEMINAR I: REMEDIATION OF SELECTED LEARNING DIFFICULTIES. (Half Course.) Directed and independent reading as well as group discussion. Designed to assist the student develop solutions to practical problems related to Field Experience. The student's background, interests and projected professional goals will be reviewed with Adviser at beginning of course.

414-666C SEMINAR II: REMEDIATION OF SELECTED LEARNING DIFFICULTIES. (Half Course.) Sequel to 414-665. It is expected that this course will be taken concurrently with the Internship. Directed and independent study as well as group discussion are involved.

414-667C PROBLEMS IN EMOTIONAL DEVELOPMENT OF CHILDREN AND ADOLESCENTS. (Half Course.) Behavior problems will be examined from a psychodynamic perspective with application to the classroom and teacher-child relationships.

414-668C PERSONALITY THEORY IN RELATION TO THE SPECIAL CHILD. (Half Course.) This course will examine normal personality development from several theoretical viewpoints. Exceptional development will also be examined with emphasis on the learning problems which can arise out of this.

414-669C COGNITIVE DEVELOPMENT IN RELATION TO THE EXCEPTIONAL CHILD. (Half Course.) This course will deal with the cognitive development of children and adolescents and with the implications for exceptional children – special focus on language and perceptual motor development.

*At present, courses 414-656C and 414-665C include participation as a junior staff member in the Learning Centre under the direction of Dr. M.S. Rabinovitch of the Department of Psychology of McGill.

TEACHING OF READING

427-666C AND 427-667C DIAGNOSIS AND TREATMENT OF READING DISABILITY. (Two related and sequential full courses which cannot be taken separately.) Causes, diagnosis and treatment of reading disability including neurological, physiological, psychological and social factors; use of

diagnosis instruments, construction of informal diagnosis measures; observation of diagnosis and treatment in schools, clinics and hospitals; supervised individual case studies including diagnosis and treatment.

TEACHING GEOGRAPHY

183-311L GEOGRAPHIC ATTRIBUTES OF THE CANADIAN ECONOMY. (3 credits; Prerequisite: 183-309A, or an introductory geography course, or permission of Instructor.) A geographic interpretation of the Canadian growth experience. The evolution of Canadian economic regionalism considered in relation to natural resources, agriculture, urbanism and industrialization. Some effects of the American participation in the Canadian economy. Regional disparities and contemporary urban problems. (Not open to students who have taken 183-301D).

183-315L GEOGRAPHY OF TOURISM. (3 credits; Prerequisite: Introductory course in either human or physical geography or permission of Instructor.) Geographic characteristics of tourist travelling, including changing tourist attractions, touristic mobility, tourist travel components and, the modern integrated tourist travel system; tourism and regional economic development, especially in Third World economics.

183-314C INTERMEDIATE URBAN GEOGRAPHY (3 credits; Prerequisite 183-216 or 217 or permission of Instructor.) A review of selected topics relating to urban policy making, social justice; provision of public goods, public finance, infrastructure planning and impact studies. An examination of spatial interaction analysis, including gravity and space preference models of passenger and commodity flows, shopping trips and migration flows; planning applications. An introduction to urban environmental perception.

183-360C COMPARATIVE URBAN GEOGRAPHY. (3 credits.) Urban form and function taught through the analysis and contrast of the development of several cities. Techniques include quantitative analysis, field observation, and cartographic study. Cities will include two from Canada and two from outside.

183-404C CONTEMPORARY GEOGRAPHY. (6 credits.) An analysis of the main branches of modern geography with emphasis on theoretical and methodological development.

TEACHING HISTORY

430-631C SEMINAR (1) IN HISTORY TEACHING. (Full Course.) A study, analysis and evaluation of contemporary trends in the teaching of history and of their implications for classroom practice.

430-603L READING COURSE IN HISTORY TEACHING. (Full Course.) Individualized guided study of topics in the teaching of history selected according to the student's interest and teaching experiences.

TEACHING FRENCH

431-615C DIDACTIQUE INSTRUMENTALE ET ENSEIGNEMENT DU FRANCAIS. Review of the principles and applications of technology used in the teaching of French as a second language. Practice in planning, producing and evaluating audio-visual aids and techniques.

PHYSICAL EDUCATION

434-664C PSYCHOLOGY OF MOTOR PERFORMANCE. (Full Course.) Critical review of selected research in learning and sport psychology culminating in small group research and analysis. Topics for review and experimentation may include stress/anxiety, individual differences, retention, social facilitation phenomena, rate of learning and other parameters related to motor learning and performance.

434-672C EXPERIMENTAL PROBLEMS – BIOMECHANICS. (Full Course.) Introduction to the instrumentation techniques and the literature relevant to the collection of biomechanical data. Students will be expected to become competent in the operational procedures of: high speed stmulation; telemetry electromyography (EMG); on line computerized EMG; high speed motion picture cameras and film analysis. Lab materials: one roll of Kodak 4XR434 film; one roll of Kodak 1799 direct print paper.

GRADUATE COURSES IN EDUCATION 1977 SUMMER SESSION TIMETABLE

Courses: 2 hours per day
5 days per week
Monday to Friday

Summer Session (L courses)	Part 1	Full	(May 9 – June 17)
	Term 1	Half	(May 9 – May 27)
	Term 2	Half	(May 31 – June 17)
Summer Session (C courses)	Part II	Full	(July 4 – Aug. 12)
	Term 1	Half	(July 4 – July 22)
	Term 2	Half	(July 26 – Aug. 12)

The numbers of the rooms where courses will be held will be posted by the elevators on each floor and in the McTavish St., Entrance Lobby.

1 GENERAL INFORMATION

1.1 ENTRANCE SCHOLARSHIPS

In general the University's system of entrance scholarships is designed to enable good students from all parts of Canada to attend McGill. The policy of the University is to recognize and honour scholarship, and the University Scholarships Committee selects scholarship winners from among those students who have obtained or who expect to obtain *a first class academic standing.*

Every student who has been selected for an Entrance Scholarship receives an honorary $100 award. Such a student in financial need may have this amount substantially augmented. Scholarships such as the J.W. McConnell Memorial and Morris W. Wilson Memorial Scholarships will be awarded to scholars who need full tuition, board and residence. J.W. McConnell Entrance Scholarships in Science and Engineering may provide for tuition, books, board and residence or a lesser amount depending upon need.

Entrance Scholarships are open to Canadian citizens, landed immigrants with one year's residence in Canada, and graduates of Canadian high schools, colleges and other educational institutions. Entrance Scholarships are awarded only to full-time students in a program of study leading to an undergraduate degree, and applicants must be entering the First year of such a program.

Students should apply for an Entrance Scholarship by completing the Application for Entrance Scholarship. These forms may be obtained from the Admissions Office and must be submitted by March 1 for September awards and by November 1 for January awards. Students who have completed this application will be considered automatically for every entrance scholarship for which they are eligible. As many as 250 entrance scholarships may be awarded in any one academic year.

1.2 AWARDS TO McGILL STUDENTS IN COURSE

Once a student is in course at McGill all undergraduate scholarships, prizes and medals are awarded on the year-end examination results, and *no applications are required.*

The University Scholarships Committee is responsible for awarding Entrance Scholarships, University Scholarships and Special-Named Awards. The Committee is also responsible for overseeing all scholarship policy of the University and is composed of Chairmen of Faculty Scholarship Committees, representatives from the University at large and student members.

Faculty scholarships and awards are made by Faculty Scholarships Committees. Scholarships are awarded only to full-time students taking a program of study leading to a degree. However students should enquire what constitutes a full-time student in their specific faculty or school for scholarship purposes. Scholarships are awarded or renewed only if an adequate scholarship standing is attained.

Students whose University Scholarships have been renewed and who need financial assistance should apply directly to the Student Aid and Foreign Student Advisor's Office.

All awards, with the exception of prizes, are credited to the tuition fee accounts of students for the following academic year.

Students who hold a University or J.W. McConnell Scholarship (in Science or Engineering) in their final year receive a Scholarship Certificate on graduation listing all such awards held during the undergraduate program. If such a Scholarship has not been held in the final year but possibly awarded in the preceding years, these Certificates are available on request from the Scholarships Office.

Inquiries concerning undergraduate scholarships should be referred to the Scholarships Office in the Registrar's Office.

1.3 BURSARIES AND LOANS

Applications for McGill bursaries and loans should be directed to the Student Aid and Foreign Student Advisor's Office, McGill University, 3465 Peel Street, Montreal, Quebec H3A 1W7. These awards are made on the basis of financial need.

All applicants for aid are also expected to apply for maximum government grants or other assistance for which they may be eligible (see section 1). The Student Aid Office may be able to estimate the amount of such assistance and should be consulted.

1.4 PROVINCIAL BURSARIES AND LOANS

In all cases, a basic qualification is that the applicant must be a Canadian citizen or a landed immigrant with one year's residence and domiciled in the province to which he applies.

When a student applies for financial assistance from government, Canadian or non-Canadian, and when certification of the student's status is required on such an application form this certification must be obtained from the McGill Student Aid Office.

In all provinces, except Quebec, the provincial authority listed below administers the Canada Student Loan Plan (Federal) as well as their own programs. The addresses are as follows:

Quebec: Apply after May 1, at the Student Aid Office, McGill University, 3465 Peel Street, Montreal, Quebec H3A 1W7.

Ontario: Application forms for Ontario aid may be obtained after May 1 from the Ministry of Colleges and Universities, Students Awards Branch, Mowat Block, Queen's Park, Toronto, Ont. M7A 1C6.

New Brunswick: Department of Youth & Welfare, Fredericton, N.B.

Yukon Territory: The Students Financial Assistance Awards Committee, c/o Superintendent of Education, Box 2703, Whitehorse, Yukon. Y1A 2C6.

Northwest Territories: Director of Education, Government of the Northwest Territories, Yellowknife, Northwest Territories X0E 1H0

For the Provinces of Newfoundland, Prince Edward Island, Nova Scotia, Manitoba, Saskatchewan, Alberta, British Columbia: write to the Provincial Department of Education.

1.5 GENERAL REGULATIONS

1) Scholarships are awarded and bursaries and loans are granted only to full-time students in a program of study leading to an undergraduate degree.

2) Scholarships are awarded or renewed only if an adequate academic standing for scholarship recognition is attained.

3) Students who are unsatisfied with the amount of an award as decided upon by the Student Aid Office, may appeal their case to the Appeals Committee through the Scholarships Office.

Information concerning Postgraduate Fellowships, Bursaries, and Prizes is contained in a separate booklet, which may be obtained from the Fellowships Office, Faculty of Graduate Studies and Research, or the Registrar's Office.

2 ENTRANCE SCHOLARSHIPS AND BURSARIES

2.1 ENTRANCE SCHOLARSHIPS

For General Information on Entrance Scholarships, see Section 1.1.

CHRISTIE-STORER SCHOLARSHIP. – Value $500, endowed by the above-named Chapter of the I.O.D.E. in memory of the men of St. Lambert who fell in the Great War, 1914-18. Awarded to a former graduate student of Chambly County High School residing in St. Lambert who obtains the highest marks for admission to the University entering any full-time undergraduate degree course. Tenable for one year only.

CONSUMERS GLASS CO. LTD./FRANK P. JONES EDUCATION AWARDS. – Open to children or wards of employees and retired employees of Consumers Glass Company Limited for a full-time course of study in any Canadian university or college recognized by the Association of Universities and Colleges of Canada. Value $1,000 per year until completion of first degree. Awards are automatically renewed provided the students establish continuing eligibility and successfully complete the preceding academic year. Further information and application forms which must be submitted by June 30 may be obtained from the Director of Awards, Association of Universities and Colleges of Canada, 151 Slater St., Ottawa, Ont., K1P 5N1.

DOMINION FOUNDRIES AND STEEL COMPANY LIMITED ENTRANCE SCHOLARSHIPS. – Three scholarships, value $1,000 each available to Canadian citizens or landed immigrants. One awarded annually to a student entering Metallurgical Engineering, renewable until graduation provided satisfactory academic standing is maintained. Awards will be made by the University Scholarships Committee upon the recommendation of the Selection Committee of the Department of Mining and Metallurgical Engineering.

THE FRIENDS OF McGILL INC. SCHOLARSHIPS. – Value full tuition up to $2,500. Awarded to U.S. citizens on merit and augmented on the basis of financial need. Renewable on merit, amount of award dependent on need from year to year. Awarded by the University Scholarships Committee. In the event that an insufficient number of U.S. citizens are eligible in a given year, a scholarship or scholarships may be awarded to citizens of other nations with donor's agreement.

GEORGE HERRICK DUGGAN MEMORIAL SCHOLARSHIPS (DOMINION BRIDGE COMPANY, LIMITED). – Offered by Dominion Bridge Company, Limited, open to all employees of the Company (who have been in continuous service of the Company for at least one year) and its wholly owned subsidiary companies, and to their sons and daughters. Certificates of eligibility for the scholarship must be obtained from the Personnel Department of the Company.

This scholarship will cover tuition fees. In the case of winners from outside Montreal who must meet their own living expenses the amount necessary to cover tuition fees could be augmented somewhat at the discretion of the University Scholarships Committee.

Intended to provide an incentive to eligible candidates to qualify for a university education and to afford them financial assistance while pursuing university studies. The scholarship is tenable in any undergraduate degree course at McGill University and is awarded on the intellectual attainment and academic record of the winner. It may be granted until completion of first undergraduate degree.

In exceptional cases qualified students already in course at McGill may be considered for this scholarship.

GEORGE HERRICK DUGGAN MEMORIAL SCHOLARSHIPS (DOMINION ENGINEERING WORKS, LIMITED). – Offered by Dominion Engineering Works, Limited, open to all its employees

(who have been in continuous service of the Company for at least one year) and those of its wholly owned subsidiary companies, and to their sons and daughters. Certificates of eligibility for the scholarship must be obtained from the Employee and Community Relations Section of the Company.

The value of this scholarship will not exceed $750 if the winner comes from outside Montreal, or if the Committee judges it is desirable for the winner to reside away from home in the interests of his academic work. If the winner can live at home, however, the value will be equivalent to full tuition fees, and the Awarding Committee may in this case make an additional grant where there is financial need.

Intended to provide an incentive to eligible candidates to qualify themselves for a university education in any undergraduate degree course at McGill University, and to afford them financial assistance while pursuing university studies, the scholarship is awarded on the intellectual attainment and academic record of the winner. It may be granted until completion of first undergraduate degree.

In exceptional cases qualified students in the Faculty of Science and the Faculty of Engineering may be considered for this scholarship.

GRACE FAIRLEY TRAFALGAR SCHOLARSHIP. – $200, founded in 1913 by friends and former pupils of the late Miss Grace Fairley, to signalize her long and faithful service to education as head of the Trafalgar Institute. Tenable for one year only and awarded annually to a former graduate pupil of Trafalgar School who obtains the highest marks for admission to the University entering any full-time undergraduate degree course.

NARCISSA FARRAND (MRS. N. PETTES) SCHOLARSHIP. – Founded and endowed by Mr. and Mrs. H.V. Truell, of Sweet Acre, Knowlton, Quebec. Renewable until completion of first degree provided the holder maintains a standing satisfactory to the University Scholarships Committee. Awarded annually to the candidate from the Eastern Townships who obtains the highest marks for admission to the University entering any full-time degree course and who has had his domicile in the Eastern Townships for at least five years.

SCHOLARSHIPS GRANTED BY THE GRADUATES SOCIETY OF THE DISTRICT OF BEDFORD. – $450, awarded to a student who has taken his or her Grades IX, X, and XI in one of the High Schools of the District of Bedford and who obtains the highest marks for admission to the University to take any full-time undergraduate degree course. May be divided between two students, and is awarded by the Society upon the recommendation of the University Scholarships Committee.

SIDNEY J. HODGSON SCHOLARSHIPS. – Two scholarships of $400 each, founded by Arthur J. Hodgson, Esq., in memory of his son, Sidney James Hodgson, a student of the First year in Arts, who was killed in action on September 17, 1918, while serving in the 66th Battery of the Canadian Field Artillery. Awarded to former graduate pupils of Westmount High School who obtain the highest marks for admission to the University entering any full-time undergraduate degree course.

HARRY LEIBOVITCH SCHOLARSHIP. – Established by a bequest from the late Harry Leibovitch and awarded under the same conditions as the David Wolfson Scholarships described below.

SIR WILLIAM MACDONALD ENTRANCE SCHOLARSHIPS. – Value $800 each, tenable for one year only, endowed by Sir William Macdonald and open to all students. Three of these scholarships are open to students entering the Faculty of Arts or of Science and one is available for a student entering the Faculty of Management.

JAMES DAVIDSON McCALL SCHOLARSHIP. – Value $1,000. Founded by his family in memory of James Davidson McCall, B.Eng., who was accidentally killed in September 1953, the year of his graduation. Awarded to a student of Canadian citizenship entering the Faculty of Engineering, is renewable until graduation provided the holder maintains satisfactory academic standing. Awarded on academic merit and financial need.

DUNCAN McCASKILL SCHOLARSHIP. – Restricted to students from Nova Scotia. Value $600, renewable until the holder obtains his or her first degree provided the holder maintains an academic average satisfactory to the University Scholarships Committee.

J.W. McCONNELL MEMORIAL SCHOLARSHIPS. – Created and endowed by the late Mr. J.W. McConnell of the Board of Governors as a memorial to the men and women of the University who gave their lives in the war of 1939-45. Open on equal terms to men and women from any part of Canada and tenable in the Faculty of Arts, the Faculty of Science, the Faculty of Management, or the Faculty of Engineering. Each scholarship covers full tuition fees plus cost of board, residence and books and is renewable until completion of first degree. Awards are based on character, financial need and academic record of the applicant. The holder will normally forfeit the scholarship if he/she fails to maintain satisfactory academic standing for scholarship recognition.

J.W. McCONNELL SCHOLARSHIPS IN SCIENCE AND ENGINEERING. – Made possible through the generous donation of the late Mr. J.W. McConnell, awarded to students proceeding to degrees in any field of Science or Engineering and renewable each year provided academic standing satisfactory to the Universtiy Scholarships Committee is maintained. Candidates must be Canadian citizens or landed immigrants, and, on proof of need, may receive up to full tuition fees plus the cost of board, residence and books.

T.H. McGLADE SCHOLARSHIP. – $1,000 annually, established in 1967 by T.H. McGlade, B.A. 1947, for an entrance scholarship. Tenable for one year only by a student entering any faculty who is a graduate of either Smiths Falls Collegiate Institute or St. Francis High School in Smiths Falls, Ontario. If there is no qualified applicant from these two institutions, the scholarship shall be open to graduates of other secondary schools of the County of Lanark in Ontario or to candidates from the Upper St. Lawrence Valley, particularly from the Brockville and Prescott areas. Awarded by the University Scholarships Committee on the basis of academic merit, character and financial need.

MINING AND METALLURGICAL ENGINEERING ENTRANCE SCHOLARSHIPS. – Established by the department from funds given by industry and private donation. To be awarded on merit, a maximum of ten scholarships of $1,000 each to students entering the Mining Engineering and Geophysics Program and ten of $1,000 each to students entering Metallurgical Engineering. Renewable until graduation provided satisfactory academic standing is maintained. Awards will be made by the University Scholarships Committee on recommendation from the Department Selection Committee.

NATIONAL PROGRAM SCHOLARSHIPS. – Six entrance scholarships of $2,500 each, established by the generosity of donors to the McGill Development Fund. Awarded by the University Scholarships Committee on the recommendation of the Faculty of Law, to students with distinguished records in pre-law studies, registering for either the B.C.L. or LL.B. degree and with the intention of proceeding to the second degree in the National Program at McGill. Tenable for four years of the National Program if candidate maintains distinguished academic standing. Apply to the Faculty of Law Admissions Office.

JESSIE NORRIS MEMORIAL AWARD. – $250 awarded annually to a Quebec CEGEP student entering the First year of the University program in the Faculty of Arts or of Science who obtains excellent standing in English Composition and Literature before coming to McGill.

R.E. POWELL SCHOLARSHIPS. – Established in 1976 by the family of the late R.E. Powell, Chancellor of McGill University from 1957 to 1964, to encourage students from outside the Montreal area to obtain a University education. A limited number of scholarships valued from $1,000 to $2,500 dependent on need, open only to the Faculties of Medicine and Science for Canadian citizens on the basis of need and academic excellence to students from outside the Montreal area. One scholarship will be made available to a worthy student from the Saguenay district (Arvida, Chicoutimi, Jonquiere, Sacre Coeur, etc.) If in any given year there should not be an eligible candidate from the areas quoted, this award will be open to other eligible candidates. Awarded annually by the University Scholarships Committee, renewable until completion of the first degree provided satisfactory academic standing is maintained. *[pending Senate approval]*

MONA PRENTICE AWARD. – Value $500, established by a bequest from the late Mona Prentice. Awarded to a student for high academic standing entering any faculty of the University. Tenable for one year only.

RALSTON AWARD. – Value $200, established by a bequest from the late Hazel Vivian Ralston in memory of Sgt. Pilot Herbert James Ralston and Lt. William Edward Ralston who were killed in the Second World War and who were both graduates of Westmount High School. Awarded annually to a former graduate student of Westmount High School who has good academic standing and is entering any full-time undergraduate degree course of McGill University.

SEBA ABBOTT SMITH MEMORIAL SCHOLARSHIP. – Value $600 renewable annually until completion of first degree provided the holder maintains an academic standing satisfactory to the University Scholarships Committee.

SILVERMAN MERIT ENTRANCE SCHOLARSHIPS. – A limited number of scholarships valued at $850 annually, are available to outstanding applicants to the B.Com. program, tenable over the usual three years of the program, provided high standing is maintained. Awarded by the University Scholarships Committee upon the recommendation of the Faculty of Management Scholarships Committee.

UNIVERSITY ENTRANCE SCHOLARSHIPS. – Awarded on the basis of academic record and open to men and women from any part of Canada. Tenable in any undergraduate degree course and renewable annually until graduation provided sufficiently high academic standing for scholarship purposes is maintained. University Entrance Scholarships carry a nominal recognition ($100) of their outstanding achievement. Where there is financial need, however, winners may receive further assistance.

MORRIS W. WILSON MEMORIAL SCHOLARSHIPS. – Established by contributions from a large number of intimate friends and business associates of the late Morris W. Wilson as a memorial to a distinguished citizen who, among many public activities, rendered distinguished service to the cause of education, and who, at the time of his death, was Chancellor of McGill University. The fund marks the culmination of a hope long cherished by Mr. Wilson, that young Canadian boys and girls of outstanding ability and promise, but in poor financial circumstances, might obtain a university education. It is hoped that this fund may assist many deserving young Canadians, particularly those from rural areas, to become better equipped to perform the duties of citizenship and so more effectively to aid in the general development and welfare of their country.

Open on equal terms to men and women of Canadian parentage, now resident in Canada, and open only to students who wish to enter the Faculty of Arts, the Faculty of Science, the Faculty of Management, the Faculty of Engineering, or the degree course in Agriculture at Macdonald College. Each scholarship covers the full tuition fee, as well as the cost of board and residence and is renewable until completion of first degree. The holder will normally forfeit the scholarship if he/she fails to maintain satisfactory academic standing for scholarship recognition.

DAVID WOLFSON SCHOLARSHIPS. – Two scholarships endowed by Mr. David Wolfson to enable outstanding men and women from all parts of Canada who would not otherwise be able to do so to attend the University. Awarded both to students entering undergraduate degree courses and to students entering any professional faculty of the University except Graduate Studies and Research. The undergraduate work of students entering such professional faculties as Medicine, Dentistry, Law, Religious Studies, etc., must have been completed at some other university. Renewable until completion of first degree, or for the period required for the degree in a professional faculty, provided academic standing satisfactory to the University Scholarships Committee is maintained. The amount awarded depends upon need but may extend to the full costs of tuition, residence and board.

Normally, David Wolfson Scholarships are awarded only to students who reside outside the Montreal area.

2.2 ENTRANCE BURSARIES

BECHTEL FOUNDATION OF CANADA BURSARY.

CAL CALLAHAN MEMORIAL BURSARY. – The Pipe Line Contractors Association of Canada offers a bursary, or bursaries, to the total of $1,000 per annum, to be awarded annually, to sons, daughters or legal wards of persons who derive their principal income from the Pipe-line industry and whose employers are members of the Association. Further information may be obtained from the Association's Executive Office, Suite 400, 698 Seymour Street, Vancouver, British Columbia V6B 3K7. Application deadline is September 30th.

CHILDREN OF WAR DEAD (EDUCATION ASSISTANCE) ACT.

ENGINEERS' WIVES' ASSOCIATION OF MONTREAL BURSARY. – Established in 1961 by a donation from the Professional Engineers' Wives' Association and awarded in alternate years to a needy and deserving student who is entering either First or Second year in the Faculty of Engineering.*

ROBERT CRAIG FANNING MEMORIAL BURSARY FUND. – Established in 1974 by the parents and friends of Robert Craig Fanning, a student in the Faculty of Science, who suffered a fatal accident following his graduation. Awarded to a student in the Faculty of Science, initially with a preference for students enrolled in the Department of Biology's Field Course on Ecology.*

FEDERAL-PROVINCIAL LOANS AND BURSARIES. See Section 3.1

KHAKI UNIVERSITY AND Y.M.C.A. MEMORIAL SCHOLARSHIP FUND.*

ISABELLA C. MacRAE SCHOLARSHIP. – Open to residents of Ontario.*

GEORGE J. McMANUS MEMORIAL SCHOLARSHIPS. See Section 3.1

EDGAR R. PARKINS MEMORIAL SCHOLARSHIPS AND BURSARIES. – For entering students or for students already in course. The entrance scholarships will be awarded by the University Scholarships Committee and the bursaries by the Student Aid Office without restriction as to faculty. Maximum scholarship value, according to need, up to tuition fees for Montreal residents, up to the amount of tuition fees plus room and board for non-residents.*

QUEEN ESTHER CHAPTER No. 30 ORDER OF THE EASTERN STAR BURSARY. – $100, established in 1951 and awarded to a deserving student entering the University.*

ST. FRANCIS DISTRICT GRADUATES' SOCIETY BURSARY. – $400, restricted to residents of the area covered by the St. Francis District Branch of the Graduates' Society and open to pupils of any high school or private school entering any faculty or school of McGill University, including Macdonald College. May be renewed for a second year. $250 of the Bursary is to be repaid by the holder at a minimum of $50 per year after graduation. Awarded by the Society on the recommendation of the University Scholarships Committee.

STEEL COMPANY OF CANADA LIMITED BURSARY. – $500 for a maximum of four years to any one student. Open to permanent residents of Canada. Awarded to a capable student who might not otherwise go to University because of lack of funds. Should the student withdraw or perform below the standards set for him, the Bursary may be awarded to another student who has the same number of years to complete before graduation.*

UNIVERSITY BURSARIES. – See Section 1.3

EDGAR WILSON AND MARGARET WILSON SCHOLARSHIPS. – See Section 3.1.

WOMEN ASSOCIATES OF McGILL BURSARY. – See Section 3.1.

*Apply to Student Aid Office

3 SCHOLARSHIPS, BURSARIES, PRIZES AND LOAN FUNDS IN THE VARIOUS FACULTIES AND SCHOOLS OF THE UNIVERSITY

3.1 OPEN TO STUDENTS IN ALL FACULTIES

Scholarships and Bursaries

AID TO THE PHYSICALLY HANDICAPPED (QUEBEC). – Students in any faculty who are Canadian citizens or landed immigrants and have been resident and domiciled in Quebec for two years may apply for an outright grant if they have suffered from poliomyelitis, tuberculosis, certain forms of cardiac trouble, or some other physical disability. Applications available from Regional Office, Department of Education, 190 Cremazie E., Montreal, Que.

ALPHA OMICRON PI BURSARY. – A bursary of $100 is given by the Alpha Omicron Pi Mothers' Club for a woman student, resident in Royal Victoria College or non-resident. The award is made by the Student Aid Office on the recommendation of the Warden of the Royal Victoria College to a candidate with good academic standing and financial need.

ANONYMOUS DONATION FOR BURSARIES. – Established by an anonymous donor through the Graduates' Society in 1959. Awarded to students entering the University or to undergraduates already enrolled of at least Second Class standing whose records show demonstrated qualities of leadership and character.*

MARY H. BEATTY SCHOLARSHIPS & BURSARIES. – For men and women in any faculty or year.*

GORDON BENNETT MEMORIAL BURSARIES. – Established in 1969 to provide bursaries for men and women to assist them in obtaining higher education in any faculty. Awarded by the Student Aid Office on the basis of academic merit and financial need.

BIRKS FAMILY FOUNDATION STUDENT AID FUND. – Established in 1963 to be used for bursaries to worthy students in any faculty or year.*

B'NAI B'RITH HILLEL FOUNDATION BURSARY. – Established by the B'nai B'rith Hillel Foundation of McGill University, awarded to a deserving student in any faculty.*

B'NAI B'RITH MOUNT ROYAL LODGE No. 729 BURSARIES. – Three bursaries, open to men and women students in any faculty. Need and scholarship will determine the award.*

B'NAI B'RITH ST. LAURENT LODGE No. 2102 BURSARY. – Awarded from time to time to a deserving student in any faculty.*

MURRAY BROOKS MEMORIAL BURSARIES. – Established in 1962 by Mrs. John E. Gilbert in memory of her father to assist students in good standing, preferably students from India, Pakistan, or Ceylon.*

REVEREND G.O. BRUCE BURSARIES. – Established by the Reverend Guy Oliver Theodore Bruce in memory of his mother, Louisa Howard Bruce and of his brother, John C. Bruce. Awarded to one or two students who have financial need.*

KENNETH M. BURKE BURSARIES. – Established in 1946 by Dr. Hugh E. Burke in memory of his brother, the late Kenneth M. Burke. Open to men and women in any faculty, preference being given to sons and daughters of ministers of religion.*

MR. AND MRS. SAMUEL CAMPBELL BURSARY. – Established in 1972 by Mr. Barry Robert Campbell, B.A. 1971, in memory of his grandparents, Mr. & Mrs. Samuel Campbell. Awarded annually to a student, preferably studying in Honours English Literature or Political Science, on the basis of financial need.*

CANADIAN ARMY UNIVERSITY COURSE MEMORIAL BURSARY. – Established by the Canadian Army University Course Association of McGill University as a memorial to their comrades, Richard F. Gyles, Robert J. Lockhart, and James C. Wheeler, who lost their lives in World War II. Awarded by the Student Aid Office. Preference given to men who volunteered for active service, and their children.*

JOSEPH LAWRENCE CAPLAN MEMORIAL BURSARIES. – Awarded by the Principal on the recommendation of the Student Aid Office to First year students in any faculty who may be thereby helped to obtain a university education.*

CHILDREN OF WAR DEAD (EDUCATION ASSISTANCE) ACT. – Under this Act fees up to $500 and monthly allowances are provided for children of Canadian veterans whose death was attributable to military service in World War I or II. Apply to the nearest District Office of the Department of Veterans Affairs or to the Student Aid Office, McGill University.

WILLIAM JOHN DEY BURSARIES. – Bequeathed in 1950 by the late Mary Helena Dey in memory of her father, the Reverend William John Dey, M.A., D.D., (B.A.), Class of 1867, McGill University. Open to full-time undergraduates, both men and women, in all faculties and schools.*

STUART DUNN MEMORIAL SCHOLARSHIP. – Founded by the late Major Charles Gwyllym Dunn of Quebec City in memory of his son, Sergeant (Wireless Air Gunner) Stuart Dunn, R.C.A.F., a student at

*Apply to Student Aid Office

McGill University who died on active service in July, 1941. Preference given to a male student of the Protestant Christian faith whose home is outside the Island of Montreal. Consideration is given to: (a) the candidate's scholarship, character, personality, and quality of leadership, (b) his need of financial assistance, and (c) the general usefulness to the community of the special branch of study he proposes to follow.*

FAERMAN GRANT. – Established in 1964-65, awarded annually to a deserving student in any faculty or year.*

FEDERAL-PROVINCIAL LOANS AND BURSARIES. – Most Provinces join with the Federal Government in offering bursaries, loans, or bursary-loans to degree students in many faculties and schools, open to men and women on equal terms. Students who have been resident and domiciled in the Province of Quebec for one year should apply to the Student Aid Office, McGill University, for Registration cards, but not before May 1. Completed application forms must be received at the Service des Prêts et Bourses aux Etudiants in Quebec by September 30. For further particulars apply to the Student Aid Office. Ontario bursaries and loans are tenable in all faculties except Religious Studies. Students coming from other provinces should inquire from the Provincial Departments of Education whether they are eligible to participate in any comparable scheme. See Section 1.4, for addresses.

BOB FINEBERG BURSARY. – Established in 1967 by the family and friends in memory of the late Bob Fineberg and Barbara Greenspoon to assist a needy and deserving student. Awarded annually by the Student Aid Office with the approval of the National Council of Jewish Women on the basis of financial need and academic standing.*

Awarded by the Student Aid Office to assist a student of energy and promise who is in financial need to complete his studies. Preference is given to students in the Faculty of Graduate Studies and Research.*

HUDSON'S BAY COMPANY SCHOLARSHIP. – Open to outstanding students of Indian or Eskimo background to enable them to attend University.*

HUNGARIAN CANADIAN ENGINEERS' ASSOCIATION BURSARY. – Students of Hungarian origin, who have had at least one year of successful study at a recognized university in Canada, may apply to the Hungarian Canadian Engineers' Association for financial aid.*

INTERPROVINCIAL PIPE LINE LIMITED BURSARY FUND. – Established in 1976 to aid financially needy undergraduate students with an above average academic standing who are entering their second or subsequent year of study. Individual awards will be at least $150 and a minimum of 50% of the fund will be granted to students in the applied sciences. Recipients must be permanent residents of Canada or the United States.*

*Apply to Student Aid Office

CELIA AMDUR ISAACS MEMORIAL BURSARY. – Established in 1953 by the Montreal Section of the National Council of Jewish Women and Mr. I. Sydney Isaacs. Awarded by the Council upon the recommendation of the Student Aid Office.*

JOSEPH ALFRED JACOBSON MEMORIAL SCHOLARSHIP. – Established by the late Mr. and Mrs. Percy N. Jacobson in memory of their son, Flight-Sergeant Joseph Alfred Jacobson, of the Royal Canadian Air Force, who was killed in action on January 28, 1942. Open to men and women in any faculty on equal terms. Awarded on the basis of academic strength, interest in university sports, and financial need.*

KHAKI UNIVERSITY AND Y.M.C.A. MEMORIAL SCHOLARSHIP FUND. – The interest on this fund is awarded in scholarships subject to the following two conditions: (i) that the scholarships may be held only by undergraduates; (ii) that the preference is given to sons and daughters of soldiers: (a) who served in the war of 1914-18; (b) who served in the war of 1939-45.*

EMERY AND ERWIN KLINEMAN BURSARY. – Established by Mr. Myer Herschorn to provide bursaries for students in any faculty needing financial assistance to continue their studies.*

SARAH AND JOSEPH LAZARUS BURSARY. – Awarded to a student in financial need with satisfactory academic standing, preference being given to a student in the Program of Jewish Studies.*

FELIX LEOPOLD BURSARY. – Established in 1953 by Mr. Felix Leopold of Montreal and awarded to one or more need students in any faculty, who must have a satisfactory academic record and be of good character.*

ZAVE LEVINSON MEMORIAL BURSAY. – Established in 1976 from the estate of Zave Levinson who died March 5, 1975. The revenues from this fund shall be used to aid deserving students in any faculty or school.*

RAE AND JACK LEVY MEMORIAL BURSARY FUND. – Established in 1975 from the estate of Mrs. Rae Levy who died June 23, 1974. The revenues from this fund shall be used to aid deserving students in need. Tenable for one year.*

BELLA LIPKIN-COHEN MEMORIAL BURSARY. – Established in 1972 by Mr. Sydney Brown, and awarded annually to a needy student, preferably in the Faculty of Arts.*

NOURALLA LUTFY MEMORIAL BURSARIES. – Two bursaries, the bequest in 1958 of the late Mr. Nouralla Lutfy and a further donation from his son, Mr. John Lutfy. Awarded to deserving students in any faculty or school.*

CHARLES MARTIN BURSARY FUND. – Bequeathed in 1935 by the late Mrs. Lillie F. Martin in accordance with the wishes of her late husband, Alfred W. Martin, in memory of his father, Charles Martin. Awarded to students in any faculty on the basis of financial need.*

McGILL HELLENIC CLUB BURSARIES. – One or more bursaries of $300 each for students of Greek descent (up to and including the third generation) in any faculty or year. Open to full-time students who have obtained second class standing and have financial need, and renewable upon application.*

McGILL PHARMACY ALUMNI SOCIETY DR. WILLIAM H. HATCHER BURSARY. – Established in honour of Dr. William H. Hatcher. Open to deserving students. Preference given to initial or intermediate year B.A. or B.Sc. degree students who intend to study pharmacy after graduation and to students in the Department of Chemistry.*

McGILL U.N.T.D. BURSARY. – With the unification of the three branches of the armed services, the U.N.T.D. has ceased to exist. The income from this Fund is now used to supplement university bursary funds.*

J. R. S. McLERNON BURSARY FUND. – Endowed by the late Mr. J. R. S. McLernon to assist students with financial need and good academic standing. Open to students in any faculty or year who are Canadian citizens. The minimum amount of each award is $100.*

GEORGE J. McMANUS MEMORIAL SCHOLARSHIPS. – Each has a minimum value of $100 and may be held by students who hold other scholarships and who have real financial need. Open to men or women in any year of any faculty who have high academic records and need financial help. The actual amount depends on the need of the student.*

NATHAN MENDELSSOHN BURSARIES. – A bequest of $10,000 from the estate of the late Nathan Mendelssohn, the annual income of which is to used by the Student Aid Office for bursaries for students in need of financial assistance.*

DR. FREDERICK WILLIAM CHARLES MOHR SCHOLARSHIPS. – The income from a fund established under the will of the late Dr. F.W.C. Mohr is used for scholarships for needy students from communities within the Ottawa Valley District, the amount of each scholarship not exceeding $500 to any one student in any year.*

MONTREAL WOMEN'S CLUB ELIZA REID MEMORIAL BURSARY. – See Section 3.4.

NATIONAL COUNCIL OF JEWISH WOMEN OF CANADA, MONTREAL SECTION, BURSARIES. – A limited number of bursaries valued normally at $100 each. Awarded by the Council after consultation with the Student Aid Office. Academic standing and financial need are considered in making the award. Although there is no legal obligation, the Council hopes that holders will, if possible, return the money

*Apply to Student Aid Office

at some future time so that other students may in their turn be helped through college.*

EDGAR R. PARKINS MEMORIAL SCHOLARSHIPS AND BURSARIES.* See Section 2.2.

SAMUEL AND BESSIE PESNER BURSARY. – Established in 1967 to honour Mr. and Mrs. Pesner. Awarded annually by the Student Aid Office with the approval of the National Council of Jewish Women to a student in any faculty or year on the basis of financial need and academic standing.*

PROCTER & GAMBLE STUDENT BURSARY FUND. – The Procter & Gamble Company of Canada Limited has established a fund of $1,500 to assist needy students in any faculty or year who are of good academic standing. Recipients will normally be Canadian residents who expect to maintain permanent residence in Canada. The minimum award is $100 and may be held concurrently with other awards. The Company hopes that any student who benefits from the fund will later contribute to the general bursary funds of the University when financially able to do so.*

HELEN REYNOLDS BURSARY. – Awarded annually by the Student Aid Office in consultation with the Warden of the Royal Victoria College to a woman undergraduate in any degree course who has completed at least one year's study on this campus. The award is made to a student in financial need who has satisfactory academic standing.*

MURIEL V. ROSCOE BURSARY. – Awarded annually by the Student Aid Office in consultation with the Warden of the Royal Victoria College to a woman undergraduate in any degree course who has completed at least one year's study on this campus. The award is made to a student in financial need who has satisfactory academic standing.*

ST. ANDREW'S SOCIETY BURSARY. – Established by the St. Andrew's Society of Montreal, for a needy student, preferably of Scottish blood, proceeding to a degree.*

JENNIE AND JOSEPH SALOMON MEMORIAL BURSARY. – Established by the children of Mr. and Mrs. J. Salomon in their memory. Awarded annually to a deserving student in need who has completed his or her final undergraduate year in the Faculty of Arts or Science, and is entering a graduate program. Tenable for one year.*

RAY AND BEN SCHECTER MEMORIAL BURSARY. – Established by Mr. Samuel H. Schecter in memory of his mother and father. While open to any needy student in any faculty preference shall be given to students from Africa or Asia.*

SERAINE GROUP IDA SEGAL MEMORIAL BURSARY. – Established in 1968 to assist needy men students in any faculty.*

SERAINE GROUP ESTHER WARD MEMORIAL BURSARY. – Established in 1956 to assist needy men students in any faculty.*

FREDERICK SOUTHAM KER BURSARY. – Established in 1941 by the late F.N. Southam in memory of his grandson, Frederick Southam Ker, who was killed in action on September 6, 1940. Open on equal terms to men and women of all faculties. Awarded to a student who gives promise of becoming a good citizen but is handicapped by lack of funds. Financial need, character, and academic record are all considered in making the award.*

SYRIAN CANADIAN ASSOCIATION BURSARIES. – A bursary fund available to any student of Syrian-Lebanese descent residing in (a) the Greater Montreal area; (b) the Province of Quebec; (c) Canada; with preference given to students in the above order. No restriction as to choice of faculty or year but preference is given to students entering the University. Awarded on the basis of good academic standing and financial need. The maximum amount granted to any one student is the equivalent of the student's tuition fees and the amount granted varies with the financial need of the student.*

TEMPLE EMANU-EL SISTERHOOD BURSARY. – Established in 1946 in memory of the men who lost their lives in the war of 1939-45. Open to men undergraduates in all faculties.*

UNIVERSITY BURSARIES. – Open to full-time degree course students in all faculties and schools. See general regulations in Section 1.3.

UNIVERSITY CHALLENGE BURSARY FUND. – Established in 1971 by $10,000 which was won by a McGill team comprised of Julius H. Grey, B.C.L. 3, William W. Kredentser, B.Sc. 3, Brian M. Shecter, B.A. 4, and Mrs. Faith E. Wallis, B.A. 4, who participated in the CTV Television Program "University Challenge". The annual income is to provide bursaries to academically deserving students with financial need.*

UNIVERSITY LODGE LOAN FUND. – A loan fund for Masons and the children of Masons attending McGill, established by University Lodge No. 84 Q.R., A.F. and A.M. Loans will not exceed annual tuition fees. Open to qualified students in all faculties and years and awarded on need and academic merit.

UNIVERSITY SCHOLARSHIPS. – After one year at McGill, University Scholarships may be awarded by the University Scholarships Committee to students in any year of any undergraduate faculty for exceptionally distinguished work in the University examinations. No application is required.

University Scholarships carry a nominal recognition ($100) of their outstanding achievement. Where there is financial need, however, winners should apply as soon as possible to the Student Aid Office for information and consideration.

Two University Scholarships have special names, the JAMES ECCLES SCHOLARSHIP, tenable in any

*Apply to Student Aid Office

year of any faculty, and the FREDERICK SMITH MEMORIAL SCHOLARSHIP, tenable only in the Faculty of Medicine.

All University Scholarships are renewable if, in the opinion of the University Scholarships Committee, the holders maintain a sufficiently high academic standing for scholarship recognition.

IBM THOMAS J. WATSON MEMORIAL BURSARIES. – $1,000 annually, established by the International Business Machines Company Limited for financial assistance to needy undergraduates in any year of any faculty who are of good academic standing. May be held concurrently with other awards provided need exists.*

EDGAR WILSON AND MARGARET WILSON SCHOLARSHIPS. – Bequeathed in 1956 by the late Edgar Moles Wilson to provide the Edgar Wilson Scholarships to men and the Margaret Wilson Scholarships for women to assist them in obtaining higher education in any faculty. Awarded on the basis of academic merit and financial need. Awards will not exceed the annual tuition fees.*

WOLCOTT BURSARY FUND. – Bequeathed in 1974 by the late Mrs. Anna D'Aeth (née Wolcott) to provide an annual scholarship or bursary for some needy student born in the West Indies.*

ROY M. WOLVIN MEMORIAL BURSARIES. – Established by Mrs. Roy M. Wolvin in memory of her husband. A number of bursaries are available to students in any undergraduate faculty who have a good academic record and need financial assistance.*

WOMEN ASSOCIATES OF McGILL BURSARY. – Available each year to men and women students in any faculty. Scholarships and need determine the award. The winner is chosen by the Executive of the Women Associates of McGill from candidates recommended by the Student Aid Office and selected from the applicants for University bursaries.*

RICHARD WOOD MEMORIAL BURSARY. – An annual fund established in 1964 by the Laurentian Lanes Sportsman's Bowling League for deserving students in any faculty.*

Prizes

DR. W.B. LEWIS PRIZE. – A prize of $300 is offered annually in a competition for an essay, written with a view to publication to produce an informative review of some topic of his choice involving more than a single scientific discipline and having relevance to a subject of potentially general concern, e.g. water pollution, growing amount of carbon dioxide in the atmosphere, etc. Open to undergraduates and graduate students of the University. Material should be carefully selected and properly presented. The judges will not read untidy manuscripts or newspaper clippings. Essays that have appeared in print are ineligible if they have been published before March 1, 1977. No candidate may submit more than one entry, which must be typed and must reach the Secretary, University Scholarships Committee, Scholarships Office, before March 3, 1978. Winning entries will be retained by the University and filed in the McLennan Library. The competition is restricted to students who have not previously won this Prize. Awarded by the University Scholarships Committee.

CHESTER MACNAGHTEN PRIZES. – Two prizes, $125 and $50, offered annually in a competition for the best piece of creative writing in English submitted by an undergraduate student of the University, i.e. a story, a play, a poem, an essay, etc. Material should be carefully selected and properly presented. The judges will not read untidy manuscripts or a large number of newspaper clippings. Printed compositions are not ineligible if they have been published since March 1, 1977. No candidate may submit more than two entries, which must be typed and must reach the Secretary, University Scholarships Committee, Scholarships Office, before March 3, 1978. Winning entries will be retained and filed in the McLennan Library. The competition is restricted to students who have not previously won the First Prize. Awarded by the University Scholarships Committee.

McCHARLES PRIZE. – See Section 3.5.

NEWCOMEN AWARD. – See Section 3.2.

Loan Funds

BURNSIDE STUDENT LOAN FUND. – A Student Loan Fund established to assist needy students in all Faculties.*

CANADA STUDENT LOAN PLAN. – Canadian students from provinces other than Quebec may apply for federal loans. Addresses for the nine provincial authorities administering this plan are listed in Section 1.4.

CANADIAN CLUB OF MONTREAL FIFTIETH ANNIVERSARY STUDENT AID FUND. – Established in November 1955 to commemorate the Club's Fiftieth Anniversary. The purpose is to foster patriotism by encouraging the study of the institutions, arts, literature, and resources of Canada, and the appreciation of matters of interest and concern to Canadians.*

BERTHA COHEN REVOLVING LOAN FUND. – Established to provide small, short-term loans to aid students in emergencies in any faculty.*

MR. AND MRS. HENRY COHEN REVOLVING LOAN FUND. – Established in 1967 to mark the thirtieth wedding anniversary of Mr. and Mrs. Henry Cohen by their son, Mr. Howard T. Cohen, B.Com. 1961, and their son-in-law, Mr. Philip Goldsmith. Unrestricted.*

*Apply to Student Aid Office

AMY FREEDMAN MEMORIAL LOAN FUND. – Established in 1968 by the parents and friends of the late Amy Freedman for the purpose of making emergency loans to needy students (already in course at McGill) in any faculty. Special consideration will be given to students who come from and are returning to developing countries.*

HERSCHORN LOAN FUND. – Established by the late Mr. H.F. Herschorn for the purpose of making loans to students in any faculty who would otherwise be unable to continue their studies.*

BERTRAM KIDD AND MARJORIE SHARP MEMORIAL LOAN FUND. – Established in 1968 by parents and friends in memory of Bertram Kidd and Marjorie Sharp and is available to any McGill students.*

J.B. LYNCH LOAN AND BURSARY FUND. – Established by Mr. J.B. Lynch, President of Siscoe Mines Limited, for loans or in some cases outright grants to needy students.*

JOHN HAROLD MacLAREN STUDENT LOAND FUND. – Established in 1965 by a bequest from the late John Harold MacLaren.*

MARTLET FOUNDATION LOAN FUND. – Established in 1954 by the Martlet Foundation for students with good academic standing and athletic ability who are in need of financial assistance. Apply to the Director of Athletics.

MRS. M. DOROTHEA MILLAR LOAN FUND. – Established in 1956 to assist one or more students of either sex, graduate or undergraduate, to pursue studies or research at McGill.*

J.K. PRATT MEMORIAL LOAN FUND. – Established in 1952 in memory of the late Janetta K. Pratt who was Cashier at McGill from 1929 until her death in 1952.*

ROTARY CLUB OF OTTAWA STUDENT LOAN FUND. – For intermediate and final year students in any faculty, residents of Carleton County, Ontario, and attending universities throughout Canada. Annual loans will not exceed $250.*

ROYAL CANADIAN AIR FORCE BENEVOLENT FUND. – Students who served in the R.C.A.F. are eligible for assistance from this Fund which makes loans or outright gifts, depending on the special circumstances involved.*

HAROLD N. SEGALL LOAN FUND. – A donation in 1957 from the Jerry Segalls to assist deserving students in any faculty.*

STUDENTS' SOCIETY LOAN FUND. – Open to students in all faculties with good academic standing. Primary consideration given to the candidates' contributions to Students' Society activities.*

GEORGE E. TILLSON LOAN FUND. – Established in 1955 by Mr. George E. Tillson. Unrestricted.*

UNIVERSITY LOAN FUND. – A Student Loan Fund established to assist needy students in all Faculties. Loans are made normally only to students in upper years with good academic standing.*

GWYN WILLIAMS MEMORIAL LOAN FUND. – Established by friends and members of staff of McGill University in memory of Gwyn Williams in recognition of her many years of loyal and efficient service in the Administration Offices of McGill University.*

3.2 OPEN TO STUDENTS IN THE FACULTY OF ARTS

For Entrance Scholarships, see Section 2.1. For scholarships and bursaries, open to undergraduates in all Facultities, see Section 3.1.

General Regulations in Arts

1. No applications are required except in the case of the Moyse Travelling Scholarships. The awards are made by the Faculty of Arts Scholarships Committee on the basis of academic standing in the regular session.
2. Unless restricted by the deed of gift or faculty regulations the awards are open to all students studying for the B.A. degree.
3. Normally only those students who have completed at least 30 credits in the academic year preceding the award will be eligible for scholarships.
4. Scholarships will be awarded only if an adequate standard is attained for scholarship recognition.
5. If in any university year there is not a sufficient number of candidates showing adequate merit, any one or more of the scholarships offered for competition may be given to more deserving candidates in another year.
6. In order to retain a scholarship a successful candidate must proceed regularly with a university course to the satisfaction of the Faculty.

Scholarships

CHARLES ALEXANDER SCHOLARSHIP. – Value $245, established in 1870 "for the encouragement of the study of Classics and other subjects."

MARGARET JANE ALLAN SCHOLARSHIP. – Bequeathed in 1929 to the Royal Victoria College by Mrs. Agnes W. Allan. Value $450, awarded annually to the woman student with the highest standing in the sessional examinations of the initial year of the B.A. course.

DR. BARCLAY SCHOLARSHIP. – Awarded in the Classics Department, value $140.

SIR EDWARD BEATTY MEMORIAL SCHOLARSHIPS. – Six scholarships of $250 each available annually, in recognition of high academic merit, for students entering the intermediate or final year

*Apply to Student Aid Office

in Major or Honours Classics &/or Mathematics. One award will be made to an outstanding student in each department. Eligible students in both departments will be in competition for the remaining available awards. Awards will be made by a joint committee of the Arts Faculty and Science Faculty Scholarships Committees acting on recommendations received from the appropriate departments.

EDMUND HENRY BOTTERELL AWARDS. – See Section 4.

ROBERT BRUCE SCHOLARSHIP. – $100, tenable for two years, bequeathed by the late Robert Bruce, of Quebec City. Open to students in the Faculty of Arts, the Faculty of Science or the Faculty of Management and awarded for high standing in the examinations at the end of the initial year. Awarded by the University Scholarships Committee upon recommendations of the faculties concerned.

MARION McCALL DALY AWARD. – $400, awarded each year to a student who has completed two years at McGill and is continuing in a third year in the Faculty of Arts, Science, Management, or Engineering (including Architecture) at the University. Awarded by the University Scholarships Committee upon the recommendations of the faculties concerned. In making the award the following is taken into account: (a) preference is given to women students, (b) the candidate's promise of making a definite contribution to Canadian life, (c) financial need, and (d) academic record.

DOW-HICKSON SCHOLARSHIPS. – Annual value, not less than $1,000 each. Established in 1957 by a bequest from the late Dr. J. William A. Hickson and awarded to students entering the penultimate or the final year of the Honours courses in English Literature, Philosophy or Psychology. Awarded by a joint committee of the scholarships committees of the Faculties of Arts and of Science upon the recommendations of the departments concerned.

MAURICE GOLDENBERG MEMORIAL SCHOLARSHIP. – Value $225, in Government, Constitutional Law, or Public Administration, established by Senator H. Carl Goldenberg, Q.C. in memory of his father, the late Maurice Goldenberg. Awarded annually by the University Scholarships Committee to the best candidate amongst those nominated by the Faculty of Arts and the Faculty of Law.

GREENBLATT SCHOLARSHIP. – $500 from a bequest of the late Mrs. Greenblatt, for a student proceeding from the intermediate year(s) to the final year, preference given to a student in Modern Languages (other than English) or in History. Awarded on recommendation by a committee selected from the Departments of History and of the Modern Languages.

ITALIAN GOVERNMENT SCHOLARSHIPS. – Awarded to students in the Department of Italian for summer study in Italy. Open only to Canadian citizens. Apply to the Department of Italian.

KNIGHTS OF PYTHIAS SCHOLARSHIP. – $300, awarded annually to a male or female student in the Social Sciences who must be a resident of the Island of Montreal, and entering the intermediate year of the B.A. course. May be renewed for a further year if the holder proves worthy.

HANNAH WILLARD LYMAN MEMORIAL SCHOLARSHIP. – $240, awarded annually to a woman student of the intermediate or final year of the B.A. course.

SIR WILLIAM MACDONALD SCHOLARSHIPS. – Two scholarships of $500 each, open to all students in the intermediate and final years.

ALEXANDER MACKENZIE SCHOLARSHIPS. – Two scholarships of $250 each, awarded on the results of the Honours examinations in Political Science. One award will be held by a student entering the final year and one by a student entering the intermediate year. Students must take the Honours work in Political Science.

JAMES DARLING McCALL SCHOLARSHIP. – $750 founded by the late J.T. McCall, Esq., in memory of his son, James D. McCall, B.Sc., who was drowned shortly after the war of 1914-18, in which he served with distinction. Awarded to any student entering the final year who is taking Honours in English and/or Philosophy.

McGILL ALUMNAE GEORGINA HUNTER SCHOLARSHIP. – Established in memory of the late Georgina Hunter, a member of the first graduating class of women at McGill University, the first President of the Alumnae Society, and a former Principal of the High School for Girls, Montreal. Awarded annually to a distinguished woman student, the scholarship has a maximum value usually not exceeding $500 and a minimum value of $100. The honorary $100 is awarded automatically and if further supplementary scholarship assistance is required, the winner of the Scholarship is asked to consult the Student Aid Office.

McGILL ALUMNAE ETHEL HURLBATT SCHOLARSHIP. – Established in memory of the late Miss Ethel Hurlbatt, a former Warden of the Royal Victoria College. Awarded annually to a distinguished woman student, the Scholarship has a maximum value usually not exceeding $500 and a minimum value of $100. The honorary $100 is awarded automatically and if further supplementary scholarship assistance is required, the winner of the Scholarship is asked to consult the Student Aid Office.

McGILL ALUMNAE CATHERINE I. MACKENZIE SCHOLARSHIP. – Established in memory of the late Miss Catherine I. Mackenzie, B.A. 1904, former Principal of the High School for Girls, Montreal.

Awarded annually to a distinguished woman student, the Scholarship has a maximum value usually not exceeding $500 and a minimum value of $100. The honorary $100 is awarded automatically and if further supplementary scholarship assistance is required, the winner of the Scholarship is asked to consult the Student Aid Office.

McGILL ALUMNAE ISABELLA McLENNAN SCHOLARSHIP. – Established in memory of the late Miss Isabella McLennan. Awarded annually to a distinguished woman student, the Scholarship has a maximum value usually not exceeding $500 and a minimum value of $100. The honorary $100 is awarded automatically and if further supplementary scholarship assistance is required, the winner of the Scholarship is asked to consult the Student Aid Office.

McGILL ALUMNAE SUSAN CAMERON VAUGHAN SCHOLARSHIP. – Established in honour of the late Mrs. Walter Vaughan, a former Warden of the Royal Victoria College. Awarded annually to a distinguished woman student, the Scholarship has a maximum value usually not exceeding $500 and a minimum value of $100. The honorary $100 is awarded automatically and if further supplementary scholarship assistance is required, the winner of the Scholarship is asked to consult the Student Aid Office.

MOYSE TRAVELLING SCHOLARSHIPS. – Founded by the late Right Honourable Lord Athlstan, to commemorate the "splendid services of Dr. Charles E. Moyse, for forty-two years Professor of English, during sixteen of which he was Dean of the Faculty of Arts and Vice-Principal of the University." Two scholarships, normally of $2,500 each tenable for one year. One scholarship to be awarded by the Faculty of Arts for distinction in literary subjects and the other by the Faculty of Science for distinction in scientific subjects. If there is no winner in one of these faculties, both scholarships may be awarded to applicants in the other faculty.

In the absence of applicants of sufficient merit in either of the faculties, applications from final year students in other undergraduate faculties, or from graduate students, may be considered.

Holders must devote the year of tenure to advanced study, preferably in a British or European university, but not to the exclusion of other institutions approved by the Faculty of Arts or of Science.

Applications, whether from graduates or from students in the final year of the undergraduate course, should reach the Dean of the Faculty of Arts or of Science not later than April 1. Applications should be accompanied by:

(1) the names of two referees who are familiar with the applicant's work;
(2) a detailed and comprehensive statement of the applicant's proposed course of study; the institution or centre at which he, or she, proposes to study;
(3) a statement of the applicant's age and nationality.

Awards will be made after the results of final examinations in the final year of the undergraduate course have been determined.

ALLEN OLIVER FELLOWSHIP IN ECONOMICS. – Present value about $1,000. Established by Mrs. Frank Oliver, of Edmonton, Alta., in "proud and loving memory of her son, the late Allen Oliver, M.C., B.A., Lieutenant, 26th Battery, C.F.A., who was killed in action at the Somme on November 18, 1916." Lieutenant Oliver was an honour graduate in 1915 in the Department of Economics and Political Science. Awarded to the student who stands highest in first class honours in the Departments of Economics and Political Science at the final B.A. examination, and the holder is required to pursue his/her studies in Economics and Political Science at McGill or elsewhere. No application is required.

PETERSON MEMORIAL SCHOLARSHIPS IN CLASSICS. – Two scholarships of $550 each, founded in memory of Sir William Peterson, Principal of McGill 1895-1918, by his son, W.G. Peterson, M.A. Open to students in any year.

PRINCE OF WALES SCHOLARSHIP. – $150, open to students proceeding from the intermediate year(s) into the final year. Awarded for general distinction by the Faculty of Arts on the student's complete academic record and on recommendations from departments in which they have taken their courses.

JANE REDPATH EXHIBITION. – Value $170, founded by the late Mrs. Redpath, to maintain an exhibition in Arts or Science. Awarded on the results of the sessional examination of the initial year to the student with the highest average on the year's work. Awarded by a joint committee of the scholarships committees of the Faculties of Arts and of Science upon the recommendations of each faculty.

ELSIE STEPHEN REFORD SCHOLARSHIP. – Established by Mrs. R.W. Reford in 1920. The interest on this fund, about $400 per annum, is equally divided and placed at the disposal of the Departments of English and Philosophy.

BARBARA SCOTT SCHOLARSHIP. – Value $275, bequeathed by the late Barbara Scott for the student "excelling in Classics in the initial year."

SHAKESPEARE SCHOLARSHIP. – $100, for a student advancing to the final year with special distinction in English Honours courses. Awarded by the Faculty of Arts Scholarships Committee on the recommendation of the Department of English.

UNIVERSITY SCHOLARSHIPS. See Section 3.

ROY M. WOLVIN MEMORIAL SCHOLARSHIPS. – Two scholarships of $375 each are given by Mrs. Roy M. Wolvin in memory of her husband.

One scholarship is available to any undergraduate in the Faculty of Engineering, and is awarded by the Faculty Scholarships Committe. The other scholarship is available to any undergraduate in the Faculty of Arts, the Faculty of Science, or the Faculty of Management, and is awarded by the University Scholarships Committee upon recommendations of the faculties concerned.

Bursaries

ROBERT BRUCE BURSARIES. – Several bursaries of $100 each are open each year to "young men and women of promising abilities but of straitened circumstances in Arts, Science, or Engineering."*

MR. AND MRS. SAMUEL CAMPBELL BURSARY. – See Section 3.1.

DELTA PHI EPSILON SORORITY BURSARY. – Value $100, founded in memory of Edith Silver. Open to a deserving woman student entering the penultimate year of the Faculty of Arts or the Faculty of Science.*

ROSE AND HARRY ENGELS BURSARY. – $100 to be awarded ann annually by the Student Aid Office to any undergraduate B.A. student in the Faculty of Arts.*

HEWITT MEMORIAL BURSARY FUND. – See Section 3.1.

HOUSTON BURSARY. – See Section 3.13.

HON. ROBERT JONES BURSARY. – One or more bursaries not exceeding $250 each in any one year are granted to needy students in the Faculty of Arts, Science or Engineering.*

BELLA LIPKIN-COHEN MEMORIAL BURSARY. – See Section 3.1.

ROY M. WOLVIN MEMORIAL BURSARIES. – See Section 3.1.

Prizes

AUSTRIAN GOVERNMENT PRIZE. – A book prize for a student who has excelled in German.

HARRY BARKER MEMORIAL PRIZE IN ENGLISH. – Value $150, bequeathed by the late Miss Dinah Lee in memory of the late Mr. Harry Barker, awarded to the student with the highest standing in English in an initial year. Awarded on the recommendation of the Department of English by whichever Faculty Scholarships Committee is appropriate.

NORMAN BERMAN MEMORIAL PRIZE. – Established in 1973 by Mr. & Mrs. Joseph Berman. An annual $225 prize or prizes will be awarded to students for: 1) Excellence in the field of Judaic studies. 2) A critical study in the field of Hebreu or Yiddish language and literature or a translation of an important work of Hebrew or Yiddish literature into English or French. Awarded by the Scholarships Committee of the Faculty of Arts on the recommendation of the Chairman of the Jewish Studies Program.

HENRY CHAPMAN PRIZE. – A prize of the value of $65 is given in Modern Languages (excluding English), or in Hebrew.

CHERRY PRIZES. – Two prizes of $100 each, founded by Wilbur H. Cherry, Arts 1907, and Anna Cherry, Arts 1918, in memory of their father, William Cherry, Med. 1869, and of their brother, William McFie Cherry, Arts 1911, awarded on the recommendation of the Departments of Economics or of Political Science to deserving students.

ISIDORE FINKELSTEIN PRIZE. – Value $100, established in 1973 for a five-year period by Mrs. I. Finkelstein in memory of her late husband, Isidore Finkelstein. Awarded annually by the Faculty of Arts Scholarships Committee on the recommendation of the Department of History to the full honours history student graduating with the highest mark.

DORA FORSYTH PRIZE. – $125, bequeathed by the late Miss Jeanie Forsyth for English Literature. Open to women students only and awarded to a candidate recommended by the Department of English and approved by the Faculty of Arts Scholarships Committee.

FRENCH GOVERNMENT'S BOOK PRIZES. – Three book prizes to be awarded to three students of the Department of French Language and Literature in their graduating year for excellence in the study of French Language and Literature.

GERMAN EMBASSY PRIZE. – A book prize for excellence in German.

PRIZE IN ANCIENT GREEK. – One or more prizes with a minimum value of $100 each may be awarded annually for proficiency in Ancient Greek to students entering any year of the Faculty of Arts.

HISTORICAL SOCIETY'S PRIZE. – A prize of $50, awarded jointly by the Executive of the Historical Society and the Chairman of the Department of History to the undergraduate in the initial year showing the greatest promise in History and intending to read for Honours in this subject.

MADELENE HODGSON PRIZE IN HISTORY. – Value $40, endowed by the I.O.D.E. in recognition of the work done by the late Mrs. W.C. Hodgson as President of the Provincial Chapter of Quebec. Awarded to the intermediate year Honours student in History by the Department of History for the most outstanding work in this subject.

PRIZE IN LATIN. – One or more prizes with a minimum value of $50 each may be awarded annually for proficiency in Latin to a student or students in any year of the Faculty of Arts. Awarded by the Faculty of Arts Scholarships Committee on the recom-

*Apply to Student Aid Office

mendation of the Chairman of the Department of Classics.

DR. W.B. LEWIS PRIZE. – See Section 3.1.

CHESTER MACNAGHTEN PRIZES. – See Section 3.1.

BORIS MUSKATOV PRIZE IN PSYCHOLOGY. – An annual prize of $85 has been endowed by Miss Serafina Muskatov in memory of her brother, Boris Muskatov, who died on January 9, 1948, while a student. This prize is offered to a student who has completed the penultimate year in the Faculty of Arts or of Science and has done the best work in the subject of Psychology. Awarded on the recommendation of the Department of Psychology by whichever faculty scholarships committee is appropriate.

NEWCOMEN AWARD. – The Newcomen Society in North America offers a prize of $200 known as the Newcomen Award for a student at McGill who writes an outstanding paper on some facet of Industrial History. Entries must be submitted to the Chairman of the Department of Economics on or before April 1.

SUSAN PELLETIER MEMORIAL PRIZE IN PSYCHOLOGY. – Value $100, established by her classmates in memory of Susan Pelletier, an honours student in psychology who died as the result of an accident. To be awarded to a student on conclusion of the penultimate year of the Psychology Honours Program. The award is to be made by the Faculty of Arts or Science Scholarships Committee, whichever is appropriate, on the recommendation of the department.

PETERSON MEMORIAL PRIZE IN ENGLISH LITERATURE. – Value $50, founded by W.G. Peterson, M.A. in memory of his father, Sir William Peterson, Principal of McGill, 1895-1918, awarded to the undergraduate, or graduate student with distinction in English Literature who has also shown creative literary ability.

NORMAN A. PRENTICE MEMORIAL PRIZE. – Value $300, established by Mrs. Norman A. Prentice in memory of her late husband, Norman A. Prentice, Arts 10. Awarded to a student of high standing proceeding from the intermediate to final year in the General or Major B.A. program. Preference is given to students who have included French and/or History among their subjects.

JAMES D. ROSS PRIZE. – An annual prize of $25, established by the former colleagues and friends of the late Professor James D. Ross. To be awarded by the Department of Philosophy to the outstanding student in the penultimate year of the Honours Philosophy Program.

LIONEL SHAPIRO AWARD IN ENGLISH. – $1,000 is awarded by the Scholarships Committee of the Faculty of Arts on the recommendation of the Department of English to one or more students in the B.A. course who are completing their final year and have demonstrated outstanding literary talent. The total awarded will not exceed $1,000.

PRIZE OF THE AMBASSADOR OF SWITZERLAND IN CANADA FOR FRENCH. – A book prize for excellence in the final year in French Language and Literature.

PRIZE OF THE AMBASSADOR OF SWITZERLAND IN CANADA FOR GERMAN. – A book prize for excellence in German in the final year, awarded by the Faculty of Arts on the recommendation of the Department of German to an undergraduate whose mother tongue is not German.

PRIZE OF THE AMBASSADOR OF SWITZERLAND IN CANADA FOR ITALIAN. – A book prize for excellence in the final year in Italian.

CORINNE FAY TABAC MEMORIAL PRIZE IN ENGLISH LITERATURE. – An annual prize of $50 donated by Mr. Steven T. Tabac in memory of his wife Corinne Fay Tabac, a former student at Macdonald College. Awarded to the winner of the Shakespeare Gold Medal.

WOMEN'S PERSONNEL GROUP OF MONTREAL PRIZE. – A prize of $50 made available in alternate years to McGill and to the University of Montreal. At McGill the selection is made by the Director of the Industrial Relations Centre in consultation with the appropriate deparments in the Social Sciences and awarded to the woman student in any year of the Faculty of Arts or the Faculty of Management who shows the most promise and intends to continue, either at the University or in industry, in the general field of Personnel and/or human relations. The award will be available at McGill in 1968 and thereafter biennially.

WOODHEAD MEMORIAL PRIZE IN GREEK AND LATIN. – $100, presented by the Wiegand Memorial Foundation Inc., in honour of the late William Dudley Woodhead, Hiram Mills Professor of Classics and Chairman of the Department from 1925-1950, awarded to the student in Honours Greek and Latin of the intermediate or final years, who, in the opinion of the Department, has done the best work in this field.

PRIZE OF THE AMBASSADOR OF YUGOSLAVIA IN CANADA. – A book prize for the best student in the language, literature or civilization of one of the peoples of Yugoslavia (principally Serbo-Croatian). Open to undergraduate or graduate students and awarded on the recommendation of the Department of Russian and Slavic Studies.

Medals

The following medals are awarded to the graduating students who stand highest in the First Class Honours List of the subjects named, provided the Faculty so recommends to Senate:

HENRY CHAPMAN GOLD MEDAL, for Classical Languages and Literature.

FRENCH GOVERNMENT'S BRONZE MEDAL, for excellence in French in the general or Honours course.

In addition to the above, certain medals are offered annually by L'Alliance Française, at the discretion of the Department of French.

If there is no candidate for any medal, or if none of the candidates fulfils the required conditions, the medal is withheld, and the proceeds of its endowment for the year may be devoted to prizes in the subject for which it was intended.

GOVERNOR-GENERAL'S GOLD MEDAL, for Modern Language and Literature.

GOVERNOR-GENERAL'S SILVER MEDAL, awarded to the student standing highest among those graduating "with great distinction" in a major or faculty program of the Faculty of Arts or of Science. Awarded by a joint committee of the scholarships committees of the Faculties of Arts and of Science upon the recommendations of the faculties concerned.

ALLEN OLIVER GOLD MEDAL, for Economics and Political Science (founded by Mrs. Frank Oliver, in memory of her son, the late Allen Oliver, M.C., B.A., Lieutenant, 26th Battery, C.F.A., who was killed in action at the Somme, on November 18, 1916).

PRINCE OF WALES GOLD MEDAL, for Mental and Moral Philosophy.

SHAKESPEARE GOLD MEDAL, for English Language and Literature.

Loan Funds

McGILL SOCIETY OF ONTARIO LOAN FUND. – Established in 1938 by the Ontario Branch of the Graduates' Society of McGill.*

OTHER LOAN FUNDS. – See Section 3.1.

3.3 OPEN TO STUDENTS IN THE FACULTY OF DENTISTRY

For scholarships and bursaries open to undergraduates in all Faculties, see Section 3.1.

For details of scholarships, bursaries, and prizes in Dentistry see *Faculty of Dentistry Announcement.*

3.4 OPEN TO STUDENTS IN THE FACULTY OF EDUCATION

For scholarships and bursaries open to undergraduates in all Faculties, see Section 3.1.

Scholarships

For Entrance Scholarships, see Section 2.

EDMUND HENRY BOTTERELL AWARDS. – See Section 4.

RONALD BRIGDEN MEMORIAL SCHOLARSHIP. – Awarded annually to graduates from schools on the South Shore whose staff members are represented by the St. Lawrence Richelieu Teachers' Association. Candidates must be in the Faculty of Education. Value $200. Apply to President, Ronald Brigden Memorial Scholarships S.R.T.A., Box 175, St. Lambert, P.Q.

ELLA BRYSON SCHOLARSHIP. – Offered to a student entering the Faculty of Education from Fort Coulonge Protestant School. Apply to Secretary, Women's Institute, Fort Coulonge, P.Q., before May 1st.

SARAH EMMA HILL SCHOLARSHIP. – Endowed by the late Mrs. Sarah Emma Hill, of Stanstead, Que., and awarded each year to a student in the Faculty of Education "where assistance is required." Scholarship and indication of professional ability will be considered. Applications must be submitted by August 15.*

ESTELLA HOLMES SCHOLARSHIP. – $100 offered by the Women's Institute of Stanstead County to a student from Stanstead County who is entering the Faculty of Education. Apply, not later than July 1, to the Convenor of Education of the Stanstead County Women's Institute whose name may be obtained from the Principal of the applicant's school.

A.S. LAMB SCHOLARSHIPS. – Three scholarships of $300 each, endowed by friends of Dr. Arthur S. Lamb, formerly Director of the School of Physical Education and of the University Department of Athletics, Physical Education and Recreation, as a tribute to his work in these fields. Awarded to students entering the intermediate or final year of the Bachelor of Education (Major in Physical Education) course. One scholarship is awarded on academic record and personal qualities. Financial need is also considered in awarding the other two scholarships. No application necessary.

MACDONALD TEACHERS' ALUMNI ASSOCIATION SCHOLARSHIP. – Value $100, awarded to the best all round student by the Dean of the Faculty of Education and the President of the Alumni Association. The Scholarship must be used to further the winner's educational studies. When circumstances permit, two scholarships are offered in the same year.

UNIVERSITY SCHOLARSHIPS. – See Section 3.1.

Bursaries

ELIZABETH MILLAR COSENS BURSARY. – To be awarded annually to a woman in the intermediate or final year of the degree course in Physical Education. The award will be made on the recommendation of the Faculty of Education without restriction as

*Apply to Student Aid Office

to race, creed, colour or nationality on the basis of academic record, motivation and financial need with primary concern being given to academic proficiency.

DELTA KAPPA GAMMA SOCIETY ALPHA CHAPTER GRANT-IN-AID. – A $250 grant-in-aid to a woman candidate for the 1st class diploma who has evidenced academic ability and who shows promise of making a contribution to the teaching profession. Applications must be submitted by August 15.*

I.O.D.E. BURSARIES. – The Municipal Chapter I.O.D.E. offers two bursaries of $350 and $200, tenable in the Faculty of Education. Awarded by a committee of the Chapter on Scholarship and need. Apply to the Educational Secretary, the Municipal Chapter of Montreal, I.O.D.E., 5475 Côte St. Antoine, Montreal, P.Q. H4A 1R1

KAY KERRY CHAPTER I.O.D.E. BURSARY. – A bursary of $300 offered to a student resident in Pointe Claire or Beaconsfield, with preference given to students in the Faculty of Education. Apply to Chairman, Bursary Committee, Kay Kerry Chapter, I.O.D.E., 233 Allancroft Crescent, Beaconsfield, Que. H9W 1LB, not later than March 1.

KIWANIS CLUB OF LAKE OF TWO MOUNTAINS BURSARY. – $150, tenable by a student in the Faculty of Education residing in the counties of Vaudreuil-Soulanges including Ste. Anne de Bellevue and Senneville. Apply to the Secretary, Kiwanis Club of Lake of Two Mountains, P.O. Box 96, Dorion, Quebec before September 30.

MONTREAL WOMEN'S CLUB ELIZA REID MEMORIAL BURSARY. – Founded in 1927 by the Montreal Women's Club in memory of its first President, Mrs. Robert Reid, to provide a Bursary for a student needing financial assistance to continue his studies. Preference will be given to students in the Faculty of Education.*

PROVINCIAL ASSOCIATION OF PROTESTANT TEACHERS BURSARIES. – A number of bursaries offered on the basis of scholarship and need. Apply to the Executive Director, Provincial Association of Protestant Teachers, 245 Hymus Blvd., Pointe Claire, P.Q. H9R 1G6

JANET MORISON ROBB BURSARY FOR WOMEN. – The income for one year from an endowment of $2,000, established by the late Hon. James A. Robb, formerly M.P. for Chateauguay-Huntingdon and Minister of Finance, Canada, in memory of his daughter, Janet Morison Robb, wife of Hugh Harvie Donald. Preference is given to women students resident in either of the counties of Chateauguay-Huntingdon, or Beauharnois, who are daughters of widows or widowers of limited or moderate means, or daughters of disabled Canadian soldiers who have seen active service. Open to students in the Faculty of Agriculture, the school of Food Science, or the Faculty of Education and awarded by the Faculty of Agriculture Scholarships Committee. Students in the Faculty of Education should apply to the Student Aid Office before August 15.

VERDUN WOMEN'S CLUB HARRIET MORRIS MEMORIAL BURSARY. – Value $100, tenable for one year. Awarded in memory of the co-founder of the Club, Harriet Morris, on the basis of academic record, character, and financial need, to a woman student entering the Faculty of Education who is a graduate of Verdun Protestant High School.

Medals

GOLD MEDAL. – Awarded to the student demonstrating the highest general proficiency throughout the B.Ed., Major in Physical Education program.

GOVERNOR-GENERAL'S MEDAL. – Presented by His Excellency the Governor-General of Canada. Awarded for general proficiency to a full-time teacher in training in the graduating year of the Bachelor of Education program.

STRATHCONA TRUST MEDALS. – Awarded to the man and the woman standing highest in the initial year and to the man and the woman standing highest in the intermediate year of the Major Physical Education program.

Loan Funds

NATIONAL COUNCIL OF JEWISH WOMEN LOAN FUND. – Established for the purpose of aiding students in the Faculty of Education to complete their courses.*

PROVINCIAL ASSOCIATION OF PROTESTANT TEACHERS LOAN FUND. – Loans of not more than $300 per annum with priority to students applying for the first time and to those not eligible for other bursaries. Loans repayable when the student begins teaching. Apply to the P.A.P.T., Professional Loans Committee, 245 Hymus Blvd., Pointe Claire, P.Q. H9R 1G6

ST. GEORGE'S LOAN FUND. – Established in 1955 by a donation of $500 to assist students registered in the Faculty of Education.*

STUDENT TEACHERS' SOCIETY LOAN FUND. – Established in 1954 by a donation from the Student Teachers' Society to assist students registered in the Faculty of Education. Additional donations supporting this fund have been received from the following sources: I.O.D.E. Ethel Walkem Joseph Fund, Gardner Kneeland Fund, Milton Hersey Fund, Dr. S.P. Robins Fund, and J.C. Wilson Fund.*

OTHER LOAN FUNDS. – See Section 3.1.

*Apply to Student Aid Office

3.5 OPEN TO STUDENTS IN FACULTY OF ENGINEERING (Including Architecture)

For Entrance Scholarships, see Section 2.
For scholarships and bursaries open to undergraduates in all Faculties, see Section 3.1.

General Regulations in Engineering

1. Only those students who have completed at least 27 credits (excluding Summer Session) in the academic year preceding the award will be eligible for scholarships.
2. Scholarships will be awarded only if an adequate scholarship standard is attained.

Scholarships

AMERICAN SOCIETY FOR METALS SCHOLARSHIP. – $600 offered by the Montreal Chapter of the American Society for Metals to a student in any year of the Metallurgical Engineering course. Awarded by the Scholarships Committee of the Faculty of Engineering on the recommendation of the Department of Mining and Metallurgical Engineering on the basis of academic standing, engineering promise, and financial need.

BAYLIS SCHOLARSHIP. – Value $290, founded in memory of Mr. and Mrs. James Baylis of Montreal. Awarded to a student entering the Second year who is in need of financial assistance and will be renewed if the student maintains satisfactory standing. Apply through the Dean of the Faculty.

EDMUND HENRY BOTTERELL AWARDS. – See Section 4.

E.G.M. CAPE AND COMPANY (1956) LTD. AWARD. – $250, for a student who has completed the First year of the Civil Engineering course and is entering the Second year. Awarded by the Scholarships Committee of the Faculty of Engineering on the basis of high scholastic standing, activity in extracurricular work and student engineering society affairs, and construction engineering promise. All other factors being equal financial need will be considered.

COMINCO SCHOLARSHIPS. – To assist in ensuring a continuing supply of qualified graduates in fields vital to industry in Canada, Cominco Ltd. has established a program of twenty-four scholarships at specified universities in Canada to assist students in financing the final two years of their undergraduate course. Two of these scholarships are awarded annually in the form of two-year awards of $800 each per year at McGill University by the University Scholarships Committee upon the recommendations of the Departments concerned. Open to students who in the fall will enter the penultimate undergraduate year of a course leading to a degree in Honours Geology, Chemical Engineering, Mining Engineering, Mechanical Engineering, Metallurgical Engineering, Soil Science, or Agronomy. Renewals for the second year will be subject to attainment of academic standards satisfactory to the University Scholarships Committee.

CYANAMID OF CANADA LIMITED SCHOLARSHIP. – Value $600, established by Cyanamid of Canada Limited for a student whose scholastic standing and attendant attributes make him worthy of financial assistance. Candidates must be Canadian citizens or landed immigrants. Awarded by the Scholarships Committee of the Faculty of Engineering, with preference being given to students in Chemical Engineering.

MARION McCALL DALY AWARD. – $400, awarded each year to a student who has completed two years at McGill and is continuing in a third year in the Faculty of Arts, Science, Management, or Engineering (including Architecture) at the University. Awarded by the University Scholarships Committee upon the recommendations of the faculties concerned. In making the award the following is taken into account: (a) preference is given to women students, (b) the candidate's promise of making a definite contribution to Canadian life, (c) financial need, and (d) academic record.

SIR WILLIAM DAWSON SCHOLARSHIPS IN METALLURGY. – A research and teaching graduate award of $3,000, or one or more undergraduate awards totalling $3,000, in the Department of Mining and Metallurgical Engineering, endowed in memory of the late Sir William Dawson, Principal of McGill University from 1855 to 1893.

DOW CHEMICAL OF CANADA SCHOLARSHIP. – $750 for a student in the final year of Chemical Engineering, awarded by the Scholarships Committee of the Faculty of Engineering on the recommendation of the Chairman of the Department of Chemical Engineering, subject to the following conditions: the student (1) must have a sincere interest in the Chemical Industry; (2) must be in the upper half of the class; (3) must demonstrate some leadership in extracurricular activities; (4) must be "personable"; (5) must not hold another scholarship.

GEORGE HERRICK DUGGAN MEMORIAL SCHOLARSHIPS. – See Section 2.

NEVIL NORTON EVANS SCHOLARSHIP. – Value $200, established in 1937 by graduates of the Faculty of Applied Science (Engineering) to commemorate the work of Professor Nevil Norton Evans, formerly Professor of Chemistry. Open to students in Engineering who show outstanding ability in Chemistry. Awarded by the Faculty of Engineering Scholarships Committee.

GENERAL MOTORS SCHOLARSHIPS. – Established by General Motors Corporation of Canada and open to outstanding young Canadian men or women. Normally, one scholarship is awarded

annually in the form of a two-year award of $1,000 per year. For further details consult the Scholarships Office.

R.P.D. GRAHAM SCHOLARSHIPS AND MEDALS. – Endowed by former students of Dr. R.P.D. Graham, Professor Emeritus of Mineralogy. One scholarship of $800 is available to students entering an intermediate year of the B.Sc. program in Geological Sciences. A second scholarship of $800 is available to students entering the second or third year of the B.Eng. program in Mining Engineering. Both scholarships are awarded by the faculty scholarships committees on the recommendation of the chairman of the department concerned. A bronze medal bearing the likeness of Professor Graham is given to each scholarship winner.

JOHN GREEN MEMORIAL AWARD IN ELECTRICAL ENGINEERING. – Established by his relatives and friends in memory of John Green, an, Honours student in the Electrical Engineering program who died as a result of an accident. To be awarded annually to the student with highest standing in the penultimate year of Honours Electrical Engineering. The award is to be made by the Faculty of Engineering Scholarships Committee on the recommendation of the department.

THOMAS LEEMING HARRISON AWARD. – $250, for a student who has completed the Second year of the Civil Engineering course with high scholastic standing and who is entering the final year. Awarded by the Scholarships Committee of the Faculty of Engineering on the recommendation of the Chairman of the Department of Civil Engineering and Applied Mechanics.

WILLIAM HENRY HOWARD SCHOLARSHIPS. – Three scholarships of $1,000 each bequeathed in 1955 by the late Mrs. Florence P. Howard in memory of her husband. Open to undergraduate and graduate students, one each in Metallurigal Engineering, Chemical Engineering and Geology. Awarded by the faculty scholarships committees on the recommendations of the departments concerned for scholastic ability and general promise.

IRON ORE COMPANY OF CANADA SCHOLARSHIPS. – Two scholarships of $500 each, open to students entering the Second or Third year in Mining, Metallurgical, Electrical, Mechanical, Civil, or Chemical Engineering. Awarded by the Scholarships Committee of the Faculty of Engineering on the basis of academic ability, personality, need, and general promise.

JOHNSON WAX SCHOLARSHIP. – Total value of $2,400 ($800 a year for three years), awarded each year to a student who is entering the First year course in Chemical Engineering. Awarded by the Faculty of Engineering and renewable until the holder graduates provided his or her academic standing is sufficiently high. Awarded mainly on the basis of academic standing but general qualifications for the engineering profession and need for financial help are also considered. No application is necessary.

HARRY KRASHINSKY SCHOLARSHIP. – Value $1,000, established by the Order of Engineers of Quebec for Quebec students finishing their penultimate year in Engineering. Applicants must submit a curriculum vitae, which should emphasize past and present activities in university and community affairs, and an essay not exceeding 500 words on the theme "The Role of the Engineer in the Community". Applications must be submitted by February 1. For further information apply to the Faculty Office Engineering.

FREDERIC J. LEMAISTRE AWARD. – Value $200, awarded annually to a worthy student in the penultimate year of the undergraduate program in Chemical Engineering. Awarded by the Faculty Scholarships Committee on the recommendation of the Department of Chemical Engineering.

H.M. MACKAY MEMORIAL SCHOLARSHIP. – Value $300, established in 1932 as a memorial to the late Henry M. Mackay, formerly Dean of the Faculty of Engineering. Awarded by the Faculty Scholarships Committee to a Canadian citizen or landed immigrant in the First year in Engineering on the results of the first semester examinations.

J.W. McCONNELL SCHOLARSHIPS IN SCIENCE AND ENGINEERING. – Made possible through the generous donation of the late Mr. J.W. McConnell, awarded to students proceeding to degrees in any field of Science or Engineering (including Architecture) and renewable each year provided academic standing satisfactory to the University Scholarships Committee is maintained. Candidates must be Canadian citizens or landed immigrants, and on proof of need, may receive up to full tuition fees plus the cost of board, residence and books.

Students in Engineering are eligible for these scholarships provided they have received a University Scholarship. They should apply by filling out an Application for Financial Aid, which may be obtained from the Student Aid Office.

MR. AND MRS. T. R. McLAGAN SCHOLARSHIPS. – Two awards of $740 for outstanding students entering the final year of Electrical Engineering and Mechanical Engineering (one in each department) who are judged to be the best in terms of academic performance, leadership and citizenship. In cases where two or more students are judged equal on this basis, the financial needs of the candidates shall be considered and preference given to the student whose need is greatest.

MINING AND METALLURGICAL ENGINEERING ENTRANCE SCHOLARSHIPS. – See Section 2.

MONTREAL WOMEN'S AUXILIARY OF THE CANADIAN INSTITUTE OF MINING AND METALLURGY SCHOLARSHIP. – Open to undergraduate or graduate students in Geology, Metallurgical Engineering, Mining Engineering, or allied subjects.

R. G. K. MORRISON AWARD. – Value $1,000, established in honour of Prof. R.G.K. Morrison, Chairman of the Department of Mining Engineering and Applied Geophysics 1949-1966. Kerr Addison Mines Limited is responsible for supporting this award. Awarded by the Scholarships Committee of the Faculty of Engineering upon the recommendation of the Chairman of the Department of Mining and Metallurgical Engineering to a student in the Mining Engineering course. If there is no suitable candidate for a particular year at the undergraduate level, the award may become available to a graduate student in Mining Engineering.

QUEBEC IRON AND TITANIUM CORPORATION SCHOLARSHIPS. – Two scholarships of $800 each open to students who have completed their First and Second years in Metallurgical Engineering at McGill University. Further information may be obtained from the Chairman of the Department of Mining and Metallurgical Engineering.

GORDON SPROULE MEMORIAL SCHOLARSHIP. – $600, offered by the Montreal Chapter of the American Society for Metals to a student in the penultimate year of the Metallurgical Engineering course. Established in memory of Gordon Sproule, a member of the staff of the Department of Metallurgical Engineering from 1918 to 1953, in appreciation of his ability and his many services to the Society. Awarded by the Scholarships Committee of the Faculty of Engineering on the recommendation of the Department of Mining and Metallurgical Engineering on the basis of academic standing, engineering promise, and financial need.

UNIVERSITY SCHOLARSHIPS. – See Section 3.

WELDON AWARD. – Value $500, established by a bequest from the late Richard Laurence Weldon. Awarded by the Faculty Scholarships Committee on the recommendation of the Department of Mechanical Engineering.

F. T. M. WHITE AWARD. – Value $1,000, established in memory of the late Prof. F.T.M. White, Chairman of the Department of Mining Engineering and Applied Geophysics 1966-1971. The Canadian Mineral Industry Education Foundation is responsible for supporting this award. Awarded by the Scholarships Committee of the Faculty of Engineering upon the recommendation of the Department of Mining and Metallurgical Engineering to a student in the Second or Third year of the Mining Engineering course.

STUART ALBERT WISDOM MEMORIAL SCHOLARSHIP. – Value $400, established in 1953 by Mrs. Stuart Albert Wisdom as a memorial to her late husband (B.Sc. (Mining and Metallurgy), McGill '09), and to commemorate his outstanding contributions to the field of metallurgy and, in particular, his invention of the process for the manufacture of acetylene black. Awarded by the Faculty Scholarships Committee on the recommendation of the Department of Mining and Metallurgical Engineering to a student entering the Third year of Metallurgical Engineering who has shown high scholastic ability and engineering promise.

ROY M. WOLVIN MEMORIAL SCHOLARSHIPS. – Two scholarships of $375 each, are given by Mrs. Roy M. Wolvin in memory of her husband. One scholarship is available to any undergraduate in the Faculty of Engineering, and is awarded by the Faculty Scholarships Committee. The other scholarship is available to any undergraduate in the Faculty of Arts, the Faculty of Science or the Faculty of Management, and is awarded by the University Scholarships Committee upon recommendations of the faculties concerned.

Bursaries

BECHTEL FOUNDATION OF CANADA BURSARIES. – Bursaries of not less than $300 each for students in the Faculty of Engineering. The $1,200 annual gift may be divided between two or four students, two of whom must be entering the First year.*

ROBERT BRUCE BURSARIES. – Several bursaries of $100 each are open each year to "young men and women of promising abilities but of straitened circumstances in Arts, Science, or Engineering."*

BYERS CONSTRUCTION CO. BURSARY. – $300, awarded to a student in Engineering with a good academic record who needs financial assistance. Renewable annually until the holder graduates if he/she maintains a satisfactory academic standard and still needs financial help. Apply to the office of the Dean.

CANADIAN TITANIUM PIGMENTS LIMITED BURSARIES. – Open to Canadian students in any year of the Faculty of Engineering or the Faculty of Science and awarded on the basis of academic merit and financial need.*

TOM DESMARAIS WHITE PRINT COMPANY BURSARY. – $500, awarded annually to a needy student in the School of Architecture.*

DOMTAR BURSARY. – $100, established by Domtar Construction Materials Limited, and awarded to a needy student in the School of Architecture.*

DOUGLAS TUTORIAL BURSARIES. – The late Dr. James Douglas, who was a member of the Board of Governors, provided for ten or more tutorial bursaries of approximately $100 per annum in the Faculty of Engineering. These bursaries carry the obligation of giving tutorial instruction equivalent to one evening a week and the circumstances of the applicants as well as their academic standing are considered. Students in the Second and Third years of Engineering are eligible. Apply in writing to the Dean's Office on or before October 15.

*Apply to Student Aid Office

HON. ROBERT JONES BURSARY. – One or more bursaries not exceeding $250 each in any one year are granted to needy students in the Faculties of Arts, Science or Engineering.*

RICHARD S. LEA TUTORIAL BURSARIES. – The late Mrs. Wanda Lea, widow of the late Richard S. Lea, Consulting Engineer and graduate in Applied Science of McGill University, provided a fund of $5,000, the revenue of which provides two bursaries of $100 per annum given to suitable students in their last two years of Engineering, with the obligation of giving tutorial instruction equivalent to one evening a week. Apply in writing to the Dean's Office on or before October 15.

CHARLES MICHAEL MORSSEN BURSARY FUND. – Established by Mrs. C. Michael Morssen in memory of her husband, Charles Michael Morssen. The revenue from the fund to be used in assisting worthy students in any year of the Faculty of Engineering. Awarded by the Scholarships Committee of the Faculty of Engineering on the basis of academic record and financial need of the recipients.

ORDER OF ENGINEERS OF QUEBEC BURSARY. – $500, tenable by a student in the Second or Third year of the Faculty of Engineering, and awarded by the Faculty.

SEPARATOR ENGINEERING LIMITED BURSARY. – A bursary of $200, open to undergraduate students enrolled in Chemical, Mechanical or Metallurgical Engineering. Awarded by the Scholarships Committee of the Faculty of Engineering on the basis of financial need and academic standing.

STANDARD CHEMICAL BURSARY. – An annual bursary of $250 awarded to a Canadian student, without restriction as to national background, language, colour or religion, preferably in an upper year of Chemical Engineering, who requires financial assistance. The award will be made by the Student Aid Office.*

EDWARD VOLCKMAR BURSARY FUND. – Established in 1972 by Miss Grace H. Prescott in memory of Edward Volckmar. Awarded annually to a student in need in the Faculty of Engineering. The bursary may be renewed until graduation.*

GORDON WEBBER BURSARIES. – Established by a bequest of the late Professor Gordon Webber, together with a number of donations from his former students, for needy students in the School of Architecture.*

For bursaries open to undergraduates in all Faculties, see Section 3.

Prizes

ALUMI PRIZES. – Two prizes of $200 each. One prize awarded to a student after completion of two semesters and the other after the completion of four semesters of studies in any field of engineering. The winners shall have a very high aggregate standing in engineering and show exceptional qualities of leadership and engineering promise.

CANDADIAN CONSTRUCTION ASSOCIATION PRIZE. – Each year the Chairman of Civil Engineering selects the best technical paper dealing with some phase of construction work for submission to the national Robert Leggett Award competition. The competition is open to all senior undergraduate students of civil, mechanical or electrical engineering. The University's submission automatically receives a $50 prize and an engineer's handbook. The national competition prizes are $250, $150 and $75 plus handbooks.

CANADIAN INSTITUTE OF MINING AND METALLURGY PRIZES. – Two prizes, $200 and $100, for the best and second best technical paper prepared by undergraduates before receiving a Bachelor's degree on a subject appropriate to any one of the Institute's Technical Divisions, namely Coal, Geology, Industrial Minerals, Metallurgy, Metal Mining, and Petroleum and Natural Gas. Papers should be submitted to the Canadian Institute of Mining & Metallurgy, 1117 St. Catherine St. W., Montreal, Quebec, before January 15.

VICTOR E. DAWSON MEMORIAL PRIZE. – $85 to the best student entering the final year in the program of Mining Engineering.

ENGINEERING INSTITUTE OF CANADA LIFE MEMBERS' PRIZE. – The prize consists of a bronze medal known as "The Engineering Institute of Canada Life Members' Organization Medal", a framed certificate and a two-year membership in the Institute, one year as a student member and the other as an associate member. The prize is awarded annually to a student member of the Institute on the basis of marks achieved at the completion of his penultimate year of undergraduate study and on his activities in the E.I.C. student section or in the local branch of a recognized engineering society.

ENGINEERING INSTITUTE OF CANADA, (ASSOCIATE SECTION, MONTREAL BRANCH) PRIZES. – Two prizes, $50 and $25, for the best and second best papers in any branch of engineering presented at the Annual Students' Night sponsored by the Student Guidance Committee. Details may be obtained from the Faculty representative of the Engineering Institute of Canada.

H. L. FETHERSTONHAUGH BOOK PRIZE. – Established in memory of the late H.L. Fetherstonhaugh, M.C., F.R.A.I.C., F.R.I.B.A., R.C.A., a former member of staff in the School of Architecture. Awarded annually by the School of Architecture to the student with the highest standing in the course Professional Practice.

*Apply to Student Aid Office

ROBERT FORSYTH PRIZE IN CIVIL ENGINEERING. – $100, bequeathed by the late Miss Jeanie Forsyth, and awarded, if the examiners so recommend, to a "worthy and needy" student of the graduating class who secures high standing in the subjects of Theory of Structures and Structural Design.

JAMES DICKIE HALL PRIZES. – Two prizes of $250 each, one in Mining Engineering and one in Metallurgical Engineering, established by Oliver Hall in memory of his son, James Dickie Hall, lost near Cannes in June 1944 in an air battle between four R.C.A.F. and more than ninety enemy planes. Open to students entering the Second or Third year of the above courses and awarded for the best technical paper in each discipline. Not awarded unless the papers are of high quality.

INSTITUTE OF ELECTRICAL AND ELECTRONICS ENGINEERS PRIZE. – Two prizes of $25 and $15, offered to students of McGill by the Montreal Section of the Institute of Electrical and Electronics Engineers to outstanding students in the Second or Third year in Electrical Engineering upon recommendation by the Department.

MURDOCH LAING PRIZE. – $265, for the design of a medium cost city house established by the late Mrs. Florence B. Laing in memory of her son (formerly a student in the School of Architecture) who was killed at Courcelette in 1916 while serving with the 24th Canadian Infantry Batallion. Awarded in a competition held during the summer prior to entering the B.Arch. program.

DR. W.B. LEWIS PRIZE. – See Section 3.1

CHESTER MACNAGHTEN PRIZES. – See Section 3.

McCHARLES PRIZE. – $1,000, gift of the late Aeneas McCharles, for the discovery of improved methods of treating Canadian ores or minerals, for the development of new life-saving devices in the power and light industry, or for notable achievement in scientific research in any useful practical line. Open to any Canadian. For further information apply to the Engineering Faculty Office.

ORDER OF QUEBEC LAND SURVEYORS PRIZE. – $25, open to students in Civil Engineering and awarded at the end of the Second year by the Corporation to the student obtaining the highest standing in the subjects of the undergraduate course in engineering comprising Surveying, up to the end of the Second year.

JOHN BONSALL PORTER PRIZE. – $40, awarded annually by the Department of Mining and Metallurgical Engineering and Applied Geophysics for outstanding performance.

LOUIS ROBERTSON PRIZE. – Founded by Mr. and Mrs. John A. Robertson, in memory of their son, John Louis Armour Robertson, who was killed in World War I on July 18, 1916. A book prize for the student obtaining the highest standing in History of Architectural Theory II in the School of Architecture.

PROFESSOR JULES W. STACHIEWICZ MEMORIAL PRIZE. – Established by his relatives, colleagues and friends in memory of the late Professor Jules W. Stachiewicz, Chairman of the Department of Mechanical Engineering. Value $300, to be awarded annually to a graduating student with a very high grade in the design courses of the Mechanical Engineering program who has shown exceptional qualities of leadership, dedication and engineering promise. Awarded by the Faculty of Engineering Scholarships Committee on the recommendation of the department.

SOCIETY OF CHEMICAL INDUSTRY MERIT AWARDS. – Three Merit Awards consisting of a gold key and a year's subscription to "Chemistry and Industry" awarded to the three graduating students who achieve the best results in: (a) the B.Sc. course with Honours in Chemistry, or Joint Honours in Chemistry and some related science (b) the B.Eng. course in Chemical Engineering (c) the Honours course in Biochemistry. Awarded by the Scholarships Committees of the Faculty of Science and the Faculty of Engineering on the recommendations of the Chairmen of the Departments concerned.

PHILIP J. TURNER PRIZE. – $175, presented by A.B. Darbyson, B.Arch. '15, to the student in the School of Architecture obtaining the highest standing in Design and Construction II.

Medals

BIRKS GOLD MEDAL. – Awarded by Henry Birks & Sons(Montreal) for the best graduating student in Metallurgical Engineering.

ERNEST BROWN GOLD MEDAL. – Founded by the late Mrs. Ernest Brown in 1952 in memory of her husband the late Ernest Brown, M.Sc., M.Eng., D.Eng., Dean of the Faculty of Engineering from 1930 to 1942. Awarded to the student in the graduating class in any of the Departments of Engineering showing the highest ability throughout his undergraduate course. While academic standing is of primary importance, account is also taken of qualities of leadership and ability to work with others.

BRITISH ASSOCIATION MEDALS. – Founded by the British Association for the Advancement of Science in commemoration of its meeting held in Montreal in 1884. Open for competition to students of the graduating class in each of the Engineering courses, and, if the examiners so recommend, is awarded to the student taking the highest position in the final examinations.

CHARLES MICHAEL MORSSEN GOLD MEDAL. – Established by Mrs. C. Michael Morssen in memory of her husband, Charles Michael Morssen, a benefactor of the Faculty of Engineering for many years. Awarded to a student of high academic standing

and exceptional engineering promise in the graduating class in any of the Departments of Engineering.

ROYAL ARCHITECTURAL INSTITUTE OF CANADA MEDAL. – Offered to the student who has achieved the highest standing in the B.Arch. program, and who gives promise of being an architect of distinction after graduation. Selection is made by a committee of staff of the School of Architecture.

THE ARTHUR SURVEYER GOLD MEDAL. – Established in memory of Dr. Arthur Surveyer, founder of the Canadian firm that evolved into The SNC Group, now internationally known in the engineering field. Awarded to a student of high academic standing and exceptional engineering promise in the graduating class in any Department of the Faculty of Engineering. An officer of The SNC Group will present a cheque to the medal winner after Convocation.

Loan Funds

BENNETT EDUCATIONAL FUND. – The Engineering Institute of Canada makes loans from the fund to Engineering students (normally in upper years).*

CANADIAN INSTITUTE OF MINING AND METALLURGY MONTREAL BRANCH LOAN FUND. – Established in 1958 by the Montreal Branch of the Institute to provide loans to undergraduate or graduate students in Geological Sciences, Metallurgical Engineering and Mining Engineering.*

J.M. FAIRBAIRN LOAN FUND. – Bequeathed in 1967 by the late Mrs. J.M. Fairbairn for loans for students in the Faculty of Engineering.*

GEORGE HENRY FROST FUND. – Founded by the late G.H. Frost, B.Sc. '60, to aid students in the Faculty of Engineering who require financial assistance. When making loans the applicants' academic standing is considered.*

BERNARD LEVITON LOAN FUND. – Established by Mr. Sidney Ender in memory of the late Bernard Leviton for students in the Faculty of Engineering with preference given to students in Electrical Engineering.*

ISABELLA McLENNAN BURSARY AND LOAN FUND. – A rotating fund for students in Architecture to assist in financial emergencies.*

MONTREAL WOMEN'S AUXILIARY OF THE CANADIAN INSTITUTE OF MINING AND METALLURGY LOAN FUND. – Founded for the assistance of Engineering students in Mining, Metallurgy, Geology, and allied subjects.*

SCIENCE '25 MEMORIAL LOAN FUND. – Established in 1955 by the Class of Science '25 for Engineering undergraduates.*

WADDELL LOAN FUND. – Founded by the late J.B. Waddell. Loans are made under the same conditions as apply to the George Henry Frost Fund, but are available also to graduate students.*

WICKENDEN LOAN FUND. – Established in 1958 by Mr. John Wickenden to aid students in Engineering with better than average standing in previous year.*

OTHER LOAN FUNDS. – See Section 3.1.

3.6 OPEN TO STUDENTS IN THE FACULTY OF LAW

For scholarships and bursaries open to undergraduates in all Faculties, see Section 3.1.

For details of scholarships, bursaries, and prizes in Law, see Faculty of Law Announcement.

3.7 OPEN TO STUDENTS IN MACDONALD COLLEGE In the Faculty of Agriculture (Including School of Food Science)

For Entrance Scholarships, see Section 2.

For Scholarships, bursaries and loans open to undergraduates in all Faculties, see Section 3.1.

For details of scholarships, bursaries, and prizes in Agriculture and Food Science, see the Macdonald College Announcement for the Faculty of Agriculture and School of Food Science.

3.8 OPEN TO STUDENTS IN THE FACULTY OF MANAGEMENT

For Entrance Scholarships, see Section 2.

For scholarships and bursaries, open to undergraduates in all Faculties, see Section 3.1.

Scholarships, Prizes and Awards

EDMUND HENRY BOTTERELL AWARDS. – See Section 4.

ROBERT BRUCE SCHOLARSHIP. – $100, tenable for two years, bequeathed by the late Robert Bruce, of Quebec City. Open to students in the Faculty of Arts, the Faculty of Science or the Faculty of Management and awarded for high standing in the examinations at the end of the First year. Awarded by the University Scholarships Committee upon recommendations of the faculties concerned.

CANADA PERMANENT TRUST PRIZES. – Two annual prizes of $500 and $300, awarded by the Faculty of Management to students entering their final year of the B.Com. program, for excellence in the first two years of their program.

*Apply to Student Aic Office

CHARTERED ACCOUNTANTS STUDENTS' SOCIETY OF QUEBEC PRIZE IN ACCOUNTANCY & AUDITING. – Established in 1974 by the Chartered Accountants Students' Society of Quebec. A prize of $100 in cash is awarded to the student receiving the highest average grades in accountancy and auditing in his or her final year. Awarded by the Faculty of Management Scholarships Committee.

CHERRY PRIZES. – See Section 3.2.

CLARKSON, GORDON & CO. PRIZE. – $100, awarded at the end of the Final year to the student who obtains the highest standing in Accounting and Auditing.

COMMERCE 1925 AWARD. – $300, awarded by the Scholarships Committee of the Faculty of Management on the recommendation of the Dean to the student obtaining the highest marks in Accountancy at the end of the Third year of the Commerce course.

DR. J. A. COOTE PRIZE IN ORGANIZATIONAL BEHAVIOUR AND PERSONNEL. – A prize of $100, awarded by the Faculty of Management to a final year student in the Management Concentration Group who is registered in the area of Organizational Behaviour and Personnel.

MARION McCALL DALY AWARD. – $400, awarded each year to a student who has completed two years at McGill and is continuing in a third year in the Faculty of Arts, Science, Management, or Engineering (including Architecture) at the University. Awarded by the University Scholarships Committee upon the recommendations of the faculties concerned. In making the award the following is taken into account: (a) preference is given to women students, (b) the candidate's promise of making a definite contribution to Canadian life, (c) financial need, and (d) academic record.

L.J. FORGET & COMPANY AWARD. – Value $400, established in 1973 by L.J. Forget & Company. Awarded annually by the Scholarships Committee of the Faculty of Management for excellence in the Finance courses in the Bachelor of Commerce Program.

DR. M. RICHARD GELFAND PRIZE IN MARKETING. – A prize of $100, awarded by the Faculty of Management to a final year student in the Management Concentration Group who is registered in the area of Marketing.

GENERAL MOTORS SCHOLARSHIPS. – Established by General Motors Corporation of Canada and open to outstanding young Canadian men or women. Normally, one scholarship is awarded annually in the form of a two-year award of $1,000 per year. For further details consult the Scholarships Office.

STEPHEN S. GOLDBLOOM MEMORIAL PRIZE. – Value $100. Established by friends and classmates in memory of Stephen S. Goldbloom, a second year Management student active in Campus student life and a student representative on the Board of Governors, who passed away during the summer of 1975. To be awarded to a student graduating in the Faculty of Management with good academic standing having made a notable contribution to student life.

JOSEPH H. JACOBS PRIZE. – Value $90, established under the will of the late Joseph H. Jacobs, is awarded as a prize for Second year Accountancy.

DR. W.B. LEWIS PRIZE. – See Section 3.1.

SIR WILLIAM MACDONALD SCHOLARSHIPS. – Two scholarships of $500 each, open to all students in the Second and Third years.

CHESTER MACNAGHTEN PRIZES. – See Section 3.1.

FACULTY OF MANAGEMENT PRIZES. – The Faculty of Management awards three $100 prizes to students in the Management Concentration Groups in their final year, registered in the areas of Computers and Systems, Finance, Small Business, and Quantitative Methods.

MARSH AND MCLENNAN AWARD. – An annual scholarship of $570, awarded to a student entering the final year of the B.Com. program, for excellence in the first two years of the program.

LADDIE MILLEN MEMORIAL PRIZE. – Established by Mr. J. Ernest Millen in memory of his son, Laddie Millen, who was killed in action in World War I. Three prizes will be available annually to Industrial Relations students in the Bachelor of Commerce Program. The awards will be in the amounts of $500, $300, and $200, representing first, second and third prize for a competitive essay on an industrial relations topic. The subject of the essay will be determined each year by a committee of industrial relations faculty members and will be available from the Director of the Industrial Relations Centre. The prize winning essay will be selected by this committee, which will include the Dean of the Faculty of Management and the Director of the Industrial Relations Centre. Deadline each year for submission of essays to the Director of the Industrial Relations Centre will be May 15th. If, in the opinion of the committee, no essay is considered satisfactory for a prize at any particular level, the award at that level will not be granted.

MISAWA HOMES PRIZE IN INTERNATIONAL BUSINESS. – $100 to be awarded to a student in the final year of the B.Com. program for outstanding performance in the International Business Management Concentration Group. To be awarded on recommendation of the International Business Group Adviser and the Chairman of the Faculty of Management Scholarships Committee.

PRICE WATERHOUSE & CO. AWARD. – Value $250, awarded by the Scholarships Committee of the Faculty of Management to a student in the B.Com. program completing his Second year and

proceeding to his final year and planning to continue his studies with a practising firm of chartered accountants. The winner must have high standing in the Second year examinations and outstanding academic record, ability, and other qualifications.

HYMAN HERBERT STEIN AWARD. – Approximately $250, in memory of the late Hyman Herbert Stein, B.Com. 1925, for an award for a student entering the Second year of the three-year Commerce Program. Awarded at the discretion of the Dean of the Faculty. Ability and financial need will be taken into consideration when making the award.

TOUCHE ROSS & CO. AWARD. – An award of $250 to a student who has completed the Second year, will be entering the final year in the B.Com. program, and who intends on graduation to qualify as a Chartered Accountant. Awarded on high standing in the Second year and on academic record, ability and personality and other characteristics considered to be suitable.

UNIVERSITY SCHOLARSHIPS. – See Section 3.1.

ROY M. WOLVIN MEMORIAL SCHOLARSHIP. – See Section 3.2.

WOMEN'S PERSONNEL GROUP OF MONTREAL BOOK PRIZE. – See Section 3.2.

Bursaries

AFFILIATED FACTORS CORPORATION BURSARY. – Open to deserving students in any year of Commerce.*

BESSIE PARSONS BENTLEY STUDENT AID FUND. – Established in 1959 by Mr. William Bentley in memory of the late Mrs. Bessie Parsons Bentley, for scholarships or student aid for students in the B.Com. program. Awards are made by the Student Aid Office, with the approval of the Dean of the Faculty of Management, to students whose general standing entitles them to special consideration and assistance.*

FRUEHAUF TRAILER BURSARY FUND. – The Fruehauf Trailer Company has established a bursary fund for the purpose of aiding Business Administration students in the intermediate and final year of the Faculty of Management to complete their courses.*

SYDNEY S. PAPPELBAUM BURSARY. – Approximately $180, in memory of the late Captain Sydney S. Pappelbaum, B.Com., 1952, open to students in Commerce who have completed Second year and are entering Third year.*

CHARLES S.C. WISDOM BURSARY. – $175, established in 1956 by the late Mrs. Stuart Albert Wisdom in memory of her late son, Charles S.C. Wisdom, a graduate of the Royal Military College, Kingston, and of the McGill School of Commerce. Awarded by the Student Aid Office in consultation with the Dean of the Faculty of Management to a deserving student in any of the last two years of the B.Com. program.*

Medals

SIR EDWARD BEATTY GOLD MEDAL. – A gold medal endowed by the late Sir Edward Beatty, former Chancellor of the University, awarded to the student in the B.Com. program with the highest distinction in Economics. Awarded, at present, on the aggregate marks for the three full year courses, Principles of Economics (or Honours alternatives), Money and Banking, and Economic Analysis (or Honours alternatives).

FINANCIAL EXECUTIVES INSTITUTE SILVER MEDAL IN FINANCE. – A silver medal is offered by the FEI Montreal Chapter to an undergraduate student graduating with the highest overall average in finance. Awarded by the Scholarships Committee of the Faculty of Management.

Loan Funds

COMMERCIAL SOCIETY LOAN FUND. – To aid one or more students who are entering their Final year in the B.Com. program to complete their course. Loans are repayable within two years after graduation.*

MORTON J. WHITE LOAN FUND. – Established in 1957 by a bequest from the late Morton J. White, to assist deserving students in the B.Com. program.*

OTHER LOAN FUNDS. – See Section 3.1.

3.9 OPEN TO STUDENTS IN THE FACULTY OF MEDICINE

For scholarships and bursaries open to undergraduates in all Faculties, see Section 3.1.

For details of scholarships, bursaries and prizes in Medicine, see Faculty of Medicine announcement.

3.10 OPEN TO STUDENTS IN THE FACULTY OF MUSIC

For scholarships and bursaries open to undergraduates in all Faculties, see Section 3.1.

Scholarships, awards, prizes, bursaries and loans available in the Faculty of Music are awarded at the discretion of the Dean and the Faculty Scholarships Committee. Application forms may be obtained from the Dean's Office.

Scholarships

ELLEN BALLON PIANO SCHOLARSHIP. – Approximately $600 to be given to a piano student. The funds provided by the interest on gifts made by Miss Ellen Ballon, a graduate of the Conservatorium

*Apply to Student Aid Office

and by the Julius Block Scholarship Fund and the Cummings Foundation Scholarship Fund.

MADAME PAULINE DONALDA MEMORIAL SCHOLARSHIP. – $500 to be given to a Voice student. Established in memory of the late Pauline Donalda by a donation from the Opera Guild Incorporated.

FACULTY OF MUSIC SCHOLARSHIPS. – Tuition scholarships available to all students in a degree or diploma program in Music. The fund originated through the generosity of patrons of the Martlet Concert and Ball which took place in April 1960. Subsequently many former students and friends of the Faculty of Music have contributed to the fund.

FONDATION LES AMIS DE L'ART SCHOLARSHIP. – Value $500. Available to a Canadian student under 25 and of limited financial means.

SIR WILLIAM MACDONALD MEMORIAL SCHOLARSHIPS. – Approximate value $550. Established in 1922 by the University.

MARION MAGOR MEMORIAL SCHOLARSHIPS. – Tuition scholarships to be given to students entering the upper years of the Bachelor of Music course. Founded in 1953 by the family of the late Mrs. R.J. Magor.

SIR WILLIAM PETERSON MEMORIAL SCHOLARSHIPS. – Approximate value $550. Established in 1921 by the University and by friends, graduates and students of the Faculty of Music.

UNIVERSITY SCHOLARSHIPS. – See Section 3.1.

Awards and Prizes

BOOSEY AND HAWKES PRIZE. – $100 to be given to a Brass instrumentalist. Donated by the music publishing firm of Boosey & Hawkes (Canada) Ltd.

ANNA BRAFF AWARD. – $50 to be given to an undergraduate student who, in the opinion of the Faculty has best performed a selection of piano works by Frederic Chopin.

EDMUND HENRY BOTTERELL AWARDS. – See Section 4.

BROTT PRIZE. – $100 to be given to the best integrated Chamber Music Group. Established by Professor Alexander Brott.

MARGUERITE E. CHOQUETTE AWARD. – Approximately $350 to be given to a Piano student who appears to have more than ordinary talent and requires financial assistance to continue his or her studies. Established by a bequest from the estate of the late Miss Marguerite E. Choquette.

DONALDA PRIZE. – Approximate value $200. Founded by a gift from Madame Pauline Donalda.

SARAH FISCHER MEMORIAL AWARD. – Approximately $200 to be given to a Performance student. Established through a bequest by the friends of the Sarah Fischer Concerts, in memory of Sarah Fischer, celebrated Canadian singer, a dedicated supporter of young music talent, and founder of the Sarah Fischer Concerts for promising young musicians.

CONSTANCE HAMLTON MEMORIAL PRIZE. – $100 to be given to a student in the Department of School Music. Estabished by Professor Helmut Blume.

DR. D.M. HERBERT AWARD. – Approximately $175 to be given to a student enrolled in the School Music program who is preparing to become a Choral Specialist. Established in 1967 by the Baron Byng High School Graduates' Choir.

ETHEL JAMIESON IVEY AWARD. – Value $500. Established in 1973 for a five-year period by the Charles H. Ivey Foundation.

DR. W.B. LEWIS PRZE. – See Section 3.1.

SIR CHARLES W. LINDSAY PRIZE. – Value $25. Established by the Provincial Chapter of the Quebec I.O.D.E.

GIAN LYMAN MEMORIAL AWARD. – Approximately $350 to be given to a student who is specializing in either the performance or history of early music. Established by the contributions of the family, friends and colleagues of the late Gian Lyman, a distinguished graduate of McGill's Faculty of Music, who died on April 22, 1974.

CHESTER MACNAGHTEN PRIZE. – See Section 3.1.

H. R. RESSLER MEMORIAL SCHOLARSHIP – Approximately $75 to be given to a Violin student. Founded in 1950 by the late Mr. H. R. Ressler.

LAURIE ROBIN SLAPCOFF MEMORIAL AWARD. – Approximately $225 to be given to a Voice student, preferably full time. Established in June 1971 by the family and friends of the late Laurie Robin Slapcoff.

CONSTANCE WILLEY PRIZE. – Approximately $75 to be given to a Piano student. Established by a bequest of the late Mrs. Constance Willey.

ANTHONY WILSON PRIZE. – $100 to be given to a Jazz student. Created in memory of Anthony Wilson, a jazz musician and son of Prof. S. Wilson of the School of Architecture. Established through a donation of $500 by the staff of the School of Architecture. To be given annually for five years beginning in 1976.

Bursaries

ANONYMOUS DONOR'S BURSARY. – Established by an anonymous donor in 1959 to cover the necessary tuition fees in Music at McGill for gifted

students requiring essential financial assistance. Awarded at the discretion of the Faculty Scholarships Committee.

LILY LAUTERMAN MEMORIAL BURSARY. – Approximately $275 to be given to a student with financial need. Established by a bequest from the estate of the late Miss Rose Annie Lauterman.

NATHALIE CLAIR-FELDMAN MEMORIAL BURSARY. – Approximately $275 to be given, on the basis of an audition, to a DoubleBass student.

BERNARD L. ISSENMAN MEMORIAL BURSARY – Approximately $150 to be given to a full-time student to further his or her musical education. Established by the late Mrs. Benjamin Shulman in memory of her late husband, Mr. Bernard L. Issenman.

LAKESHORE ORGANISTS' BURSARY – $800 to be given to an Organ student Preference to be given to a student from the Lakeshore area.

RAYMOND LALIBERTE BURSARY. – $125 to be given to a Composition student Established by Mr. Raymond Laliberté, B.Mus.(Comp.) 1970.

ARTHUR ROMANO WOODWIND BURSARY. – $100 to be given to a Woodwind student. Established in memory of Arthur Romano, formerly a teacher in the Faculty of Music a McGill.

WILLIAM ARTHUR WEIR MEMORIAL BURSARY. – Approximate value $300. Established by Mr. Donald Weir in memory of his late father, Mr. William Arthur Weir.

UNIVERSITY BURSARIES. - Full-time students studying for the Licentiate in Music or for the Bachelor of Music degree are eligible for University bursaries. See Section 3.1.

Loan Funds

GLADYS GLASSCO MEMORIAL LOAN FUND. – For students in the Faculty of Music, Established in 1954 by Mr. Gordon B. Glassco in memory of his wife.

OTHER LOAN FUNDS. – See Section 3.1.

3.11 OPEN TO STUDENTS IN THE SCHOOL OF NURSING

For scholarships and bursaries open to undergraduates in all Faculties, see Section3.1.

Scholarships

ALUMNAE ASSOCIATION OF THE SCHOOL OF NURSING SCHOLARSHIP. – In memory of Dr. Marion Lindeburgh, the Alumnae Association has established a scholarship of $700, open to graduate, registered nurses who wish to study at the School of Nursing, and who meet the entrance requirements. Other scholarships are also available for students in B.Sc. (N) and M.Sc.(Appl.) programs. Applications should be submitted by June 1 to the Chairman of the Scholarship Committee, Alumnae Association, 3506 University St., Montreal, Quebec H3A 2A7.

EDMUND HENRY BOTTERELL AWARDS – See Section 4.

ENTRANCE SCHOLARSHIPS. – See Section 2.

J.W. McCONNELL SCHOLARSHIPS IN SCIENCE AND ENGINEERING. – See Section 2.

UNIVERSITY SCHOLARSHIPS. – See Section 3.1.

Bursaries

GOVERNMENT BURSARIES. – A limited number of bursaries are given by the Province of Quebec to nurses who wish to remain in the province, and who have been accepted for admission to the School.

KELLOGG FOUNDATION BURSARIES. – These bursaries are awarded to non-nurse university graduates holding B.A. or B.Sc. degrees and applying to the M.Sc.(Applied) program in Nursing. The bursaries are awarded to individual students for one or more years of the three-year program. After being accepted into the program and no later than September 15th, applicants should apply to: The Director, School of Nursing, McGill University, 3506 University Street, Montreal H3A 2A7, Quebec. Application forms are available from the School of Nursing.

MONTREAL GENERAL HOSPITAL BURSARIES. – The Montreal General Hospital has a limited number of bursaries available for nurses studying in the Baccalaureate and Master's programs. For further information apply to: The Director of Nursing, Montreal General Hospital, 1650 Cedar Avenue, Montreal, Quebec H3G 1A4.

ORDER OF NURSES OF QUEBEC BURSARIES. – A limited number of bursaries are awarded each year for post-basic study in nursing. For programs leading to the Baccalaureate degree, or to the Master's degree, the award is $3,000. Applications should be submitted by May 15 to The Association of Nurses of the Province of Quebec, 4200 Dorchester West, Montreal, Quebec H3Z 1V2.

ROYAL VICTORIA HOSPITAL DEPARTMENT OF NURSING BURSARIES. – Bursaries are offered to senior staff members for postgraduate study. Applications should be submitted by March 1 to the Director of Nursing Royal Victoria Hospital, 687 Pine Avenue West, Montreal, Quebec H3A 1A1.

ROYAL VICTORIA HOSPITAL SCHOOL OF NURSING ALUMNAE ASSOCIATION BURSARY. – A bursary of $1,000 open to graduates of the Royal Victoria Hospital School of Nursing accepted in an approved University program. Apply before March

31 to Nursing Alumnae Office, Nurses' Home, Royal Victoria Hospital, 687 Pine Ave. West, Montreal, Quebec H3A 1A1.

ST. JOHN AMBULANCE ASSOCIATION OF CANADA BURSARIES. – One or more bursaries of $1,000 from the Margaret MacLaren Memorial Fund may be awarded annually to experienced Registered Nurses for study at the Master's level. This fund may also be used to serve the needs of student nurse applicants with preference given to those with St. John Ambulance affiliation. Applications must reach National Headquarters not later than May 1 addressed to the Chairman of Bursary Funds, 321 Chapel Street, Ottawa, Ontario. K1N 7Z2.

UNIVERSITY BURSARIES. – See Section 3.1.

VICTORIAN ORDER OF NURSES FOR CANADA BURSARIES. – The Victorian Order of Nurses for Canada offers bursaries of $1,800 to nurses enrolling at a Canadian university in a diploma course or in the final year of a basic or post-basic degree program which includes preparation in public health nursing. Bursary recipients agree to work one year for the Victorian Order in any branch where their services are required. Inquiries to Victorian Order of Nurses for Canada, 5 Blackburn Ave., Ottawa, Ontario K1N 8A2.

Prizes

LEXY L. FELLOWES MEMORIAL PRIZE. – An annual prize of $100 to be awarded to a student of high academic and professional achievement, in the Bachelor of Science (Nursing) program, on the recommendation of the School.

Loan Funds

KELLOG FOUNDATION LOAN FUND. – Established through the generosity of the Foundation to assist graduate nurses who have unexpected expenses while registered in courses at the School. Consult the Director of the School of Nursing.

OTHER LOAN FUNDS. – See Section 3.1.

3.12 OPEN TO STUDENTS IN THE SCHOOL OF PHYSICAL AND OCCUPATIONAL THERAPY

For scholarships and bursaries open to undergraduates in all Faculties, see Section 3.1.

Scholarships

ENTRANCE SCHOLARSHIPS. – See Section 2.

J.W. McCONNELL SCHOLARSHIPS IN SCIENCE AND ENGINEERING. – See Section 2.

UNIVERSITY SCHOLARSHIPS. – See Section 3.1.

Prizes

EDMUND HENRY BOTTERELL AWARDS. – See Section 4.

CANADIAN ASSOCIATION OF OCCUPATIONAL THERAPISTS' AWARD. – Presented to the student with the highest standing in theory throughout the B.Sc.(Occ.Ther.) program.

CANADIAN PHYSIOTHERAPY ASSOCIATION BOOK PRIZE. – Awarded to the student with the highest standing throughout the B.Sc. (Phys. Ther.) program.

JEANNETTE HUTCHISON PRIZE. – Presented by the Professional Corporation of Occupational Therapists of Quebec to the student with the highest standing in clinical application of Occupational Therapy throughout the B.Sc (Occ. Ther.) program.

CAROL RUTENBERG-SILVER MEMORIAL AWARD. – Presented to the student with the highest standing in the final year of the B.Sc. (Phys. Ther.) program.

LOAN FUNDS. – See Section 3.1.

3.13 OPEN TO STUDENTS IN THE FACULTY OF RELIGIOUS STUDIES

For scholarships and bursaries open to undergraduates in all Faculties, see Section 3.1.

W.M. BIRKS AWARDS. – These awards of $100 each to the students graduating with the best records in the B.Th., S.T.M. and M.A. (Religious Studies) programs.

SAMUEL FINLEY MEMORIAL SCHOLARSHIP. – Usually $150, available to a student enrolled in the Faculty of Graduate Studies and Research who is pursuing advanced studies in religion or theology, awarded at the discretion of the Dean of Religious Studies.

HOUSTON BURSARY. – Value $400, the bequest of Thomas Houston, for students studying for the ministry of the Presbyterian Church in Canada or the United Church of Canada, and preference is given to candidates whose mother tongue is French. Awarded by the Faculty of Religious Studies and open to students in the Faculty of Arts and the Faculty of Religious Studies.

DR. W.B. LEWIS PRIZE. – See Section 3.1.

CHESTER MACNAGHTEN PRIZES. – See Section 3.1.

NEIL STEWART PRIZE. – A $200 prize, established by Mr. Neil Stewart of Vankleek Hill in 1878. Awarded on the recommendation of the Faculty of Religious Studies to a student or students studying biblical Hebrew and registered in that Faculty.

UNIVERSITY SCHOLARSHIPS. – See Section 3.1.

LOAN FUNDS. – See Section 3.1.

Students of the Faculty of Religious Studies who are registered also in the Montreal Diocesan Theological College, in the United Theological College, or in the Presbyterian College, will be eligible for prizes, scholarships, and bursaries as announced in the calendars of these institutions.

3.14 OPEN TO STUDENTS IN THE FACULTY OF SCIENCE

For Entrance Scholarships, see Section 2.
For scholarships and bursaries open to undergraduates in all Faculties, see Section 3.1.

General Regulations in Science

1. No applications are required except in the case of the Moyse Travelling Scholarships. Awards are made on the basis of academic standing in the regular session. Awards to graduating students are made by the Faculty on the recommendation of the Faculty Scholarships Sub-committee. Awards to lower year students are made by the Sub-committee acting in the name of the Faculty.
2. Unless restricted by the deed of gift or faculty regulations the awards are open to all students studying for the B.Sc. degree.
3. Normally only those students who have completed at least 30 credits in the academic year preceding the award will be eligible for scholarships.
4. Scholarships will be awarded only if an adequate standard is attained for scholarship recognition.
5. If in any university year there is not a sufficient number of candidates showing adequate merit, any one or more of the scholarships offered for competition may be given to more deserving candidates in another year.
6. In order to hold an undergraduate scholarship the successful candidate must proceed regularly in a degree program in the University, and fulfill any further conditions prescribed for the scholarship.

Scholarships

MARGARET JANE ALLAN SCHOLARSHIP. – Bequeathed in 1929 to the Royal Victoria College by Mrs. Agnes W. Allan. Value $450, available annually for award to a woman student showing high academic merit in the work of the initial year of the B.Sc. program.

SIR EDWARD BEATTY MEMORIAL SCHOLARSHIPS. – Six scholarships of $250 each available annually, in recognition of high academic merit, for students entering the intermediate or final year in Major or Honours Classics &/or Mathematics. One award will be made to an outstanding student in each department. Eligible students in both departments will be in competition for the remaining available awards. Awards will be made by a joint committee of the Arts Faculty and Science Faculty Scholarships Committees acting on recommendations received from the appropriate departments.

EDMUND HENRY BOTTERELL AWARDS. – See Section 4.

ROBERT BRUCE SCHOLARSHIP. – $100, tenable for two years, bequeathed by the late Robert Bruce, of Quebec City. Open to students in the Faculty of Arts, the Faculty of Science or the Faculty of Management and awarded for high standing at the end of the initial year. Awarded by the University Scholarships Committee upon recommendations of the faculties concerned.

CHEVRON STANDARD LIMITED GEOLOGICAL SCHOLARSHIP. – $500 awarded by the Scholarships Committee of the Faculty of Science to aid an outstanding student to complete his final year in Geology or Solid Earth Geophysics. Preference given to students interested in oil exploration and production.

COMINCO SCHOLARSHIPS. – To assist in ensuring a continuing supply of qualified graduates in fields vital to industry in Canada, Cominco Ltd. has established a program of twenty-four scholarships at specified universities in Canada to assist students in financing the final two years of their undergraduate course. Two of these scholarships are awarded annually in the form of two-year awards of $800 each per year at McGill University by the University Scholarships Committee upon the recommendations of the departments concerned. Open to students who in the fall will enter the penultimate undergraduate year of a course leading to a degree in Honours Geology, Chemical Engineering, Geological Engineering, Mining, Mineral Engineering, Mechanical Engineering, Metallurgy, Metallurgical Engineering, Soil Science, or Agronomy. Renewals for the second year will be subject to attainment of academic standards satisfactory to the University Scholarships Committee.

EMILY ROSS CRAWFORD SCHOLARSHIPS. – Established by the late Stuart L. Crawford, in memory of his mother, Emily Ross Crawford, for scholarships tenable in the Faculty of Science. Each award covers approximately the normal-load sessional fee in the Faculty. Awarded by the Faculty Sub-Committee on Scholarships to candidates of high academic merit in the work of the U1 or U2 year.

MARION McCALL DALY AWARD. – $400, awarded each year to a student who has completed two years at McGill and is continuing in a third year in the Faculty of Arts, Science, Management, or Engineering (including Architecture) at the University. Awarded by the University Scholarships Committee upon the recommendations of the faculties concerned. In making the award the following is taken into account: (a) preference is given to women students, (b) the candidate's promise of making a definite contribution to Canadian life, (c) financial need, and (d) academic record.

DOW-HICKSON SCHOLARSHIPS. – Annual value, not less than $1,000 each. Established in 1957 by a bequest from the late Dr. J. William A. Hickson and awarded to students entering the penultimate or the Final year of the Honours courses in English Literature, Philosophy or Psychology. Awarded by a joint committee of the scholarships committees of the Faculties of Arts and of Science upon the recommendations of the departments concerned.

GEORGE HERRICK DUGGAN MEMORIAL SCHOLARSHIPS. – See Section 2.

R.P.D. GRAHAM SCHOLARSHIPS AND MEDALS. – Endowed by former students of Dr. R.P.D. Graham, Professor Emeritus of Mineralogy. One scholarship of $800 is available to students entering an intermediate year of the B.Sc. program in Geological Sciences. A second scholarship of $800 is available to students entering the second or third year of the B.Eng. program in Mining Engineering. Both scholarships are awarded by the faculty scholarships committees on the recommendation of the chairman of the department concerned. A bronze medal bearing the likeness of Professor Graham is given to each scholarship winner.

WILLIAM HENRY HOWARD SCHOLARSHIPS. – Three scholarships of $1,000 each bequeathed in 1955 by the late Mrs. Florence P. Howard in memory of her husband. Open to undergraduate and graduate students in Metallurgy, Chemical Engineering and Geology. One scholarship awarded and renewable by the Faculty of Science Scholarships Committee upon the recommendation of the Department of Geological Sciences for scholastic ability and general promise.

FREDERIC J. LE MAISTRE AWARD. – Value $200, available annually for award to a student achieving high academic merit in the penultimate year of the Honours Chemistry course. Awarded by the Faculty of Science Scholarships Committee on the recommendation of the Department of Chemistry.

LOGAN SCHOLARSHIPS. – Two scholarships of $200 each, one for work in Geological Sciences and the other for work in Botany or Zoology, open to men and women entering an intermediate year or the Final year of the undergraduate course. Awarded by the Faculty of Science on the recommendations of the Departments of Geological Sciences and Biology.

SIR WILLIAM MACDONALD SCHOLARSHIPS. – Two scholarships of $500 each, open to all students entering an intermediate year or the Final year.

J.W. McCONNELL SCHOLARSHIPS IN SCIENCE AND ENGINEERING. – Made possible through the generous donation of the late Mr. J.W. McConnell, awarded to students proceeding to degrees in any field of Science or Engineering (including Architecture) and renewable each year provided academic standing satisfactory to the University Scholarships Committee is maintained. Candidates must be Canadian citizens or landed immigrants, and on proof of need, may receive up to full tuition fees plus the cost of board, residence and books.

Students in Science are eligible for these scholarships provided they have received a University Scholarship. They should apply by filling out an Application for Financial Aid, which may be obtained from the Student Aid Office.

McGILL ALUMNAE CARRIE DERICK SCHOLARSHIP. – Established in honour of the late Professor Carrie M. Derick, B.A. 1890, first woman professor at McGill. Awarded annually to a distinguished woman student, the Scholarship has a maximum value usually not exceeding $500 and a minimum value of $100. The honorary $100 is awarded automatically and if further supplementary scholarship assistance is required, the winner of the Scholarship is asked to consult the Student Aid Office.

McGILL ALUMNAE 75th ANNIVERSARY SCHOLARSHIP. – Established in honour of the Alumnae Society's 75th anniversary. Awarded annually to a distinguished woman student, the Scholarship has a maximum value usually not exceeding $500 and a minimum of $100. The honorary $100 is awarded automatically and if further supplementary scholarship assistance is required, the winner of the Scholarship is asked to consult the Student Aid Office.

MAJOR HIRAM MILLS SCHOLARSHIP. – $100, open to students in any of the biological sciences including Anatomy, Biochemistry, Botany, Genetics, Physiology, Microbiology and Zoology.

ANNE MOLSON SCHOLARSHIP. – $200, open only to men and women students in the Physical Sciences proceeding from the penultimate year into the Final year. Awarded by the Faculty of Science on the recommendation of the Departments of Physics, Chemistry, and Mathematics.

MOYSE TRAVELLING SCHOLARSHIPS. – Founded by the late Right Honourable Lord Atholstan, to commemorate the "splendid services of Dr. Charles E. Moyse, for forty-two years Professor of English, during sixteen of which he was Dean of the Faculty of Arts and Vice-Principal of the University." Two scholarships, normally of $2,500 each tenable for one year. One scholarship to be awarded by the

Faculty of Arts for distinction in literary subjects and the other by the Faculty of Science for distinction in scientific subjects. If there is no winner in one of these faculties, both scholarships may be awarded to applicants in the other faculty.

In the absence of applicants of sufficient merit in either of the faculties, applications from final year students in other undergraduate faculties, or from graduate students, may be considered.

Holders must devote the year of tenure to advanced study, preferably in a British or European university, but not to the exclusion of other institutions approved by the Faculty of Arts or of Science.

Applications, whether from graduates or from students in the final year of the undergraduate course, should reach the Dean of the Faculty of Arts or of Science not later than April 1. Applications should be accompanied by:

(1) the names of two referees who are familiar with the applicant's work; (2) a detailed and comprehensive statement of the applicant's proposed course of study; the institution or centre at which he, or she, proposes to study; (3) a statement of the applicant's age and nationality.

Awards will be made after the results of final examinations in the final year of the undergraduate course have been determined.

PENHALLOW SCHOLARSHIP IN BOTANY. – $235, open to men and women entering an intermediate year or the Final year of the undergraduate course. Awarded by the Faculty of Science on the recommendation of the Department of Biology.

PRINCE OF WALES SCHOLARSHIP. – $150, open to students proceeding from the penultimate year into the Final year. Awarded for general distinction by the Faculty of Science on the student's complete academic record.

JANE REDPATH EXHIBITION. – Value $170, founded by the late Mrs. Redpath, to maintain an exhibition in Arts or Science. Awarded on the results of the initial year to the student with highest average on the year's work. Awarded by a joint committee of the scholarships committees of the Faculties of Arts and of Science upon the recommendations of each faculty.

CARL REINHARDT SCHOLARSHIPS AND BURSARIES. – Established from the estate of the late Carl Reinhardt. To be used for scholarships or bursaries for undergraduate students in the Departments of Physics and Geological Sciences, and for scholarships or bursaries or in the support of their research for graduate students. Awards are made by the Fellowships Office, Faculty of Graduate Studies and Research, on the recommendations of the Chairmen of the departments concerned. Any amount not used by one of the departments in any year may be taken up by awards in the other department if suitable candidates are available.

DR. JOSEPH TANZMAN AWARD. – Established in 1975 in honour of Dr. Joseph Tanzman, M.D. 1927, and to be awarded to a medical student in any given year from the Province of New Brunswick, as a preference. If in any year no such candidate is available, the award may be made to any deserving student in the Faculty of Science. Awarded by the Scholarships Committee of the Faculty of Medicine or Science as the case may be.

UNIVERSITY SCHOLARSHIPS. – See Section 3.1.

ROY M. WOLVIN MEMORIAL SCHOLARSHIPS. – Two scholarships of $375 each are given by Mrs. Roy M. Wolvin in memory of her husband. One scholarship is available to any undergraduate in the Faculty of Engineering, and is awarded by the Faculty Scholarships Committee. The other scholarship is available to any undergraduate in the Faculty of Arts, the Faculty of Science, or the Faculty of Management, and is awarded by the University Scholarships Committee upon recommendations of the faculties concerned.

Bursaries

ROBERT BRUCE BURSARIES. – Several bursaries of $100 each are open each year to "young men and women of promising abilities but of straitened circumstances in Arts, Science, or Engineering."*

CANADIAN TITANIUM PIGMENTS LIMITED BURSARIES. – Open to Canadian students in any year of the Faculty of Engineering or the Faculty of Science. Awarded on academic merit and financial need.*

DR. PATRICIA M. COOKE MEMORIAL BURSARY. – Established by the McGill Biology Students' Union in honour of Dr. Cooke's many years of devoted service to students both in teaching and in guidance. One or more bursaries of annual value approximately $130 open to students entering the U2 or U3 year in a program in Anatomy, Biochemistry, Biology, Microbiology and Immunology or Physiology. Awarded primarily on the basis of financial need although good academic standing will be considered as well.*

DELTA PHI EPSILON SORORITY BURSARY. – Value $100, founded in memory of Edith Silver. Open to a deserving woman student entering the penultimate year of the Faculty of Arts or of Science.*

HON. ROBERT JONES BURSARY. – One or more bursaries not exceeding $250 each in any one year are granted to needy students in the Faculty of Arts, Science or Engineering.*

ROY M. WOLVIN MEMORIAL BURSARIES. – See Section 3.1.

*Apply to Student Aid Office

Prizes

HARRY BARKER MEMORIAL PRIZE IN ENGLISH. – Value $150, bequeathed by the late Miss Dinah Lee in memory of the late Mr. Harry Barker, awarded to the student with the highest standing in English in an initial year. Awarded on the recommendation of the Department of English, by whichever Faculty Scholarships Committee is appropriate.

CHEMICAL INSTITUTE OF CANADA SILVER MEDAL AND PRIZE. – For high academic merit in the penultimate year of the Honours programs in Biochemistry and Chemistry. One award available annually in each Department on the recommendation of the department.

FANTHAM MEMORIAL PRIZE IN ZOOLOGY. – $180, established by a bequest from the late Dr. Annie Fantham in memory of Professor H.B. Fantham, her late husband. Available annually for award to a graduating student achieving high academic merit in a Zoologically oriented Biology program.

DR. WILLIAM H. HATCHER PRIZE IN CHEMISTRY. – $25, established by the Department of Chemistry and awarded to the student with highest standing in Elementary Organic Chemistry, in which Dr. Hatcher lectured for so many years.

DR. W.B. LEWIS PRIZE. – See Section 3.1.

LOGAN PRIZES IN BOTANY AND ZOOLOGY. – $50, awarded as a prize or prizes on the recommendation of the Department of Biology for original summer collections. Candidates should consult the Department concerning the collections to be made.

ANNIE MACINTOSH PRIZE. – Present value $150. Endowed by friends and pupils of the late Annie Macintosh and by a special gift of the late Miss I.G. Macintosh. Offered as a prize or prizes to women students in such subject or for such work as the Faculty may determine.

CHESTER MACNAGHTEN PRIZES. – See Section 3.1.

ANNE MOLSON PRIZE IN CHEMISTRY. – $150, available annually for award to a graduating student achieving high academic merit in the Honours program in Chemistry.

E.G.D. MURRAY PRIZE IN MICROBIOLOGY. – $100, established by a number of friends, ex-students and ex-colleagues of the late Professor E.G.D. Murray to perpetuate his name at McGill. Available annually for award to a graduating student achieving high academic merit in the Honours program in Microbiology and Immunology.

BORIS MUSKATOV PRIZE IN PSYCHOLOGY. – An annual prize of $85 has been endowed by Miss Serafina Muskatov in memory of her brother, Boris Muskatov, who died on January 9, 1948, while a student. This prize if offered to a student who has completed the penultimate year in the Faculty of Arts or of Science and has done the best work in the subject of Psychology. Awarded on the recommendation of the Department of Psychology, by whichever Faculty Scholarships Committee is appropriate.

SUSAN PELLETIER MEMORIAL PRIZE IN PSYCHOLOGY. – Value $100, established by her classmates in memory of Susan Pelletier, an honours student in psychology who died as the result of an accident. To be awarded to a student on conclusion of the penultimate year of the Psychology Honours Program. The award is to be made by the Faculty of Arts or Science Scholarships Committee, whichever is appropriate, on the recommendation of the department.

PENHALLOW PRIZE IN BOTANY. – $85, endowed by the Arts Undergraduate Society in 1911, and available annually for award to a graduating student whose complete record shows the highest merit in Botany. At least 24 credits in the subject must have been taken and Honours students in Biology will receive preference. Awarded by the Scholarships Committee of the Faculty of Science on the recommendation of the Department of Biology.

CLIFFORD B. PURVES PRIZE IN CHEMISTRY. – $250, established by the McGill Student Chapter of the Chemical Institute of Canada in memory of the late Professor Clifford B. Purves. Awarded by the Scholarships Committee of the Faculty of Science on the recommendation of the Department of Chemistry, to the student with the highest average mark in the penultimate year of the Chemistry Major Program.

SOCIETY OF CHEMICAL INDUSTRY MERIT AWARDS. – Three Merit Awards consisting of a gold key and a year's subscription to "Chemistry and Industry" awarded to the three graduating students who achieve the best results in: (a) the B.Sc. course with Honours Chemistry, or joint Honours in Chemistry and some related science; (b) the B.Eng. course in Chemical Engineering; (c) the Honours course in Biochemistry. Awarded by the Scholarships Committees of the Faculties of Science and Engineering, on the recommendation of the Chairmen of the departments concerned.

Medals

The following medals are awarded to the graduating students who stand highest in the First Class Honours List of the subjects named, provided the Faculty so recommends to Senate:

GOVERNOR-GENERAL'S SILVER MEDAL, awarded to the student standing highest among those graduating "with great distinction" in a major or faculty program of the Faculty of Arts or of Science. Awarded by a joint committee of the scholarships committees of the Faculties of Arts and of Science upon the recommendations of the faculties concerned.

LOGAN GOLD MEDAL, for Geology or Solid Earth Geophysics.

MAJOR HIRAM MILLS GOLD MEDAL, for Biological Sciences.

ANNE MOLSON GOLD MEDAL, for Mathematics and Natural Philosophy.

HORACE WATSON GOLD MEDAL, for Physics, awarded to the student graduating with the highest First Class standing in the Honours Physics Course.

Loan Funds

McGILL SOCIETY OF ONTARIO LOAN FUND. – Established in 1938 by the Ontario Branch of the Graduates' Society of McGill.*

OTHER LOAN FUNDS. – See Section 3.1.

3.15 OPEN TO STUDENTS IN THE SCHOOL OF SOCIAL WORK

UNIVERSITY SCHOLARSHIPS. – See Section 3.1.

Bursaries and Loans

General information on bursaries and/or loans may be obtained from the Student Aid Office.

Some sources exist for both loans and bursaries through the School. Inquiries may be made at the time of application for admission to the School. Since the School does not receive all the resources for bursary and/or loan purposes until late during the first term, students should endeavour to make other arrangements for their financial needs, whenever possible, prior to entering the School.

Usual funds available from the School include:

1) Frances Anderson Memorial Bursary
2) Alumni Bursary.
3) Berliner Student Loan Fund
4) Pi Beta Phi Loan Fund
5) Social Work Alumni Loan Fund
6) Southam Student Loan Fund

Overseas students should inquire of their governments concerning the availability of United Nations, Colombo Plan, or their country's own study grants.

Provincial

Students registered in Social Work programs are eligible for provincial assistance from their Departments of Education as outlined in Section 1.4.

Voluntary Agencies

Local or national voluntary agencies often offer bursaries similar to those of the Provinces. Information may be obtained from the School.

4 RESTRICTED FUNDS

McGill University no longer accepts endowments for awards which are restrictive in certain respects, such as race, religion, or sex. However, there are some such funds endowed in the past which are still available.

Students who complete in detail the application form for financial aid, obtainable from the Student Aid Office, will be considered automatically. The funds which are restrictive are the following:

Scholarships

MARGARET JANE ALLAN SCHOLARSHIP. – See Section 3.2.

EDMUND HENRY BOTTERELL AWARDS. – Two awards of $450 each, bequeathed by the late Mrs. Florence A. Redpath. Awarded by the University Scholarships Committee to women students who have completed the initial year and are entering the intermediate year(s) in the faculties of Arts, Education, Engineering, Management, Music, Science and the Schools of Nursing and Physical and Occupational Therapy. At present the awards are made to students whose academic interests and record combined with personal qualities indicate marked promise.

SIMON AND ROSALIE HALPERN MEMORIAL SCHOLARSHIP. – See Section 3.1.

HUDSON'S BAY COMPANY SCHOLARSHIP. – See Section 3.1.

McLENNAN-ETHEL HURLBATT SCHOLARSHIP. – Established in memory of the late Miss Ethel Hurlbatt by a legacy from the late Miss Isabella McLennan to the Royal Victoria College. Awarded by the University Scholarships Committee with the approval of the Warden of the Royal Victoria College or her delegate to a woman student on the basis of academic record and financial need.

ANGUS McCOY SMITH SCHOLARSHIP. – $150, founded by the late Mr. Allan L. Smith and Mrs. Smith in memory of their son, Angus McCoy Smith, a McGill graduate, who was killed in World War II. Awarded to a Protestant male student of the Faculty of Arts or Science entering the Final year. Academic record, character, financial need, and general promise are considered.

CHARLES WILLIAM SNYDER MEMORIAL SCHOLARSHIPS. – Two scholarships of $200 each, founded by the late L. P. Snyder, Esq., in memory of his son, Charles William Snyder, a student of First year Arts who was killed in the Battle of Sanctuary Wood on June 2, 1916, awarded on the results of the sessional examinations. One is awarded on the recommendation of the Department of English to a

*Apply to Student Aid Office

student entering the Final year and taking full Honours in English and the other is awarded on the recommendation of the Departments concerned in the student's combined Honours program to a student entering the Final year and taking Honours in English and another subject. Open to Christian male students in the Faculty of Arts or Science.

MARGARET WILSON SCHOLARSHIPS. – See Section 3.1.

ROY M. WOLVIN MEMORIAL SCHOLARSHIPS. – See Section 3.2.

Bursaries and Loan Funds

ALPHA OMICRON PI BURSARY. – See Section 3.1.

DELTA PHI EPSILON SORORITY BURSARY. – See Section 3.2.

FROTHINGHAM BURSARIES. – See Section 3.1.

GREEK STUDENTS BURSARY AND LOAN FUND. – See Section 3.1.

ANNETTE S. HILL MEMORIAL BURSARIES. – See Section 3.1.

HUNGARIAN CANADIAN ENGINEERS' ASSOCIATION BURSARY. – See Section 3.1.

McGILL HELLENIC CLUB BURSARIES. – See Section 3.1.

HELEN REYNOLDS BURSARY. – See Section 3.1.

MURIEL V. ROSCOE BURSARY. – See Section 3.1.

SERAINE GROUP IDA SEGAL MEMORIAL BURSARY. – See Section 3.1.

SERAINE GROUP ESTHER WARD MEMORIAL BURSARY. – See Section 3.1.

SYRIAN CANADIAN ASSOCIATION BURSARY. – See Section 3.1.

TEMPLE EMANU-EL SISTERHOOD BURSARY. – See Section 3.1.

UNIVERSITY LODGE LOAN FUND. – See Section 3.1.

WOLCOTT BURSARY FUND. – See Section 3.1.

Prizes

DORA FORSYTH PRIZE. – See Section 3.2.

ANNIE MACINTOSH PRIZE. – See Section 3.14.

WOMEN'S PERSONNEL GROUP OF MONTREAL PRIZE. – See Section 3.2.

LOAN FUNDS. – See Section 3.1.

Special Awards administered by a Committee of the Alumnae Society

McGill Alumnae Scholarships

The following scholarships have been established by the McGill Alumnae Society and are awarded annually to distinguished women students, based on recommendations from the faculties concerned.

Arts

GEORGINA HUNTER SCHOLARSHIP. – See Section 3.2.

ETHEL HURLBATT SCHOLARSHIP. – See Section 3.2.

CATHERINE I. MACKENZIE SCHOLARSHIP. – See Section 3.2.

ISABELLA McLENNAN SCHOLARSHIP. – See Section 3.2.

SUSAN CAMERON VAUGHAN SCHOLARSHIP. – See Section 3.2.

Science

CARRIE DERICK SCHOLARSHIP. – See Section 3.14.

75th ANNIVERSARY SCHOLARSHIP. – See Section 3.14.

In Faculties other than Arts or Science

HELEN R. Y. REID SCHOLARSHIP. – Made possible by a legacy from the estate of the late Dr. Helen R.Y. Reid, B.A. 1889, LL.D. 1921, and awarded by the University Scholarships Committee to a distinguished woman student in faculties other than Arts or Science.

Each scholarship has a maximum value usually not exceeding $500 and a minimum value of $100. The honorary $100 is awarded automatically and if further supplementary scholarship assistance is required, winners of these scholarships are asked to consult the Student Aid Office.

McGill Alumnae Bursaries

Eight bursaries, of which the following five are named to honour distinguished women scholars, are awarded annually by the McGill Alumnae Society. The awards are made to women students in financial need who have satisfactory academic standing. The amount of these bursaries is determined by the Alumnae Scholarship Committee. Applications should be made to the Student Aid Office.

ISABEL BRITTAIN BURSARY. – Named in honour of Miss Isabel Brittain B.A. 1894, M.A. 1911, twice President of the Alumnae Society and former English teacher at the High School for Girls, Montreal.

VIRGINIA CAMERON BURSARY. – Established in 1967 in memory of Miss Alice Virginia Cameron, B.A. 1925, Deputy Registrar of McGill, a former President of the Alumnae Society, Honorary Life Member of the Graduates' Society and a former President of the University Women's Club. Open to women students entering the penultimate year in the Faculty of Arts or of Science at McGill.

EUNICE PATTON HOOVER BURSARY. – Established in memory of the late Mrs. Hoover by her husband and friends.

GLADYS MURRAY BURSARY. – Established by the Alumnae Society in memory of the late Mrs. Gladys Murray, for thirty-five years Secretary to the Warden of the Royal Victoria College.

LUCIE TOUREN-FURNESS BURSARY. – Named in honour of Madame A. W. Furness, retired Associate Professor of French at McGill.
